SCHOOLS FAILED ON REFERENDUM

Small Vote Failed to Produce Necessary Two-Thirds by Small Margins.

School proponents failed by 57 votes to get the two-thirds necessary to put across the program for additional facilities for the high and junior high school pupils at the referendum held last week Thursday.

The proposal to add wings to the present junior high school and use this building for the high school senior high school failed by 57 votes of the necessary two-thirds, those favoring the plan polling 2271 and the opponents 1221.

The sum of \$149,400, was voted for the junior high school project at a special town meeting November 30, by a vote of 153 to five; \$140,000 to be used for the high school of 20 year bonds and \$19,400, by transfer from the Excess and Deficiency account.

From the first many believed it would be difficult for the school proponents to carry their objectives. Among them, the two most often heard mentioned were the bringing of the school children into the political battle and the alleged pressure placed on those interested in the Washington School addition to work for the high and junior high plan which they hoped to carry through the Washington School program to a successful conclusion.

Shrewd political capital was made of both these points, together with the admitted fact that the School Building Committee did not at the special town meeting on November 30, devote as much time and effort to explanations of the high and junior high school plan as they did to their number one proposal, to erect an entirely new junior high school building on Lake street.

The real controlling factor in the outcome, however, was the failure of slightly more than sixty percent of the electorate to vote. A good sized vote was necessary for the schools to have much of a chance of success. Slightly more than 39 percent of an election list of 8,850 went to the polls last Thursday, making the 1,221 votes cast against the junior high enlargement plan, and the 1,189 votes in opposition to the senior high school remodeling project more than enough to block both proposals.

Small Vote Failed to Produce Necessary Two-Thirds by Small Margins.

The Selectmen have received a petition, signed by some 600 registered voters of the town asking the Board to call a special town meeting for further consideration of the secondary school proposals recently defeated on a referendum.

The petition was filed with the Selectmen to Roland A. Parker and Ben R. Schneider, who made it known that they were acting entirely independent of the School Building Committee, whose proposals, passed by a special town meeting November 30 were beaten by last week's referendum.

Briefly these proposals were to enlarge the present Junior High School to house a four-year senior high school and to remodel and renovate the present Senior High building to house a two-year junior high school. The two motions passed at the special town meeting involved about \$160,000, much of which was to be raised by bond issues.

At the time of the referendum the town was in a state of confusion, but by the time the petition was received and yesterday was the last day in which a recent petition could be filed.

The Selectmen have no option in the matter of calling a special town meeting. In the event two hundred registered voters of the town so petition the Board, the Board is required to call a special town meeting within 30 days of the receipt of the petition. It was announced at the town hall yesterday that the Board will meet on January 12 to fix the special meeting date.

MR. FLORENCE E. BUTLER

Mrs. Florence E. Butler of 9 Lewis road, widow of Joseph W. Butler, former School Committee member and first permanent clerk of the Finance Committee, died Sunday, December 31, at the Winchester Hospital following a month's illness.

Mrs. Butler was the daughter of Charles S. and Adeline M. (Allen) Waring. She was born in Fall River, Mass. in 1886, and married Mr. Butler in that city in 1914. She had lived in Winchester for 35 years, for most of that time on Lawrence street, and at her Lewis road address since her husband's death in 1913. She was a member of the Winton Club, of the Shakespeare Club, Needlework Guild of America and the Winton Union of the First Congregational Church.

Mrs. Butler leaves two sons, Charles W. and Joseph W. Butler, both of Winchester; a sister, Miss Edith A. Waring of Fall River; and four grandchildren, Thomas Cooper Butler, Anne Loriot Butler, Joseph W. Butler, 3rd, and Jonathan B. Butler, all of Winchester.

Funeral services were held Tuesday afternoon at Ripley Memorial Chapel of the First Congregational Church with the pastor, Dr. Howard J. Chidley, officiating. Burial was in Wildwood Cemetery.

HEMORILLE CHAPEL BELGIAN GIFT FROM HONORABLE LIEUTENANT BARON SILVERCOURTS

Baron Silvercours, Belgian Ambassador to the United States, is sending his Military Attache, Major Count Dumouneau, to Winchester to deliver a gift to the town of Hemorille chapel.

Major Count Dumouneau is flying to Boston where he will be met by Major Samuel L. Hildert, chaplain of the 1st Service Company of the Army Base in that city. Major Hildert will escort the Belgian Attache to Winchester together with Col. Leo A. Bissett, commanding officer of the Massachusetts Military District.

Cok Bissett, who speaks French fluently, will express the Army's appreciation of their generosity to the people of Hemorille at the program to be held at the high school auditorium commencing at 4 o'clock. Major Count Dumouneau will read a message from the Belgian Ambassador.

Mrs. Kenneth B. Toye heads the Hemorille Friendship Committee which has arranged the program for Winchester's acceptance of the gifts being sent the town by Hemorille. Mrs. Toye headed the committee which selected the collection of sheets to be sent to Hemorille to replace those borrowed by a Winchester boy, Lt. Col. "Jack" Hanlon, to camouflage his paratroopers as they prepared to defend Hemorille from the Nazis during the Battle of the Bulge in World War II.

It was the return of these sheets several years after the successful defense of the village that so touched the villagers they decided to send gifts in turn to their friends in Winchester.

Taking from their little chapel the ancient paintings which represent the Stations of the Cross they have sent these paintings to Winchester, to be given, one each to the churches of Winchester, the churches which rang the bells to summon Winchesterites to bring their sheets for Hemorille to the High School in the fall of '47.

These paintings will be presented to the churches by representatives of the town's churches Sunday afternoon by Dr. Albert Navez, Belgian Consul in Boston. Nicholas H. Fitzgerald, designated representative of the Board of Selectmen on the Hemorille Friendship Committee will accept the pictures for the town. Vincent Farnsworth, chairman of the Board of Selectmen, will send official greetings from Winchester to Hemorille, and the entire acceptance program will be transmitted abroad by Station WREL of the World Wide Broadcasting Foundation.

Edward A. Bartlett, who made such a fine impression as master of ceremonies at the sheet collecting program in 1947, will again serve in that capacity on Sunday. Preceding the program members of the Winchester High School Band will play under the direction of Fred Felmet, director of instrumental music in the Winchester Schools. The Belgian National Anthem will be sung by the High School Girls' Octette, directed by Miss Eleanor Anfantis, head of vocal music in the high and junior high schools. The audience will join in singing "The Star Spangled Banner" and at the conclusion of the program "Auld Lang Syne."

Winchester Woman Participates in Foster Parents Plan

Mrs. Leo J. Cass of 20 Ridgely street has accepted 15 year-old Spicard as her foster child. Spicard is a boy of French Canadian descent, born in France during the war. His mother died when he was three years old. He was found by a French soldier in a orphanage in France. He was brought to the United States by the French government. He is now in the custody of the French government. He is now in the custody of the French government.

Mrs. Cass, like all other foster parents, will pay \$15 monthly for a year, providing food, clothing, shelter and medical care for the "adopted" child. Many persons prominent in public life, including many top motion picture stars, are participating in the plan.

Spicard Tzortzis, the Greek boy adopted by Mrs. Cass, is of a family that met disaster during an invasion of his native country. He was instantly killed and his mother sustained chest injuries as well as having her two-year-old son killed in her arms. She believes he was killed during the German occupation. The mother and her three sons living only through the kindness of the French government. He is now in the custody of the French government.

Now Spicard and his mother and brothers live in one room, with no kitchen or bathroom facilities, on a pension of \$35 per month, which is insufficient to provide food and clothing for the family. It is only the Foster Parents Plan that Spicard receives the nourishing food, warm clothing and medical care he so desperately needs to make up for the privations of the war.

Spicard is a fine young boy with black hair and eyes. An excellent student, he is considered the best in his class. He believes he would like to be a ship mechanic, for then he would be able to travel and work at the same time.

Spicard's headquarters for the Foster Parents Plan for War Children, Inc., is at 55 West 42nd street, New York 18, N. Y. Clean, neat, and well-kept, the small kitchen utensils and toys will be gratefully received at the Plan's warehouse, 530 147th avenue, Long Island City, N. Y. Allan T. Zachary is director of public relations, and a letter addressed to him at Plan Headquarters will bring any specific information about the plan that may be required.

IMMACULATE CONCEPTION CHORUS ON THE AIR

The Girls' Choir of the Immaculate Conception Church appeared on John Kiley's "Daily Inspiration" program over Station WMAZ last Friday morning. They sang a number of songs, including "Adeste Fideles" and "Hail Mary." The choir was led by Miss Mary E. Quinn.

John Kiley, organizer of the program, greeted the girls upon their arrival at the studio, and complimented the choir on their performance. He also presented them with a number of gifts, including a set of records and a box of stationery.

THE MISSION UNION GUILD

The Mission Union Guild of the First Congregational Church of Winchester will meet on Tuesday, January 9, 1951. Miss Margaret Sands and Miss Grace Bond will direct the usual sewing at 10:00 a. m. The board members will meet at 12:00 noon. Luncheon will be served at 1:30 p. m. in the Social Hall with Mrs. Charles W. Lovejoy and Mrs. E. Ober Pridie as chairmen.

The Guild will meet at 2:00 o'clock in the Ladies' Parlor with Mrs. Frederic B. Whittington, Director of the Mission Union Guild, presiding, and Mrs. Howard Childley in charge of the worship service.

The speaker of the afternoon will be Mrs. Ralph Shrader of West Newton, whose husband, the Reverend Ralph R. Shrader, is Project Secretary of the Missions Council of the Congregational Christian Churches. Widely travelled, Mrs. Shrader was with her husband in China for six years, thus gaining first-hand knowledge of one important phase of the outreach of our churches, namely, our Foreign Board work. More recently, she has visited our churches in the Hawaiian Islands, which have themselves been sources of vigorous missionary activity among the peoples of the islands further west in the Pacific. Last spring, with her husband, she made an extensive study tour of some of our southern schools, both Negro and white, thus gaining personal knowledge of this vital part of the work of our Board of Home Missions. She is, therefore, acquainted with the outreach of the church in all its major directions at home and abroad.

Mrs. Shrader will speak on "Our Friendly Service Projects." There will be pictures of the schools and hospitals in the South and an exhibit of sewing done for these service projects.

LEAGUE OF WOMEN VOTERS

The joint meeting of the League (International Relations Committee) and the Fortnightly will be held at the Masonic Hall on Monday, January 8, with dessert and coffee at 1:00 p. m. and the program at 2:00 p. m. Mrs. I. A. Richards (Dorothy Pilley) will speak on "Life in China Today." Mrs. Richards was the guest of Yenching University from April to August, 1950. She and her husband lived and taught in various parts of China for five years after 1927, so she is familiar with the social and academic life there. Her book, "Climbing Days," a record of her many mountain ascents, is now being revised. Mrs. Richards was a recent speaker for the Women's City Club of Boston.

JAMES N. (NONNY) COGAN

Winchester Marine Private James N. Cogan, son of Mr. and Mrs. Charles E. Cogan, 54 Richardson street, Winchester, Mass., is presently undergoing basic training at Parris Island, S. C.

A graduate of Winchester High School, Private Cogan was formerly employed as a carpenter prior to his enlistment in the Marines. "Nonny," former baseball captain at Winchester High, is receiving ten weeks of basic training at the famed Marine Corps Recruit Depot in such fundamental military subjects as first aid, hygiene, precision drill, tactics and Marine traditions.

"Nonny" will become highly proficient in the use of weapons including the .30-caliber rifle, .45-caliber pistol, and the Browning automatic rifle.

Private Cogan volunteered for enlistment with the proud Leathernecks and was enlisted on November 16, 1950.

WINCHESTER HOSPITAL NEWS

Girl Scouts at Winchester Hospital

Girl Scouts are showing this year so much enthusiasm for service at Winchester Hospital that the choice of new recruits has been placed on a more highly competitive basis under the supervision of Mrs. Frank C. d'Elseaux. In view of the importance of the work, this is a very satisfactory state of affairs.

For several years past a few Scouts have helped after school hours to do many things which save steps for the graduate nurses, such as making beds, carrying trays, feeding child patients, and answering lights. This assistance is especially helpful to the nurses on Second Surgical, as well as to those in charge of child patients. The Hospital frequently calls attention to the value of this service, and last winter the photographer from Life magazine took a series of shots of the girls at their Hospital duties when he was preparing the feature article on the Winchester High School which appeared in March, 1950. Two of these photographs are reproduced in the most recent report of the Winchester Hospital.

Within the past fortnight another kind of duty has been added to the Scouts' schedule, courier service for the Gray Ladies who act as hostesses at the front office desk. Since each patient is permitted only two visitors at a time, it is often important to check on those actually in the room of a patient when additional visitors arrive. The Girl Scout couriers are the way of answering the question, "Are the girls themselves enjoy rendering this service during visiting hours, and it is welcomed by the Gray Ladies, by the callers, and by the patients themselves."

There are thirty Scouts now on duty, six of them of last year's group: Florence Caterino, Nancy Dowling, Eugenia Flaherty, Catherine Goss, Judy Mawn, and Becky Smith. All of these girls have earned their insignia for 50 hours. Nancy Dowling and Catherine Goss have in addition their band for one hundred hours and have recently

It appears we are to have a
special town meeting to consider
again the school questions recently
defeated by close margins at last
week's referendum. Some will de-
plore this procedure, others will
hail it, and many others will wonder
why such action has to be taken so
soon with the annual March Town
Meeting coming in the near future.
School proponents believe a special
town meeting can serve a useful
purpose in the future, in consid-
eration of providing adequate facili-
ties for the town's high and junior
high pupils. In support of this op-
inion they say that at a special town
meeting for the express purpose of
considering the school proposals
there will be adequate opportunity
to discuss fully these controversial
questions, which might be pre-
sented at a regular town meeting
with a lengthy docket of articles.
The School Building Committee is
acting as a hopeful agency in their
plans, which were passed by the
special meeting in November when
they will attend the hearing they have
called for next Tuesday evening at
the town hall and present their ob-
jections. They also hope anyone
with questions, or objections to the
plans as they have been presented
will feel free to discuss their views
with the committee, either at hear-
ings to be held or in private. We
have met people in town who
have expressed their opinion that
now soon to be with the
opponents of the school plans. What
have they to propose? What do they
think should be done? In what way
should the plans be changed, plans
which had the backing of the
School Building Committee, the
School Committee, the Finance Com-
mittee and the Planning Board? Surely
someone must have some pretty
strong negative views of plans to
oppose, lacking such as this.
Whether hearings and a special
town meeting can accomplish much
in straightening out the present
impasse will depend in large part
upon the attitude with which
both sides approach them. If there
is a genuine desire on the part
of the school proponents to meet
objections to their plans expressed
by the leaders of the recent suc-
cessful referendum, we may get
somewhere at the coming special
meeting. By the same token those
who have opposed the school plans
should be willing to offer construc-
tive, and not wholly destructive
criticism, if progress is to be made.
A little give and take on both sides
with the guarding of tempers and
the idea that we all want to work
for what is best for Winchester can
accomplish a lot. Any "Papa-
Knows-Best" attitude by either
side will doom the whole attempt
to solve our pressing secondary
school problem to failure.

WANTS NEW SCHOOL PLAN

Editor of the Star:
As a father of one school-age
child and a second one to enter
next year, I am writing you about
my thoughts on the recent fiasco
culminating in a "No" vote on the
school committee's plans. I am one
who voted "No," not because I do
not believe in proper facilities for
the children in all age groups, but
because I felt that the planning
was far too sketchy, and that it
involved completely other problems
in the school system, creating a fear
that, having acquiesced in the sec-
ondary school planning, we would
suddenly be faced with further shock
when the needs of the elementary
schools had to be met.

I heard Mr. Jefferon speak on
the subject of secondary schools
at the Fathers' Night meeting at
the Washington School; he dropped
a vague hint of things to come in
pointing out that the Parkhurst
School had already become inade-
quate, and that it was admitted that
the Washington School had to be

Editor of the Star:

Look, what I found among my
prize clippings from the Winches-
ter Star of March 20, 1925.
Twenty-five years ago the citizens
of the town were in an uproar about
the location of the Washington and
Lincoln schools. There was a great
deal of objection to the location of
the Washington School because it
was so near to the reservoirs and
the Lincoln School was to be located

enlarged. I also looked at the
architect's version of the remodeled
Junior High School; the addition of
completely modern wings on a
Georgian building was an indica-
tion to me of how little care had
been put into the planning; to me
this preliminary sketch was revol-
ting — the poorest piece of archi-
tecture I have seen in many years.

My suggestion to the school com-
mittee, and all interested parties,
is that a complete synopsis be
drawn up, showing needs of ele-
mentary schools, junior high school,
and senior high school for the next
twenty years — as reliably as sta-
tistical methods permit, and that
a definite program for the meet-
ing of these needs be formulated
with complete plans, builders' es-
timates, etc., with options plans
from competitive architects. In-
cluded also there should be the num-
ber of extra teachers and adminis-
trative personnel with the addi-
tional annual salaries (dumped)
projected into the picture. Then the
committee should present the over-
all effect of these proposals on the
tax rate without trying to cover up
anything; the entire atmosphere
of due appears to me — and to
others with whom I have talked —
to be one in which it is necessary
to "ship something over" on the
town meeting, or we will never get
the appropriation. I have enough
confidence in Winchester to feel
that any actual needs of the chil-
dren will be met; attempts to saddle
taxpayers with graft, extra high
costs, and the most far-sighted
will be resisted, and properly so. I
felt that the original town-meeting
vote was a result of an attempt to
save the town money in the im-
mediate future without proper
thought for what might happen in
the next few years.

So, let's cut out the horse-trad-
ing, the pitting of present against
future, and come out with a care-
fully conceived plan to meet the
needs of all sections of town, all
ages of children, and let some
honest competition among ar-
chitects and builders bring the costs
as low as possible.

Very truly yours,
Edwin B. Marshall

CHRISTMAS TREE DISPOSAL

The Star has been asked by Fire
Chief James E. Callahan to repeat
its pre-Christmas warning, not to
leave old Christmas trees in the
children to convert into dangerous
bonfires. Have the trees taken to
the town dump. Potentially bad
fires are started each year as chil-
dren pile up discarded Christmas
trees and burn them, often in places
entirely unsuitable. The danger to
property exists, there is the even
greater possibility that some child
or group of children may get badly
burned in playing with these
highly inflammable trees. Don't
give your old Christmas trees to
wreaths to children at the door.
Dispose of them properly and safely.

ENGAGEMENT

Mr. and Mrs. William P. Helms
of West Newton announce the en-
gagement of their daughter, Mar-
jorie Elizabeth, to Mr. Alfred Pres-
ton Lee of Newton, son of Mr. and
Mrs. Charles S. Lee of Malden
Bridge, N. Y., formerly of Winches-
ter.
Miss Helms is a graduate of the
Mary A. Burnham School, Brad-
ford Junior College and the Katha-
rine Gibbs School. Mr. Lee pre-
pared at the Browne and Nichols
School and is a graduate of Bow-
doin College where he was a mem-
ber of the Delta Upsilon fraternity.
During World War II he served as
a lieutenant with the Navy Air
Corps in the Pacific area.

LOOK WHAT ED FOUND!

There are only a few criticisms by
the objectors and these can be
adjusted so that everyone should be
satisfied. Let's spend our time
ironing out this situation and be
ready to pass the matter at the
next regular meeting. In my op-
inion a special Town Meeting set
for the Junior and Senior High
School problem. The suggested
plans by the Committee appeal to a
large number of the citizens.

MISS WAGNER RED CROSS
WORKER ABROAD

Word was received last week
through the American Red Cross
that Meredith Brewster Wagner of
Crescent road had arrived at
Bromerhaven, Germany, enroute to
Esslingen for assignment as a re-
creational worker to some hospital
for men in service, in which type
work overseas only Red Cross
workers are used.

After a year on the islands of
Oahu, Hawaii and Maui in 1945-
1946, doing recreational work in
the clubs for the U. S. A. and a short
rest at home, Miss Wagner was re-
turned in January, 1947 for such
service to Asom City, near In-
cheon in Korea. Five months later,
when all Red Cross clubs were
turned over to Special Services,
she became an Army Hostess and
was assigned to the 13th Station
Hospital (Army) in Fukuoka,
Kyushu, Japan until she left for
home last April. After the Korean
war began in June, most of the
casualties passed through this hos-
pital from Pusan, Korea, until the
Kimsa airfield at Seoul was final-
ly captured after the landing at
Inchon.

In May and June of 1948, during
her accumulated leave, Miss
Wagner was fortunate enough to
have been able to fly as far as
Bangkok, Siam, visiting Canton,
Hong Kong and Shanghai enroute;
and while in Japan covered most of
the 1500 miles of the Japanese is-
lands, also.

Several hundred Masons, repre-
sented by William Parkman and
Mystic Valley Lodges and Winches-
ter Boy's Vreth Chapter held
their annual New Year's open
house Monday at the town hall
from 11 o'clock in the morning until
1 p. m. Many guests in Winchester,
not affiliated with the Winchester
bodies, and the sons of Masons
were guests, together with several
Masonic officers from out-of-
town.

An entertainment program, open-
ing selections by the ever-popular
Mystic Glee Club, included selec-
tions by Dan Skelton of "Old Man
River" fame, dancing numbers by
a sister-duo and an act by a com-
edian which included the production
of all sorts of inflated rubber an-
imals. The evening was a most de-
lightful kiddie. Light refresh-
ments were served during the open
house.

Wor. W. Allan Wilde, past mas-
ter of Wm. J. Parkman Lodge, pro-
posed the toast to the Grand
Master, Dean Duncan, junior war-
den of William Parkman Lodge,
and Paul Sherrick, junior warden
of Mystic Valley Lodge, were in
charge of arrangements.

CABBAGE UNDER STUDY

Alfred, the medieval new-rich
of comic strip fame — is due these
coming months for many a feast
on his favorite dish of corned beef
and cabbage.

The 1950 autumn cabbage crop
exceeded 700,000 tons, 30 per cent
above last fall's output and 30 per
cent larger than average, notes the
National Geographic Society. Such
production indicates increased use
of a vegetable long considered
humble but, in fact, popular since
many centuries before the birth of
Christ.

have worshipped the cabbage) France.
The Celts, who invaded Mediter-
ranean lands repeatedly from about
600 B. C. to the Christian Era, are
credited with the distribution and
popularization of cabbage as a
food plant. But the ancients ap-
parently knew nothing of the head-
wed variety which appears to have
been developed in Europe after the
death of Charlemagne in 814 A. D.

According to modern scientists,
the Romans may not have been sci-
entists. New studies of a germ-
killing substance in cabbage indi-
cate that it destroys, to some ex-
tent, staphylococci, common germs
in wounds. It also is believed to
have a beneficial effect on some in-
testinal bacteria.

Celery Spread Cabbage
Despite its long use, no one is
quite sure where the cabbage
originated. Most evidence points
to the eastern Mediterranean and
Asia Minor, although the known
ancestor of cultivated varieties,
the wild or sea cabbage — is found
today primarily along the chalk
coasts of England and on the coasts
of Denmark and northwestern

CHRISTMAS PARTY AT BOARD OF HEALTH CENTER

(Left to right) Catharine Goss, Nancy Dowling, Susan Clark, Mrs. Alice V. Murray, Board of Health Nurse, Mary Murray. In front with children, Santa Mr. Frank E. Crawford. Seated in Santa's lap, Sarah Fitzgerald.

At the Christmas Party held December 19 at the Board of Health office pre-school children received gifts from Santa Claus through the work of 700 Winchester Girl Scouts and Brownies. The girls made bean bags, stockings, animals, cookies, tree ornaments, and dressed dolls for 150 children who attend the clinic.

WOMEN'S REPUBLICAN CLUB

The Women's Republican Club of Winchester will hold its next meeting on Wednesday, January 10th at 2:30 p. m. in the Masonic Hall.

The Club is most fortunate in securing as speaker Mr. Daniel Tyler, Jr., of Brookline. Mr. Tyler is the energetic chairman of the Republican State Committee.

His subject will be "How to win the next election". Mr. Tyler is ably qualified to speak on this subject for he has been active for ten years working in various positions for the state. He is a trained business man, an aggressive organizer with a dynamic personality. He has never been a "Treadmill Republican" and his progressive ideas should be well worth hearing.

Following the program, Tea will be served by the Hospitality Committee, of which Mr. Donald E. Connors is the capable chairman. In the absence of the President, Mrs. J. Stanley Barnes the meeting will be conducted by the 1st Vice-President, Mrs. Theodore C. Browne.

It is hoped a large attendance will be present to greet Mr. Tyler and usher in a happier and more successful 1951.

NEW CLUB PACK FORMED

A new Cub Scout Pack, Pack No. 9 of the Folsland Council, has been formed at the George Washington School. Although sponsored by the George Washington Dad's Club membership is open to all boys of Cub age regardless of school affiliation.

The first regular meeting of the Pack will be held at 7:30 Friday evening, January 12 at the school. Those boys already registered have been formed into dens under den mothers as follows:

Den No. 1
Den Mothers — Mrs. Louis Bravacos, Mrs. Donald Campbell.
Members — Robert T. Gardner, James Bravacos, James Reynolds, Carl Segerstrom, Albert Ducharme, Richard Crookford and Donald Campbell.

Den No. 2
Den Mothers — Mrs. Henry Fulton, Mrs. William Layton.
Members — John Howarth, William Layton, George Wood, Kenneth Fulton, Geoffrey McGraw, and William Sweet.

Den No. 3
Den Mothers — Mrs. Henry Fitts, Mrs. Russell Leafle.
Members — Kim Harris, David Leafle, Richard Watkins, Geoffrey Johnson, William Fitts, Scott Carver.

The Pack Committee consists of the following men: Mr. Ben Marshall — Chairman, Mr. Louis Bravacos — Cubmaster, Mr. Frank Carver, Mr. Henry Fitts, Mr. Robert Gardner, Mr. Russell Leafle, Mr. Francis Parsons, Mr. Russell Leafle.

Any other boys of Cub age who are interested in joining Pack 9 are invited to be present, with their parents, at the January 12 meeting.

HOLIDAY PARTY

During the Christmas holidays, John Preston entertained a group of his classmates at his home on Madison avenue. The gathering enjoyed a buffet supper and several reels of interesting movies.

John's guest included Judith Dalrymple, Jacqueline Hogan, Kathy Tonon, Carol Leverone, Mary Laird, Jean Hurd, Kenneth Brown, George Wilkinson, Bradley Ross and Chris Nicols, a former student at Mystic School and now attending Fay School in Southboro, Mass.

Mrs. Elizabeth R. Simonds of 11 Eaton street left this week for Mr. Kwo, N. Y. to visit her son, Mr. J. B. Thomas.

GUILD OF THE INFANT SAVIOUR

Welcome to 1951! Our first event of the new year will be a Dessert Bridge Party to be held at the Town Line in Woburn on Thursday, January 11th at 1:30 p. m. with the following committee in charge: Mrs. Manlin G. Moffett and Mrs. Clarence Dunham, Co-Chairmen, assisted by Mrs. Fred H. Brigham, Mrs. J. Frank Davis, Mrs. D. Frank Dineen, Mrs. Joseph Dowling, Mrs. B. Robert Finn, Mrs. Robert Graves, Mrs. Frank P. Hurd, Mrs. Edward McGrath, Mrs. John H. M. Hale, Mrs. George F. Montrose, Mrs. R. E. Magillie, Mrs. Augustine Ottiano, Mrs. S. Doming, Ruth, Mrs. G. W. Byerson and Mrs. John J. Walsh.

The committee has worked long and hard to make this one of the three parties of the year, with plans for a delicious dessert and most attractive prizes. Plan now to be present and bring along your friends. Anyone needing transportation to the Town Line for this party may have the same by calling our Transportation Chairman, Mrs. Emilio D'Errio, at Winchester 6-2825.

On Tuesday, January 9th, at 2:00 p. m. the Boston Chapter of the Guild of the Infant Saviour will hold its Forty-fourth Anniversary Tea at the Hotel Statler with Consuelo Azuela, guest speaker. You are all cordially invited to attend.

Our meeting on January 23rd will be a regular sewing meeting and this will be held in Masonic Hall.

And, now, Happy New Year everyone. We'll see you at the bridge.

WINCHESTER HOME AND GARDEN CLUB

The first meeting of the Winchester Home and Garden Club will be held on Wednesday, January 17 at 2 p. m. at the Winchester Library. Mrs. Norman Mitchell will have timely horticultural suggestions. One of our own members, Mrs. John Chipman will show loadchrome slides of her trip to the West Coast called "Botanizing from an Automobile."

The Flower Arrangement Class will meet on Thursday, January 11 at the home of Mrs. Gray, and members of the class are asked to bring primary placements.

The Misses Eleanor and Louise Bancroft have returned home after spending a few days during the holidays in New York City.

LIBRARY ACTIVITIES

Do you know what your public library has to offer you this year in addition to its regular service of books, magazines and reference information on almost anything you would like to know from telephoning that old stuffed chair in your den to how to dive for results in the waters of the Solomon Islands?

For you and your children every Friday evening, Family Night at the Library at 7:30 p. m. and again Saturday morning for the children at 10:15 a. m. The films to be shown next Friday, January 12 are:

By asking at the desk for instructions of how to use these record players you may relax in the comfortable and beautifully decorated Downes Room listening to your favorite symphony, etc., with the carphones provided.

Special recorded music programs have been planned and are now being played for your listening pleasure every Wednesday after-

noon at 3 p. m. and again at 7:30 p. m. The program for next Wednesday, January 10 is:

Schererzade — First movement — Rimsky-Korsakov.

Sonata No. 8 in C Minor "Fate-tique" (First movement) — Beethoven.

Musical Comedy favorites: Songs from South Pacific — Brigadoon.

Oklahoma — An Art Lover?

Symphony No. 7 — Shostakovich.

Symphonie Espagnole (Fourth and Fifth movements) — Lalo.

Every month an exhibition (sponsored by the Winchester Art Association) is open to the public in the library's Art Gallery.

January exhibition is of oils by Marion Ladd Symonds and of flower studies by Mae Bonnet-Brown.

The Great Books Foundation group meets at the library every other Wednesday evening at 7 p. m. for discussion of the Great Books of all time. Anyone may join this group at anytime.

The next meeting is Wednesday, January 17th and the discussion will be based on Sophocles' "Oedipus the King" and "Antigone."

BUSINESS AND PROFESSIONAL WOMEN TO MEET

Paul K. Graves of Medford, well known Nutritionist, will speak to members of the Business and Professional Women's Guild, First Congregational Church, on Wednesday evening, January 10, at 7:45 p. m. in the Ladies' Parlor. All women are cordially invited. Mrs. Helen Morrice will preside at the meeting, and the coffee hour will be under the direction of Mrs. Ruth Hiett and her committee.

Mr. Graves' official topic is "National Nutrition." A topic which hardly does justice to the very personal and vital information he brings to his audience. Because he knows how greatly food can change one's outlook on life, one's looks and personality, he explains in his talk just how a good diet can help a woman "eat her way to beauty and new life." His material is based on practical, common-sense knowledge, and his message will contain vital help for many women, all ages. His lecture is amply illustrated with slides, and he is most generous in answering questions of his listeners.

Mr. and Mrs. Maurice C. Bird of the Winchester Arms were guests at the Inn at Steele Hill, Lacombe, N. H., during the Christmas holidays.

MASTER SERGEANT RETIRED

Master Sergeant John J. Carroll (son of Mrs. Catherine Carroll of 116 Sylvester avenue) Regular Army Sergeant Instructor on duty with the Instructor's Office, Organized Reserves, Reserve Armory, Ft. Worth, Texas, has been placed on the Retired List by the Department of the Army after completion of his tour of duty with the Organized Reserves, effective December 31, 1950. He has been advanced on the Army of the United States retired list to the grade of Major. He is the grade held by him during World War 2.

During World War 2, Sergeant Carroll served in the European, African and Middle Eastern Theaters of Operations with the 37th Bombardment Group (Heavy) one of the Bomber Command units during the famous low-level attack on the Ploesti oil fields in Roumania. During his Army service he also served in the Philippines and China.

Set. Carroll resides with his wife and son at 1119 31st street, Grand Prairie, Texas, a suburb of Dallas, Texas. Upon his retirement he intends to accept a position with a civilian firm in the city of Dallas.

WINCHESTER PLAYS TWO AWAY

Winchester High plays two Mideast League contests during the coming week, with both contests being on foreign courts. Tonight the locals travel to Melrose to meet the perennially tough Red Raiders of Melrose High. Melrose has the tallest team in the League again this year and the Red and Black will be hard pressed to beat the tight game defense that Melrose uses on its home court. Next Tuesday afternoon Winchester plays Concord High at the Boston Arena and should take this one unless they come down with an acute attack of stage fright on the spacious Arena court.

The most attractive game of the home schedule is on tap for next Friday night when Belmont High is being driven down to Winchester. Belmont is still smarting from an overtime defeat handed them on their home floor last year by the locals which gave them an added incentive to go all out this year in retaliation.

TWO CARS SKIDDED ON BACON STREET

Two cars were damaged in skids on Bacon street during the slippery going last Friday night, but no injuries were reported. At 11:15 a Buick coupe was reported stopped across Bacon street in front of the old Mystic School. Police found that it was being driven downhill by Roy Twombly of Hampden avenue, Burlington, when it went into a skid, crossing the street and striking a tree. The machine was so badly damaged about the front end it had to be towed to Burlington. About the same time the above accident was taking place a Ford sedan being driven west on Bacon street by Donald T. Ferguson of 8 Fourth road, North Woburn, skidded and struck a tree on the north side of the street in front of the Plunkett home. In this case the car was only slightly damaged and was able to proceed under its own power.

Great Victory Puts Locals in League Title Fight

Winchester High won a great 63-41 victory over Lexington High at the high school gym on Wednesday afternoon. Lexington has been hailed as "the team to beat" in the Mideast League this year and the locals moved right into the contention for the league title by this victory. The margin of the Red and Black victory was surprising as they outscored the Minutemen in every period to definitely establish their superiority. The Red and Black moved into a 12-5 lead at the end of the first quarter as they lined Jimmy Carter to one basket from the floor during that period. The scoring tempo quickened in the second period as the locals forced to a 22-19 lead at half time. Doug Hawkins had the "hot hand" during this first half as he paced his team in scoring at the intermission. The third period was another high scoring affair as the locals established a 50-33 lead at the end of that period. With Charlie Murphy leading the scoring drive, Winchester held Lexington to 8 points in the last period to throttle any hopes the visitors had of staging a big rally in the final quarter.

It would perhaps be unfair to single out any Winchester player to praise for they performed as a team with each man carrying out his assignment. Credit must be given to Charlie Murphy, however, for his grand job of covering Dick McDonald, the Lexington ace, as well as being the key man in setting up the Winchester offense and coming through with several timely baskets. Rodney Long and John Hawkins were very effective in sweeping the defense backboard while Doug Hawkins and Stowell Symmes rebounded very well offensively. The Winchester scoring was well distributed with eight men in the scoring column as the locals continued to shoot well, connecting on 37 per cent of their shots.

The Winchester Seconds continued undefeated with five straight victories as they trounced the Lexington Seconds 61-37. The score was tied at the end of the first quarter but the Red and Black gradually pulled away to win easily. Peter Conn with 14 points and John Atkinson with 12 points were high scorers for the locals with Stu Thompson playing an outstanding floor game.

SNOW DELIGHTS MOUNT PERO CAMPERS

Twenty-five happy boys and girls of Winchester and Woburn enjoyed three days of the New Year's week at the Camp Perry, a very capable tent in twelve inches of fluffy white, powder snow at Camp Mount Pero, Plymouth, New Hampshire in the White Mountains. The campers arrived Friday noon by train, were met at the station and after a hearty lunch it wasn't long before all skis were on and everyone was busy breaking out the slope. The skiers were classified into groups of the same ability and were given excellent instruction by the Camp's very capable staff. The close of the first day was climaxed with a feature movie "Winter Carnival".

The next day dawned bright and clear and everyone was anxious to get out for an early run down the slope. The 900 ft. rope tow was put into operation and preparations were made for the big races to be run on Sunday. Boxing and wrestling matches were on the evening program and the day was limited to a close with a delightful story told by Mrs. Fran Verplanck.

Sunday morning services were conducted in camp for Protestant campers and Catholic. Campers were taken in town for services. A bonfire roared in the snow, with toasted marshmallows and hot chocolate proved a new experience for many of the campers. After a half hour run rest the race events of the afternoon were started, with the following results:

Team Two: captained by Jackie Coakley won the combined events with 21 1/2 points. Other team members were Jim Kennedy, Bill Morton, Art Graham, and Sally MacArthur. Team Four: was third with 15 1/2 points. This team was made up of Jackie Low, Captain, Paul Lamarque, Joe Donovan, Ken MacArthur and Bill Jacquith. Team One: came in fourth place with 8 points. This team had Jackie Ghirardini as captain, Butch Davies, Lin Morrison, Ed Morse, and Mike Houghton. Ann Tofuri, Janet Chaffey, Nancy Towle also entered in several events.

Individual honors went to Doug Goudy, 1st place, Jackie Coakley, 2nd place, Jackie Low, Art Graham, 3rd place. The events included slalom, downhill, and cross-country skiing. Skating and tobogganing were also enjoyed by the young campers.

Another feature movie "Silver Skates" brought the day to a close. All were reluctant to go to bed knowing that the week and campers nearly over and the next morning all would be taking the train back home - leaving behind them the beautiful mountains of snow.

Camp Mount Pero is directed by Mr. and Mrs. Roland A. Nault and was very capably staffed by Mr. and Mrs. W. K. Verplanck, Bob Lamson, and Ted Pratt all of Winchester; Mrs. Colburn as cook and Pat and Nancy as waitresses from Plymouth.

We are looking forward to another successful week end again in February.

Pictures from Hemroulle Chapel Presented to Winchester Churches

Smog came last Sunday to add still another cloud to the picture of the people of Hemroulle in Belgium, and the Winchester churches in Massachusetts, and more than 500 residents of Winchester gathered at the high school auditorium to attend, and participate in, the formal exercises that marked the acceptance of the gifts sent to the churches of Winchester by the villagers of Hemroulle.

It was snowing on Christmas Eve in 1944 when the Hemroulle-Winchester Friendship began, and the most severe snowstorm of the new winter was in progress when the latest chapter in this international story involving the old and the new world was written last Sunday.

During the snowy Christmas Eve in 1944 Hemroulle villagers, summoned by the ringing of their chapel bells on the order of Mayor Victor Gaspard, lent their sheets to the 502nd Airborne Battalion, commanded by Lt. Col. "Jack" Hanlon of Winchester and assigned to defend Hemroulle from Nazi hordes during the Battle of the Bulge.

Camouflaged by the sheets, the paratroopers fought off the Nazis with comparatively small losses, but Col. Hanlon, who had promised to return the sheets after the battle, was ordered on with his troops before he could fulfill his promise.

It wasn't until he was in Europe at the war as a free lance newspaper writer that he visited Hemroulle and learned from Mayor Gaspard that many of the villagers still were without sheets because of giving all their bed linen to the American soldiers in 1944.

"Jack" or "Steamer," as he has been known since his football days at Winchester High, determined to do something for his friends in Hemroulle and to make good his word given to the villagers in 1944.

Returning to this country, he told his story to a sympathetic press and enlisted the aid of Kenneth B. Toye to form a Winchester Committee charged with the job of getting together enough sheets to return to the villagers from the Hemroulle people during the Battle of the Bulge.

So well did the committee function under the able guidance of Mrs. Toye that several hundred sheets were brought to the high school auditorium at a public meeting held in the fall of 1947. In addition to the sheets collected on that day there were sheets sent in from all over the country with money to buy more sheets from fair and honest and even from abroad.

These sheets, packed by Filene's, as a service to the cause, were sent abroad by the Boston Globe, which paper also sent Mr. Hanlon to Hemroulle to return the sheets in person.

So deeply were the villagers touched by the return of their sheets and the friendly gesture made by Winchester in getting them together, that they treasured the memory of the events and determined to do something for their friends in America.

Last summer during a visit of Dr. Albert Navez, Belgian Consul for New England, it was determined by Mayor Gaspard and other leading villagers to take from their little chapel the old oil paintings of the Stations of the Cross and send them to the churches of Winchester as a token of friendship and proof that Hemroulle had not forgotten.

Churches were chosen to receive the gifts, not alone because of the religious significance of the pictures, but because it was the Hemroulle chapel bell that summoned the Belgians to bring their sheets for the American troops in 1944, and it was the churches of Winchester that rang their bells in 1947 to summon Winchester residents to the high school with their reciprocal gifts of sheets.

WINCHESTER RED CROSS

Mrs. Nathaniel M. Nichols has been named Honorary Chairman of the 1951 Red Cross Fund Campaign in Winchester.

MRS. N. M. NICHOLS

Mrs. Nathaniel M. Nichols has been named Honorary Chairman of the 1951 Red Cross Fund Campaign in Winchester. Mrs. Nichols has been a Red Cross worker in this town for many years. The campaign's home-to-home canvass will be concentrated in Red Cross Sunday, March 1.

Mr. James S. Allen has been named Honorary Vice Chairman of the 1951 Red Cross Fund Campaign. Mr. Allen was Winchester Chapter Chairman in 1947. The fund drive on March 1 will also find those who could like to participate in the blood donor program.

The Junior Red Cross at the George Washington School received a thank you letter last week from a school in India which received one of the Washington School's gift boxes. The school was Devi Sahai S. D. High School, Jullundur City, Punjab.

The Motor Corps brought entertainers from the Boston Y. W. C. A. to the Bedford Veterans' Hospital last Monday. Two hospital calls were made the same day. Five pints of blood were given to the Winchester Hospital on January 5.

A first aid class for Civil Defense workers will begin Monday evening in the basement of the Town Hall. The class will be held every Monday evening from 7:30 to 9:30 for nine weeks. The instructor will be Mr. William Hollich. Mr. Gerald Y. Hills plans to organize a group of trained first-aiders in the Champlain Ski Club.

The Home Nursing class is scheduled to begin the last of this month or early in February. A first aid class for Civil Defense workers will begin Monday evening in the basement of the Town Hall. The class will be held every Monday evening from 7:30 to 9:30 for nine weeks. The instructor will be Mr. William Hollich. Mr. Gerald Y. Hills plans to organize a group of trained first-aiders in the Champlain Ski Club.

A meeting of precinct leaders was held in the Town Hall Monday evening by 1951 Campaign officers. A group of 100 voters began on the paper work for the fund drive the next day.

ENGAGEMENT

Mr. and Mrs. George H. McElhinney of 811 Main street announce the engagement of their daughter, Catherine Agnes, to Mr. Thomas Farrell of Dorchester. The wedding is planned for a September wedding is planned.

The First Church of Christ Scientist on Mt. Vernon street will hold an evening Communion Service at 7:30 o'clock on Sunday, January 14. The public is cordially invited to attend this service.

SCHOOL HEARING OF LITTLE VALUE

The hearing under the auspices of the School Building Committee Tuesday evening at the town hall, got off to neither a large crowd nor resulted in any bidding of the gap between school opponents and proponents. The situation in fact affects the proposal to enlarge the Junior high school to house a four-year high school and six in the present senior high school for use as a two-year junior high is right where it was before the hearing was held.

Opponents of the plan for the interchange of buildings, proposed by the School Building Committee as an alternate plan to constructing a new junior high school on Lake street, were invited to attend the hearing and express their objections to the plan so that if possible, the Committee on Monday need not repeat in their preliminary sketches as to satisfy the objects and result in a united support for the plan which will be considered again at a special town meeting to be held January 26.

If the opponents of the plan were present in any sort of number, they were quiet enough at the hearing. Captain Richard M. Rush, who has been a leader in opposing the School Building Committee's proposed plan, read a brief statement from the Referendum Committee, which appears in full on the editorial page of this issue.

Briefly, his statement was to the effect that the Referendum Committee takes the position that the "All or Nothing" plan of the Building Committee was rejected by the town at the recently held referendum. Consequently the Referendum Committee can see no further need for consideration or discussion of the plan.

Aside from his prepared statement, which he read without comment by the Captain, and without amplification by any other member of the Referendum Committee, nothing resembling a concrete objection to the Building Committee's plan was voiced. Everyone who spoke seemed in favor of the plan, and asked only questions to clear up some of the details of the plan which they had been puzzled in.

Those who never got there, and refused to be smoked out, even after repeated invitations to speak were offered by Mr. Hatch of the Planning Board, Mr. Ford, former School Committee member, and Mr. Freeman.

The latter sought a pledge from the School Building Committee that its members would retain an open mind and discuss any objections to the plan which may be made to individual members, or to the committee as a whole, at the time and the date for the special Town Meeting.

This pledge was immediately made by Mr. Knudsen, chairman of the Building Committee, who opened the meeting and urged every one to feel free to present his views on the school plans during the session.

EVENING COMMUNION AT CHRISTIAN SCIENCE CHURCH

The First Church of Christ Scientist on Mt. Vernon street will hold an evening Communion Service at 7:30 o'clock on Sunday, January 14. The public is cordially invited to attend this service.

SPECIAL TOWN MEETING JANUARY 29

The Board of Selectmen, acting on the petition of some 100 registered voters of the town, have set the date for a special town meeting to be held on January 29, 1951, to consider the question of providing a new school building to house the present Junior high school and the senior high school to house the present Junior high school and the senior high school.

This special town meeting is the outgrowth of the recently held referendum, setting aside the action of a previous special town meeting, held November 30, 1949, appropriating some \$1,000,000 to enlarge the present Junior high school and remodel the senior high school to house respectively a four-year senior high school and a two-year junior high school.

Because of bond issues involved two-thirds votes were necessary, both at the special town meeting November 30 and at the subsequent referendum. At the town meeting the majority were overwhelming, only five votes being recorded in opposition to the Junior high school plan, and four votes against the alteration of the high school.

Despite this fact referendum petitions with the requisite number of names were filed and a referendum vote was held, resulting in the defeat of the previously passed school proposals by respectively 55 and 42 per cent of the voters, the failure by these small margins of getting the necessary two-thirds of the small vote cast.

Because of bond issues involved two-thirds votes were necessary, both at the special town meeting November 30 and at the subsequent referendum. At the town meeting the majority were overwhelming, only five votes being recorded in opposition to the Junior high school plan, and four votes against the alteration of the high school.

DOCTORS, DENTISTS, VETERINARIANS MUST REGISTER MONDAY

All male doctors, dentists and veterinarians under 30 years of age who are not registered in the Selective Service System's Special Registration for men in their professions must present themselves for registration between the hours of 8:00 a. m. and 5:00 p. m. Monday, January 15, 1951, Col. Chester A. Furlish, State Director of Selective Service, announced today.

Relieved from the obligation of registering, Col. Furlish said, are men presently on active duty in the Armed Forces, members of reserve components of the Armed Forces and certain aliens whom the law exempts.

In passing the law requiring their registration and authorizing their induction through the Selective Service System, Congress divided doctors and dentists into two classes, designated as Priorities 1, 2, 3 and 4, the State Director said.

Asked to define the different Priorities, Col. Furlish said, "The First Priority includes men who are called up or part of their professional education in the program sponsored by the Army and Navy or were deferred from military service during World War II to continue their education, and had less than 90 days of active duty subsequent to being released from their military program or the completion of their education."

"The Second Priority includes men similarly educated or deferred who had more than 90 days of active duty but less than 24 months under the same terms governing Priority 1; the Third includes men not in military service during World War II, while in the Fourth are men in military service during World War II who had active service during the war."

Unless commissioned as officers, men deferred as Special Registrants, found acceptable to the Armed Forces, will be called for induction in sequence of Priority and within each Priority in sequence of date of birth, commencing with the youngest.

Men in the first two Priorities were registered last October 15 and currently are being classified and given physical examinations by their local boards. No date has been set by National Selective Service Headquarters for the classification and physical examination of the new group, Col. Furlish concluded.

Local Selective Service officials announced that the registration in this area will take place at the office of the local board located at 9, City Hall, Medford.

FORMER WINCHESTER SELECTMAN ELECTED CHAIRMAN OF THE MIDDLESEX COUNTY BOARD OF COMMISSIONERS

James A. Cullen was elected Chairman of the Middlesex County Board of Commissioners last Friday. Mr. Cullen was elected to the Board in 1945 for four years. He had been serving as Chairman since last November when the then Chairman, Melvin Rogers, was defeated for reelection and stepped down to permit Mr. Cullen to take over the Chairmanship for the balance of the year. He is said to be the first Democratic Chairman in the history of the Board.

He is said to be the first Democratic Chairman in the history of the Board.

Despite this fact referendum petitions with the requisite number of names were filed and a referendum vote was held, resulting in the defeat of the previously passed school proposals by respectively 55 and 42 per cent of the voters, the failure by these small margins of getting the necessary two-thirds of the small vote cast.

Because of bond issues involved two-thirds votes were necessary, both at the special town meeting November 30 and at the subsequent referendum. At the town meeting the majority were overwhelming, only five votes being recorded in opposition to the Junior high school plan, and four votes against the alteration of the high school.

Despite this fact referendum petitions with the requisite number of names were filed and a referendum vote was held, resulting in the defeat of the previously passed school proposals by respectively 55 and 42 per cent of the voters, the failure by these small margins of getting the necessary two-thirds of the small vote cast.

ST. MARY'S SODALITY

On Tuesday evening, January 10, at the K. of C. Hall, there will be a showing of the motion picture, "The Blessed Virgin," sponsored by the St. Mary's Sodality of St. Mary's Parish. The motion picture will be shown by the Rev. Joseph E. Ryan of St. Mary's Church, Marlborough, who will furnish the interesting commentary throughout.

The technicolor showing includes, in addition to the many beautiful pictures of the Virgin Mary, the Passion Play at Oberammergau which is held once in every ten years; Lisieux, the home of the Little Flower; Lourdes and the Blessed Catherine Laboure Mother House; also scenes of London, and a tour of Ireland. A special feature of the evening will be the audience with Pope Pius XII that was arranged for the Boston Pilgrimage Party.

Immediately after a social evening of the Ladies of the Holy Church, followed by Benediction and the Rosary the members and their friends will proceed to the home of the St. Mary's Sodality for a social evening.

MISS MURRAY ENGAGED TO MR. CRANDALL

Miss Mary and Mrs. James E. Murray of 131 Washington of Boston, have announced the engagement of their daughter, Anne Frances, to Mr. Louis E. Crandall, Jr., son of Mrs. Louis E. Crandall and the late Mr. Crandall.

Miss Murray is a graduate of Winchester High School and B. U. Sargent College. Miss Murray is in the Faculty of Bloomfield High School, in Conn.

Mr. Crandall is a graduate of Stonington High School and Rhode Island State College.

SIGNED LETTER TO PRESIDENT TRUMAN

Prof. Norman J. Padelford of 6 Ravenscroft road, professor of International Relations at Massachusetts Institute of Technology, and Dean Robert B. Stewart of the Fletcher School of Law and Diplomacy at Tufts College, whose home is at 60 Oxford street, are among 25 prominent Massachusetts residents who signed a letter to President Harry S. Truman urging him to take the lead in calling for a meeting of the Atlantic Union already proposed in Congress.

The letter suggests the President consult the governments of France, Great Britain and Canada, regarding the practicability of establishing a Provisional Union to meet the current supreme crisis. It suggests further that the President invite the six democracies that sponsored the North Atlantic Treaty: France, Belgium, Netherlands, Luxembourg, Canada, and the United Kingdom, to name delegates representing their principal political parties to meet with the Atlantic Union already proposed in Congress.

This convention would then invite other democracies wherever situated to join in exploring how their peoples can apply the principles of free federal union within the framework of the United Nations.

FROM THE OFFICE OF THE COLLECTOR OF TAXES

The following facts pertaining to the collection of taxes as of December 31, 1950 should be of interest to all tax payers in the town.

The Board of Assessors committed to the Collector of Taxes the following amounts for collection for the year 1950:

Amount Committed	Per Cent Collected
Real Estate \$1,281,500.10	96.6
Personal Property 111,038.70	99.6
Poll 9,978.00	99.7
Motor Vehicle Excise 150,086.37	93.3

100% of the 1949 Real Estate taxes were collected. For the first time for at least twenty years, no property went into Tax Title.

NOMINATION PAPERS CIVIL DEFENSE FIRST AID CLASSES

Civil Defense training teaches people how to perform the services needed before, during, and after an enemy attack. In conformity with our Civil Defense training program it is planned that all workers receive basic training in standard First Aid. Due to existing conditions and for the protection of our community should an emergency arise, it is essential that First Aid training be made available to the largest number possible.

Classes in First Aid under the direction of Winchester Chapter, American Red Cross, will commence the week of January 15. The first class is now filled and additional classes are being organized, the dates to be announced. They will be held one evening each week from 7:30 until 9:30 P. M. Those interested should communicate with the local office of the Red Cross, telephone Winchester 6-2300 or the Department of Civil Defense, telephone Winchester 6-3257. Both of these offices are in the Town Hall.

James W. Blackham
Director of Civil Defense

Nomination Papers for the nomination of candidates including Town Meeting members, to be voted for on March 5, 1951, must be submitted to the registrars of voters for certification of signatures on same on or before 5 o'clock on the afternoon of January 29, 1951.

THIRD KNOW-YOUR-HOSPITAL EVENING

Another of the short series of informational evenings will be staged at 8 o'clock on Thursday, January 18th, in the Living Room of the Winchester Hospital Nurses' Home. Everyone who has had hospital experience directly or through family or friends will find the subjects of this panel especially important. You are invited to come and to join in the exchange of questions and answers. Coffee is served at 7:45, and the program begins promptly at eight o'clock. With Mrs. George A. Marks as Chairman. The new women's auxiliary, "Friends of Winchester Hospital," is sponsoring the series as part of its first year's service to its members and the community.

The subject of Medical Records will be presented by Mrs. Mabel L. Bayers, Medical Record Librarian, who is in charge of this department at Winchester Hospital. Using an authentic patient's record as a basis for her talk, Mrs. Bayers will show how the full history of a case is

built up, and what parts the doctor, the nurse, and the record room play in making the entries at the proper time and in the approved form. She will tell enough about classification and terminology to give us a better understanding of the need of having a hospital record room expertly staffed, and of the reasons why the American College of Surgeons emphasizes this department in its rating of a hospital.

The other important subject to be discussed by the speakers and audience is that of the hospital's "front office" with its many services to the public. This is the office where patients are admitted, where their charges are recorded and accounts issued, where the telephone switchboard is located, and where the Gray Ladies now stand at the desk during visiting hours. Miss Ada R. Sleeth will present all these problems and many others, including Blue Cross payments, and the most recent addition to the tasks of the office, namely, that of Social Security deductions from salaries and wages, which have been made effective January 1, 1951, following the decision of the Directors to make Social Security benefits available to the hospital employees and the favorable vote of the employees themselves.

Even if you have missed the first two numbers of this series, it is worthwhile to take advantage of the program on the 18th, and of the other three to be given during March, April, and May. An understanding of hospital service assures fuller participation in all of its advantages.

WINCHESTER DRUG COMPANY CHANGES HANDS

Announcement was made this week of the purchase of the Winchester Drug Company, at 564 Main street by Earl H. Hutt, Registered Pharmacist, who will continue the business under his personal management.

Mr. Hutt was born in Westboro, and for the past eight years was associated with the pharmacy in that town. OFFUTT NURSERY SCHOOL BEGINS 5TH YEAR

The Dorothea B. Offutt Nursery School will begin its 5th year on January 13th. Mrs. Offutt has been very successful in working with her select small groups and has received commendations from families in Winchester as well as cities all over the country to which her pupils have moved. Her school has had an excellent health record, with no epidemics of children's diseases in four years.

Mrs. Offutt is a graduate of Jackson College for Women at Tufts College, and has taught in the Newport, N. H., Milford, N. H., and Lexington, Massachusetts school systems as well as the Bartlett School in Arlington, and as substitute in the Winchester school system. Mrs. Offutt has had practical as well as professional experience in that she has two small daughters.

Mrs. Offutt is planning to conduct a Summer Play-School this year during July and August. Her home is so situated that she has her own private beach on Wedge Pond where she will have a fenced in wading area for the children. Her fall term will begin around the middle of September.

LEAGUE OF WOMEN VOTERS

At the joint meeting of the League and the Fortnightly on January 8, Mrs. L. A. Richards, who was in Peking from April to August, 1950, gave a most interesting talk on "Life in China Today." Mrs. Richards, stressed the skill of the Communists in spreading propaganda, and the fact that many Chinese who are not in sympathy with the Russian ideas supported the present government because Chiang's regime was completely corrupt.

The twenty-ninth School of International Relations, conducted by the Massachusetts League, will meet at Radcliffe on January 24th and 25th. On Wednesday evening the 24th, Sir Benegal Rau, Chief Delegate from India to the United Nations, will be the speaker at the Rindge Technical High School. Anyone interested in course or single tickets may contact Mrs. Rowland Patrick at Winchester 6-3298 as to price, or send in the application in the current League Bulletin.

PAST NOBLE GRANDS

The Christmas Party of the Past Noble Grands Service Club of Victoria Rebekah Lodge was held on Wednesday evening, December 27, 1950 at the new home of Mrs. George Braadon, North Woburn, Massachusetts.

The meeting was led by the President, Miss Olive Stevenson. Our "Good Time" evening was discussed but no definite plans made. The Mystery was won by Mrs. Henry Roberts. Our January meeting will be with Mrs. Josephine Arnold. Plans for a Covered Dish Supper in February were discussed.

After the meeting gifts were exchanged and delicious refreshments were served by the Hostess at a very prettily decorated table.

Many thanks Peggy and Good Luck to you and George in your new home!

COMMITTEE OF SAFETY CHAPTER, D. A. R.

The Committee of Safety Chapter, Daughters of the American Revolution, will meet in the Ladies' Parlor of the First Congregational Church on Monday, January 15 at 2:30 p. m.

The guest speaker, Mrs. David D. Nickerson of Malden and Quincy, will use as her subject, "There is a Tide..."

For many years as Grand Vice President of Pi Beta Phi Fraternity, Mrs. Nickerson traveled throughout the United States and Canada counseling with Deans of Women as to policies and plans for betterment of campus life.

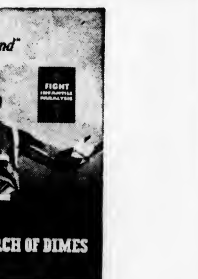

As a former State Chairman of the Department of Education of the Federation of Women's Clubs of Massachusetts, she helped to inaugurate several new trends in education. She is President of Wilcox Hall in Malden and an incorporator of the Panhellenic House connected with Boston University, as well as one of its directors.

She is trustee of Malden Hospital and teaches a class in Parliamentary Law. She has done editorial work for the Commonwealth of Massachusetts on Tax Publications. One of her most interesting activities is the illustrating of deluxe editions of books on art, history, music, and opera, among which the \$2,000, deluxe edition on American Indians is outstanding.

WINCHESTER KEEPS ON WINNING

Melrose, 56 - 36 Victim Last Friday

The Winchester High hoopers continued on the victory path by defeating Melrose High by a score of 56 - 36 at Melrose last Friday night. This was the sixth straight victory of the season for the Red and Black and the third in the Middlesex League competition. This marks the fifth time in six games that the locals have scored over 50 points as they continued to control the ball well and shoot accurately, connecting on 39 per cent of their shots at the basket.

Over the first half the locals played top notch basketball as they moved the ball well to score freely while limiting Melrose to four baskets from the floor. Winchester started fast to outscore Melrose 18 - 9 in the first period and 17 - 6 in the second period to lead 35 - 15 at the half. The second half was poorly played as Melrose upset the Winchester attack with their aggressive and rough type of play. As a result Melrose lost four of the four of their five regular players in the second half.

Johnny Dilorio and Charlie Murphy played outstanding games for Winchester as Murphy provided the spark in the first half drive and Dilorio held the locals together with timely baskets during the rough second half. Rodney Long, Doug Hawkins and Dilorio battled the ratty Melrose team off the backboards and did an excellent job of controlling the boards for Winchester. Once again it was pleasing to Coach Bartlett to see the Winchester scoring so well distributed as all ten local performers earned at least one point.

The Winchester Seconds continued to provide local fans with great hopes for the future as they won their sixth straight game by defeating the Melrose team by a score of 52 - 40. Norman Howard with 13 points and John Atkinson with 12 points were the high scorers for Winchester.

AMERICAN LEGION AUXILIARY

There will be a Special Meeting of all the members of the Auxiliary on Monday night, January 15 at the Legion Home. Please make an effort to be present as there are some very important items to be voted on as soon as possible.

Remember the date - Saturday night, January 27, at 8 o'clock. There will be a very interesting party at the Legion Home. An old-fashioned "Box Social" where the Ladies furnish the refreshments and the gentlemen have an opportunity to bid on each surprise package. The lucky winner then has the privilege of eating this delectable supper with the charming chef who has extended all her culinary efforts to produce the masterpiece. An added attraction is the entertainment and dancing which follows and it promises to be very exciting and plenty of fun. The plans are all in the hands of a very capable committee, Ruby McKee, Lila Bennett and Barbara Murphy, so do not miss it.

"Death Takes a Holiday", which experienced a great deal of success in New York City in 1949, was presented by the senior and junior classes of Winchester High School on Saturday evening February 17, at 8:15 in the High School auditorium. The highly dramatic play was originally written by Alberto Casella and was re-written for the American stage by Walter Ferris. The cast chosen by Mr. Thomas Morse, Speech Teacher and Dramatic Coach at Winchester High School, is as follows:

Cora Dorothy Parker
Fedele Harold Quigley
Duke Lambert Jost Michelson
Aida Sheila Gray
Duchess Stephanie

Princess of San Luca Susan Norian
Baron Cesarra John Borden
Rita de Fenton Marion Jones
Eric Fenton Ronald MacKenzie
Corrado Richard Rush
Grazia Dorothy Brandt
His Serene Highness Prince Sirki, of Vitalba Alexander

Major Whitread David Archibald
"National Thespian - Troupe 729"

Harry "Lally" Myers, former Winchester football and track star, was among those recently awarded freshman football numerals at Middlebury College. He was regular back on this year's yearling team.

Winchester High won its seventh straight victory of the season by overwhelming Concord High 54 - 16 at the Boston Arena on Tuesday afternoon. The Red and Black had an easy time with their opposition and Coach Bartlett was able to give his reserves considerable playing time which will help in future close contests.

Winchester had a slight attack of Arena jitters in the first half and were not scoring in their customary rapid fashion. Concord was considerably worse off in this respect and were unable to make a basket until the third quarter. Winchester went about 11 - 0 at the end of the first period and was leading 19 - 1 at the half. John Dilorio and Rodney Long were the only effective scorers during this stretch. The whole team loosened up in the second half and with John Farrell and Stowell Symmes played the lack moved ahead 33 - 10 at the end of the third period and then coasted to an easy victory.

Game captain Johnny Farrell and Stowell Symmes played outstanding. Farrell had 10 points. The Red and Black continued to shoot accurately as they made good on 33 per cent of their shots which is good shooting of strange form.

WINCHESTER FRESHMEN WON OPENER

The Winchester Freshmen opened their season in impressive fashion by pinning a 48 - 27 defeat on the Stoughton Freshmen at the high school gym last Friday afternoon. Dave Pratt took up where he left off last year by scoring 20 points to lead the team to an easy victory. Moose Bellino and Al Lindner teamed up well in the backcourt and the speed and showmanship of this small pair was a real crowd-pleaser.

The Winchester Junior High quintet was soundly drubbed 37 - 17 by their Stoughton opponents. This marked their first loss for the Junior High team in three years of competition as this year's outfit looked far inferior to its two predecessors.

GOOD GOVERNMENT DAY AT WINCHESTER HIGH SCHOOL

Students of Winchester High School are voting today, Good Government Day, to elect a delegate to represent them on Beacon Hill in the year when students from all over the Commonwealth will preside over the executive and legislative branches of the government.

From the list of delegates elected in the various schools will be chosen a governor, lieutenant governor, councilors, senators, and representatives.

Besides the election, appropriate recognition of the day will be taken by social studies classes. The teaching of state government is not the affair of a single day, but rather a long-term period of study, one of the highlights being the annual Good Government Day.

Candidates are David Archibald, Paul Boyle, Charles McLaughlin, and Robert Mirak.

Winchester High won its seventh straight victory of the season by overwhelming Concord High 54 - 16 at the Boston Arena on Tuesday afternoon. The Red and Black had an easy time with their opposition and Coach Bartlett was able to give his reserves considerable playing time which will help in future close contests.

Winchester had a slight attack of Arena jitters in the first half and were not scoring in their customary rapid fashion. Concord was considerably worse off in this respect and were unable to make a basket until the third quarter. Winchester went about 11 - 0 at the end of the first period and was leading 19 - 1 at the half. John Dilorio and Rodney Long were the only effective scorers during this stretch. The whole team loosened up in the second half and with John Farrell and Stowell Symmes played the lack moved ahead 33 - 10 at the end of the third period and then coasted to an easy victory.

WINCHESTER BATTLES BELMONT TO RETAIN LEAGUE LEAD

Winchester High meets its biggest test of the season when it encounters Belmont High tonight

Winchester High meets its biggest test of the season when it encounters Belmont High tonight before a capacity crowd at the high school gym. Belmont is the defending champion of the Middlesex League, a perennial power in basketball, and can be depended upon to defend their three-year reign as champions to a fighting finish. The visitors are smug from an unexpected upset victory over Stoughton on Tuesday which will make them much tougher to beat.

The locals have been the surprise package of the Middlesex League this season and a victory tonight will put them in a strong position for the better half of the league schedule. Coach Bartlett, who has a magnificent job with a young and inexperienced team and firmly believes that his boys can stand up under the pressure of the best opponents have done a magnificent job out there on the court and make an interesting team to watch because of their ability to score heavily. The best feature of this team is its all-around balance as no one boy is outstanding and the scoring is well divided among the seven regulars.

Winchester finished strongly last year by defeating Belmont at Belmont a year ago and figures that its chances are good of repeating tonight.

HOLY NAME TO HEAR JESUIT

On Sunday, January 14, the Holy Name Society of St. Mary's Church will attend the 8:00 o'clock Mass and Communion and will then adjourn to the Knights of Columbus Hall for a social hour and a meeting, at which the speaker will be Rev. John Galvin, S. J., who has chosen for his subject, "Whom Do You Know?"

Father Galvin is assistant treasurer and auditor of the New England Province of the Jesuit Order and was ordained in 1941. He holds a Master's Degree from St. Louis University and has studied at Harvard in Lenox, at Westford, and is an alumnus of the Harvard Business School.

Program Chairman William J. Coughlin expects an overflow meeting. The Society having had three laymen elected to the board of directors, making it certain that Father Galvin will be particularly well received.

It is interesting to note that the guest speaker for the "Family Communion Breakfast", slated for February 11, is none other than Father Galvin.

Rehearsals started Wednesday night and will be in full swing next week in Waterfield Hall, after which they will go into their final week at the Town Hall.

WINTON CLUB DONAGHEY - GALES

The Winton Club held its January meeting at the home of Mrs. Frank C. D'Euseux on Monday. A very enthusiastic and interested audience listened to the report of the club chairman, Mrs. Charles W. Butler, on the progress of the club which is to be held in the Town Hall on January 25, 26, 27.

Mrs. Butler then introduced the new director, Mr. Richard R. Bector, who represented the Charles H. Blake Productions. His pleasing personality and vivaciousness in presenting the forthcoming cabaret was rewarding. He told the members that the show this year was to be a fast night club musical review with peppy numbers dating back to the 20's, such as the "Black Bottom" and the "Charleston".

Father Galvin is assistant treasurer and auditor of the New England Province of the Jesuit Order and was ordained in 1941. He holds a Master's Degree from St. Louis University and has studied at Harvard in Lenox, at Westford, and is an alumnus of the Harvard Business School.

GIRL SCOUTS

The program committee of the Girl Scouts Council met this past week to discuss the details of coming events. This committee along with the other planning groups is responsible for the excellent program offered to our girls. This program aided by the unusually fine leadership proves to be very popular as shown by the unprecedented high enrollment. We start 1951 with 751 Scouts and Brownies (52 troops) 113 troop committee members, seven associate Scouts, 41 assistant leaders and 47 Council members — a total of 1041.

On March 13 the annual Father and Daughter Banquet will be held at the Town Hall. Mrs. Ernest Parker and Mrs. James McElroy are Co-Chairmen for this popular event.

The many friends of the Neff family, formerly residing on Woodside road, Winchester will be happy to know that there is a possibility that the Neffs may soon be transferred back East. They now make their home in Olathe, Colorado. While in Winchester Mrs. Neff and the two girls were active in Girl Scout work.

Mrs. Barbara Metcalf was asked to show the slides of the trip to England at the McElroy Annual Meeting of Leaders and Council on Tuesday, January 9.

The Public Relations Committee for the Girl Scout National Convention (to be held this fall in Boston) held its first monthly meeting last week and appointed Mrs. Robert Lowry, of Winchester as Chairman of the Exhibits. These are to be window displays throughout Metropolitan Boston. The exhibits and displays at the convention proper will be handled by a different committee.

The 5,000 envelopes for the March of Dimes Campaign have been prepared by the Girl Scouts and are now ready for distribution. Do you have a couple of hours to give to your community? In these troubled times it helps to know that the children in our community are well supervised. There is an urgent need for three Troop Leaders. It is not necessary to have had special training or to have special talents, a willing hand and heart are the two requirements. Do call the Scout Office (Winchester 6-2592) if you can help.

50TH BIRTHDAY

Carl E. Morse of Lloyd street was pleasantly surprised by friends, neighbors and relatives on Wednesday evening of last week on his 50th Birthday.

The feature of the evening was a huge birthday cake appropriately decorated with stamped letters, addressed to him bearing birthday wishes; street letter boxes; parcel post boxes; and a replica of the front of the local Post Office building. All of those were cleverly moulded on the frosting.

Carl is a carrier at the local Post Office and is married to the former Priscilla Laraway of this town. They have three daughters; Cynthia, a freshman at the University of Massachusetts, Marjorie, and Nancy, members of the sophomore and freshman classes, respectively, at the local high school.

FOSTER ELECTED TO A. I. A.

Lewis M. Foster of 34 Lloyd street, certified public accountant, has been elected a member of the American Institute of Accountants, national professional society of CPAs. He has been associated for 17 years with the Boston office of Spark, Mann and Company, accountants and auditors.

Mr. Foster who was born in Manchester, Massachusetts, is a graduate of Hawthorne Institute in Salem. He also studied at Burdett College in Lynn, Boston University, and Northeastern University. He holds a CPA certificate from the State of Massachusetts, obtained by written examination, and is a member of the Massachusetts Society of Certified Public Accountants.

WINCHESTER SCHOOL COMMITTEE NOTES

Delegates from the west side of Winchester appeared before the School Committee last Monday evening to report misconduct of pupils on the school bus.

Steps are being taken at once to correct the situation. The School Committee gave further consideration to the school budget and to salary requests.

It was voted to have a special School Committee meeting next Monday night to discuss certain matters with the Washington School Building Committee and to consider further the wage and salary requests received from school personnel.

The School Committee voted that beginning on Monday, January 15 the lunch hour at all elementary schools will begin at eleven forty-five and end at twelve-thirty. Dismissal will be at two-thirty. Notes will be sent to each home stating that parents should decide whether, under the new schedule, their children are to take lunches to school or not. In either case, the pupil should follow the same plan every day, and not change. The school will expect this.

FORUM TO SEE MOVIE, "AGAIN PIONEERS"

FORUM TO SEE MOVIE, "AGAIN PIONEERS"

"Again Pioneers," starring Colleen Townsend, will bring the message to the members of the Senior Forum of the First Congregational Church when they meet in Ripley Chapel Sunday morning at 9:15. Colleen Townsend, who appeared earlier than usual, Colleen Townsend is the pretty girl, recently written up in Life, who gave up a promising Hollywood career to study to become a Director of Religious Education. This was the last movie she made.

"Again Pioneers" is a full-length movie produced by the Protestant Film Commission. It was previewed recently by David Archibald, President of the Forum, who says that it presents a gripping message which will draw attention to the problems of migrant people by showing the effects in a small town when the question comes up at a town meeting as to whether children from "The Patch" should be allowed to attend the public schools. The movie presents no solution to the problem, but will probably stir up discussion as to causes and effects of migrant life and responsibility of Christian young people to show some concern.

The movie will start at 9:15 in order to be finished at the usual time.

The following Sunday, six young people of the Forum will be the speakers with the thought, "What Are We Going to Do About It?" They will present ideas growing out of the film, and suggest ways in which Forum can work toward helping people caught in these circumstances.

CO-OPERATIVE BANK PAID-UP SHARES

The Winchester Co-operative Bank is now offering to the public a limited number of paid-up shares. Earnings of 2 1/2% per annum make Paid-Up shares attractive investments for educational reserve funds, future travel funds, savings for security in your advanced years, funds for emergencies, and funds with which to take advantage of future business opportunities.

Paid-Up shares are sold at \$200.00 per share. An individual may hold not more than twenty (20) shares (\$4000). Paid-Up shares (\$8000) may be held in a joint account. Interest is adjusted at the time the shares are purchased.

It is easy to purchase these shares, just call at the Winchester Co-operative Bank, 19 Church street, purchase the number of shares you wish, interest will be quickly adjusted, and sign your identification card.

A check representing your earnings will be sent you semi-annually on or about the first Monday of May and November.

Holders of Paid-Up Shares may borrow up to 95% of the value of the shares for any purpose at very reasonable rates.

Unless a banking emergency exists, Paid-Up shares are readily converted to cash at the Bank.

The Star acknowledges with sincere thanks the gift of fine calendars from Parker Lane Wm. Company, Winton's Hardware, A. Miles Holbrook and the Cooperative Bank.

POLIO FACTS

I would like to be able to tell you today that the problem of infantile paralysis caused considerably in the year just past. I would like to be able to tell you that 1950 was a "light" polio year, and that there are concrete indications that the force of recent polio attacks is diminishing. Unfortunately, we must meet realism with realism. For polio came with grim reality to well over 30,000 Americans in 1950.

Under the best possible conditions, an epidemic of 30,000 cases is a staggering load to carry. Coming as it did on the heels of the tragic, record-breaking epidemic of 1949, the result was devastating. In hundreds of communities scattered through every state in the nation, the terrible effects of unprecedented incidence in 1948 and 1949 were still evident. When the new epidemic broke, it found hospitals and convalescent homes still caring for boys and girls — and adults, too — many of whom would need continued assistance during the year. Some 30,000 carry-over cases remained from as far back as 1934 who could not — and would not — be ignored. All of them were getting needed help. And, whether you realize it or not, it was you who were giving that assistance.

Through the years, your contributions to the work of the National Foundation for Infantile Paralysis had made possible aid to the stricken. But by the time 1949 was over, more than 1,000 chapters in 45 states had gone broke meeting increased demands for patient care and were operating on emergency advances from the national office. The national office itself was in a financial crisis, having poured out all its patient care reserves to meet emergencies in the field. This item alone had cost \$27,000,000 in 1949 and, for the first time in its history, your National Foundation had to conduct an emergency drive. The critical situation was temporarily relieved by the \$30,000,000 you contributed to the March of Dimes in January, 1950. But we needed every penny of it.

We found out in 1950 that lightning can strike twice — even three times — in the same place. For the third consecutive year, the summer months brought all the dread, all the heartaches, all the tragedy that we had hoped to be spared. Again in Texas and California and other states that had been dealt so many bludgeoning blows in the past, the disease developed and spread. In time, the mid-West and the Northeast were slugged again — and severely. Some parts of the South, which had somehow escaped the worst blows of 1949, were hit hard this time. In Virginia, the little town of Wytheville, with a population of 50,000 people, and a record of no polio case in six years, suddenly found itself the center of the most vicious, concentrated polio epidemic of the year.

As polio returned in force in

1950, your 2,800 National Foundation Chapters were working day in and day out to meet the pressing demands of the record case load. Overnight, their responsibilities were doubled. The treatment and rehabilitation of "old" cases could not be neglected for a single moment. But even more urgent were the needs of the ever-increasing numbers of new cases, as the epidemic developed.

Here in your own community, your local Chapter of the National Foundation carried a heavy share of the burden. Your local Chapter — like the others — paid bills for patient care, for nursing and physical therapy, for transportation, for special hospital equipment and appliances — iron lungs, hot pack machines, wheelchairs, crutches and braces. Chapters everywhere saw that hospitals and treatment centers were sufficiently staffed and equipped to meet the emergency. They formed a contact-point between stricken families and the medical aid they so desperately needed. Mothers and fathers who suddenly found their whole world spinning about in the cold, inescapable reality of the word "polio," quickly discovered that neither they nor their children would have to fight their battle alone.

Your March of Dimes money came back to Middlesex County to help your friends and neighbors. And it was helping to win the fight against polio in other places, too. Fifty per cent of the money you gave to the March of Dimes had remained with your local Chapter. The other half had been sent to National Foundation headquarters to finance research and professional education, and to be used for epidemic emergency aid. Whenever a Chapter used all its local resources in caring for patients, the national office poured more money into the area from its emergency aid fund. But even that fund had its limitations. As more and more Chapters went broke, emergency aid was being sent out at the rate of \$1,000,000 a month.

Before the year was out, there was no more money. The increase in March of Dimes contributions had been inspiring. But it just had not kept pace with the rising tide of polio. In the first ten years of its existence your National Foundation had dealt with incidence that averaged slightly more than 11,000 cases a year. Suddenly, in the short space of three years, more than 100,000 persons were hit by the disease. Four out of every five of these needed help, in some measure, from your National Foundation.

Today, the organization that you have supported so generously each year again is operating at a deficit. Late in 1950 we were forced to call upon all chapters in lightly hit areas to place their uncommitted funds in a national pool to assure continuing financial assistance for epidemic zones. Part of our 1951 March of Dimes receipts — those accruing from special gifts — have been collected in 1950 and already used to meet 1950's obligations. But, despite these emergency measures, we still have not met all bills for the year, bills which continue to pile high on the desks of our chapter offices. They will not stop coming just because the year has ended. The polio problem is not that simple. All through the coming year we will be paying the price of epidemics that have long passed into history. All through the coming year we will be paying for the rehabilitation of the thousands of boys and girls who are learning to live with the handicap of infantile paralysis. The extent of our assistance depends entirely upon your generosity in the forthcoming March of Dimes.

While we are helping these children, while we are paying for patient care and meeting the demands of new epidemics in 1951, we will be fighting another battle, too. In that battle, our prospects for the future are much more encouraging. Our main objective, our major objective, is to find the means of ending this recurring problem for all time. We can do that only by finding a way to control the disease. Every day of the year your March of Dimes money is at work in the nation's laboratories and research centers, supporting scientific investigations into the nature of the polio virus, how it is transmitted, how it grows, how it cripples, how it descends upon whole communities with epidemic force. The news from those laboratories is heartening. It tells us that more progress has been made toward control of infantile paralysis in the past ten years than was made in all the preceding centuries. Last year

we learned that scientists definitely expect to find the means of controlling the disease within our lifetime. That was no idle prediction. It was based upon scientific fact, upon new knowledge developed through research that you have made possible.

Today, we need the hope that such knowledge gives us. As we look to the job ahead of us, as we walk through the polio wards of our hospitals in 1951, we will be children as they struggle courageously to meet life with the odds stacked against them, we know that we can't quit now. We have to help them. Next year there will be 15. Twenty-seven Past Presidents thousands more to help. But next year, too, we will be that much

closer to the final answer to the problem of polio.

So please give generously to the March of Dimes. Your money will give some child a chance to walk again. And it will hasten the day when children everywhere will walk in freedom from this crippling disease. They need your help. Please lend a hand.

A. C. Doherty, Winchester, is chairman of the "Past Presidents' Night," honoring the Past Presidents of the Automotive Boosters Club, to be held at the Bradford Hotel, Monday evening, January 15. Twenty-seven Past Presidents thousands more to help. But next year, too, we will be that much

WINCHESTER ART ASSOCIATION

Professor Herbert D. Lamson, vice-president of the Winchester Art Association, announced at the association's meeting opening the January exhibition in the art galleries of the Public Library, that on February 21 — the day before the holiday — those wishing to exhibit pictures at the Twentieth Century Association galleries, Joy street, Boston, will take their pictures to the home of G. Russell Mann, corner of Fenwick road and Grove street, that they may be transported to the exhibition rooms of the Twentieth Century. At the time the pull was taken last summer about thirty artists of the Winchester Art Association signified their intentions to exhibit at this showing, then arrangements were made with the Twentieth Century Association to have Winchester represented. The exhibit will open February 25, Sunday, and run through until it is time for it to be homebound bound to take its place in the members' exhibition of the Winchester Association at the Winchester Public Library galleries in April.

Professor Lamson, as president of the Winchester Art Association, introduced Carol M. Nickerson, (Mrs. Hollis W.), mistress of the potter's art, who carried on an instructive conversation as she demonstrated the work of making pottery. She mentioned that Robinson Crusoe on his lonely Pacific island tried his hand at making pottery and messed up his product in the firing. In the firing idea Mrs. Nickerson, Crusoe and Professor Lamson had something in common. Professor Lamson in his introduction said that he had an especial interest in the evening's proceedings as he recalled that as a boy in New Hampshire he dodged the spooks that issued from the pottery kilns of his grandfather and father.

A few minutes after the professor's introduction Mrs. Nickerson gathered up clay and threw it at her electric pottery wheel with deft and experienced hand and began shaping her wares. In the audience sat Laura W. Watkins, of Winchester, author of the book, "Early New England Pottery and Their Wares," which is on the shelves of the Winchester Public Library. Sitting with Mrs. Watkins was her husband, Charles Hadley Watkins, print collector and past president of the Winchester Art Association.

Marion Ladd Symmes and May Bennett Brown, whose pictures grace the walls at the art exhibit for the month of January were interested observers of Mrs. Nickerson's demonstration. Miss Pauline Goodrich, chairman of the Exhibition Committee made up the program.

Le Petit Gourmet: It was superb. Interest among the large number attending this meeting was maintained by Vivian Frazier, (Mrs. Richard H.), chairman of the hospitality committee, and her assistants, Dorothy Miller, (Mrs. Miller E.), the Misses Sue Gleason and Helen Redfern. Mrs. Frazier built the cake that greeted those who partook with the inscription, Winchester Art Association, 1951.

ST. MARY'S CYO TO PRESENT 5TH SHOW

At a meeting called January 3 by Rev. Francis O'Neill, CYO director, plans were made for another of the organization's successful shows to be held at the high school auditorium on Saturday, February 3. An afternoon show for children will precede the evening production.

Father O'Neill will serve as general chairman of the show with Cub Chairman Philip Savage as chairman and Mrs. Vincent F. Erhard as director. Mrs. Leo V. Manoli is to be ticket chairman and a complete list of committees will be announced later. Proceeds from the show will benefit St. Mary's CYO to support its Boy Scouts, Girl Scouts, Cub Scouts and Brownies, boys' baseball and basketball teams, girls' basketball and soft ball teams and the Dramatic Group. At the afternoon performance this year it is expected that autographed baseballs will be given to lucky ticket holders.

WISWELL IN NAVY

Byron C. Wiswell of 70 Fletcher street, recently became a member of Organized Surface Division 1-5 of the Naval Reserve in Boston. Wiswell will receive a nine-month training in Navy fundamentals and then be advanced to seaman apprentice. Through personal effort he may speed his advancement to the next higher rating at the end of six months, by passing an examination. Upon advancement, his training in a specialist rating commences. In addition to this training, he will receive an intensive two week course along with regular Navy recruits at Great Lakes, Illinois with full pay. Thereafter, he will participate in a two week cruise each year aboard a Navy warship.

DARTMOUTH WOMEN'S CLUB

The Dartmouth Women's Club will hold their meeting in the Empire Room of the Hotel Vendome on Wednesday, January 17, with the president, Mrs. Percy E. Gleason, presiding at 2 o'clock. Mrs. Edward Pike and Mrs. Sidney E. Judkins will be the pourers at the dessert and coffee hour which will precede the meeting, commencing at 1:15. The guest speaker will be Marion Tucker Rudkin whose subject will be "Book Reviews." Mrs. Frank Ford will give Historical Readings of Dartmouth, Sketches Old and New.

BELGIAN GIFTS RECEIVED

(Continued from Page 1)

The paintings represent the supreme gift of the poor villagers of Hemroulle. Nothing in their lives could possibly mean more. Before these paintings they have gathered in joy and sorrow for nearly fifty years. They had become a real part of the lives of the people of Hemroulle.

No one knows the exact age of the paintings. They are oils, done in beautiful colors that have mellowed with time and they are in excellent taste. Many bear the marks of Nazi bullets and some were so badly damaged they could not be sent to America. They measure 25 by 28 inches and had been hanging in the Bastogne convent for many years, as early as 1856. The paintings were given by the convent to Mayor Gascard in 1906 and it was he who had them placed in the chapel of Hemroulle.

During the past fall Dr. Navez visited Mrs. Toye of the proposed gift of the pictures to Winchester, electing her first to receive the news because of their friendship which dates from the "Sheetz for Hemroulle" party in 1947 and because she at that time headed the movement to return the bell linen to the Belgian villagers.

Great care had to be exercised in taking down the paintings and in setting them in this country, because, when they were in the war damage, they are very fragile. Mrs. Toye and a small committee, known as the Hemroulle Friendship Committee, originally planned to receive the gifts at a program to be held on the day before Christmas, Mass., choosing that date because it was the anniversary of the Battle of the Bulge.

This date had to be abandoned, due to the length of time it took for the pictures to reach Dr. Navez in Boston, and it wasn't until just about Christmas time that the pictures actually arrived in New York and were sent on to Boston. Dr. Navez received them personally and brought them to Winchester on Sunday, every precaution being taken to see them to town safely.

Patrolman Thomas Parsons was assigned by Police Chief Charles J. Harrold to meet the pictures when they arrived in Winchester and remain with them until they were distributed to the churches at the high school last Sunday afternoon. Officer Parsons was in the wings of the stage during the entire program. Outside the high school Traffic Officer James E. Flaherty reserved space at the entrance to the building for officials and committee members and invited guests.

In the hall the stage was decorated with palms and ferns by Cummings, the Florist through the kindness of Rev. John P. O'Riordan, pastor of St. Mary's Church, who from the first evinced the greatest interest and pleasure in the program. Also displayed at the front of the platform were the National and Belgian Colors, and above those seated on the stage were hung at the rear two large posters depicting the new Coat of Arms of Bastogne, with the American Eagle as an integral part of the new design.

Representatives of the churches of Winchester ushered, including Malcolm D. Bennett, Church of the Epiphany; Mrs. Leon Leavitt, First Baptist Church; Ernest Wright, First Church of Christ Scientist in Winchester; Milton Galacia, Crawford Memorial Methodist Church; Rev. Eugene G. Rochow, Unitarian Church; George T. Davidson, First Congregational Church; Mrs. John J. Gorman, St. Mary's Church;

Charles A. Gallagher, Immaculate Conception Church; Hilda Griffith, New Hope Baptist Church; and Commander Rony Snyder, Second Congregational Church.

Preceding the program a selected group of members of the Winchester High School Band, in their colorful scarlet and black uniforms, played a group of appropriate selections from the pit in front of the stage, conducted by Fred Feltner, director of instrumental music in the Winchester Schools.

When the curtains parted there were seated on the stage in the front row, from left to right, Edward A. Bartlett, master of ceremonies; Vincent Farnsworth, Jr., chairman of the Board of Selectmen; Nicholas H. Fitzgerald, Selectman and member of the arrangements committee; John D. Hanlon, former Lt. Col., commanding the 502 Airborne Infantry who defended Hemroulle from the Nazis during the Battle of the Bulge; Rev. Howard J. Chidley, D. D., minister of the First Congregational Church; Rev. Virgess Hill, pastor of the New Hope Baptist Church; Rev. Dwight W. Hadley, rector of the Church of the Epiphany; Rev. John P. O'Riordan, pastor of St. Mary's Church; Rev. Robert A. Storer, minister of the Unitarian Church; Major Samuel E. Hixson, chaplain, First Service Command, Boston Army Base; Mrs. Albert Navez; Col. Leo A. Bissett, commanding officer of Massachusetts Military District; Dr. Albert Navez, Belgian Consul for New England and Mrs. Kenneth B. Toye, chairman of the Hemroulle Friendship Committee.

Behind these were seated, from left to right James H. Pennington and Mrs. Pennington, committee members; Mrs. Edward A. Bartlett and Mrs. Nicholas H. Fitzgerald, committee members; Mrs. Vincent Farnsworth and Committee Member Kenneth B. Toye.

An emergency call for his personal services prevented Father Driscoll from arriving at the high school in time to be seated with the other clergy. He did arrive at the hall before the conclusion of the program and was seated on the stage, being present in time to receive the pictures for his church.

Before the curtains were parted Mrs. Toye explained to the audience that with the exception of Dr. Navez, every speaker on the program was speaking directly to Hemroulle. A tape recording was made of the program by Edwin Westley of Station WRUL of the World Wide Broadcasting Foundation, who in response to an introduction by Mrs. Toye, explained that the broadcast would be carried by his station not only to Hemroulle, but to 58 foreign countries, including several behind the "iron curtain". Motion pictures of the program were taken for Dr. Navez from the balcony of the auditorium by the high school football camera men, "Leggie" and "Jake" Wentworth.

Because of broadcasting limitations the program was of about 45 minutes duration. It had been carefully planned and proceeded with dispatch and smoothness under the able guidance of the Master of Ceremonies, Mr. Bartlett.

Mr. Bartlett, teacher and coach at Winchester High School, was a lieutenant colonel in the Army Air

Forces during World War II, and served as a master of ceremonies at the "Sheetz-for-Hemroulle" exercises in 1947.

Rev. Mr. Hadley, who made the invocation in 1947, opened the program in the same way on Sunday, asking a Divine blessing on the friendship of Hemroulle and Winchester that it may lead the way to international peace. The audience then joined in singing the "Star Spangled Banner", led by Mr. Feltner and accompanied by the band.

Mr. Bartlett then gave something of the background of the Hemroulle-Winchester friendship, conveyed to the people of Hemroulle the thanks of the residents of Winchester for the villagers' expression of the friendship of Hemroulle and Winchester, and called upon the Winchester High School Girls' Octette, eight young ladies in white blouses and scarlet skirts, to sing the "Belgian National Anthem", accompanied by their director, Miss Eleanor Antifant, director of vocal music in the high and junior high schools.

Mr. Farnsworth, as chairman of the Board of Selectmen, briefly extended official greetings from Winchester to Hemroulle, stressing the generosity of the Belgians as an expression of international good will.

Mr. Hanlon, the next speaker, began his remarks with a "Hello" to his old friends in Hemroulle. He spoke of the snow in Winchester in 1944 and in Winchester during the program in Washington, where he was speaking, expressing in an impressive manner how deeply he was touched by the friendship bond between his home town of Winchester and the village of Hemroulle. He seemed visibly moved as he spoke and contributed one of the outstanding features of the entire program.

A particularly pleasing feature was the presentation by Mr. Bartlett of a message to Mrs. Navez, the charming wife of the Belgian consul, with a particularly gracious and wholly appropriate little speech by the Master of Ceremonies adding the gallant touch of pinning the flowers on the shoulder of the smiling Belgian lady.

Mr. Bartlett then called upon Mrs. Toye to introduce her old friend, Dr. Navez, which she did briefly but in a way that left no doubt of the esteem in which the friendly Belgian official is held in Winchester by all who know him. Incidentally Mrs. Toye also wore flowers presented to her by the members of the arrangements committee she so ably led.

Dr. Navez' voice all but failed him as he told what the friendship of Winchester for his country means to him. Speaking with a charming accent, he told something of the feelings of the people of Hemroulle as they sent their gifts to Winchester and how deeply they have all been moved by Winchester's kindness and generosity. "A deep friendship has been cemented between our two countries which will never die," said Dr. Navez, as he also explained how delightedly the Hemroulle people would greet the announcement that ten clergymen of all creeds in Winchester were together on one platform to receive the villagers' gifts.

Concluding his remarks, Dr. Navez presented the pictures, which had remained during the program, face down on a table beside the lectern. They were received for the town by Selectman Fitzgerald, who had been designated by the Board of Selectmen to serve on the Hemroulle Friendship Committee.

In his brief, but appropriate speech of acceptance Mr. Fitzgerald touched upon not only the international friendship aspect of

the gift from Hemroulle but also upon the religious significance of the pictures and the strength which comes from religious faith in combatting the turbulent forces of evil in the world today.

The clergy of the town were then called individually by Selectman Fitzgerald to come forward and receive the pictures presented by Hemroulle to the churches they represented. The pictures were handed to the clergy by Dr. Navez in the order in which they happened to lie upon the table, and as the clergy were not assigned to their seats in any order each received the picture which chance dictated he should have. As they were turned to the audience after their receipt the beautiful color and craftsmanship of the paintings brought a gasp of admiration from those in the hall.

After the presentation Major Hiebert, who had been on duty in Bastogne during the Battle of the Bulge and had an intimate knowledge of the town of Hemroulle played in the defense of the village, spoke to the villagers. He was followed by Col. Bissett, who as representative of Major General Charles G. Helmick, Commanding General, New England Sub-Area, First Army, extended greetings and good wishes to the Belgian Army and civilians.

Dr. Navez then returned to the lectern to read a telegram of felicitation from Baron Silvercrux, Belgian Ambassador in Washington, whose personal envoy, Major Count Izan Dumoneau, Military Attache at the Embassy, had been grounded by the storm in Newark, N. J., en route to Winchester by plane.

Then with the band accompanying, Conductor Feltner led the gathering in singing "Auld Lang Syne", the words of which appeared on mimeographed programs done for the occasion by the high school Commercial Department, headed by Miss Helen Bronson. Many sang the familiar refrain with animated eyes, and the emotion of the occasion held over for the benediction, pronounced by Father O'Riordan. People filed quietly from the hall after the high school program with a warmth in their hearts and the feeling of having participated in something completely worthwhile.

After the last flash-bulb had been shot and the visiting press had made their final notes, the good natured Dr. Navez and his smiling wife adjourned to the home of Mr. and Mrs. Toye who held a charmingly informal party in honor of their distinguished guests.

Judith Lane of Winchester is a member of the committee arranging the annual midyear dance of the college senior class to be held in the main ballroom of the Bradford Hotel Friday evening, January 12. The dance will be sponsored also by the Jackson College senior class.

BAPTIST CHURCH FAMILY SERVICE

Once more the families of the First Baptist Church will get together in their monthly Church Family service from 6 to 7 o'clock Sunday evening, January 14th. This service of only one hour's duration is planned so that the whole family may attend and enjoy it together. There will be a short worship period and a hymn-sing of your favorite hymns, led by Dr. Cecil Pride.

"The showing of the sound film 'In His Name' will complete the program. In this story the beautiful glass window of a church on a busy street comes alive with a vital message for today, when a baseball accidentally hurled by some boys in the street comes crashing through to destroy the head of the figure of Christ. The young minister is inspired to new visions of the church's responsibility in the community through his contact with the unknown urchin. The story of how the youngster keeps faith through the years is dramatically and sincerely portrayed. It is a truly moving story that motivates Christian action in every man.

All are welcome.

"BOB" MCGUINITY RETIRES

Together with his check for another year's subscription to the Star, Robert F. "Bob" McGuinity, old Winchester boy now living in Grand Blanc, Michigan, writes that he has retired from General Motors after 33 years in the company's employ. He was presented at his retirement with an appropriate scroll, and a handsome case containing two fine pipes and a canister of tobacco.

"Bob" doesn't intend to rust out now that he doesn't have to go to business every day. This spring he plans to put in 200 to 300 raspberry bushes with his usual berry truck which will keep him and his tractor on the move.

His welcome letter comments on the fire in Lyceum Hall and closes with the promise to take a trip to Winchester this summer to see his old time friends and also to visit his daughter in Brighton.

Mr. and Mrs. Warren R. Healey left this week to spend the winter at Sarasota, Florida.

BELGIAN AMBASSADOR'S MESSAGE

Read Sunday by Dr. Albert Navez, Belgian Consul for New England at the Hemroulle Friendship Meeting at the High School

A deep significance is attached to the ceremony which is taking place today. At a crucial time in their destinies, the people of Winchester and of Hemroulle have been brought together again in a spirit of gratefulness and of friendship.

They are joining in a tribute to the past and in a prayer for the future.

It is fitting that in so doing, they revert to the Stations of the Cross.

These Stations which endured the siege of the Ardennes may well reflect the suffering we share in common. Let them remain in your own churches as a token of our faith as well as of our memories.

They will stand as the symbol of the hope by which we abide and they will bear witness to our trust in the light of God.

Signed

Baron Silvercrux, Belgian Embassy

"WINCHESTER REMEMBERS!"

Pastors of Winchester display the Pictures sent their Churches by Henroulle, Belgium, at the Reception Ceremony held at the High School Auditorium Sunday afternoon, January 7.

From left to right the Pastors are: Rev. Howard J. Chidley, D.D., First Congregational Church; Rev. Alvin Hill, New Hope Baptist Church; Rev. Dwight W. Hadley, Church of the Epiphany; Rev. John Snook, Jr., Crawford Memorial Methodist Church; Mr. Edward R. Simpson, First Church of Christ Scientist; Charles H. Gallagher, representing Rev. Herbert K. A. Discol, Immanuel Congregation Church; Rev. John P. O'Riordan, St. Mary's Church; Rev. Walter Lee Bailey, First Baptist Church; Rev. John William Cook, Second Congregational Church; and Rev. Robert A. Stone, Unitarian Church. Others in the picture, left to right, are: Major Samuel L. Hibbert, Chaplain, First Service Command, Army Base, Boston; Kenneth B. Toye, Committee member; Mrs. Albert Navez, wife of Belgian Consul for New England; and Col. Leo A. Bossett, Commanding Officer, Massachusetts Military District.

Pictures shown are "Stations of the Cross," taken from Henroulle Chapel. Above pastors are new Bastogne Coats-of-Arms with the parts of the new design. Above the Stars are the stars of the emblem, referring to the aid lent Bastogne by the United States during and since World War II.

Father Discol was not seated with the other pastors, being late at the hall because of an emergency call for his services. He arrived in time to accept his Parish's painting from Dr. Navez.

ANNUAL MEETING OF WINCHESTER TRUST COMPANY

The annual meeting of the stockholders of the Winchester Trust Company was held in the Church Street office Tuesday afternoon. In a report to the stockholders the President referred to the year 1950 as one of satisfactory growth. BOWES — McPARTLAN

There is Winchester interest in the marriage which took place at the Sacred Heart Church in Groton on Sunday afternoon, January 14, when Miss Anne Ellen McPartlan, daughter of Mr. and Mrs. Francis P. McPartlan of Court street, Groton, became the bride of Arthur Treven Bowes, son of Mr. and Mrs. Francis C. Bowes of Calumet road. Rev. Michael J. O'Connor read the service at 5:30 o'clock and a reception followed at the Groton Inn.

Miss McPartlan was given in marriage by her father and had for her honor maid her sister, Miss Frances P. McPartlan of Groton. Bridesmaids were Miss Barbara A. Bowes of Winchester, sister of the bridegroom, and Miss Jean R. Thayer of Groton.

The bride wore an Elizabethan style white dress of the same material in American Beauty red with headpieces to match. All the brides attendants carried Colonial bouquets.

The bride wore an emerald green tulle and velvet dress with matching headpiece, and the bridesmaids wore dresses of the same material in American Beauty red with headpieces to match. All the brides attendants carried Colonial bouquets.

Francis J. Rowe, Jr. of Boston, cousin of the bridegroom, was best man, and a cousin of the bridegroom, Richard T. Landis of Dorchester, ushered, with Bennett Wightman of Woburn.

After their journey Mr. and Mrs. Bowes will live in Groton. The bride is a graduate of the Katharine Gibbs School. Mr. Bowes graduated from Williamham Academy, Medford, and is now in the New England Aircraft Staff.

KELIHER — FERN

At the Immaculate Conception Church in Malden on Sunday afternoon, January 1, Miss Barbara Elizabeth Fern, daughter of Mrs. Gertrude B. Fern of Malden, D. C., formerly of Winchester, became the bride of Daniel W. Keliher, son of Mr. and Mrs. Daniel W. Keliher of Malden. A reception followed the ceremony at the Hunt Club in Woburn.

Given in marriage by her uncle, Guy Wiliher of Winchester, the bride wore a traditional gown of white satin brocade with a long train. Her delicate fingertip ring was set with a sapphire and a diamond. She carried a bouquet of white roses and valley lilies centered with an orchid.

Miss Edith M. Schofield of West Roxbury was maid of honor and the bridesmaids were Miss Katherine M. Medford, sister of the bridegroom, and the bride's cousin, Miss Eva R. Whaley of Somerville. Miss Cynthia Ann Wiliher, of Winchester, another cousin of the bride, was junior bridesmaid.

The honor maid and bridesmaids wore dresses of satin and tulle with long veils. The bride wore a gown of aqua and the bridesmaids wore gowns of gold. The junior bridesmaid wore a gown of aqua and the bridesmaid wore a gown of gold. The junior bridesmaid wore a gown of aqua and the bridesmaid wore a gown of gold.

Stephen A. Welch of Medford was Mr. Keliher's best man and the ushers were William Whaley of Somerville, son of the bridegroom, and William Taylor of Washington, D. C.

Mr. and Mrs. Keliher are spending their honeymoon in Florida. During February they will take up residence at Fairview Beach, Va. The bride is a graduate of Medford High School. Mr. Keliher is an employee of the Navy Department at Dahlgren, Va., graduated from Medford Vocational School.

JOSEPH J. BECKER RECEIVES PH. D. DEGREE

CHAIRMAN RED CROSS FUND DRIVE

Mr. John A. Volpe has been named Chairman of the Winchester Red Cross Chapter's fund raising campaign for 1951. Chapter Chairman Lewis K. Mosie announced Mr. Volpe's appointment this week. The drive will be concentrated this year in Red Cross Sunday, March 4. Winchester Trust Co. officials of Church street will serve as report center that day. Mr. Volpe is being assisted by a Fund Planning Committee, whose members are: Miss Helen Monroe, Mrs. Ruth Hilson, Miss George Dunning, Mr. Wayne Davis, and Mr. Charles B. Watson. The house-to-house canvass will also seek to enroll adults who would like to participate in the Chapter's blood donor program. Precinct Captains, and canvassers will meet on Monday evening, February 19, for a final briefing.

The nation-wide slogan for this year's Red Cross campaign is "Mobilize for Defense." When the United Nations police action began last summer in South Korea, the possibility that the civilian population of the United States might be subjected to atomic warfare sooner than had been contemplated became apparent. The Civilian Defense organization for the Second World War had been completely demobilized. Fortunately there has always been in readiness an organization which can cope with such an emergency until a permanent civil defense unit can be developed. That is why the March fund drive will mobilize the Red Cross for defense, to serve our expanding armed forces, to train millions in first aid, home nursing, and nurses' work, to procure large quantities of blood and stockpile planning, and to recruit and train volunteers for disaster relief.

John Volpe is well-qualified to direct the March campaign in Winchester. He graduated from Wentworth Institute in 1930 and is now president of the Volpe Construction Co. He served in the Navy as a Lieutenant Commander in the last war. He is a director of the Winchester National Bank and the Winchester Red Cross Chapter. He is married and lives in Winchester.

SHILLADY APPOINTED

Robert A. Shillady, Jr., of Orient street, has been appointed a member of the Committee on Meetings for the Massachusetts Society of Certified Public Accountants, according to an announcement by Richard S. Chamberlain, President of that organization.

In addition to his activity in the Massachusetts Society, Mr. Shillady is also a member of the American Institute of Accountants, and of the New England Chapter-Institute of Internal Auditors. He is also Treasurer of Box 52 Association, Inc.

HOLY NAME ENJOYED JESUIT

Rev. John Galvin, S. J., was guest speaker last Sunday at the regular monthly meeting of St. Mary's Holy Name Society at Knights of Columbus Hall. Preceding the meeting the Society received communion at the 8 o'clock mass, adjourning to the hall for breakfast, served under the direction of Coleman G. Foley, Jr., assisted by Michael J. Connolly, Leonard Hurley and Albert T. Thorne. Herb Cleary entertained during breakfast with piano selections.

President Arthur W. Hall presided at the business meeting, during which Harry J. Bennett, sick and vigil chairman, reported that hospitalized members of the Society, Michael Grant, George Dyson and Daniel O'Leary, had been sent baskets of fruit.

President Hall reminded the members of the Family Communion Breakfast to be held at the town hall on February 11, with the Society's spiritual director, Rev. Fr. William H. Walsh, predicting that the popular Cleveland backstop, Jim Hegan, who is to be guest speaker, will attract an overflow crowd. It was voted to extend formal thanks to the K. of C. for the use of its hall to replace Lyceum Hall which was destroyed by fire.

William J. Coughwell, program chairman, introduced Father Galvin who took as his subject, "Whom Do You Know?"

Fr. Galvin declared that if we know Christ, we know the greatest influence in the world today. He deplored the lack of recognition of God, especially in meetings dealing with the affairs of our country, for example, in the United Nations meetings. "You cannot have peace when you do not know the 'Prince of Peace' Father Galvin, declared, urging his listeners to bring Christ into their lives and to be tolerant of their fellow workers as Holy Name Men, Fr. Galvin pointed out to the society that they are living a life based on knowledge of God, and respect for their neighbors in the community of Winchester, though their neighbors may not be of the same faith.

The Holy Name man, with his personal knowledge of Christ, has peace in his heart, which peace, through his personal example, he can impart to others.

The Cubs were sorry to learn that one of their members, Jimmy Kennedy, is moving to California. Jimmy took part in the Grand Howl with the pack howling in his honor.

CUB PACK NO 9 NEWS

The new Cub Scout Pack at the George Washington School got off to an auspicious start last Friday evening with 17 boys present for the first regular meeting.

The boys first participated in games led by Cubmaster Louis Bravacos. After some of the excess energy was worked off the meeting was opened with the pledge of Allegiance to the Flag. A roll call was then made and the boys were assigned to their dens and introduced to their Den Mothers, who announced the day and place of the weekly Den meetings.

A count of the parents present was taken and each Den was credited for its adult representation.

An advancement Committee Francis Parsons then presented Cub membership cards and handbooks to all new members and transferes. Four of the transferes, Jimmy Bravacos, Sandy Campbell, Bobby Gardner and David Leaf, were presented with Wolf badges for their completion of the Wolf requirements.

Committee Chairman Ben Marshall, after welcoming the parents, emphasized the importance of parental participation and cooperation in the Cub Scout program and asked for their help in making the pack a success.

Mr. Marshall, describing plans for outside activities, announced that a ski-skate-cookout party would be arranged for the boys on the first suitable weekend and that a roller skating party at the Bal-A-Roue in Modford is scheduled for February 20. Additional activities planned for the future include a wintertime indoor swim, a visit to a TV studio and attendance at an M. L. T. swimming meet.

Mr. Charles Q. Adams, chairman of the George Washington School Dads' Club, sponsors of Pack No. 9 was introduced and spoke briefly of what the club is doing for the children of the School in addition to backing the Cub Pack. Thanks to the Dads' Club the Pack has a "nest egg" for its treasury and a Pack flag will be presented shortly.

After Mr. Adams' remarks the meeting was closed with the ceremony led by Cubmaster Bravacos.

The Round-the-Mountains train last fall carried over 1,400 passengers, the largest number ever taken through Crawford Notch.

The winter Round-the-Mountains train will leave Boston at 9:00 a. m. making stops at Winchester, Lowell, Breton Woods, New Hampshire; Bartlett, New Hampshire; Lawrence, Mass.; and Reading, Mass., arriving back in Boston at 7:00 p. m.

A dinner will be a part of the train where passengers can get a complete meal and arrangements will also be made for the sale of sandwiches and coffee throughout the train.

From the train an excellent view can be had of Lake Winnepesaukee, the White Mountain area including Mt. Washington, and the famous Crawford Notch. The train returns through the well-known ski area of Intervale and North Conway, New Hampshire.

ENTERTAINED AT TOWN LANE

Sunday afternoon, January 14 over forty Winchester Unitarian choir members were guests of Mr. and Mrs. Arthur S. Kelley of the Mystic Valley Parkway, at the Town Lane House in Lynnfield.

Following the delicious dinner the choir engaged in aquella singing in praise of their gracious host and hostess, who for the fifth season have so royally entertained the choir members.

As the guests were leaving each one was presented with a beautifully be-ribboned gold box of Mrs. Kelley's famous and delicious candy. All the members of the Winchester Unitarian choir agreed that this was the finest and most enjoyable dinner they have had as guests of Mr. and Mrs. Kelley.

COCK-EYED OPTIMISTS

For good and for evil man is a social being and, although there are moments when he does actually crave a few seconds to himself alone — even forced at times to travel all the way to New York to achieve it, he is never basically at his best except when cooperating with others of his own ilk to accomplish a mutually desired goal. And so it has come to pass that, having left childhood behind and assumed the bread-earning activities of an adult, men and women, particularly in desk-bound Winchester, have felt the need to organize themselves for the purposes of physical recreation. That is why Winchester has a Badminton Club. Hundreds of the readers of this issue of the Star have been members of this club and could tell you of years when they almost quarreled with one another over the privilege of playing. But, friends, "them days are gone, though not forgotten."

We, however, like the librettist and his star Mary, are "cock-eyed optimists." We do not believe that "them days" are gone forever. We believe that Winchester teens with folks who would enjoy joining in at the High School gym at 7:30 on Tuesdays and Thursdays to give themselves not too violent a physical shake-up and also to meet and chat with friends. If you have never played the game, you can soon learn it and find immediate, solid comfort in the fact that

many of us are still amateurs of the lowest possible level, but we do get the physical shake-up and we do enjoy our friends. To join you need only three things: (1) will, (2) non-floor-scaring sneakers, and (3) the ability to pay your own way.

It is highly incredible that the third requirement will deter you. We invite you to try the first night gratis except possibly for a shuttlecock which would cost you 50c. If then, as we fondly hope, you decide to come again and again, you can either pay \$7.50 for your annual membership or 75c for each of the first ten evenings you play. If you lack a racket of your own, the Club will rent you one for 10c per evening. We question whether you can find any other conveniently located shake-up sport at such a low cost. Your dues are used to pay the rental for the gym, \$7.50 each evening we play, and to maintain our memberships in the regional and national organizations of badminton. If you had joined us in October, you would have had an opportunity to play about fifty evenings of badminton during the 1950-51 season.

You see, our organization is still based upon a principle called Liberty or Self-determination. By this principle we know that we are both paying the fiddler and calling the tune; and we want to go on calling the badminton tune as we have been doing it for the last twenty or so years. We invite you to join in supporting this principle as it gets concrete representation in our Club. We are just old-fashioned fundamentalists; we are not so "intelligent and smug" as to believe that the public purse is a "hoof of Jello." We want badminton, but we do not think that the neighbor who does not want it ought to be asked to pay for it. We need you, lover of good clean sport and fellowship, if the Winchester Badminton Club is not to disappear because of your momentary indifference.

AMHERST BOYS RESENT COON'S MISSING ALL SOCCER TEAM

The "Amherst Student," student publication at Amherst College has the following to say about the failure of the pickers to place Paul Coon of Winchester and the "Lord Jeffs" on the All New England Soccer Team:

"When the All-New England Soccer Team was published several weeks ago Paul Coon's name was missing. Harvard's Charley Weiss had been chosen again. Coon playing inside right for the third year probably had his greatest season last fall. Five times Amherst came from behind to tie a soccer game; four of the games were eventually won. In every case the tying goal was scored by 'Burr' Coon. There were only two contests in which Paul failed to dent the twines; these were the lopsided victories over Massachusetts and Clark. Probably the three toughest games played this year were the 4-2 loss to Wesleyan and the pair of 2-1 victories over Harvard and Williams. In all the time Paul was the first to score. As a clutch performer Paul Coon must be regarded as one of the best."

Ed Note: Paul is the son of Park Commissioner and Mrs. James H. Coon of Brooks street.

DOG SANCTION MATCH

The sixth Annual Sanction Match sponsored by the New England Dog Training Club, will be held on Sunday, January 28 in the spacious room of the Hotel Statler, under the direction of Edith P. Hall, Cambridge. "Obedience Trial Committee," chairman and Mrs. Bertha Ekstrom, Waltham, Chairman of Sanction Trial Committee. Members of the N. E. D. C. and several additional dog training clubs look forward to this interesting event, which is always a dress rehearsal competition held every year in conjunction with the Eastern Dog Club show in February.

W. H. S. GIRLS WIN 2 OUT 3

January 10th saw the Winchester senior, junior, and sophomore girls' basketball teams playing games at Belmont. The seniors won 33-16 with Sue Morton scoring 13 points and Bette Kneeland accounting for 10. The juniors tied 27-27; and Paula Langgan was their high scorer with another 13 points. The sophomores came out on top 26-19. Ann Hooper chalking up a third 13 points and Peggy McHugh going for 10.

The line-ups were as follows:

GIRLS VARSITY TAKES CLOSE ONE

The Winchester girls went to Lexington on January 11th and came home with two wins; the first team game by a 47-45 score and the second team game by a 32-26 score. The last minute of play in the Varsity game was a nerve-racking one, and exciting one. Lexington tying the score, then going ahead, and Jean Neiley finally saving the day by sinking two timely baskets. Jean played an excellent all-around game being high scorer with a staggering 27 points. Bette Kneeland earned second place honors with 14 points for her credit. In the Jay-Vee game, Paula Langgan and Carol Crockett were high scorers with 13 and 11 points respectively.

IF THERE WERE NO MARCH OF DIMES

If there were no March of Dimes campaign in 1951, what would it mean? It is difficult to conceive of a more tragic happening, but if there were no March of Dimes this year, there could be no National Foundation for Infantile Paralysis. There are no patient care reserves at National Headquarters. Many Chapter treasurers, including our own Middlesex County chapter, are not only completely devoid of funds, but will be in the red until your contributions to the current March of Dimes campaign before it is possible to pay bills. The position of the remaining Chapters is extremely precarious, dependent upon one unpredictable, uncontrollable element, that of the force of the polio attack in the year to come.

How does it happen that there are not enough funds available to keep the National Foundation and local chapters alive when last year you and millions of Americans gave a record \$50,000,000? The answer is simple, yet disheartening.

1950 was the third consecutive year this nation experienced a devastating polio epidemic. 1950 was not the most severe year for epidemic, and it did not create the startling headlines of 1949, where the disease was highly concentrated. But, with the fall of 1948 and 1949's tragic events still hanging over our heads, the year was out and had claimed an estimated 30,000 new victims of infantile paralysis for 1950. Thus following in the wake of the previous years' widespread epidemics, the 30,000 cases of 1950 have all but broken the back of hundreds of Foundation Chapters.

If there were no March of Dimes, the toll of polio victims for 1951, 1952, 1953, and on and on would mount to heights beyond comprehension. If there were no March of Dimes, the care of the thousands of polio victims would disastrously come to an end.

Join in the fight against polio by supporting the greatest fighter of all—the March of Dimes. Your contributions may be made through any one or all of the following means:

MEDFORD FLIGHT

Some people wonder what type of planes the Civil Air Patrol uses. The most common plane used by the C. A. P. is the E-4 which is the Piper Cub, a two seat airplane. The C. A. P. has a few E-5's which are two seat Stinsons. These planes belong to the United States Air Force and are on loan to the Civil Air Patrol. In emergencies the C. A. P. also uses private planes which have been made available for such use. The C. A. P. has insurance to pay for any damage done to any of the private planes used.

The Medford Flight C. A. P. meets at the Lincoln Junior High School in South Medford where it holds classes in pre-flight training. Starting this week the Medford Flight will hold along with the pre-flight classes a course in fundamental photography. The purpose of this course is to teach the members how to take better pictures. Many of the members have taken many pictures of the C. A. P. in action but many of the pictures weren't good enough to be printed. The C. A. P. will welcome all boys and girls who are interested in aviation, those who are between ages of 15 and 18 as Cadets and those 19 or over as Seniors. Persons interested in C. A. P. should get in touch with Second Lieutenant Henry A. Dellicor, Jr. or Public Information Officer, Alvin G. Smith, Jr.

BAPTIST YOUTH FELLOWSHIP

On Sunday evening, January 21st, at 6:30 o'clock, the Baptist Youth Fellowship will have as its speaker, Mr. Allen Tinkham, a senior student at Dartmouth College. Mr. Tinkham has spent some time working as a fire watcher and fighter for the United States Government in the Northern section of the Rocky Mountains. He will speak on the subject "Forest Fire." All young people will want to hear the exciting story he has to tell. The worship service will be conducted by James Ekstrom and Philip Dresser. Refreshments will be in charge of Emily Allen and Madelon Nelson.

Friday evening, January 26th, at 7 o'clock is the date for the monthly "Fun-Nite" for the Junior High and Senior High group. Coach Meurling will be on hand as usual to direct the games and fun. This date is one that no young person will want to miss.

SUNDAY, JANUARY 28th, is Youth Sunday. John Hunt Chapple, Director of Youth Activities, will speak at the Morning Sanctuary service. His subject will be "Children of Light and the Children of Darkness." The young people will take active part in the service.

AMERICAN LEGION AUXILIARY

We are sorry to have to announce that the very interesting "Box Social" and entertaining scheduled for Saturday, January 27, will be postponed until a later date. Many other parties are being held on that same date and it seems advisable to wait until next month to watch for the new date in this column as plans are progressing with added vigor.

There will be a Bridge and Whist Party at the Legion Home on Monday evening, January 29, under the chairmanship of Lola Bennett and Sally Meek. Give them your support and bring your friends and all the members who may miss the announcement.

Another Valentine Dance will be held on February 10, with Dot Carroll, Chairman.

OPENS HEATING FUND CAMPAIGN

A parish-wide Heating Fund Campaign to raise \$25,000 will be launched following the Annual Meeting of the Parish of the Epiphany next Wednesday evening, January 24th at 7:45 p. m. in the parish hall. This appeal is being made in order to improve the present woefully inadequate heating system and to replace the nearly fifty-year old boilers, which were installed in 1904.

Volunteer solicitors will make calls for pledges from January 25 to February 24th, and subscriptions will be accepted for payment over the twelve month period ending January 23, 1952. There will be no solicitation of subscriptions at the Annual Meeting, and it is hoped that all parishioners will attend to hear details and further explanation of the campaign.

The Heating Committee, which has done the preliminary study and organization, is headed by Dwight W. Hadley, honorary chairman, Francis E. Booth, chairman, and Harlow Russell, campaign chairman. Other members are Malcolm D. Bennett, Harry L. Benson, Samuel M. Best, William H. Bolander, Dunbar F. Carpenter, Albert S. Crockett, Bradford O. Eddy, William A. Everett, Henry K. Pitts, Robert E. Fisher, Waldo L. Hart, Donald Heath, Gerald V. Hills, William E. Holdich, Robert H. Jewell, Herbert W. Kelley, Frank D. Maden, Harold L. Mann, Maxwell McCreery, Henry E. Moffette, John W. WINCHESTER RED CROSS

A New class in first aid began Wednesday evening in the Red Cross room at the Town Hall.

This new class was required because the Monday evening class was filled. Both classes run for two hours an evening beginning at 7:30. The course will continue for nine weeks.

Entertainers from the Armed Forces Club in Boston were brought to the Bedford Veterans' Hospital by the Winchester Red Cross Motor Corps on Wednesday. The Motor Corps station wagon also made three trips to Massachusetts General Hospital and one to Chelsea Soldiers Home this week. Five pints of blood were brought to Winchester Hospital last week.

The local Red Cross is sending three Winchester women to a nurse's training course in Salem. Miss Meredith Wagner of this town has been re-assigned by the American National Red Cross to a military hospital in Germany as a Scout nurse. She served previously in Korea.

DR. BARRETT GRANTED SIX PATENTS

Dr. Gerald R. Barrett of 34 Allen road, research group leader at Monsanto Chemical Company's Merrimack Division in Everett, Mass. has recently had six United States patents granted in his name.

The inventions covered by these patents and worked out for Monsanto by Dr. Barrett relate to materials which have been used by industry for textiles, paper and surface coatings.

A native of Massachusetts, and a long-time resident of Winchester, Dr. Barrett is a graduate of Harvard College, studied at College de France in Paris, and received his Ph. D. from Harvard in 1923. He joined Monsanto's Merrimack Division research department in July, 1923, and since that time has had a total of eleven patents granted in his name. He is a member of the American Chemical Society.

TRUCK AND CAR CRASHED FRIDAY

Two occupants of a Pontiac sedan were taken to the hospital last Friday and the car in which they were riding was badly damaged in a collision with a big trailer or truck on Main street in the vicinity of the Mystic School.

According to the Police the accident took place about 10 o'clock in the morning and the trailer involved was a Mack tractor-truck with a 32 ft. Freuhauf trailer, owned by Robert Express Inc., of Manchester, N. H., and being driven south on Main street by Armand J. Beauchene of 255 Pearl street, Manchester, N. H.

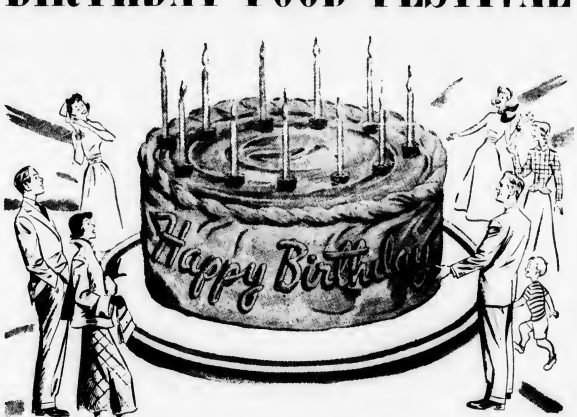

Beauchene told the Police he was passing a garbage truck parked in front of the residence of Richard A. Brogan, 254 Main street. As he did so he heard a crash and upon stopping his truck found the trailer had collided with a Pontiac sedan, owned and driven by Harold Francis Fennell of 32 Curand street, Roxbury. Riding with him was Arnold Kirksey of the same address.

Both men were removed to the Winchester Hospital in the Police Ambulance by officers John Hogan and John Murray. They were treated by Dr. Harry L. Benson. Fennell for lacerations of the lip, face and head, as well as injuries to his knees and legs. Kirksey sustained knee and leg injuries.

Police say Kirksey told them the trailer skidded into the Pontiac, Beauchene could not account for the accident.

A SPEAKER FROM "ALCOHOLICS ANONYMOUS" TO ADDRESS WOMEN'S ASSOCIATION
The Women's Association of the First Congregational Church of Winchester will meet in the Social Hall on Tuesday, January 23rd, at 2:00 p. m. Mrs. Clarence R. Wiekerson will preside and Miss Margaret Copland will conduct the worship service. Mrs. Eddah, Director of Massachusetts Congregational Women's Work, will give a brief report on the historic "Constituting Convention of the National Council of Churches" at Cleveland. The program will feature a woman speaker from "Alcoholics Anonymous."
What is "Alcoholics Anonymous?" The doctor says that the alcoholic must have a new personality. The clergyman says that he must have a religious conversion. "Alcoholics Anonymous" has found both these statements to be true and has worked out a solution that works in more than 60% of cases. The speaker will explain this solution.
The Social Service Guild will act as hostess at the tea which follows the meeting. Mrs. Walter W. Winship and Mrs. Robinson S. Whitten will be the pourers.
BIRTHDAY FOOD FESTIVAL
A Birthday Food Festival, marking the anniversary of the remodeling of the First National Store at 605 Main street, Winchester started on Thursday, January 18th and will continue through Saturday, January 20th.
Booths will be set up throughout the store where food demonstrations will be conducted and samples and recipes will be given to shoppers. A giant birthday cake, prepared by First National bakers, will be on display and free slices of special cake will be distributed. Customers will be given cups of Kryo coffee and Joan Carol doughnuts. Special favors will be given out as shoppers enter the store. A truly holiday spirit will be found in First National's birthday store. Gay decorations and music will lend a carnival atmosphere to the celebration.
The birthday party marks the completion of another happy year for First National in Winchester and combines the promise of continued service to the housewives of the area.

SECOND CONGREGATIONAL CHURCH

OLD LINE FIRM LEAVING TOWN

Bacon Felt Company to Operate in Taunton

Commencing in the immediate future, the Bacon Felt Company, American sheet felt manufacturers and certainly one of the oldest businesses in Winchester, will leave town to make its headquarters in Taunton. Samuel S. and Stanley S. McNelly, present owners of the company, have purchased a building, formerly owned by the Glenwood Range Company at 125 West Water street in Taunton, and will continue to do business there under the same name by which the local mill has been known since 1906.

The company's new building will measure 50,000 sq. ft., about twice the size of the present plant in Winchester. All new equipment is being installed and the owners hope to be in partial operation in Taunton by the middle of next month. It will be summer, however, before the company is completely operating in its new home. The owners expect that a number of their present personnel will accompany the firm to Taunton.

The Bacon Felt Company goes back to 1825 when the business was founded by Robert Bacon. At that time Winchester was a part of Woburn and known as South Woburn, incorporating as a town in 1850. The Bacon felt mill has been a landmark at its present location for over 100 years, the street leading to it being formerly known as Mystic Place and in recent years, as Grove Place.

The business was carried on by the Bacon family until 1932, previous to 1900 as the Charles F. Bacon Felt and Wadding Company, a member of the family, remaining in the firm until two years ago when he retired because of his health.

The business has grown from the old days when between 20 to 30 hands were employed at the mill to an average of 80 hands today. New machines have been installed, resulting in new lines, such as sheet felts and felt specialties. Formerly the mill made for the most part felt polishing wheels.

MR. HODGE OBSERVED 90TH BIRTHDAY

Mrs. J. Frank Hodge entertained informally at her home, 17 Edgehill road, on Wednesday afternoon, January 17, from 2 to 5 o'clock, upon the occasion of her 90th birthday.

In good health, despite advanced years, Mrs. Hodge thoughtfully enjoyed greeting those who called to extend congratulations and best wishes, her guests ranging in age from three to 80 years, and including neighbors and friends as well as groups from the Fortnightly Woman's Club and the Crawford Memorial Methodist Church, in which Mrs. Hodge has long been active.

Assisting in greeting the guests were Mrs. Hodge's two sons, J. Frank Hodge, Jr., of Belmont, and George Hodge of Wellesley Hills; and her daughter, Miss Mollie Hodge, who makes her home with her mother.

Pouring were Mrs. Hodge's daughter-in-law, Mrs. J. Frank Hodge; a niece, Mrs. Percy L. Wetmore of Melrose Highlands; Mrs. Edward E. Grosvenor of this town and Miss Margaret Fether, both of Arlington.

Besides her personal birthday greetings, Mrs. Hodge received many cards and other messages of congratulation, as well as flowers and gifts. She has lived in Winchester since 1913 and enjoys a wide circle of friends.

MISS MOONEY MR. WHELAN ENGAGED

Mr. and Mrs. John J. Mooney of Weymouth announced the engagement of their daughter, Marie, to Mr. Charles E. Whelan, son of Mrs. Mary Whelan of Winchester place.

Miss Mooney is a graduate of Bridgewater State Teachers College and has studied at the Graduate School of Boston University. Mr. Whelan served with the United States Navy in the Pacific Area during World War II.

Turn On Your Porchlight

7-8 P. M. Wednesday, January 31

On Wednesday night, January 31, 1951, from 7 to 8 p. m., the Winchester March of Dimes campaign will come to a dramatic climax. This is the evening when over 300 Winchester mothers will call on every home in the community where a porchlight is burning to collect contributions to the 1951 Infantile Paralysis campaign.

To signify willingness to give to this most important cause, one merely turns on his porchlight during the hour of 7 to 8 p. m., and shortly a mother will call at the door. If a family does not have a porchlight, a lantern, a candle in a bottle, a small searchlight attached to a fence, or a colored cloth hanging from the porch will indicate your desire to fight polio. Everyone who wants to give will have the opportunity to give.

The Mothers' March will be heralded Wednesday evening by the ringing of church bells and the blare of a siren from the Fire Station. Your radio and television sets will report you with exciting announcements before the zero hour and during the march. Through the enthusiastic cooperation of the local Boy Scout troops and 4 up packs, a flyer containing all the facts of the Winchester Mothers' March will be distributed to your door on Saturday, January 27.

An event of interest and a helpful reminder for all Winchester citizens to give generously to the March on Polio will take place on WIZ-TV, Channel 4 at 7 p. m., Wednesday, January 31, when Winchester High School's Bill Carlton, son of Mr. and Mrs. Frank Carlton, who was stricken with polio last year will appear on Bump Along Bill will be another athlete from Concord, Mass. Paul Leslie Paul was hit hard by polio two years ago and has made such a remarkable recovery that last fall he was an active member of Concord High School's track football team. Both Bill and Paul will be Bump Along Bill's special guests on this program which will be devoted to the gallant fight and determination these two youngsters have shown in defeating the heartbreaking setback infantile paralysis dealt them.

Remember Operation Porchlight

The Mothers' March, and all that it represents. Fight polio by turning on your porchlight. The hour is 7-8 p. m., Wednesday, January 31. If your light is on and no one calls at your door, just go to the telephone and call your precinct captain. She will see that one of the marching mothers is directed to your door.

Miss Capone is a graduate of Winchester High School, class of 1950; Mr. MacIsaac is a sergeant in the USAF.

Both Joan and David are attending Colby College.

The wedding will take place in March.

BORN

To Mr. and Mrs. Frederick H. Bates a second daughter, Deborah Reed, in Levittown, Long Island on Friday, January 12th.

Grandparents are Mr. and Mrs. Harold H. Bates of this town and Mrs. Charles Clifford Miller of Cooperstown, N. Y.

WAS FORMER RESIDENT

Mrs. Alice H. Davis who died last week in Framingham, N. H., was for many years a resident of this town living on Everett avenue. She survived by a stepson, E. Linwood Davis. Funeral services were held on Saturday afternoon at the Congregational Church in Framingham, and the burial took place at Mt. Auburn on Monday of this week.

W. H. S. AT LEVINGTON TONIGHT

Winchester High travels to Lexington High tonight to meet the Minutemen in an important Middle League encounter.

CIVIL DEFENSE

You can live through an atom bomb raid and you won't have to have a Geiger counter, protective clothing, or special training in order to do it. The secrets of survival are:

KNOW THE BOMB'S TRUE DANGERS.
KNOW THE STEPS YOU CAN TAKE TO ESCAPE THEM

You are urged to read carefully "SURVIVAL UNDER ATOMIC ATTACK" the official United States Government booklet, copy of which will be delivered to every home in Winchester on Saturday, January 27. Distribution will be by the Boy Scouts. If you do not receive yours, copies will be available at the Department of Civil Defense, Town Hall, Telephone Winchester 6-3257.

HEINZ - GAY

There is Winchester interest in the marriage which took place in Cohasset on Friday evening, January 19, when Miss Beverly Gay, daughter of Mr. and Mrs. Reginald H. Gay of 55 Bancroft road, Cohasset, formerly of Highland avenue, became the bride of Kenneth Eugene Heinz, son of Mr. and Mrs. Ludwig E. Heinz of Center street, Davenport, formerly of Concord. The Rev. Gaston Carrier, minister of the Unitarian Church in Cohasset, performed the 7 o'clock ceremony.

Given in marriage by her father, Miss Gay wore an informal gown of teal crepe with a garden of courage. She was attended by Miss Sally Morgan of Winchester who was a street-length dress of navy blue. Paul Denille of Concord was best man for Mr. Heinz.

Only members of the immediate families attended the marriage and the informal reception at the home of the bride's parents. Among those present were the parents of both the bride and bridegroom; the bride's grandmother, Mrs. Allan C. Prescott of Cohasset; Mr. and Mrs. Henning Hanson of Whitman, uncle and aunt of the bride; and two brothers and sisters of the bride, Mr. and Mrs. Francis Lamblie of North Woburn and Mr. and Mrs. William Matsons of Haverhill.

The bride, a graduate of Winchester High School in the class of 1949, is in the employ of Colonial Associates, Inc., of Boston. Mr. Heinz, graduated from Concord High School and attended Tufts College. A specialist in electronics, he was in the employ of the General Electric and Power Company when he was called into the Armed Service, the suddenness of his call accounting for the hasty and informal nature of the wedding.

The bride and groom first met when both were serving as lifeguards at Walden Pond during the summer of 1949.

91 ST. SUNDAY

Mrs. Clarence M. Mixer of Mirror Lake, N. H., and Mrs. Prescott Will of 40 Everett avenue gave a surprise birthday party on Sunday afternoon, January 21, for their mother, Mrs. Frank W. Marden, at her home at 41 Everett street.

Miss Marion Doe, Mrs. Marden's housekeeper, assisted with the arrangements, and several of Mrs. Marden's eight grandchildren were present.

Many flowers, including handsome red roses and violets, made an attractive background for the party. The birthday cake was a surprise birthday cake with Mrs. Marden's daughter, Mrs. Helen Hodges, as the guest of honor.

Birthday messages were received by phone from Mrs. Marden's grandson, Lt. Col. Burgess H. Hodges, who is on Army duty in England; Mrs. Marden's son, Prescott Will, on business in Halifax, N. S.; from another son-in-law, Mr. Clarence Mixer, in Woburn; and from Mrs. Marden's brother, Mr. Rufus Finer, in Bangor, Maine.

Mrs. Marden was born January 21, 1877, in Freedom, Maine. She has many friends in Winchester, in which town she has made her home for 25 years.

MISS BUNTON ENGAGED

Mrs. Alger Trull Bunton of Wildwood street announces the engagement of her daughter Joan, to Charles Francis Kirby, Jr., son of Mr. and Mrs. Charles Francis Kirby of Watertown.

Miss Bunton, graduated from Kent's Hill School and studied music at the New England Conservatory of Music.

Mr. Kirby spent four years with the United States Marine Corps and graduated from the University of California in Los Angeles. He is now associated with the Ray Industries branch in Los Angeles.

No immediate date has been set for the wedding.

WINCHESTER OFFICIAL RECEIVES AWARD FOR GALLANTRY

The Silver Star Medal, America's third highest decoration for gallantry in action, has been awarded a Winchester officer of the 1st Cavalry Division in Korea.

Capt. William L. West, son of Mr. and Mrs. John D. West of 74 Wedgemere avenue, former Winchester High and West Point foot ball star, received the award for gallantry in action against the enemy on September 6, 1950, near Taegu, Korea. He is aide de camp to the 1st Cavalry Division's commanding general, Major General Robert R. Gay.

An account of the action in which he earned the medal is contained in a citation accompanying Capt. West's award. It tells that while the captain was visiting the command post of a company preparing for an attack to open up the main supply route, he volunteered to accompany a platoon that was short of officers.

During the attack this platoon was subjected to a heavy volume of enemy mortar and small arms fire that threatened to halt the attack. As the platoon moved forward, Capt. West, realizing the need for immediate action, fearlessly mounted a friendly tank and, using the 50 caliber machine gun, indicated targets to others in the attack.

"His aggressive and courageous action under intense enemy fire, the citation further states, 'inspired others to continue in the successful accomplishment of the assignment.'"

Capt. West's gallantry and selfless devotion to duty reflect great credit upon himself and the military service.

WINCHESTER BOY SCOUTS WINCHESTER CUB SCOUTS NEWS

During the week of February 5-11 the Boy Scouts of America will celebrate their 41st birthday. Although various activities are scheduled for the entire week, the highlight will occur on February 8, Boy Scout Day, when various Scouts will assume the town offices and take over the duties of the various officials and employees. The evening all the Scouts in town will participate in a Town Meeting at which time four items of importance not only to the Scouts but to the town as a whole will be presented, discussed, debated, and voted upon. This birthday celebration will not only be very interesting and educational for the boys, but will give the townspeople an opportunity to see the Scouts in action. Final details of the program are being worked out and the whole story will be presented in this column next week.

Saturday, January 27, the Scouts and Cubs of Winchester will effect the distribution to every house in town of two pamphlets, a flyer discussing the work and needs of the Cub Pack, and a second booklet on protection from the Atom Bomb.

Cub Pack No. 6 recently had a drive to collect waste paper which was very successful.

The Cubs culled most of Precinct 3 and collected over 8 tons of paper. Cub Pack No. 6 has challenged Pack No. 7 to a ski meet. The challenge has been accepted.

The meet will probably be held on Horn Pond Mountain and will consist of four events: downhill, slalom, cross-country, and jumping. The date has yet to be determined and no doubt depends on the good graces of the weather-man. Prizes will be awarded for the various

events and the meet will be concluded with refreshments.

Troop No. 3 engaged recently in a weekend hike to Camp Lane. Five of the older and more experienced boys laughed off a forecasted blizzard, packed all their food, equipment, and necessities the 7 miles to Burlington, and despite intense cold and wet ground had a very enjoyable and instructive weekend. Two days of camping and two nights on the cold damp ground provided a lot of experience for the boys and they returned in time for Sunday dinner tired and a little frayed at the edges, but with a deeper insight into the know-how of camping and with the memories of an enjoyable weekend. The boys participating were Senior Patrol Leader Dick Lowry and Patrol Leaders Bob Gaffney, Bob Crockett, Dick Gaffney and Bill Johnston.

Troop No. 12 has been very active during the past few weeks. They sold Christmas wreaths in December to raise money for necessary toward camping equipment. During the week of the paper drive they gave the parishioners of St. Mary's real insight as to the endeavor of the Troop to earn their own "keep" so to speak. Trying to be self-supporting and making only small demands on the CVO treasury seems unimportant in the mind of the Troop. Another drive will be held in the Spring.

The Ad Altare Dei award for Reverence will be awarded in February at the Cathedral in Boston by His Excellency Richard J. Cushing, Archbishop of Boston in a colorful ceremony. Scout Thomas Morrissey is scheduled to receive this award from Winchester.

Troop 12 Scouts and Scouters will act as ushers in the forthcoming CVO Minstrel Show.

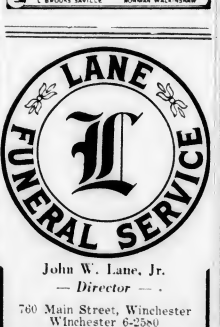

DEMOLOY TO BE GUESTS OF BOSTON MASONS

Winchester's Mt. Vernon Chapter, Order of DeMolay, has been invited by Fourth Estate Lodge, A. F. and A. M. of Boston to exemplify the DeMolay Degree Monday evening, February 5, at 8 o'clock at the Masonic Temple, Boylston street, Boston.

Stanley Fudge and Leo Roodakian, Advisors of Mt. Vernon Chapter, will accompany the boys who are invited to attend dinner as guests of Fourth Estate Lodge. The Chaplain of the Charlestown State Prison will be the speaker of the evening and will address his remarks primarily to the boys.

Fourth Estate Lodge is composed by and large of Boston newspapermen.

Mr. and Mrs. Earle F. Spencer of Yale street left yesterday for New York where they will be registered through the week-end at the Ritz-Carlton.

PLAYERS TO PRESENT THUNDER ROCK

On Thursday, Friday and Saturday evenings, February 1, 2 and 3, the Parish Players will present "Thunder Rock" in the Little Theatre Beneath a Spire, First Congregational Church, as the second play in their Silver Anniversary year. The Thursday evening performance has been turned over to the Friends of the Winchester Hospital, with Mrs. Bruce W. Young and Mrs. Donald L. Birchall in charge of tickets.

Mrs. William Bruce Lunsford is chairman of production, with Mrs. Florence Grant in charge of make-up; Mrs. Robert E. Blake, promoter; Mrs. George E. Connor, program and publicity; Miss Ruth Albee, properties, with Margaret Hodgson, Barbara Vincent, Ruth Nelson, and Mary Jane Hooper; costumes, Mrs. George H. Gowdy; Mrs. John Ricker, Mrs. Richard Mergendahl, Mrs. George E. Connor.

The unusual setting of the light-house interior will be designed and built by the stage crew, Raymond J. Carter, chairman, with George H. Gowdy, Robert Sibley, Otis Jason, Seymour Russell, John Ricker, Mrs. Bradford M. Bentley, Robert Lowrey, Richard Gould, and Donald Goss. The hall will be decorated for this Silver Anniversary Play, in appropriate theme, by Mrs. Ray Brown, Mrs. Robert Milligan, Mrs. Suzanne Gleason, and Mr. Robinson S. Whitten.

"Thunder Rock," a thought-provoking play by Robert Ardrey that echoes the feeling and tension of our present time, is being given by the Parish Players at this time as part of "International Theatre Month," recommended by the Panel on Dramatic Arts, U. S. National Commission for UNESCO. The setting and several scenes will be photographed by the Parish Players and sent to the Panel, to show Winchester's willingness to participate in International Theatre Month.

Poures, ushers and hostesses and the sale of tickets for the Thursday performance will be under the chairmanship of the Friends of the Winchester Hospital.

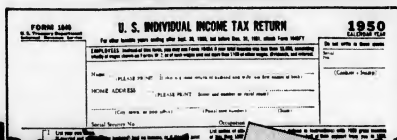

Mr. and Mrs. Howard J. Chidley and Mr. and Mrs. R. Ashley Lewis are in charge of poures, hostesses and ushers for Friday and Saturday evenings, and they will be as follows: poures on Friday, Mrs. Richard K. Gould, Mrs. E. Ober Pridie, Mrs. John B. Willis, Mrs. Erskine N. White; hostesses and ushers, Mr. and Mrs. Frank P. White, Mr. and Mrs. Robert Wood Reynolds, Mr. and Mrs. D. Reid Weedon, Jr., Mrs. William H. Gustin, Mr. Richard K. Gould on Saturday, poures will be Mrs. Herbert E. Bixler, Mrs. Chester T. Bliss, Mrs. Aram Johnian, Mrs. David W. Morse; hostesses and ushers, Mr. and Mrs. Ormond M. Hosler, Miss Jean Barr, Mr. and Mrs. Bradford M. Bentley, Mr. and Mrs. Robert P. Blake, Mrs. Walter F. Hodges, Mrs. Richard T. Bliss, Mr. Robert H. Sibley, Jr.

Bruno Mulea and Patrick J. F. Walsh, members of the Winchester Post of the American Legion, are now at the Soldiers' Home, Chelsea, Mass.

JR. MRS. GUILD

The Jr. Mrs. Guild of the First Congregational Church in Winchester will meet on Tuesday evening, January 30, at 7:45 p.m. in the Kindergarten Room to see Mrs. Ray E. Brown of Winchester give one of her well known and informative demonstrations. Mrs. Brown, a home economist, will be remembered for similar and very popular programs she gave before groups in our church during the last war. At that time she was connected with Lever Brothers and the Borden Company as a food consultant, concerning herself with food problems and cooking methods peculiar to wartime restrictions and shortages. Following the war she lived in Honolulu where she was associated with the University of Hawaii for three years as home economist. She has recently returned to Winchester to live.

Mrs. Brown will speak on "What's New in Food" doing the actual preparation and cooking of

all recipes which she presents. At the end of the program there will be an opportunity to sample the food, and coffee will be served.

The program is in charge of Mrs. Lawrence Pexton, and the social committee consists of Mrs. Otis Jason, chairman, assisted by Mrs. William M. Burroughs and Mrs. Clifford M. Hamill.

Rev. Laurence L. Barber

TO ADDRESS HISTORICAL MEETING

Rev. Laurence L. Barber of Arlington, well-known historical photographer and lecturer, will be the guest speaker at the winter meeting of the Winchester Historical Society on Saturday afternoon, February 3, at 2:30 o'clock, in the Art Gallery of the Winchester Public Library, with Mrs. George E. Connor presiding. Mr. Barber's topic will be "New England - History and Scenery," with beautiful color slides.

Mr. Barber is well known in Winchester, and has many friends here. For 15 years he was pastor of Pleasant Street Congregational Church in Arlington, and for years ago has been in constant demand as a lecturer. His photographic trips have taken him all across the continent, and he has crossed the Arctic Circle in both Alaska and Labrador. Recently he has been photographing many historic spots in New England, and these around "New England - History and Scenery" will be featured on Saturday.

For the past twelve years Mr. Barber has been President of the Arlington Historical Society, and for two terms was president of the Bay State Historical League. His many articles have appeared in "The Atlantic," "The New Englander," "The Magazine," and other publications.

JAZZ BABY SECOND

Old time residents of Winchester will recall Bob Foggy, first as a Winchester boy and later as one of the pioneer aviators hereabouts. He now lives in Roslyn Heights, N. Y., and is a reserve officer waiting his recall to active service. During World War I he flew a fighter plane which he called "Jazz Baby" with the name painted on the snout of the plane.

Recent press dispatches from Korea have cited Bob Foggy, and namesake, First Lt. Robert Foggy, Jr., as probably the greatest fighting flyer in that embattled country. Two years of aerial dispatches say he has flown 1000 hours, 136 of them in an F-86 Sabre jet, the fastest fighter plane in combat, rolling up an impressive record for destroying Communist troops and equipment with his daredevil flying.

Young "Bob's" father recently received a picture of his son standing beside his famous Sabre jet. Winchester friends of "old Bob" will understand the thrill he got when he saw painted on the nose of his son's fighting ship, "Jazz Baby 2nd."

ELKS' LADIES' NIGHT

Winchester Lodge of Elks will hold its annual Ladies' Night Saturday evening, January 27 at Waterfield Hall, commencing with a banquet served at 7 o'clock. Dancing will follow the banquet until midnight. Novelty Purrington is chairman of the committee in charge of arrangements for the event which is fast becoming one of the most popular on the entire lodge calendar.

RAY STATE HISTORICAL LEAGUE

On Saturday, January 26, the Ray State League met at the Ray State Historical Society, 100 State Street, for a meeting of the Ray State Historical Society. The meeting was held in the Art Gallery of the Winchester Public Library, with Mrs. George E. Connor presiding. Mr. Barber's topic will be "New England - History and Scenery," with beautiful color slides.

CAPT. RUSH'S POSITION QUESTIONED

Editor of the Star:

Every civic project always has its proponents and opponents. In the case of the new school building, the opponents are the "Tops" and the "Bottoms". The "Tops" are the people who believe in the program and the "Bottoms" are the people who believe the program could be better done, and more cheaply, in the future. Such an agreement is the honest difference of opinion, the honest dissent in judgment—the expression of which is the malice of the right of citizenship.

With all this in mind, it has been difficult to discover, at least by open statement from Captain Rush, what solution of the secondary school problem he has to offer, whether he wants any solution, and it has been puzzling to appraise his motives in conducting a campaign marked by errors in facts, inconsistencies, and derogatory appellatives.

Captain Rush has said the senior and the junior school building plans do not provide sufficient space. Do you know that Captain Rush, as a member of the School Committee, attended the committee meeting in December 1948 when the space was approved? Do you know that the present plans provide more space than Captain Rush approved?

Captain Rush published a statement that the Building Committee has never entertained any constructive criticism. Did you know that as long as last April he was particularly and specially invited by the committee to meet with it, that he refused to appear? More than once since then the committee has invited his suggestions. He refused their offers. At the open forum held just before the November special town meeting the various plans were shown and explained. He was present. He offered no criticism or recommendation. It was not until the night of that town meeting that Captain Rush unleashed his campaign of criticism and opposition.

During his activity in town affairs, has Captain Rush's judgment been infallible? In the heat of the present controversy, it has been alleged that the Park School was a "folly" of the School Committee, since it is already too small. Do you remember that the School Committee recommended the larger school? The Town Meeting voted a larger school. Captain Rush was active in the referendum which resulted in a year's delay, and a smaller school built on material inferior to those first proposed, but at a cost which reflected the previous year's rise in price of materials.

Captain Rush says that the Building Committee's plan has been "pushed" through. Was it pushing when the members of the committee held over for a year, since May, 1949, published their proposals in the Star, and also individually and collectively appeared before groups in every corner of the town to explain their tentative proposals and to invite suggestions and recommendations?

In the Star of January 12, Captain Rush states that "insane pressure groups" are behind the plan and have forced another special town meeting. The definition of "insane" in Webster's includes the following: "Without sense or intelligence; Without sensibility; unfeeling; brutal." If this adjective used by Captain Rush correctly describes our Mothers' Associations, and if it correctly describes the League of Women Voters, and if it correctly describes the Town Meeting members and all those citizens who voted favorably in the referendum, and if it correctly describes the hundreds of men and women who have petitioned for another special town meeting, then all such citizens who believe they are correctly working for the need and welfare of our school children are without sense or intelligence, are unfeeling, and brutal.

Captain Rush's "Referendum Committee," with the exception of himself and Arthur J. Hevis, has remained anonymous to date. At the public hearing, Captain Rush declined to identify the members, and any members present failed to identify themselves when the public hearing was extended to do so.

Rumors of statements alleged to have been made in behalf of this committee may or may not be correctly quoted, and they are presented herein as rumors subject to refutation by Captain Rush or other members of his committee.

Rumor No. 1: That Precinct 1 residents were threatened they must support the Building Committee's plans, or they would not receive an addition to George Washington School. I am a resident of Precinct 1. I have worked for, and will continue to work for, an essential addition to that school. It is so urgently needed that it will stand on its own merits before the town meeting. As a matter of practical logic, I publicly expressed the desire to have the secondary school program passed at the November meeting, so that the George Washington addition would be the only school building program before the March meeting. Any fanning of sectionalism has no place in the overall problem of planning for all of Winchester's school children.

Rumor No. 2: That the town employees will get no increase in wages if the secondary school building is appropriated with the town funds. That the town matters are interdependent is news to me. In fact, at the November meeting I considered this a commitment of the town to be granted at the March meeting would be retroactive to the first of the year, and it is my understanding that the amount of such increases are now under discussion by the Finance Committee, heads of departments, and town employees.

While Captain Rush has declined to state his own solution to the secondary school needs, I believe justifiable conclusion can be drawn from his latest proposal. I can only conclude that he and his

associates want nothing done; that they intend there shall be no secondary school addition. Captain Rush demands that the present committee be dismissed and a new committee appointed. It is because this would cause a definite delay, since a new committee needed either to reaffirm the recommendations of the present committee or to evolve any possible new recommendations, that the Building Committee's plans have been unanimously approved them.

Please remember, town meeting members voted 192 to 4 in favor. Please remember, at the polls on December 28, 1950, there were 2271 votes for, and 1221 votes against, the first question. There were 2267 votes for, and 1121 votes against, the second question. On each question slightly more than 62 per cent voted in favor.

I suppose, however, we may assume, even if the Town Meeting again votes for the program, that Captain Rush and his anonymous associates will demand a referendum.

THE OUTSIDER LOOKS IN

Editor of the Star:

To criticize the ineffectiveness of management is useless unless we are able to show how that same management can become more effective. Lacking improvement, by a change of management. As an analyst of business suitable for investment I necessarily see many in need of help. In most cases the management is working very hard, but failing of success for some reason which it fails to grasp. Usually this is because the management has grown up with the business and does not know what others with similar problems are doing to solve them. For lack of comparison, they continue as they were making the same mistakes over and over again. Yes, I advocate work, but also an occasional look about.

"If your nose is close to the grindstone, you'll soon find out. In time you'll find there's no such thing as a free lunch. That's the only rule. These three will all your work complicate. Just you, the stone, and your old nose."

I hear that the school board is working "very hard," and it's a shame to discourage anybody. I don't want to discourage anybody. I hear that the school board wants and needs no advice. (A man in a sad state when he no longer needs advice.)

I don't want to embroil any other school in controversy, so to that end I am omitting the names of specific schools. My children did not attend Winchester schools, so I am truly an outsider.

I took one boy to a well-known preparatory school and presented him to the Head Master, "What school did the lad come from," I was asked. "Shady Hill in Cambridge." "Oh, yes, that's all right, a very good school, we'll be glad to take him," I was told. Then I asked, "Suppose I had said he had attended the Winchester schools, what would you have said?" The Head Master quickly said, "But I thought you just said he came from Shady Hill." "And so I did, and so he did, but I wanted to know what you thought of the Winchester schools," he replied. "But that's beside the point, isn't it, dear sir, which school said Winchester schools were good, but he didn't."

Later on, after this boy had prepared, I took him to the Dean of Administration at a large college, and we went through the same kind of questioning. But he showed me the ranking on college entrance tests from various preparatory and high schools for the past year, in fact for several years.

With another boy of mine, also prepared to spend a year at a preparatory school, one near-by and one near Detroit. In both cases the Head Master knew Shady Hill favorably, and refused comment on Winchester. The same was true with college, later.

Now let somebody think that this dissertation is confined to boys, let me assure my audience that I went through the same procedure and with the same results with my daughter, who had the choice of three top colleges, any of which expressed a desire to take her. All three declined comment about Winchester.

By this I do not mean that an exceptional pupil can not prepare himself or herself at Winchester, or such a way to draw credit to the college, but rather that it seems fairly firmly established that the average product of the Winchester schools is not expected to distinguish himself. And that the applicant for preparatory school or college entrance must prove that he is an exception.

I believe the excuse which I have heard repeated that the reason many pupils do so poorly in Winchester is that they become interested in outdoor sports, seems to me that to increase these sports and athletic possibilities may well detract from scholarship. When I went to New England I worked very hard indeed and had no time for social activities. My objective was to get into college with a recommendation, and in that I succeeded. I brought my lunch because there was no cafeteria. Newton stands at the top of the list of colleges preparatory schools, not because of its fine plant (all cafeterias are 4-story without cafeterias) and not because of its supreme playing fields.

If the critical problem in Winchester is that of primary schools, then I think our guiding citizens could benefit by a visit to Shady Hill School, Cambridge, near Auburn Cemetery. That school has placed in place, an absolute minimum, and devotes a maximum toward securing the best instruction

available for its pupils. They will observe that buildings are but of history, made of Celotex, with hard maple floors supported on piers, and the present committee has pitched roof covered with flame-resistant shingles. The buildings each house two class rooms, one on each side of the entrance hall, where lockers are provided for clothing and rubbers, a drinking fountain, and opposite the entrance the toilet and shower stalls. The architect who designed these simple structures charged no fee. I suggest that he be consulted to suggest paying each apartment might not have permission to copy his design. This construction is of modest cost yet accomplishes the desired of a maximum number of children.

I suggest the examination of teaching methods, the use of one regular teacher supplemented by two apprentice teachers. Also, the division of each grade into two halves. This means an upper 1st and a lower 1st, upper second and a lower second, and so on, down to lower seventh. (They have 9 grades. This prevents a bright scholar from being "paced" by the stupidest and slowest. It permits promotion and demotion by easier steps. There are a number of other peculiarities worth observing.

I suggest a list of those primary schools which rank at the top with secondary schools, and a list of secondary schools which rank high with colleges. Then I suggest that the schools in Winchester have been made "tops" by the use of these methods, and what may be left over on merit. It would appear that what is needed is an overall program directed toward the requirements of all schools, and of just one; that the probable increase in children be considered, and that traffic hazards and transportation are still a problem in choosing a location. Often the thinking of many minds produces better results than just one dominant mind.

I have tried to be helpful, even though critical. At present I have the privilege of paying taxes for schooling which I hope have some of our neighbors. The number of school buses which I see from outside schools suggest that others are sharing my privilege of paying taxes.

WHAT IS BEST FOR WINCHESTER

Editor of the Star:

I have been giving our school system a great deal of thought, and have come to the conclusion that our school program turns out pupils well-equipped for college, but for those who cannot or do not wish to go to college we do not supply the proper educational facilities and they do not receive a square deal. This fact is generally recognized by the teaching profession but nothing is being done about it. I think we should adopt what is called the three and three system — three years in the Junior High and three years in the Senior High. The curriculum in the Senior High should be divided into two departments, one for those going to college and one for those who are going out into the world to make a living without a college education. This should include the business course now given in the High School as well as a good manual training course. This does not mean a trade school as is carried on in large communities.

Two factors enter into a successful life — the person's adaptability to the line of work chosen and the amount of common sense that the person is gifted with. Unless they have these two talents all the education in the world will not do them any good. Unfortunately, a great many people do not have the opportunity to choose the kind of work they wish to follow. Circumstances play a large part in determining life's work.

To my mind the way we are handling school building programs is all wrong. In the first place, the School Committee should know the needs of the schools. They should present these facts, with recommendations, to a Town Meeting and let the members vote to approve these recommendations. A building committee should be appointed and an appropriation made for tentative plans. This committee should consist of a representative from the School Committee and the balance of the committee should be made up of citizens familiar with construction. After the plans are drawn they should be approved by the School Committee and presented to the Town for its approval and the necessary appropriations made. We are living in very unsettled times. What the next few months will bring forth nobody knows. This country is in for a tremendous change. The demand for labor is increasing and the supply is decreasing. The pay for labor is much higher than the pay for college graduates. We know little of this condition in Winchester but in other towns it is becoming a serious problem.

The estimates that we now have for the cost of new school buildings are not based on the present prices. Many increases in prices have recently been made and much material is being restricted in use. It may be that we cannot build at present.

We all want what is best for Winchester in these changing times. Let's think before we leap so we can land right side up. Ed Sanderson 2 Dix street

URGES ACTION NOW

Fifth Anniversary of School Building Committee

Editor of the Star:

Efforts to solve the secondary school problem of our Town have drawn heavily on the abilities and time of our citizens.

Since the 1946 Town Meeting three Special Committees have wrestled with the problem of secondary school facilities. These committees are:

Committee on School Facilities and Activities:

Neil H. Borden
Hazen W. Ayer
Frederick S. Hatch
Myra B. Coon
Robert M. Stone
Franklin J. Lane
Clinton E. Farnham

Junior High School Addition Committee:

Philip F. Wadsworth
Nicholas H. Fitzgibbon
Neil H. Borden
Charles T. Main II

High School and Enlarged Junior High School Building Committee:

Rachel T. Kimball
Charles E. Bartlett
Charles E. Jellison
William W. Davies
Robert J. Fletcher
Howard B. Gallagher
Ruth Higgins
Leslie A. Tucker

A salute to these citizens whose sense of civic duty has matched their ability and industry. The list of these workers is an impressive one and Winchester has reason to be proud of the loyalty and devotion of its citizens.

During this same time the following have been elected to the School Committee. They have spent hundreds of hours in conference with the Building Committee in addition to their regular School Committee duties:

Neil H. Borden
Hazen W. Ayer
Leo W. Garvey
Christine E. Greene
Harry C. Mueller
Ruth G. Seibert
Marion N. Chandler
Richard M. Rush
William J. Speers, Jr.
Howard B. Gallagher
Charles E. Jellison
Daniel T. Chane
Sara C. Woodward

A full has been taken of all those committee members living in town now living in Winchester, on the question of their approval of the present School Building Committee's plan as the only practical solution of our pressing school building needs. These are the people who have studied the long and hard work of the committee and the situation and the possibilities for a building program for the schools.

March Town Meeting marks the fifth anniversary of the forming of the first Building Committee. During this time an ever enlarging area of agreement by the townspeople as to the proper plan has grown. Time is running out. To take care of increasing school enrollments this problem must be solved now. In our discussions and actions we all should bear constantly in mind the urgent needs and welfare of Winchester's children.

Sincerely yours,
Miss A. Natalie Jewett,

WRITES OF RUSSIAN PRISON LIFE

The following letter from a returned German who was a prisoner in a Russian Concentration Camp was received by Mr. John Bushell of Salisbury street, a member of the Crosscup Prisoners' League in Boston which has been sponsoring the sending of clothing to German war prisoners returning home from Russian prison camps.

Mr. Bushell sent clothing abroad during one of the drives and the recipient found his name in one of the garments, writing him of his gratitude and of how much the clothing means to those who receive it.

For obvious reasons the German's name is not made public. His letter, however, should prove of the greatest interest. A translation of it follows:

Bremen, August 30, 1950

Mr. John Bushell,
Salisbury street,
Winchester, Mass.
U. S. A.

Dear Honored Mr. Bushell: "It grieves me deeply that I cannot write this letter to you in English, but I do not master English and so I find myself compelled to impart in German to you what I should like very much to tell from the bottom of my heart for your gift of clothing. You will perhaps understand how valuable the articles from you are that were given out in a friendly way at the Disposal Center if I describe to you my fate in a few lines. At the outbreak, however, I should tell you that the clothing was distributed by the Church Service for Prisoners of War and Refugees, c/o American Legation, Boston, Mass. This organization concerns itself particularly with the soldiers returning home out of Russian captivity and settled in Bremen. As I have learned, the gift was sent by the Crosscup Prisoners' League, American Legion, Boston, Mass.

"Concerning myself, I may be permitted to tell you (insofar as it may interest you) that I came back a few weeks ago after years of captivity. I was settled in West Prussia (by Marienwerder). There I called my own (possessed) a large farm of approximately 300 acres. Early in January 1945, I had to take flight with the forward advance of the Eastern front, and was taken prisoner of the Wehrmacht while fleeing, was taken prisoner of the Russians at the surrender of Danzig. Apart from the fact that I lost my entire property (house

and farm) my remaining personal possessions were taken from me by the Russian soldiers. Then at the imprisonment I found papers on me out of which especially came the fact that I possessed a farm and I was designated a Capitalist and was assigned to a concentration camp in the Eastern Zone of Germany.

"The years I had to spend with the most brutal treatment and scantiest nourishment were the very worst of my life. From May 1945 to September 1945 I was assigned to the Neubrandenburg Concentration Camp. We averaged 17,000 prisoners here (approximately 1,900 women included). In the winter of 1946-47, we had 100 die daily. The people literally starved to death. In September 1948, I was transferred to Buchenwald. The treatment here was even more atrocious than at Neubrandenburg. Ill treatment of the half-starved prisoners by the Russian guards occurred continually. The work quota was made so high that it simply could not be met.

"In June 1949, as a consequence, I went to the hospital with complete malnutrition. I weighed at that time less than 50 K. G. as compared to normal weight of 75 K. G. Against expectations, in February of this year a general release of prisoners took place. For me, too, the door of freedom opened. Unfortunately, this was not the case with all prisoners as the Communist press of the East Zone wished to be believed through world publicity. 400 men from Buchenwald were carried off at night with the utmost secrecy into the Soviet Union. The Soviets transferred a further 1200 to the Woldheim Prison. Among them were women with children. At the same time the release "prohibited" the active burial squad. By this they wanted

to prevent any information whatsoever becoming known concerning the height of the number of the dead. After my release I went at once to West Berlin as the danger was present for a released prisoner from the East Zone as long as he remained in the East Zone that he would be reincarcerated. Through the years of malnutrition in concentration camps, a severe tuberculosis took hold of me and made it necessary that I had to look up a hospital first of all in West Berlin. After a partial recovery I was flown into the West Zone of Germany. I must live here in Bremen with my sister.

"Unfortunately my lung disease allows me to work very little. Still I hope that I shall get over this. So much of the story of my fate. "I hope that I have given you a survey of what I have experienced in the past years. I have written this to you because I am of the opinion that you have the right to know, due to your gift, who received it."

"I would like to close now with another cordial 'Thank you.' You may rest assured that your gift meant a valuable assistance to me in my great need. "With cordial greetings from the continent to continent."

Name Withheld.

SEVERAL BILLS AFFECTING WINCHESTER-ARLINGTON SCHEDULED FOR PUBLIC HEARING JANUARY 31, 1951

At 10:30 a. m., on Wednesday, January 31, next, the Committee on Metropolitan Affairs, in Room 207, at the State House, several bills affecting Winchester-Arlington with regard to better transportation and traffic relief will be given a public hearing. Most of these bills were introduced by Representative Henry E. Keenan of Arlington. These bills concern all residents of Winchester-Arlington, as well as the representatives of town and civic organizations, and they should be present at this hearing and voice their opinions.

These bills call for the underground extension of the Harvard Square subway to Porter Square, and then overground to the vacant land just off the Concord Turnpike, where a terminal will be built. (Good for Winchester.)

Another bill calls for the conveyance of this land from the Metropolitan District Commission to the Metropolitan Transit Authority for the purpose of building the terminal.

The other bills call for an overpass, underpass or traffic circle, to be built at the junction of Massachusetts avenue and Alewife Brook Parkway at the Arlington-Cambridge line, and for similar construction at the junction of Broadway and Alewife Brook Parkway at the Arlington-Somerville line. There is also a bill calling for the building of an extension of Mystic Valley Parkway in Medford on the Medford side of the Mystic River to allow traffic coming down from Winchester or Woburn to stop at the Medford side of the Mystic River instead of coming back into Arlington. Another bill calls for the rerouting of Route 60 to Route 16 for pleasure vehicles.

It is hoped that many of the citizens of Winchester and of Arlington will attend this hearing.

The many lengths of pipe some twelve and one half inches in diameter passing through town on the railroad are for the new natural gas pipe line which is to be constructed in the spring. It is unloaded in Wilmington where it will be stored until used.

HOOPSTERS WON BY
NARROW MARGIN

Winchester High pulled out a hard-fought 51-46 victory over a scrappy Reading High team at Reading last Tuesday afternoon. This was no routine win for the Red and Black for Reading was very aggressive and the narrow margin hampered the local offense considerably. Winchester was leading only 42-40 at the last quarter but the locals out-fought Reading over the final minutes to take a well-deserved victory.

The first quarter was extremely fast as Reading took a 10-15 lead at the end of the opening session. Winchester played its best ball of the game in the second period as they opened up a 31-24 lead at the intermission. The third period was a hectic one for the locals as Reading outscored them to close the gap to 42-40 at the last quarter. Winchester was leading 42-40 at the last quarter but the locals out-fought Reading over the final minutes to take a well-deserved victory.

Rodney Long, Doug Hawkins, and Stowell Symmes would qualify as the heroes of the Winchester victory. This trio headed the scoring for Winchester as Hawkins and Long continued to receive very effectively while Symmes came through with two beautiful baskets in the crucial final quarter. Long played one of his best games of the season, particularly after Hawkins had fouled out in the last quarter and he had to do most of the defensive rebounding with some time to help by Charles Murphy. For the statistically minded, the Red and Black continued to shoot well as they made good on 37 per cent of their shots at the basket.

The Winchester Seconds had their troubles on Tuesday, also, as they nosed out the Reading Second 42-38. This was only the second time in ten games that the seconds have been hard pressed to win but they came through with a nice victory. Bob Flaherty paced the local scoring with 10 points while Joe Donlon seemed to find the rough going to his liking as he played a whale of a game offensively and defensively.

MEDFORD FLIGHT
C. A. P.

The Medford Flight has four active Winchester members. Second Lieutenant Henry A. Dellicker, Jr., will have completed two years of service in February. Alvan George Smith, Jr., joined the Civil Air Patrol the first of June 1950. Joan P. DiBona joined the Medford Flight early this fall. Our latest recruit is Phyllis Gilbert.

"Air Power Is Peace Power" is not a slogan, it is a serious fact and should be recognized by all who read the daily papers. The future welfare and security of our nation depends on the air superiority of the only peace loving Nation industrially strong enough to maintain peace, the United States.

Air superiority means more than a 70 Group Air Force, strong Navy and Marine Air Forces, it means an airwise and air conscious population. It is the duty of every civic minded person to do all he can do to promote aviation for future wars will be fought in the air and the victor will be the nation who has the best air force.

Will all persons who are interested in joining the Civil Air Patrol, the minimum age 15 years, please get in touch with Second Lieutenant Henry A. Dellicker, Jr., telephone Winchester 6-0495 or Alvan G. Smith, Jr., Public Information Officer, telephone Winchester 6-1678.

THE FORTNIGHTLY

The Fortnightly again filled Masonic Hall to capacity when Monday, January 22 it featured Marion T. Rudkin, popular literary critic.

Mrs. Rudkin with her sound judgment of literary merit, coupled with her irrepressible, delightful humor and dramatic ability presented a splendid program, valuable not only for its analytical review of current books but for the healthy stimulus of shared ideas and laughter. Her lively wit, expressed in unequalled satire in the dismissal of objectionable books was also appreciated. Relevant to this, she stated, "If you must read books filled with vulgarity and obscenity, borrow them. Do not encourage the author by purchasing one."

The following are some of the current books recommended by Mrs. Rudkin:

Foxfire -- By Anya Seton. A story of great and enduring love between a husband and wife. A wholesome novel with plenty of suspense and action.

Joy Street -- By Frances Keyes. Wholesome reading with a contribution to the racial problem. The locale of the story is Beacon Hill, Boston gives the novel an added interest to all New Englanders as well as a controversial theme for Bostonians.

The Left Hand of God -- By William Barrett. A powerful, religious theme, beautifully done. Excellent reading.

No Fiction

Look Younger and Live Longer -- By Dr. Hower. An interesting and worthwhile book.

Don't Doubt -- By Kenneth Roberts. A book of documented statements on the authenticity of water diving.

Fritz Kreisler, A Biography. Delightful, entertaining and excellent reading.

Committee Activities

The second morning meeting sponsored by the Education Committee will be held at the home of Mrs. Charles Mason, 43 Beacon avenue, on Monday, January 29, from 10:00 a. m. to 12:00 noon.

Mrs. Paul H. Howard, chairman, officially launched last Wednesday evening at the annual meeting of the parish. Describing the serious need for this work and urging the generous support of all parish members, she was followed by the Rev. Mr. H. P. Richardson, Mr. Albert S. Crockett, and Mr. Harlow Russell, campaign chairman, all of whom were speakers at the meeting. It was explained that volunteer solicitors will make calls for pledges from January 24 to 25th when it is hoped that the fund will be well "over the top."

Assisting Mr. Russell are the following committee members: Assistant chairman, Ralph T. Jone.

Vice-chairmen, Mrs. George A. Marks and Admiral William H. Buraker.

Financial Secretary, Henry E. Moffette.

Campaign Secretary, Mrs. Fred A. Smith assisted by Mrs. Neil H. Borden.

Publicity, Mrs. Benjamin T. Marshall, Jr.

Clubs & Organization Chairman, Gerald Y. Hills.

Leadership Gifts, Mr. P. Richardson assisted by Harrison Chadwick.

Special Gifts, Mr. and Mrs. Albert S. Crockett.

General Gifts, Mrs. Arthur T. Hertz, assisted by Mrs. J. Warren Shoemaker and Mrs. E. Phillips Walker.

A seminar, "Cold Facts to Make Your Prospect Warm Up," was conducted for the solicitors last Sunday evening by Ralph T. Jone at the parish house, at which time explanation and instructions were given to those volunteering in this year's fund-raising campaign. Coffee was served before the meeting with Mrs. Dwight W. Hadley and Mrs. J. Warren Shoemaker serving as pourers.

"Come and See" Tours will be at 3 p. m. and all are urged to see for themselves the entire present heating plant.

The following residents of this town attended the winter meeting of the Bay State Historical League last Saturday at Boston University. Miss Louise Bancroft, Miss Laura Russell, Mr. and Mrs. Marshall W. Symmes, Miss Eleanor Bancroft, and Mrs. T. T. Greenwood. After the meeting refreshments were served in the school of theology.

FROM A FATHER OF CHILDREN

Editor of the Star:
As a father of children about to enter High School, I would like to make a direct appeal to those who are holding up the Junior and Senior High School Building program.

If they will only stop to think, they will realize that their actions are going to result in only one solution to the problem; namely, two session Junior and two session Senior High School. I think everybody can visualize the unhappy results to parents, students and teachers, when an educational system that is built up for one session is forced because of overcrowding, into either two daily sessions or one day session and one night session. But there will be no alternative to this chaotic condition unless more space is provided and a start made right away.

There are some on the Referendum Committee who have already said their children through the Winchester High School under ideal classroom conditions. Is it fair that they should now oppose others when they seek decent educational facilities for their children? At the Representative Town Meeting to be held this coming Monday night, I hope the group opposing the plans of the Building Committee will bring all their peevish out in the open.

I am informed that the Building Committee has changed the color of the brick and I am sure they have outlined workshop facilities, so that all can see their location and size.

I wouldn't doubt but they will have the exits to the gymnasium carefully marked out on the plans with big black or red crayons so that those various methods of retreat can be noted by even those unfamiliar with building plans.

I would like to repeat again: an appointment of a new committee or other delays will bring only one result in 1953 and that is mass production education for our children. Their curriculum will be doled or rationed out to them in piecemeal on a two or three shift basis.

Please let's have all the gripes and suggestions, constructive or otherwise, out on the floor of the town meeting and then let's abide by the decision of the meeting without a costly referendum campaign. These referendums always result in a series of misrepresentations, personal abuses and other kinds of evil.

Representative government in Winchester seems to be a true form of democracy than the organized vote getting pressures of a minority out to kill the will of the majority.

Again, Mr. Editor, it is neither fair nor right to put our youngsters in Winchester's Secondary Schools on a shift basis, but if you study the mathematics of the coming school population, that's what we are headed for unless there can be a true agreement when the meeting adjourns Monday night.

FORUM OBSERVES INTERNATIONAL WEEK-END

For the third successive year, the Senior Forum, High School youth group of the First Congregational Church, will observe International Week-End when 50 foreign students will be guests in the homes of Forum members. The guests will be met at the International Student Center in Cambridge on Saturday afternoon and brought to the homes of their hosts.

At 6:15, all Forum members and their adult advisers will enjoy a delicious supper with the foreign students who are visiting us. The supper is being served by Judy Lamprey and Janet Macaulay assisted by Mrs. F. Duane Hawkins, Mrs. Theodore Atkinson, Mrs. James H. Coon, and Mrs. Carl Zimmerman. Dona Macaulay is chairman of the hospitality committee who will meet each person at the door with a name tag. Singing will be led by Dorothy Brandt and the Forum orchestra will furnish background music during the supper under the leadership of Scott Cunningham. David Archibald, President of the Forum, will preside at the festivities following the supper. Greetings will be brought by Dr. Howard J. Chidley.

The highlight of the evening will be an address by Dr. S. Ralph Harlow, Professor of Religion at Smith College, on "What Do We Mean by One World?" and fun and fellowship to get acquainted with our guests.

On Sunday the visitors will attend the morning church service at 10:45, when National Youth Sunday will be observed. Dr. Howard J. Chidley will preach a special sermon, "The Religion Needed Today." David Archibald, President of the Forum, Gordon Bird, Jr., Treasurer, Donald Cameron, Chairman of the Forum, and David Snow, Chairman of Forum Flashes, will have parts in the service. The Forum choir under the direction of Dorothy Brandt will sing two anthems, "A Song of Peace" by Silbush, and "One World," by O'Hara. Users for the service will be Douglas Hawkins, John Atkinson, Peter Coon, Andrew Robertson, Curtis Ryan, and Carl Zimmerman. The offering will be received by Robert J. Traut, Scott Cunningham, George DeCamp, Robert Gaffney, Langdon Smith, and Edward Tarr.

Sunday at 4:00, an International Tea will be held in the small Social Hall of the church to which all Forum members, their adult advisers, and all interested adults are cordially invited. Barbara Kralovec is hostess; chairman for the afternoon and will pin a flower on each foreign student. The arrangements for the tea are being made by Carolyn Stone, Cornlyn Whitling, and Carol Cleaves assisted by Mrs. Gordon Bird.

The plans for International Week-End have been made by the Race Relations Committee under the chairmanship of Richard Shippen and Judith Harman. Following the tea, the visitors will be transported to the International Student Center and Forum's third International Week-End will come to a close. The Forum is looking forward to an interesting experience in international understanding and good will.

WILLING ELECTED

James B. Willing, 16 Ledyard road, has been elected Vice-President and Chairman of the Meetings Committee and a member of the Executive Committee for the Massachusetts Society of Certified Public Accountants, according to an announcement by Richard S. Chamberlain, President of that organization.

In addition to his activity in the Massachusetts Society, which he has served as Secretary, Auditor and Executive Committee member, Mr. Willing is also a member of the American Institute of Accountants and the Boston Chapter of the National Association of Cost Accountants.

He has long been interested in civic affairs and is currently Treasurer of the Winchester Girl Scouts Building Fund and is a member of the Advisory Committee for the Winchester Council, Girl Scouts.

MR. LYBECK ELECTED NATIONAL COUNSELLOR

Robert F. Lybeck of 9 Everett road, Aviation Representative of the New England Division of Esso Standard Oil Company, was elected a National Counsellor of the Society of Automotive Engineers at its annual meeting recently held in Detroit.

The choice of a New England man for this important position is especially significant in view of the fact that only once before in the last 20 years have Boston and the New England Section been represented upon the National Society of Automotive Engineers Council.

Mr. Lybeck is well known in aviation circles in this area, being currently President of the Aeronautical Association of Boston and a member of the Boston Chamber of Commerce Committee on Aviation.

POLICE OFFICER HIT BY TRUCK

While doing traffic duty at Main and Thompson street Wednesday night, police officer Alfred W. Poole of Middlesex street was hit by a passing truck at 5:30. He was knocked to the street by the impact and was taken to the office of Dr. Harry L. Benson in a Winchester Provision Company truck. After examination he was taken to his home. The truck was proceeding slowly and the officer was struck on the leg. No bones were broken but he was badly bruised.

MRS. WINSHIP APPOINTED

Mrs. Walter W. Winship of 19 Warren street has been appointed Vice Chairman of a dance sponsored by the Women's Republican Club of Boston to be held at the Club, 16 Beacon street, Boston on January 27, from 8 p. m. to 12 midnight.

Fellowships from Winchester include: Mrs. William C. Cusack of 2 Lakeview road and Mrs. Frank H. Knight of 55 Mystic Valley Parkway.

Mr. Norton Demsey, Guidance Counselor, for Winchester High School was visited by W. David Crockett, Director of Admissions, Emerson College, Boston on Wednesday the 21st of January. Mr. Crockett discussed educational opportunities in the fields of speech, drama, broadcasting, and speech therapy with the school official.

DOG AIDED INJURED WOMAN

Up at George Murray's house at 188 Highland avenue, Bruce, a big German police dog, can have about anything he wants these days after the assistance he gave Mr. Murray's mother, Mrs. Bessie Murray, following an accident which befell her on Monday, January 8.

Mrs. Murray makes her home with her son, and was alone in the house during the afternoon while Mr. Murray was at his cabinet-maker's shop on upper Main street. She had a washing out at the rear of the house and about 3 o'clock noticed that a sheet had become tangled on the line. Without putting on a wrap, Mrs. Murray went out on the back porch to free the sheet.

Getting out-of-... she slipped on a small icy place on the porch, which had been cleared of the heavy snow that fell the day previous, and being unable to save herself, fell heavily to the porch, breaking her right leg near the hip. She found it impossible to move, and besides the pain of her injury, was being exposed to the intense cold of the afternoon. No one heard her cries for assistance, and it is probable that serious consequences would have resulted from the exposure to which Mrs. Murray was being subjected if it had not been for Bruce.

The big 80 pound police dog is, according to his master, no particular lover of the ladies, but he is apparently able to detect when one is in need of his services.

Fortunately Bruce was in the house at the time of Mrs. Murray's accident, and hearing her cries through the door, which had been left open, he quickly went out to see what was wrong. After crouching down beside Mrs. Murray and lifting her face, he decided something more than that was needed, and commenced to try to drag her toward the house by the shoulders of her dress.

The cloth tore, but Bruce's action gave Mrs. Murray an idea, and calling the big dog around in front of her, the injured woman got a firm grip on his collar, then directing the dog to go into the house.

Little by little the 80 pound dog dragged the 150 pound woman across the porch, through the doorway and into the kitchen, his toenails digging deep scratches in the tile flooring from his exertion.

Once in the kitchen, Mrs. Murray succeeded in closing the door and shutting out the cold that was rapidly taking its toll of her strength. Half an hour was consumed in getting her into the house, and Mrs. Murray remained lying on the kitchen floor from half past three until after five o'clock when her son returned home from work.

Mr. Murray quickly called the Police and his mother was removed to the Winchester Hospital where her injury was treated by Dr. Alexander P. Arken. She is reported as getting along nicely and expected home by the end of the week.

Bruce, the hero of the story,

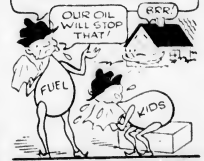

formerly belonged to the Bernard Rahillys who were neighbors of the Murrays before leaving town not long ago. Even before the Rahillys moved, the big dog was spending practically all of his time at the Murray home, and when his owners left Winchester, they gave the dog to Mr. Murray, for whom he had apparently formed a deep attraction. As for Mr. Murray, well, he thinks Bruce is all right, too, or at least that was the impression the Star reporter got as he talked with him about the dog!

Mr. and Mrs. Francis P. Farley of 8 Squanto road announce the birth of twin boys, John Peter and James Paul, born December 12 at the Winchester Hospital. Grandparent honors are shared by Mr. and Mrs. George F. Mayh of Framingham and Mr. and Mrs. Thomas J. Farley of Indian Hill road.

Mr. Elliott F. Cameron of Church street returned home last week from the Winchester Hospital where he had been held for several weeks suffering from a heart attack. He is reported in good health.

**EIGHTH DISTRICT
PRESIDENTS' CLUB**

At a recent meeting of the Executive Board of the Eighth District Presidents' Club held at the home of the President, Mrs. James G. Sundeland of Malden there were ten members who enjoyed their coffee hour and hospitality. They were the following: Mrs. G. Talmadge Erb and Mrs. John Foster of Malden, Mrs. Edmund A. Arnold and Mrs. Benjamin P. Bill of Melrose, Mrs. S. A. Ward and Mrs. George C. Dannels of Woburn, Mrs. Harold H. Given of Winchester, Mrs. H. Raymond Johnson of Reading, Mrs. Norman R. Houghton of Stoughton.

Plans were made for the Mid-Winter Meeting to be held on Tuesday, January 30, 1951 at Corinth Hall, Franklin street, Melrose Highlands. The Melrose Club, Mrs. H. Maxwell President, President, and the Highland Club, Mrs. Augustus I. Dutton, President, are to be the hostesses. The guests of honor are Mrs. Lewis C. Stevens, President of the Massachusetts State Federation of Women's Clubs and Mrs. D. Talmadge Erb, Eighth District Director.

Lunch will be served at 12:30 p. m. Following the 2 o'clock business meeting there will be a sale of home-cooked food. The entertainment for the afternoon will be presented by the Dramatic Club of the hostess club.

CAPTAIN FREDERICK J. DONAHUE BACK IN THE ARMY

A Winchester Officer now serving in the Armed Forces of the United States is Captain Frederick J. Donahue, Jr., who entered his current tour of active duty as a volunteer Reservist from the Transportation Training Division, San Francisco, California, in July, 1950. Captain Donahue has been assigned to the General Staff, Corps, effective September 17, 1950, for duty with the Manpower Control Division of the Office of the Chief of Staff, Department of Army, Pentagon, Washington.

A veteran of World War II, Captain Donahue originally enlisted as a Private April 10, 1942 in Boston, and served initially with the Infantry, later with the Armored Force, being discharged August 5, 1946 at Fort Devens, Mass. Witnessing over thirty months of overseas duty in the Pacific Theatre of Operations, Captain Donahue was Company Commander in a elite tank battalion and an expert on amphibious tactics in joint Army-Navy-Marine Corps operations. He holds the Bronze Star Medal, Army Commendation Ribbon, citations from the President of the U. S. and the Philippine Republic, in addition to combat experience in four major Pacific Battles. Captain Donahue lists his home address as 15 Mytic avenue.

A WELCOME CHANGE

We hear a lot about juvenile delinquency here in Winchester and it is refreshing to record an item on the reverse side of the picture. A prominent citizen told us this week that upon arriving at his home the other day he found that a window had been broken. Later, upon opening his front door he found a slip of paper tucked beneath it, and inside was a dollar bill and a note reading "here is a dollar. I broke your window." The note was unmistakable as that of a small boy - spelling and writing. Evidently we still have some parents who bring their children up right - and some children who take their instructions to heart.

ST. MARY'S TOOK CLOSE ONE 28-27

St. Mary's basketball team, in their second encounter of the season, took one from St. Joseph's of Wakefield by the narrow margin of one point in their game played at Wakefield last week.

St. Mary's went ahead in the early seconds of play, but not for long, as the scoring was a nip and tuck contest during the entire game. Score at halftime was 16-10, St. Joseph's having the edge.

In the third period St. Mary's came back into the fight on two baskets and a foul shot by Farwell, and a foul shot by Ledger, tying the score at 26 all. During the third period St. Joe's poured it on to lead

by four points at the end of the quarter. With St. Joe's having a one point lead in the closing minutes of the game, Quill stepped in with the winning basket to wrap up the game for St. Mary's 28-27.

LEXINGTON SNAPPED INDIANS' STREAK

The Winchester victory streak was ended at eleven straight as Lexington High defeated the Red and Black by a score of 55-40 at Lexington last Friday night. It was a tension-filled battle as the teams matched basket for basket right down until the first quarter when Lexington sputtered to a seven point lead early in that period which clinched the contest. Through the middle two periods the teams were never more than four points apart as a succession of spectacular plays evoked constant screaming from a highly rapturous crowd.

Winchester could just as easily have sputtered to that lead early in the final period but Dame Fortune refused to smile on the locals and gave her nod to Lexington. Winchester took 23 shots at the basket in the final period, all good ones, but only two dropped in as the ball rolled off the rim heart breaking time after heart-breaking time. This was the first time this year that the locals have been outscored in the final period but it was not from lack of effort but simply sustained luck in that period.

The Red and Black played too cautiously in the first period and did not get its attack rolling as they trailed 10-4 at the end of that period. Winchester played its full strength in the second quarter as they scored 20 points to take a narrow 26-24 lead at the half time. The third period was played with action, with both teams playing brilliant ball, as they exchanged basket for basket with the locals leading 40-39 at the end of that rapid-fire session. As related above the Minutemen broke away to a quick seven point lead in the final period and that did it as the locals just could not put the ball through the hoop.

John DiFiorio and Charles Murphy were the outstanding performers in the Winchester defeat. DiFiorio was the top local scorer with 12 points and was the only Winchester player to rebound well offensively and defensively. For the second time this year Murphy effectively stopped McDonnell, the top Lexington scorer, and accomplished that feat without even committing a foul on the speedy Lexington ace. Inability to throttle Lee was a big factor in the Winchester defeat as that worthy scored 20 points, 14 of

which came in the second half. Because of that hard luck fourth period the Winchester shooting percentage dropped to 25 per cent for this contest which again emphasizes the fact that the locals could easily have won if they had maintained their customary good shooting percentage over that final period.

Although hard pressed all the way, the Winchester Seconds pulled out a 42-35 victory for their eleventh straight victory of the season. Norman Howard was outstanding for the Red and Black as his aggressive play netted him 12 points while Joe Donlon showed continued improvement in scoring 9 points and playing a superb game.

FRESHMEN MAKE 16 SIX STRAIGHT

The Winchester Freshmen added their sixth straight victory of the season by defeating the Wakefield Freshmen by a score of 57-40 at the high school gym last Friday afternoon. The locals were able to maintain a comfortable lead all the way, thanks to the high scoring efforts of Dave Pratt, Al Lindsey, and "Moose" Bellino. The Winchester Junior High made it a clean sweep for the day with a 9-0 victory over the Wakefield Junior High.

DEMOLAY DANCE

On Thursday evening, February 2, the Winchester Chapter Order of Demolay will hold a Record Hop at the Masonic Apartments, 1 Mt. Vernon street. Everyone is welcome. Bring your girl or come alone. Dancing from 8-12.

Commuters' Column

Skidding and Kidding

This week started off with a thrill for the children. "No School" signals sounded all over as the season's first sheet storm glazed the roads and brought most transportation to a standstill.

I decided I wouldn't even try for my regular 8:10 train; but walking wasn't bad if you stuck to the side of the road, and I reached the station with plenty of time to spare before the 8:28 pulled in.

I got the last newspaper on the rack, and as I went over to buy a 12-ride ticket the station agent said: "Plenty of riders this morning, all right. There'll be standing room only before you get to town."

"What can you do about extra passengers in bad weather?" I asked. "Put on more coats," he replied.

"Not a possibility," he replied. "We just don't have 'em, in the car or in the end of the line. So you'd better stand tight."

"Too bad these new riders see the 12-ride at its most uncomfortable," I said.

"Yes," he replied, "but to be able to get to town. It's tough on the rails, but it's all right. They have to get up even earlier than usual — scrape the ice off the car steps — scrape the snow off the car steps — and then this is the season when people get sick, and even railroad people catch cold sometimes. That puts extra work on the rest of us. We have to arrange substitutes — work longer and harder and faster to keep things going."

"You railroaders certainly have to be right on the job," I said.

He smiled and nodded. "We even have to fix right now at the moment. How would we ever get to work on time in weather like this?"

New faces began to appear at the ticket window — faces I hadn't seen at the station since last winter. I renewed old acquaintanceships — struck up new ones — lent half newspaper to a friend. There was an atmosphere of cheer, of warm and relaxed comfort.

The 8:28 was right on the dot. Car steps were clear of ice. The station agent ran out ahead of us — a sprinkle fresh snow on the platform. And the result? Commuters had a lot of fun kidding the new riders as we crowded aboard.

VICTORY TRAIL AGAIN!

Winchester High rebounded from its initial defeat of last Friday to badly trounce Melrose High 35-15 at the high school gym on Tuesday afternoon. After the first period the Red and Black had no trouble with the visitors and had rolled up a 29 point lead by the end of the third period which enabled Coach Bartlett to use his reserves in the final quarter.

The action was slow throughout the first period which saw the teams tied at 10-10 at the end of that canto. Winchester gathered momentum in the second period to move into a 27-13 lead at the half time. The locals continued to play good ball through the third period which ended with Winchester leading 32-23. It is noteworthy that through the middle two periods Winchester limited Melrose to a total of only 12 points.

Stouffer Spang and Doug Hawkins played brilliant ball for Winchester while John DiFiorio in his usual steady game as he collected 11 points. Symmes was literally a "ball of fire" as he was all over the floor intercepting passes, stealing the ball, and rebounding very well offensively as he totalled 11 points. Hawkins did an effective job of sweeping both backboards while scoring 16 points to become the high scorer of the game. The Red and Black returned to form on their shooting percentage as they made good on 31 per cent of their attempts at the basket.

The Winchester Seconds continued to score well but their defense was weak as they defeated the Melrose Seconds by a score of 61-56. Peter Coon with 14 points and Norman Howard with 13 points were the high scorers for the Winchester Seconds.

OPTIMISTIC GIFT

Last Sunday morning, Rev. John Snook, Jr., pastor of the Wakefield Memorial Methodist Church announced that the parsonage family was presenting their Lenten offering in the form of useful food, newspapers and magazines. Pledging a minimum of \$50.00, he then made a plea to all members and friends of the church to bring newspapers and magazines to the parsonage or Dix street entrance of the church any time, regardless of how small or large the bundle.

Bundles came the very first afternoon and the way the people of the church and outside friends have been responding to the church program, our guess is that the parsonage Lenten offering will double before the pastor and his wife finish with the unique pledge.

WINCHESTER PLAYS CONCORD TONIGHT

Winchester High plays at home tonight as they entertain Concord High in a Middlesex League contest at the high school gym. Although Concord is not a good drawing card, a good crowd is expected to be on hand to witness the locals playing their first evening game at home in three weeks. This current edition of Red and Black hoopers has caught the fancy of the crowd with high scoring, good ball handling, and excellent teamwork. An outstanding feature of their success has been the excellent scoring balance as only 15 points separates the top scorer from the lowest.

Winchester faces a rugged schedule next week as they play two tough opponents away from home. On Tuesday afternoon the Red and Black travels to Belmont and hope to repeat their earlier triumph over Mel Wonne's club. Next Friday evening the locals play at Stoneham in a contest that will be tough because of the small, poorly lighted Stoneham court.

GIRL SCOUTS

The Staff and Office meeting will be held, Monday, February 4, at 10 a. m.

On Monday afternoon, February 4, the following group will meet at the office. These are the Representatives elected to the Senior Planning Board.

Louise Kugler
Alice Ramsey
Gail Stratton
Tina Tonn
Joy Howins
Vivian Rutland
Grace McPeake
Arlene Weaver
Nancy Dowling
Susan Donnelly

All leaders meet on February 7, at 10 a. m., at the Legion Hall on Vine street. Please bring a tin can, size 10, tin snips and a pair of heavy gloves.

Mrs. Barbara Metcalf will attend the Day Camp Directors' Meeting in Boston on February 8 and 9. Everyone please put a circle around February 13 on your Scout Calendar. This will be the date of the Winter Meeting of the Massachusetts Girl Scouts, to be held at the Bradford Hotel, Boston from 10 a. m. until 2:30. If the driving is good, the office will arrange a car pool.

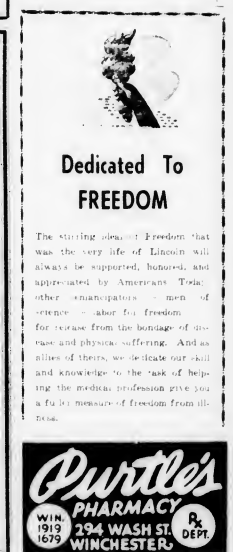

The Program Committee works every day, every week, all year. The response warrants the effort, but at present the Committee is perplexed by the fact that now we have so many Scouts that there is not place in Winchester large enough to host them.

The Scouts and their Fathers can meet. This problem and related ones have been turned over to a special committee. The members are Mrs. Edmond Wright, Mrs. William Beal, Mrs. A. M. Clark, Mrs. A. L. Hartridge, Mrs. W. C. Laird, Mrs. J. M. Dowling and the Co-Chairman, Mrs. Ernest Parker and Mrs. James James McElroy. This Committee met on Friday, January 26 at Mrs. McElroy's home to discuss various solutions with Mrs. James Willing, Mrs. Maxwell McCreary, Mrs. Robert Lowry and Mrs. Barbara Metcalf.

Tuesday, January 30, Louise Kugler and Tina Tonn went with Mrs. Barbara Metcalf to Boston to attend a meeting at which plans for the Senior conference were presented. This conference is for all Senior Scouts in greater Boston and is scheduled for April.

"AROUND THE MOUNTAIN"

The "Around the Mountain" excursion train made a special stop at the Winchester station last Sunday morning where it picked up 28 passengers for the all day trip. Among the Winchester residents were Mr. and Mrs. Charles Watkins, Miss Eleanor Bancroft, Mrs. Clara Reynolds, Mrs. Blanche Reynolds, Miss Louise Bancroft, and Mr. and Mrs. Marshall W. Symmes. The train carried 378 passengers and consisted of 14 rail cars. The show was on the ground from the Mt. Washington Hotel through the Franconia Notch to North Conway.

SEAWAYS IN WAR
Editor of the Star:
The Fair Dealers will find all
sorts of excuses... in the name of
Defense... to try to put over their
pet schemes, many of which lead
to a Socialist State. For example
are River Valley Authorities, Regula-
tions of timber cuttings on private
lands... and other regulations...
more and more political henchmen added
to the all ready padded payrolls
of Government. The following arti-
cle is an example and the Fair
Dealers are saying that Power
from the St. Lawrence river will
benefit the community. This article
shows up the fancy of the whole
thing.

The proposal to develop the
Pasamunquig power project is
another ill conceived scheme that
should be pigeon-holed even though
Mrs. Senator Smith is backing it.
E. D. Fletcher

Seaways in War
Since the wartime arguments
in favor of the St. Lawrence sea-
way scheme have failed to win ap-
proval, the proponents are now
advancing the wartime argument.
Particularly they insist that iron
ore from the new Labrador mines
is essential to replace the dwind-
ling supplies of high grade Mesabi
ore, and the St. Lawrence seaway
is the logical and cheapest means of
moving it to American steel cen-
ters.

The new Fortune will observe
that the chances of approval of the
seaway by Congress have brighten-
ed because of the defense argu-
ment.

But the wartime contention is as
ill founded as the peacetime.

There isn't any doubt that it
would be nice to have a seaway,
it could be had by wishing. But
building a seaway will take money,
labor, scarce materials, time and
in case of war, special defense
against bombing attacks. In weigh-
ing the advantages of having a sea-
way, you have to count the cost.

The east coast region of the
United States already has a sea-
way on which the Labrador ore
could be taken to existing steel
mills or mills to be built, and that
seaway is of course the Atlantic
ocean.

Steel produced in a New England
mill would have the advantages of
water transportation, proximity to
markets and to seaports for ship-
ments abroad and plenty of essen-
tial scrap. Should we sacrifice the
natural advantages of this region
for the costly artificial advantages
represented by a seaway?

There are other objections to the
St. Lawrence scheme that hold in
war as well as peace. For four
months of the year it would be
closed by ice. During that time
ore would have to be transported
by railroad. But if the railroads
are to get this traffic for only a
third of a year, they will have to
have greatly increased rates to
handle it. Where then will be the
savings in a seaway?

Nor is there a very good case
for the emergency need of Labra-
dor ore. The steel companies are
building great new ore ships to
carry ore from the Lake Superior
mines, and they are enlarging their
inland plants. That doesn't look
as if the Lake Superior supplies
were in danger of serious deple-
tion. And the cost of working
lower grade ores may well be less
than the billion or more cost of the
seaway.

Before we start changing the
face of nature at great cost in men
and materials, why not use what
nature has given us?

ASKS THE FACTS

January 31, 1951
Editor of the Star:
Speaking as an individual and
not as a member of the Referendum

Committee, I would suggest to
those supporting the project for the
Winchester secondary schools that
more light on the facts and less
heat on personal antagonisms hav-
ing to do with the issue
will better serve the interests of
the town.

Let them address their attacks to
the statement made on the floor
of Town Meeting.

The need for immediate action in
1951 is a myth. It may have fooled
me once but it is not rooted in the
facts.

The figure of 374 as a "Maxi-
mum Operating Capacity of the
Junior High School is a figure of
fancy. In only 4 of the 18 years of
the life of this building has its popu-
lation fallen below that figure; in
8 years it has exceeded 420. In
some years it has been 421, 437
(twice), 441, 442 and even 492!

The Building Committee's own
predictions of the J. H. S. popu-
lation show that it will not reach 411
until the fall of 1954.

We do not have to begin actual
building until June, 1954. Certainly
1951 is no time to embark on such
an expenditure.

SHAPE ADVANCE PLANNING
APO No. 55
New York, N. Y.
Hotel Astoria, Paris

15 January 1951
Dear Mr. Gaum:
General Eisenhower is always
happy to hear from those who have
served with him and wants me to
thank you for your recent letter
which he has just received.

As to your offer of service, the
General wishes me to advise you
that, while the initial set-up of the
Supreme Headquarters does not
exist, it will be some time before the
operational organization is as-
sembled in full strength. In the
meantime, we are accumulating a
reference file of individuals who
have indicated a desire to serve
with this headquarters. Your let-
ter will be held in this group in
order that you, under of service
may receive consideration at the
proper time.

Sincerely,
E. W. Geier, Jr.

Ed. Note: — As you may have
guessed, "Al" Geier, Jr., Al
Gaum, is trying to get back into
the service, after seeing action in
World Wars I and II. He succeed-
ed in getting into World War II
through General Eisenhower inter-
esting himself in his case as one
who had served with the General in
World War I. It is said that
"Al" never forgets a "G" and
the above letter to Mr. Gaum would
indicate there has been no change
in his attitude.

**EVERYONE PRAISED
HEMORRHOID MEETING:**
Consulat De Belgique
Boston, Mass.

My dear Mrs. Toye:
I have spent this day in complet-
ing my notes and reports on the
Hemorrhoid Friendship program
at Winchester, and with the re-
trospect of the few days which have
elapsed since this ceremony, I can
now write to you a few of my im-
pressions of this meeting.

I am positively certain that no
better program could have been
prepared. It was exactly like the
sentiments which inspired it —
simple and genuine. The program
went on without a snag or delay,
flowing smoothly from one speaker
to another and bringing to a de-
licate conclusion a manifestation of
the highest order of beauty in its
simplicity. I had a good number
of reactions to this program and
everyone did praise the beautiful
character of the whole ceremony.

In this period where so much in
the world depends on the good
working together of everyone who
loves freedom, our manifestation of
friendship takes a more profound
aspect. It shows that people dif-
fering in language and customs

and background can have wonder-
ful friendships. May the friend-
ship between Hemorrhoid and Win-
chester keep on growing as a liv-
ing example of what nations may
do if they set their hearts to it.
Again with my deepest thanks,
I remain,

Most sincerely yours,
(Signed)

**TOWN MEETING
ATTENDANCE STATISTICS**

January 20, 1951
Editor of the Star:
Winchester voters will be inter-
ested in some statistics relative to
their representation at Town
Meeting, January 20.

There were 70 Town Meeting
Members present. This is the same
number as attended the November
20 Special Town Meeting. Con-
sidering road conditions this seems
a reasonable figure.

The attendance percentages
committing Members-at-Large were
as follows:

Precinct 1 — 61%
Precinct 2 — 79%
Precinct 3 — 91%
Precinct 4 — 85%
Precinct 5 — 76%
Precinct 6 — 58%

The percentage of all Town
Meeting Members including Mem-
bers-at-Large was 77% present.

Sincerely yours,
Mabelle M. Long (Mrs. R. W.)

**COLLEGES DO ACCEPT
WINCHESTER GRADUATES**

"In the last five years sixty-five
colleges have accepted our gradu-
ates," said Principal Wade L.
Grindle of Winchester High School
when interviewed by School Publi-
city Director John D. Stevens
earlier this week.

Continuing he said, "In the years
1946-1950 when our youthful boys
and girls were competing for col-
lege admission with the returned
veterans, we placed in four-year
degree-granting colleges approxi-
mately sixty-five per cent of the col-
lege-bound graduates."

"What became of the other
thirty-five per cent? Well, fifteen
per cent were admitted to junior
colleges. Ten per cent were ad-
mitted to other schools of higher
level education, such as schools of
music, art, occupational therapy,
pharmacy, nurses' training, socie-
tarian training, and other similar
schools. Many of the students were
preparing specifically for junior
college or these other schools. The
remaining ten per cent, for one
reason or another, were admitted to
preparatory schools."

"Mr. Grindle, how, many stu-
dents make up those percentages?"
he was asked.

"Three hundred and thirteen
students have entered four-year
degree institutions; sixty-nine have
entered junior colleges; forty-nine
have gone to the other higher level
schools and fifty spent a year in
preparatory schools."

"Do you receive complaints about
the Winchester High School pro-
gram?" he ventured.

"In the contrary, we have re-
ceived excellent reports from the
colleges, complimentary letters
from satisfied parents and former
students, many of whom have been
pleased that their training equalled
or surpassed that of their class-
mates. We have loyal alumni who
are proud of Winchester High
School."

"Other evidence of the confidence
in our college preparatory work is
the families who move to Winches-
ter in order that their children may
go to school here. The Massachu-
setts Department of Education
recommends our school highly, and
college admissions officers are
eager to get our graduates. They
recommend us as a college preparatory
school."

"Would you comment on the
communication from Mr. Gardner
that recently appeared in the
Star?"

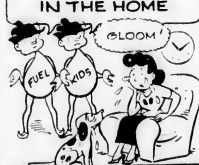

"No. I do not care to comment
on the letter other than to say that
the writer asks us to accept his im-
sinations that Winchester schools
are poor on the basis of what some
one we don't know did not say."

Having eaten lunch in the New-
ton High School cafeteria, and
having said in the cement stand in
the spacious Newton High School
stadium while witnessing an even-
ing performance of what was ad-
vertised as an all-school dramatic
production complete with staging
and scenery, public address system
and special lighting augmenting
the outstanding work of the Eng-
lish, speech, dramatic, and music
departments, we didn't feel like in-
volving the veteran administrator
in a controversy over those details.

ALTERNATE PLAN FOR SCHOOLS VOTED AGAIN

(Continued from Page 1)

Mr. Bartlett, speaking for the School Committee, told of the need for more building space, stating that the inadequacy of the present buildings is making it difficult to carry out a rounded educational program, especially for those not going to college.

Concerning school enrollment, he said that totals of pupils now in the secondary schools do not tell the true story. It is not with the present enrollment that the committee is concerned, but with the future enrollment. There are now in round figures 1,500 pupils in the elementary schools as opposed to 1,200 in 1936, and space in secondary buildings must be provided for this increase, if the two shift day is not to be necessary.

Mrs. Kimball of the School Building Committee introduced Mr. Greeley of the architectural firm of Kihnan, Hopkins, Greeley and Brode, retained by the committee to prepare the plans under discussion.

Mr. Greeley went over the floor plan of both the high school and junior high school buildings, explaining the proposed changes and allocation of space with the assistance of lantern slides.

He was followed by Captain Rush, who fired the opening gun for the referendum committee.

Preparing his remarks with the statement that minorities in the electorate must be respected, he requested the referendum committee to position that its members want schools as anything as anyone, but want something a lot better than the Building Committee's "Alternate Plan."

He felt that the townspeople have been engaged in considering so many plans for secondary schools for so long that they are now willing to vote for anything, tating as a case in point the statement made by a school proponent that the proposed plan for the improvement of the junior high school was an "architectural monstrosity."

The author of that statement voted for the school for the referendum plan during the referendum campaign, as did many more, Captain Rush believed, because they have come to accept the fact that new secondary schools are urgently needed at once.

This urgency as of the present Captain Rush disputed, stating that the schools have been serving in the past more than the maximum claimed for their capacity by the School Committee, and that even if that to graphic appearing in the prospectus of the School Building Committee, it will not be absolutely necessary to have more space before 1955, with construction starting in 1954.

Continuing, Captain Rush stated that though the Wadleigh School Building may not be ideal, we have been using it and can continue to do so for another two years, until a better solution for our school problems can be worked out.

He further felt this is no time to build anything costing a million and three-quarters dollars, earmarking materials which may be needed for national defense, especially when what we are getting may not be the best school we can get. Prices and wages may be frozen but these will skyrocket, he said.

Captain Rush felt the Building Committee lost the confidence of many when it delayed announcing its plans until the last political time for securing its favorite Palmer street plan. It has further lost confidence in the way it has received criticism.

Continuing, he stated that only a single member of the Building Committee has had architectural or construction experience, and said that the referendum committee believes there should be a new committee, drawn from the many persons in town intimately acquainted with both fields. Taking all the plans now available, such a committee, he believed, could evolve a

suitable solution to our school problem.

At the conclusion of his address Captain Rush asked permission to have Mr. Gustin give a detailed report of the referendum committee's object as to the "Alternate Plan" of the Building Committee, using the same slides previously used by Mr. Greeley. Permission was accorded, and then it was discovered that the slides had been taken from the hall as soon as the Building Committee had finished with them.

A recess was taken until the slides could be returned, after which Mr. Gustin at some length went over the various floor plans of the enlarged Junior High School, pointing out things which the referendum committee do not believe are good planning.

Mr. Gustin stated that he personally does not believe that the plans are basically sound and consequently differences of opinion between the Building Committee and the referendum committee do not seem susceptible of being resolved. The concept of new additions to an old building seemed undesirable, he said, as he pointed out structural defects, bad orientation, excessive underground, lack of rooms, with resulting odor, inaccessibility of delivery entrance for fuel, unfortunate location of entrance for delivery, lack of teachers' room quarters, excessive corridors, lack of consistency in dressing booths and gang show-ers, the building of the building, its proximity to the Unitarian Church, and many more alleged defects.

Telling the meeting that the proposed plan will play a prominent part in the future life of Winchester children, he asked if the proposed plan is the best that can be prepared for a million and a half dollars, adding the opinion that when firm bids are asked for the proposed job, they will be rejected because the work can not be done for the figure.

Mrs. Kimball regretted that the Building Committee could not have had some of the criticism of the plan, and that the referendum committee is considering having an advisory committee of three persons experienced in the construction field to work with the Building Committee in the event the plans are accepted. Called upon by Mrs. Kimball, Mr. Greeley replied that he would amplify his remarks, stating that all criticism will be considered and that he felt the town meeting was not the place to discuss his own professional ability or the competence of his firm.

Mrs. McDonald reported that precinct does not want to build and she was adding that when she was in the working class, where taxes really hurt, are going to think a long time before spending any money on the "Alternate Plan". Deploing the neglect of the high school, she felt with times as they are, and peoples' pocketbooks as they are, she was adding that when she was in the working class, where taxes really hurt, are going to think a long time before spending any money on the "Alternate Plan".

Mr. Harrod Farnsworth reminded the referendum group that a special town meeting costs \$50 and a referendum, \$1,000, adding that the referendum committee has set by and done nothing constructive. He reminded the meeting of the Parkhurst School difficulty, and blamed the present inadequacy of space there upon a previous meeting's taking the advice of Captain Rush.

Mr. Hewis stated that the referendum committee is registered with the Town Clerk and is not a "so called" or "alleged" group. He said that they had met often, had gone over the plans carefully and were airing their objections in what the members conceive to be the proper place, on the floor of town meeting, an opinion which had been previously voiced by Mrs. McDonald, who felt that objections to the school plans got scant consideration at the hearings held.

Mr. Speers attempted to clarify the issue, stating that the "Alternate Plan" was not hastily conceived, nor a last minute makeshift, but that as a school committee member he had knowledge of it about a year ago. It seemed a good common ground on which many plans could meet and would solve the pressing need for more space in the secondary schools and without in the least committing the town to keep on using these particular buildings and facilities for all time.

In reply to a direct question by Mrs. McDonald, Mr. Clarke of the Finance Committee stated that the acceptance of the "Alternate Plan" will add \$2.50 per thousand dollars to this year's tax rate, with another \$2.50 increase likely if proposed pay raises for town employees are accepted in their present form.

Mr. Barnard asked how competent the critics of the School plan are themselves and felt nothing is more important to the town than the best possible education for its children. Mr. Sano explained his position as a member of the referendum committee, and chided both the Board of Selectmen and Finance Committee for showing their displeasure openly at speakers not in accordance with their views on town affairs.

Because the committee has gotten along with inadequate equipment in the secondary schools does not mean, she said, that conditions are good, or even passable. Getting the referendum committee built proved much in the past, since the last Junior High Building Committee, on which were the members of the Building Committee, was not able to sell its plan to the town.

Closing, she ventured the opinion that the referendum committee is going to go to the people who do not want to spend money, or do anything for the schools.

The loudest applause of the evening greeted her remarks, but Mrs. Woodside took no part in the ovation, taking strong exception to the inference that those who do not want to spend money, or who wonder whether they can spend money, are opposed to schools.

She stated that it is high time something is done for the high school, the physical condition of which is "unpardonable", and promised that an article would be written for the "Question" column in the Star, asking the engineer to do something for this building, which for years has been given a "lick and a promise".

"Cries of 'Question! Question!' were being heard after each speaker at this point and Mr. Wadsworth called for rising votes, which resulted in the acceptance of the "Alternate Plan" as stated above. Mr. Rowe dissolved the meeting as usual.

ART GROUP

The Art Group of the Winchester College Club will meet at the Fogg Art Museum, Quincy street, Cambridge on Friday morning, February 9 at 11 o'clock. The current exhibitions of American Portraiture from 1675-1900 and also French drawings and paintings will be of real interest. An opportunity to visit the Conservation Dept. where restorations are made will also be available.

An exhibition at the Busch-Reisinger Museum of paintings by artists of the Harvard Graduate Center, including Kepes, may attract some of the group as an optional afternoon tour.

NEW HOPE FOR HEARTS

"New Hope for Hearts" is the keynote of the 1951 Heart Fund campaign that opens tomorrow to raise \$250,000 in Massachusetts, it was announced today by State Chairman Edgar A. Perry.

Mr. Perry stressed the new spirit of hope for the nine million people in the United States who suffer from heart disease and the belief that heart scientists are on the verge of new discoveries that will cut the national toll of 600,000 lives that are taken annually by our country's leading killer.

The Massachusetts campaign is part of the national drive of the American Heart Association to raise eight million dollars to finance a three point program of research, education, and community service.

Throughout February, Mr. Perry and Congressman John P. Kennedy, Boston chairman, will head a state wide organization of volunteer workers who will ask the residents of Massachusetts to give to fight heart disease.

The volunteer workers will solicit both by mail and door-to-door in an effort to give everyone an opportunity to do his part in combating heart disease, which causes one out of every two deaths after the age of 45.

Plastic hearts will again this year help human hearts. Over 20,000 of the red heart-shaped, plastic can collectors will be placed on retail counters and other public locations throughout the state.

FORMER WINCHESTER GIRL TO SPEAK

The Reverend Alice Snow, formerly Alice Bigley of this town, will be the guest speaker at the meeting of the Home Church Guild of the First Congregational Church of Winchester. The meeting will be held in the Ladies' Parlor on Tuesday, February 6th, at 2:00 p. m. The director of the Guild, Mrs. James H. Coon, will preside and Mrs. Howard J. Child will conduct the devotional service. Mrs. Harold Jones will be chairman of the tea which will follow the meeting.

The Reverend Snow was born and raised in Winchester. She graduated from Smith College and she is now the wife of the minister of the Congregational Church in Stoneham as well as being a minister in her own right. The subject of Mrs. Snow's talk will be "When Your Mirror Gets You Down." The Home Church Guild extends a cordial invitation to all Mrs. Snow's friends and acquaintances to attend this meeting.

Mr. Leo F. Garvey of Allen road is flying Sunday from Boston to enjoy a winter vacation at Miami Beach, Florida.

INSTALLATION OF ORDER OF RAINBOW

The installation of officers of the Order of Rainbow for Girls, Winchester Assembly, No. 50 was held on Friday evening, January 26, 1951.

HORNE IN B. U. SHOW

Robert Horne of Reservoir street, a sophomore at Boston University, has been selected by Fleming Nyrop, All-University dramatics coach, to direct the chorus and two-piano team in the University's production of Finian's Rainbow, February 27 and 28.

"Bob," who will be remembered as one of the stars of Vaudeville Shows during his undergraduate days at Winchester High, has been rehearsing the chorus of 30 for the past three weeks, preparing to join with the dramatic leads through February.

B. U. will be the first amateur group to do Finian's Rainbow since its release from Broadway.

THE FORTNIGHTLY

Members are reminded of the Literature Group meeting to be held at the Winchester Public Library on Monday, February 5, at 2:00 p. m. Miss Gertrude Kimball will review a biography of "George Eliot, Her Life and Books," by Gerald William Bullett.

The next big event for the Massachusetts State Federation will be the Mid-Winter meeting on Wednesday, February 28, at John Hancock Hall, 200 Berkeley street, Boston. This is an all day meeting with luncheon served at 12:30 in the Dorothy Quincy Suite of the Hancock Building. For luncheon reservations please contact Mrs. Marshall Symmes, Federation Secretary, 245 Main street, Telephone Winchester 6-1926.

Twelve handy, loyal members of the Fortnightly heaved the bad weather and slippery going on Monday to meet at the home of Mrs. Anna Mason, at the invitation of the Education Committee. They were entertained with coffee and home-made bread and cookies, and then gathered in the living-room for a social hour of knitting and conversation.

"WE PROFIT MOST WHO SERVES BEST"

Due to the icy condition of the highway, it was impossible for people from Canton to get to Winchester. But Mr. Brennan telephoned that he and Miss Margaret Braxton, Principal of the Massachusetts Hospital School for Crippled Children, would both be glad to come and talk to us at some future date. Mr. Brennan is Assistant Superintendent of the school. So a very interesting meeting is still in prospect.

Meantime, a kind and generous friend came to the rescue of the Education Committee. With only ten minutes notice, Mrs. Whorf of the Knit Shop consented to come over to Mrs. Mason's and give an informal talk on knitting. She showed some beautiful yarns, discussed the uses of different kinds, told how to wash and block knitted garments, how to reinforce the heels and toe of socks, and gave many interesting hints and suggestions. She also answered specific questions from several people, and her expert advice was greatly appreciated. So, in spite of the weather, the morning was an unqualified success.

SUCCESSFUL MINSTREL ASSURED

Judging by the rehearsals the 5th annual Show, "Minstrels of 1951," looks as one of the CVO's finest presentations. Youngsters and adults have been rehearsing most enthusiastically and their performance should thrill the audience. The show, directed by Mrs. J. F. Erhard, will feature four original selections composed by Dr. Angelo Maletta. A patriotic song and recitation will open the show, and there will be a waltz number, a duet and, finally, a ballad. The Maletta numbers are being recorded and one is scheduled to be released in March.

A dozen baseballs autographed by Ted Williams will be presented to lucky ticket holders during the intermission at the Saturday afternoon Children's performance. The show will be presented tomorrow at the high school with the matinee for children at 2, and the evening performance at 8. Proceeds will benefit St. Mary's CVO activities.

EPIPHANY GROUP TO DINE

The Reverend Bradford Hastings of Trinity Church, Concord will be guest speaker when the teachers and Board of Education of Epiphany Church School are honored next Sunday night. Mrs. Richard Frazier and a committee of parents are responsible for the delicious supper which will be served at 6:30 in the Parish Hall. Forty-three Church School teachers and 10 Board members have been invited to review all work done this year and make plans for the remainder of the year.

RECEIVING FORD FOUR-LETTER AWARD

Ralph H. Bonnell of Bonnell Motors Receives Award Plaque from Ford Representative Joseph Ferguson at the Bonnell plant, 666 Main street. Also in picture are Edward G. MacDonald and Edmund S. Donald, at the right of the picture.

BONNELL MOTORS RECEIVES FORD AWARD

Bonnell Motors, Winchester distributors of Ford motor cars at 664-666 Main street, has been awarded the coveted Ford Four-Letter Award, the plaque emblematic of the award having been presented to Mr. Ralph H. Bonnell, head of the firm, on Friday, January 26, at the Bonnell plant.

In order to qualify for the Four-Letter Award, a Ford dealer has to be tops in Finance, Management, Spirit and Facilities, these being the four key-words to successful operation of a Ford dealership as well as the words, the first letters of which make up the Four-Letter Award.

Dealers nominated for the award have to be approved by the Regional and General Sales Offices of the Ford Motor Company, ensuring that those finally receiving this honor are entirely worthy and dealers of whom the Ford family can be proud.

Bonnell Motors was founded more than 25 years ago, in 1925, when Ralph H. Bonnell became an enfranchised Ford dealer in Win-

BARRETT AWARDED SIX PATENTS

Gerald R. Barrett of Allen road was the recipient on January 9, 1951 of six United States patents, all of which have been assigned to Monsanto Chemical Company.

Four of these patents deal with improvements in coating compositions that may be applied to flexible and non-flexible surfaces. Materials in the former category are fabrics, paper, and bakings for artificial leather and rugs; and for them there is provided coatings or film coverings that possess such properties as toughness, non-tackiness, a high degree of flexibility, and resistance to water, stains and solvents. It should be noted also that these coatings are characterized by good adhesion to the materials to which they are applied; and, in addition, many of their valuable qualities improve with age and upon being cured by heat.

With respect to the aforementioned non-flexible materials, which may be wood, cast metal, molded plastic, products and the like, Mr. Barrett's coating compositions afford a hard but flexible covering film therefor that is quick drying and is sandable within 15 to 60 minutes after spraying. In other words, they are superior in sanding characteristics to films formed from such substances as shellac and nitrocellulose; and they do not gum up conventional abrasive papers.

Mr. Barrett's two other inventions pertain to artificial resins and processes for preparing them. In particular, he discloses novel methods for reacting styrene (a colorless liquid that is obtained in the cracking of petroleum) with maleic anhydride (a crystalline solid that is manufactured by the oxidation of benzene), with special emphasis upon the control of the rate of the reactions and of the molecular weight, viscosity and volatility of the obtained products.

INJURED IN FALL AT TOWN HALL

Mrs. Ann Porter of 207 Crosby street, Arlington, was painfully injured last Friday night while attending the Winton Club Show at the town hall when she fell on the stairs on the south side of the hall near the Ladies' cloak room. It is thought she may have tripped on her dress as she pitched head-first down several stairs, sustaining injuries that dazed her and caused her to bleed profusely from the nose.

Officer John J. Murray, who was on duty at the hall, went to her assistance, and two physicians in the hall, Dr. Wilfred McKenzie and Dr. Nelson Fontaine examined Mrs. Porter before she was removed to the Winchester Hospital.

Officer Murray and Officer John Reardon took Mrs. Porter to the hospital in the Police ambulance, being assisted in removing her from the hall by Officer Winthrop Palmer who was on traffic duty there and by Chief James E. Callahan and Captain Frank Amico of the Fire Department, both of whom were on duty at the show. At the hospital Mrs. Porter was attended by Dr. Charles Rooney and held for observation and further treatment.

WINCHESTER BOYS ENLIST

Winchester boys who enlisted in the Army or Air Force during December were announced this week by Mrs. Kenneth B. Toye, chairman of the Winchester Military Manpower Committee, as follows:

Kenneth V. Donaghy, 271 Washington street
Robert L. Flynn, 27 Shepard Court

David P. Frizzell, 64 Church street

Robert W. Gagan, 21 New Meadows road

Milton G. Galucia, 11 Bonad road

Frank E. Johnson, 31 Englewood road

Francis A. Smith, 247 Swanton street

Boys entering the Army will report to Fort Devens, where they will remain for about four days, before being reassigned to Army camps throughout the country for basic military training.

Air Force enlistees will go to Lockland Air Base in San Antonio, Texas, where they will receive eight weeks of basic training. After that they will be assigned to technical schools operated by the Air Force.

LEAGUE OF WOMEN VOTERS

On Wednesday, February 7, at 2:30 p. m. the meeting in charge of the Committee on Social Welfare will be held at the home of Mrs. Leon E. Sargent, 8 Central street. Mrs. Clarence Roberts, chairman of the Social Welfare Committee, and Mrs. Thomas Hill will give a comprehensive view of recreation in Winchester, including public, private, athletic and cultural facilities for all age groups.

A representative of the Washington School Building Committee will talk on the needs and plans for that school.

WINCHESTER GARDEN CLUB

On Thursday, January 25, Mrs. E. H. Robinson entertained the Winchester Garden Club at her home on Mason street. A social hour with dessert was much enjoyed and gave the members an opportunity to admire the most interesting dried arrangements done by Mrs. Herbert West and Mrs. Willard Hudson. Mrs. William Goodhue presided at the coffee urn.

At the business meeting which followed it was voted to again make a donation to "Seeds for England" and to enter an exhibit at the Spring Flower Show in Boston during March.

Following the business meeting the Program Chairman, Mrs. Herbert T. West introduced the speaker of the afternoon, Mr. Robert Graye, of the Audubon Society, who spoke on "Attracting Birds To The Garden." His most interesting lecture was illustrated with colored motion pictures of birds found here in the winter and going around the calendar year. First was the evening grosbeak at his feeding tray in a snow storm, most grateful for the fine table set by a kind friend, followed by the chickadee and woodpecker, blue jay, thrushes and mocking bird, robin and sparrows.

These birds who feed on insects are very grateful for suet and peanut butter as substitutes, while the berry eating birds will enjoy a feast of mixed bird seeds. Raisins are a great treat to the mocking bird. Mr. Graye reminded us to give the little wren and blue bird a house hung out in the spring, a thorough cleaning before the birds come to set up housekeeping in the new year.

Mrs. John W. S. Hammond of 7 Glenary is recuperating from a major operation at the Parkway Hospital in Brookline.

MULLEN TO GO TO ARMY SCHOOL

Under a new program recently announced by the Department of the Army, whereby qualified high school graduates may choose a particular type of Army school they wish to attend before enlistment, Robert H. Mullen, 70 Salisbury street, Winchester, enlisted through the Medford Recruiting Office, January 17, 1951.

Mr. Mullen submitted his application for the prescribed course in Map Reproduction, December 21, 1950, and was notified January 2, 1951 that he had been selected and advised of inclusive dates in which he could enlist and complete his 6 weeks of basic military training in sufficient time to start his course in Map Reproduction.

The course of instruction for the school Mr. Mullen has selected is held at Fort Belvoir, Virginia and is of 12 weeks duration. After completion of this school, he will probably be sent to one of the many Army camps throughout the country to pursue his work in Map Reproduction.

Corporal Edward W. Boyson of U. S. Army and U. S. Air Force Recruiting Headquarters, Medford City Hall, urges all young men who are high school graduates to contact him for more detailed information on the opportunities this program provides.

Three graduates of Mount Holyoke college from Winchester are invited to attend the annual College Alumnae Council, which will meet February 8-11 on the campus. Mrs. Charles E. Green of 329 Highland avenue, an alumnae trustee, and Mrs. William A. Kugler of 26 Winslow road, chairman of the nominating committee, are members of the Alumnae Council. Mrs. Winslow Smith of 329 Highland avenue, is one of 60 class agents who have been invited as guests of the Council for the first time.

6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.
7. Quarterly adjustment of wages on basis of cost

of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until modified or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for place for such meeting, Doctor Steelman shall fix the time and the parties may secure information from the wage stabilization authorities or other government agencies. If

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be and the effective date thereof. The carrier representatives shall have one vote, the employee representatives shall have one vote and the referee shall have one vote. ...

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

... The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in agreement, rules and working conditions of employees covered by this agreement.

WINCHESTER GIRL MISSING

Wilhelmina Fulgoni, 15 year old Winchester High School junior, has been missing from her home at 18 Chestnut street since she left to school Tuesday morning. Her mother, Mrs. Robert Fulgoni, reported to the Police Tuesday that her daughter had not returned home from school and subsequent efforts on the part of the Police have failed to locate her.

According to the Police Wilhelmina was last seen leaving her home after school Tuesday with a school friend, Beatrice Armato. The two went to Medford square where they parked at the bus stop. Beatrice doing some errands in Medford and returning home.

The Armato girl told the police that Wilhelmina spoke of going to Boston and later it was learned that she did so, riding in town with another Winchester girl, Martha Whiting, whom she met on the bus. The two girls went as far as the Milk street Station of the Boston Elevated System, where the Whiting girl got off the train. The Fulgoni girl told her as they parted she was going to meet her sister at the John Hancock Building and go to a show, expressing some little uneasiness about meeting her sister alone after the performance.

Nothing has been heard from, or of the Fulgoni girl since she left her friends at Milk street. Her sister saw nothing of her and a check with relatives and friends in Everett and Malden disclosed no trace of her. No reason for her disappearance could be given by her mother, who reported her daughter was not accustomed to staying away from home.

DR. ALEXANDER P. AITKEN is in Detroit attending the National Fracture Committee meeting. He is expected to return on Sunday.

WHEATON CLUB IN BOSTON

Prospective students of Wheaton College from the Greater Boston area will be entertained by the Boston Wheaton Club at a coffee meeting to be held at the College Club, 40 Commonwealth avenue, Thursday evening, February 8 at 7:15 p. m.

Miss Miriam E. Dickey, president of the club, will welcome the girls and introduce the speaker who will be Miss Barbara Ziegler, Director of Admissions at Wheaton College, Norton, Mass.

Active members of the club from Winchester are: Miss Eleanor Berry, Mrs. J. Harper Blaisdell, Mrs. William M. Burrows, Miss Dorothy Critchfield, Mrs. A. Harmon Hall, Mrs. Everett D. Little, Mrs. Hollis W. Nickerson, Mrs. Charles E. Howe, Mrs. Herbert Ekman, 15 Church street. Also, Mrs. Ross, Mrs. Donald H. Warren, and Mrs. Howard Bartlett.

At the United Nations building the boys attended a meeting of the Political Committee and were told about the workings of the Security Council, putting on earphones and listening to translations of the various addresses.

Going to the United Nations cafeteria the boys ate lunch with Warren Austin, United States delegate; Sir Gladwyn Jebb of Great Britain and Julius Katz-Suchy of Poland.

Leaving the United Nations building at 2:30, the boys returned to the city, seeing the old World's Fair grounds in Flushing and the new United Nations building near the river. They also visited the Pakistan Consulate and met the Pakistan Consul General who showed them movies of Pakistan and served them native food. Fifth Avenue and Radio City were other places of interest the boys had a chance to see before returning to the airport for supper.

One group of boys left LaGuardia at 7:15, young Murphy being with the group that left an hour later. His group was back in Boston at 9:10. He is a student in the Freshman class at Mattitikon High School in Cambridge.

EN KA MID-WINTER MEETING

On Tuesday, January the thirtieth, Mrs. Irving E. Jennings Church street graciously opened her home for the mid-winter meeting of En Ka Society.

After a delicious luncheon under the capable Chairmanship of Mrs. Virginia Dickey, the meeting was called to order by the President Mrs. Thomas M. Richter, Jr., who cordially greeted the six new provisional members.

Last year's group of provisional members, imbued with enthusiasm, met on a most tempting supper, on January 17th, at the Home for the Aged.

Mrs. Richard A. Harlow, Chairman of Finance, reported the following items which were voted: Girl Scout (cabin for retaining wall and steps \$200.00, Red Cross yarn 150.00, Polio Drive 50.00.

From Photo Service for the En Ka Nurses' Union 200.00. Mrs. Leslie A. Tucker, Chairman of this year's Street Fair announced that May 26 is the date chosen for the May day picnic and it is to be called the En Ka Youth Street Fair.

Each booth will represent a current magazine and it will be interesting to see how effectively the decorations can be carried out.

So, En Ka finds itself facing the new year of 1951 with its unending spirit of helpfulness, its charitable needs in Winchester and while the countless hours mount and are so willingly spent to carry on the good work, quietly consider the future, perhaps with not quite so gay a heart, but, nevertheless, with renewed vigor and undiminished faith in our united efforts.

RED CROSS

Mr. John A. Velpe, Chairman of the Winchester Red Cross Fund, announced this week the appointment of Mr. Henry A. Dellicker of Grove street as Chairman of Special Gifts.

Year in and year out, the Red Cross commands our hearty cooperation. We are the members, the workers, the volunteers, the financial supporters. As we continue to give of our time, work, and even blood, we hope everyone will be more generous in helping to meet the financial requirements for the coming year.

The Local Chapter of the American Red Cross will launch and conduct its annual Campaign for Funds on Sunday, March 4, 1951.

A meeting of all Precinct Chairmen, Co-Chairmen, Captains and Solicitors will be held Monday evening, February 26th at the Music Hall, 8:00 o'clock.

SUGARING OFF PARTY

Tuesday evening, February 6th the Wednesday Night Club of the First Congregational Church will give a "Sugaring Off Party," followed by a square dance.

Those familiar with country customs will remember the fun of preparing the maple syrup and the wonderful taste of the sugar fresh from the snow. For that city dweller who has never been to a sugaring off party here is an opportunity to discover something new.

After everyone is good and sticky and the taste for maple sugar has been satisfied, square dancing will take over. Come and enjoy an evening of fun country style.

The price is fifty cents for the "Sugaring Off" and twenty five cents for the dance.

The following list of Contagious Diseases were issued for week ending, Thursday, February 1:

Dog Bite 2
Chicken-pox 1

WINCHESTER HOSPITAL NEWS

A Red Cross Nurses' Aide course will begin on Monday, February 19, and all women interested in enrolling should get in touch at once with the Red Cross Office in the Town Hall, either by calling Winchester 6-2300, or by a personal visit to the office. The course will be given from 7:30 to 9:30 on the evenings of Monday, Tuesday, and Thursday for approximately fourteen weeks (a total of 84 hours). Miss Mary Loftus of the Winchester Hospital Nursing Staff will be the instructor, and the material covered will include all the subjects of the official Red Cross Nurses' Aide course of recent years, and in addition the special instruction now required in relation to nurses' duties under atomic bomb attack.

In accordance with the program of the Civil Defense Agency for Massachusetts, Miss Mary Loftus will also conduct an evening class for the Winchester Hospital nursing personnel to acquaint them with the instruction she has received as a member of a group of graduate nurses selected for training in atomic war techniques. Five sessions of the class will be held to include all nursing shifts. In releasing Miss Loftus for this special training and service, and in arranging for the entire nursing staff to receive the instruction, Winchester Hospital is fulfilling one of the many requirements of cooperation with state and national preparations in Civil Defense.

Mr. Paine, the Hospital's Administrator, and Miss Rogers, Superintendent of Nurses, will announce other steps in this cooperation as they are put into effect.

PAST NOBLE GRANDS' SERVICE CLUB
The Past Noble Grand's Service Club of Victoria Rebekah Lodge held its January meeting on January 24, 1951 with Mrs. Josephine Arnold, Mt. Pleasant street, Winchester. Plans were discussed for coming meetings and our good time night.

Miss Olive Stevenson won the Mystery prize. The February meeting will be a covered dish supper with Mrs. Maude Waloff as Hostess. February 16, 1951 the Club is going in town for dinner and to the Ice Follies.

After the meeting delicious refreshments were served and enjoyed by all. Many thanks to Mrs. Holbrook! It was very nice to meet with Mrs. Arnold again.

CYO SHOW BIG SUCCESS

(Continued from Page 1)

A spectacular number was "Frosty the Snow Man" with genial Bill Dailey in the title role being accompanied by the youthful singers, Coleman Foley, Arthur Hill, John Lane, Alan McDougall, George Yore, John Yore, Kevin McElhinney, Frances Weafer, Ann Marie Ryan, Rosemary Callahan, Janice Joyce, Barbara Lane, Janice Lane, Nancy Lane, Karen Sheehan, Sheila Ryan and Peter Bee.

A cleverly done was the number "Bill Bailey, Won't You Please Come Home", with Vin Erhard as Mrs. Bailey giving the impression of singing while the song was actually done from the wings by Patricia Mawn. Little Sandra DiGiacomo, perhaps the youngest in the show, danced her way into the audience's hearts with "Pretty Baby" while the novelty song, "I Taut I Saw a Puddy Tat", was humorously done by Coleman Foley and Alan McDougall, the former portraying the bird and the latter, the cat. Orchestral to the boys for remembering their many many lines.

"Little Do You Know" was a real treat as sung by Mary O'Getta and Richard Rice, with Mary's sister, Louise also scoring in "You'll Never Walk Alone". Peggy Weafer contributed a nice tap line in "You For Two" and as the finale to Act I the end men and chorus joined in the old favorite, "Alexander's Ragtime Band", with Bob Egan featuring a red hot bit of solo drumming.

Incidentally Bob drummed for the entire show with Eddie Tarr as trumpeter, the latter doubling with a well played solo, "Harbor Lights".

Following intermission the show became a "strait" variety with Janice Fernald and her sister,

Sharon acting as "Em Cee", William Gurrill, George Morgan, Robert Gretchen Dasbach, Arlene and Peggy Weafer and Alice Stevens tapped out "Fine and Dandy" with rhythmic feet, to be followed by the tumbling brothers, John and Richard Farrell and Frank and Richard Errico in a comedy-acrobatic specialty.

A nostalgic hit was the number by the Flora Dorn Girls and Boys, Mary Crowley, Patricia Mawn, Mary Lou Rotundi, Ann Hooper, Frances Oliver, Margaret Moran, Ann Rizzo, Patsy Harrold, Shirley Crowley and Ruthie Donnelly.

Joan Walsh, accompanist for several of the other acts, proved a pleasing vocalist in her own right as she sang "Come With Me".

"The Consultation" was a laugh-provoking take-off of the medical profession with Frank P. Hurley as Dr. Jones, Mary Crowley as the attractive nurse, Coleman G. Foley, Jr., as the famous Dr. Schmidt from Vienna and Vincent Erhard as the "Milkquost" patient.

Dorothy Hickey repeated her hit performance of preceding show by singing "Only You" and "Be My Love", returning with "My Heart Lies for You" when an encore was demanded.

Shoe dancers were the Four Johnsons in their dance routines and acrobatics. These youngsters grow better each year, due to the expert coaching and conditioning of their parents, Mr. and Mrs. George Johnson, who personally limber up the youngsters and set the stage for their numbers.

Spectacular, with its special lighting, was the grand finale, "On Lady of Fatima", sung by the entire company, with Eunice Maletta as the Lady, accompanied by the cast, a fitting ending to a fine show.

Dr. Angelo Maletta wrote four of the musical selections used in the show, "The U. S. of A.", "Do You Know", "Come With Me" and "Only You". The humorous skit, "Consultation" was also from his pen.

Accompanists, who added much to the performers' effectiveness were Mrs. James Dasbach, Miss Joan Walsh, Mrs. John Ryan, Mrs. John Walsh and Miss Alice Dolan. Chorus members included: Patricia Fallibusch, Frances Nowell, Eunice Maletta, Marguerite Ducharme, Linda Hanley, Madeline Quill, Brenda Gallagher, Marilyn Mawn, Marion Walsh, Nancy Coyne, Sally Walsh, Alice Walsh, Gail Whorf, Peggy Werner, Janice Leonard, Anne Steinbock, Patricia Callahan, Anne Boes, Mary Lou Kelley, Beatrice Hladky, Margaret Finn, Carolyn Curry, Christine Pentz, Lorraine Mancano, Minnie Loomney, Mary Connolly, Mary Seaton, Judy Sullivan, Katherine Gange, Anne Rizzo, Margaret Moran, Mary Lou Rizzo, Ruth Donnelly, Patricia Mawn, Shirley Crowley, Mary Crowley, Frances Oliver, Patricia Harrold, Anne Hooper, Kevin McElhinney, Wil-

liam Gurrill, George Morgan, Robert Gretchen Dasbach, Arlene and Peggy Weafer and Alice Stevens tapped out "Fine and Dandy" with rhythmic feet, to be followed by the tumbling brothers, John and Richard Farrell and Frank and Richard Errico in a comedy-acrobatic specialty.

Honorary Chairman of the show was Rev. John P. O'Riordan, general supervision was exercised by Rev. Francis J. O'Neil, C.Y.O. Director. Philip Savage was general production chairman and Mrs. Vincent R. Erhard was Director. Robert Loftus was Lighting and Sound Technician, assisted by John Ryan, John Foley and Walter Barstow. Michael Connolly was property manager. Miss Patricia McElhinney was in charge of costumes and makeup, assisted by Mrs. John Loomney, Mrs. Frank Weafer, Mrs. William Bailey, and Mrs. John Lane. Vincent F. Erhard was publicity chairman assisted by Mrs. Coleman G. Foley, who did the colorful show posters.

Other chairmen were Sam Cangel, programs; Albert T. McDonough, ushering; done by the scouts and the committee of Troop 12: Mrs. Frank Weafer and Mrs. John T. Loomney, refreshments, assisted by the girl scouts; Mrs. Leo V. Manoli, tickets, assisted by Mrs. B. Robert Finn, Mrs. Michael J. Connolly, Mrs. Margaret Murray, Mrs. John J. Gorman, St. Mary's Social, St. Mary's Holy Name, C.Y.O. Members and the K. of C.

John Fitzgerald, David Fontiere and James Nease of Troop 12 were the color guard in the opening number. Acknowledgment of special assistance goes to Mr. William J. Coughlin, fine friend of the C.Y.O.

The Cast and Committees wish to thank all those who in any way assisted in making the show a success including the Winchester Star, Winham Times, and the local stores who loaned space for the posters advertising the show.

WINCHESTER STORE REPRESENTED

Mrs. Jessie Watts, manager of the Silver Slipper Shop, 532 Main street, and her assistant, Miss Barbara Galey, have been chosen to attend the Formfit School of Corsetry which will open at the Parker House in Boston on February 7.

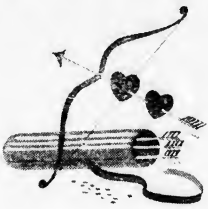

The course will include intensive training in Fitting Technique, Alterations and Care of Garments, and diplomas will be awarded those completing the course by the Formfit Company. Having members of their staff attend this course is typical of Silver Slipper policy: to always give their customers the finest possible trained service.

"SEVEN LAST WORDS"

"The Seven Last Words of Christ" by Theodore Dubois will be sung at St. Joseph's Church on High street in Medford on Sunday evening, February 11, at 8 o'clock, by the choir of the church under the direction of Donald N. Orsillo.

The choir comprises 30 mixed voices. Soloists will be Carol Paulina, Gertrude Boynton, Anthony Colletta, Thomas Casano and John J. Fitzpatrick. Rev. Francis A. McLaughlin, spiritual director of the choir, will be the narrator, and the presentation is open to the public.

Lenon Reading
A collection of selected books for Lenon Reading has been placed in the main foyer of the library. A new Lenon Reading List has been prepared and is available upon request. Included in this list are the following new books:

God and The Nations
Paul N. Poling, ed.
Religion has a vital role to play in these uncertain times, as seen through the realistic writing of several noted authors.

Growth in Prayer
Constance Garrett
An excellent book to help one on the way to making prayer a means of cultivating the spiritual life.

Life of Jesus
Edgar J. Goodspeed
A simple and clear presentation of Jesus as He was.

Lift Up Your Heart
Fulton Sheen, Jr.
The author demonstrates that the many problems which face the individual can only be met by the faith of the Roman Catholic Church.

BANE BREAKS MARK AGAIN

Big Tom Bane of Tufts and Glen-gary broke the New England AAT record for the 35 pound weight in the Union's track and field championship meet last Friday at the Tufts cage in Medford. Three

events, the weight, broad jump and pole vault were held at that time with the other events of the meet held the following Wednesday.

Bane got the big ball out 60 ft. 2 inches to eclipse the old mark of 56 feet 11 1/2 inches set by Irving Falsworthy of Rhode Island State Teachers in 1936. The Tufts ace also uncorked a tremendous heave of 61 feet 9 1/2 inches, nearly two inches better than the listed world's record held by Jim Scholtz of the Army, but fouled slightly to lose the new mark.

Fouling has been big Tom's bane in his attempt to set new hammer and weight marks, but the towering Winchester Junior is going to get off one of his mighty heaves that is strictly regulation, and then look out. No one can knock at the door as long as he has and not get in finally!

INDIANS TOMAHAWK CONCORD!

Winchester High rolled to an easy 17-40 victory over hopeless Concord High at the high school gym last Friday night. This was the highest scoring total that the locals have compiled this year and was accomplished with the use of eleven players, all of whom entered the scoring column for a nice distribution of the scoring. The pressure of the recent games was off the locals in this contest and their relaxed attitude was reflected in the remarkable shooting percentage of 45 per cent of their shots.

Winchester looked like a real ball club in the first period as they moved the ball nicely, set up their plays well, and with all five starting players contributing to the scoring moved into a long 23-9 lead at the end of that period. This clicking combination was broken up in the second quarter and did not function as smoothly but held a 32-19 lead at the half. The locals began to move well again in the third quarter and rolled to a 50-39 margin at the end of that session. With the reserves playing the major part of the final quarter, the Red and Black really poured it on as they scored 27 points in the last period.

Game captain Johnny Farrell and Rodney Long were outstanding in this thirtieth victory of the season for the Red and Black. Long was high scorer for the locals with 13 points as the result of aggressive rebounding and alert play. Farrell was a key performer in the Winchester offense as he set up the plays nicely and was passing off well to his teammates. Particularly pleasing to Coach Bartlett was the play of his reserves as Con, Don, Forester, and Howard looked

good while performing with the variety.

The Winchester Seconds had an easy time in pinning a 69-28 defeat on the Concord Seconds. This was the thirteenth straight victory for the Seconds who were never pressed in this one as they held a 31-13 lead at the half and played entirely with sophomore power in the second half.

The summary:

INDIANS' First Place Standing at Stake

Winchester High travels to Stoneham tonight for an important Middlesex League clash with Stoneham High. Although Stoneham is in fifth place in the league standing, they have to be respected on their home court where they are very tough to beat. On their small, poorly lighted court Stoneham has defeated Belmont and lost by only one basket to a strong Lexington quintet. The Red and Black is capable of beating Stoneham but will have to be at their best as any letdown after their great Belmont victory would be disastrous.

The Red and Black plays only one game next week when they entertain Wakefield High in their night in their final Middlesex League contest of the season. This should be a good match to take in for Wakefield is big and aggressive and gave the Red and Black a lot of trouble in their previous encounter.

LEGION AUXILIARY NEWS

Valentine Dance

The first Cabaret Dance for the 1951 season will be held this Saturday, February 10 at the Legion Home on Vine street. Music will be furnished by a well known orchestra from 8 to 12 p.m. A large crowd is expected so be sure and come early in order to get a table.

WINCHESTER WON BELMONT THRILLER

Winchester High eliminated Belmont High from the Middlesex League basketball championship race with a thrilling 43-42 victory over the perennial champs at Belmont on Tuesday afternoon.

Belmont moved into a 12-9 lead at the end of the first period as close guarding limited each team to three baskets. Belmont sank 6 out of 7 foul shots to build up its margin. The second period was the most productive of the game as Winchester scored Belmont by a single point to trail 26-24 at the half. Belmont added three more points to their margin in the third quarter to lead 37-22 entering the final period. The final quarter was a hectic session as Winchester came from behind in the last 90 seconds.

In that final period Polase scored a basket on the tap to give Belmont a 39-32 lead. Hawkins made good on a foul shot to make it 39-33 but Polase equalized on a free try to bring it to 40-33. Dilorio pushed one in from the corner to make it 40-35. Polase sank a long shot to bring it to 42-35. Belmont moved in for a basket to make it 42-37. Winchester called time out at this point and there was two minutes and thirty seconds left to play.

Belmont put on the "freeze". Dilorio scored a lay up on a pass from Murphy to cut the lead to 42-39. Murphy sank a foul shot to make it 42-40 and Con made good on a free throw to make it 42-41. With forty-three seconds left Dilorio missed a foul shot but gave Winchester in the rebound to score the basket that brought the crowd to their feet. Belmont lost the ball on a travelling violation and the locals successfully froze the ball while the clock ran out.

John Dilorio and Peter Con were the brightest stars for Winchester while Charlie Murphy and Johnny Farrell played steady ball in this thrilling victory. Dilorio was the game's leading scorer with 20 points, which included the winning basket made in the crucial final period. Strangely enough, this marked the first time this year that any Winchester player has scored as high as 20 points. Con was the boy who sparked Winchester to their great winning rally with a successful foul shot and a successful foul shot but Woburn threw in a basket to bring the game to an abrupt close.

It was a tough one for the locals to lose as they held a 33-28 lead at the half, a 44-41 lead entering the final quarter, and were tied by a successful foul shot by Woburn just as the regulation time expired. The game was a hard fought one and this crippled the local cause as Winchester was the leading scorer for the game. Many observers stated that it was the most exciting game played in the Woburn High gym in the past twenty years.

GIRLS' VARSITY TIES CONCORD

The Winchester girls' basketball teams tied and beat Concord in their two games on February 3rd at Concord. The varsity team, made up of 14 players, won a tense battle. Sophomore Sunny Smith who replaced Mary Anne Damon out because of illness, took scoring honors with 20 points. The Jay-Ace's won by a close score of 18-16. The Varsity line-up was as follows:

Winchester

Smith, S.	20
Damon, M.	15
Concord	18

COMMUNIST'S COLUMN

You and Me and the Other Fellow

"Do you think the old 8:08 will run today, Dad?" asked my 12-year-old son as my family assembled for breakfast last Monday. "The radio said the situation is bad."

"From what I hear, I think B and M will run, son, but a railroad strike such as this points up how much everybody in the United States is dependent upon the other fellow."

"That's right," said my high school daughter, "without trains we certainly wouldn't have such a variety of foods as regularly as we do today."

"And that goes for an awful lot of other things as well," I broke in. "For our country has grown on mass production and mass distribution, and so far there has been no form of transportation that can move as many things and as many people as far and as quickly as the railroads."

I took my last sip of coffee, glanced at my watch, and started for the train. Curious, I thought to myself, it was about this time last year that the coal strike caused inconvenience in commuter services. I couldn't help a passing thought, too, about the many travelers who were stranded when trains stopped running. And as my train pulled in, I realized again how much in life, in this particular day and age, is dependent upon co-operation.

RED CROSS DRIVE TO MEET CHALLENGE!

World events have placed upon the American Red Cross the greatest responsibility it has ever had to assume except in time of all-out war. The 1951 campaign, therefore, will be the most important Red Cross Fund Appeal since the end of World War II. The slogan for this year's campaign is "More for Defense." The chief emphasis will be on civil defense, including first aid, home nursing, nurses' aides, disaster and blood programs and Red Cross services to the armed forces and veterans.

Winchester's 1951 Red Cross Drive is off to a flying start, according to Mr. John A. Volpe, chairman of the local chapter fundraising campaign, and will be concentrated on Red Cross Sunday, March 18.

Additional appointments announced this week by Mr. Volpe are Winchester's postmaster, Thomas J. Gilgan, as chairman of the Business Division of the drive, with Edward C. Cullen, proprietor of the Winchester News Company, as co-chairman; and Vincent F. Erhard as publicity chairman. A complete roster of this year's Staff will be announced shortly.

A meeting of all precinct chairmen, captains and solicitors will be held on Monday, February 19, at the Music Hall on Beacon street at 8 p.m., continuing the spirit of those who from 1921 have kept the Winchester Red Cross chapter a vital part of the life of this community.

C. A. P. NEWS MEDFORD FLIGHT

The cadets of Medford Flight have been advancing regularly in their classes. The subjects now being studied are: Photography, taught by the Group III Photography Officer, and Theory of Flight, taught by one of our local flight officers. The typical meeting schedule is as follows:

Winchester Freshmen

7:30 p.m. - 8:00 p.m. Drill
8:05 p.m. - 8:25 p.m. First Class
8:45 p.m. - 9:15 p.m. Second Class
9:15 p.m. - 9:50 p.m. Special Flight

To date all of our Cadets have their Restricted radio operators' licenses and are being instructed in radio operation for any emergency. This last Saturday two of the cadets operated Lt. Dellicker's Radio station while he and Alvan Smith, Jr., set up and operated a portable radio set at the Civilian Defense Headquarters, to demonstrate the use of CAP's VHF radio network.

Anyone interested in joining CAP should contact 2nd Lt. Henry Dellicker, Jr., or Alvan G. Smith, Jr.

NEWSPARAGRAPHS

Two Winchester boys, Daniel Beegs and Leon Fernandez, are members of the Helicon Academy dance committee. This recently appointed committee will take charge of all plans and decorations on the social dances held during February and March.

Col. and Mrs. Lester C. Gustin, Jr. of Wadsworth street entertained at their home on Wadsworth street last Friday evening the officers of the 319th Engineer Combat Battalion and their wives, about forty being present. Col. Gustin is commander of this unit which is a part of the 94th Infantry Division.

How many wires can be contained in a telephone cable?

Answer: 4,242 individual wires, or 2,121 "pairs" can today be placed in a telephone cable about the diameter of a baseball bat.

When was the first football game broadcast by telephone and radio?

Answer: The first football game to be broadcast by telephone and radio was Princeton vs. University of Chicago on October 28, 1922.

How much coffee did it take to pay a \$5.00 telephone bill in 1940?

How much in 1950?

Answer: If you were paying a \$5.00 telephone bill in coffee, it would have taken about 24 pounds at 21 cents a pound in 1940—but it would only take a little over 6 pounds today with coffee costing 79 cents a pound.

Today you get a much bigger value "per pound" in your telephone service because it is better—faster—more extensive. And, the cost has increased only a few cents a day—far less than most things you buy.

MRS. GERTRUDE SYMMES NASH

Forbes Lithograph Official Former Resident

William Stuart Forbes, a former resident of Swan road, died Friday, February 2, at his home on Miller River road in Hamilton at the age of 79. He was board chairman and treasurer of the Forbes Lithograph Manufacturing Company of Chelsea. Funeral services were held Monday at Christ Episcopal Church in Hamilton.

Mr. Forbes attended Massachusetts Institute of Technology and was formerly a member of the Industrial Corporation, Well known as a horseman, he was a member of the Moxley Hunt Club. He was a former director of the Lithographic Technical Association, the Lithographic Technical Foundation and the Merchants' National Bank of Salem, and a member of the advisory council of the Boston Museum of Fine Arts School.

Mr. Forbes leaves his wife, Mrs. Gertrude Nash Forbes; a son, William S. Forbes, Jr., and a daughter, Mrs. Forbes Hall of Baltimore.

Mr. Forbes was born in Beverly, and received his early education in the public schools there, later attending Bryn Mawr and Stratton Commercial School. He was affiliated with the electrical industry throughout his business career and prior to his retirement was manager of the Woburn Light, Heat and Power Company.

He was a former member of the Boston Athletic Association, the United Country Club, Boston Chamber of Commerce and various electrical trade associations.

Services were conducted by Rev. Robert A. Storer at the Unitarian Church on Wednesday, February 7, at 2:30 p. m. Burial was at Wildwood Cemetery.

MISS MARY POND KINNER

Miss Mary Pond Kinner, a member of the family at the Home for Aged People and cousin of the late Preston Pond, a leading citizen of Winchester for many years, died at the home, 110 Mt. Vernon street, at 10:15 a. m. Tuesday, February 6, at the age of 79.

Miss Kinner was the daughter of Caleb Davis and Jennie Smith (Pond) Kinner. She was born in 1871, in Springfield, Mass., and lived in Winchester for many years.

She was a member of the First Congregational Church, of which she was a member, and was active as her health permitted in the Mission Unit of the church. A gracious lady of the old school she had a happy smile and friendly manner that endeared her to all with whom she came in contact. She had been a member of the family at the Home since January 1, 1941.

There are no immediate survivors. Funeral services were held Tuesday afternoon at Ripley Memorial Chapel of the First Congregational Church at 2:30 p. m.

Interment was in West Springfield. Mrs. Alice Payant of 728 Commonwealth avenue, Boston, widow of Arthur J. Payant and a native of Winchester, died Monday night, February 5, at the Winchester Hospital where she underwent a major operation three weeks previous to her death.

Mrs. Payant was the daughter of the late Edward F. and Julia (Fitzgerald) Maguire. Her father was widely known as a furniture dealer and was for many years one of the town's contractors.

Born in Winchester June 21, 1897, Mrs. Payant was educated in the Winchester schools, graduating from Winchester High School. She subsequently graduated from Bryant and Stratton Commercial College and for 27 years was employed as a bookkeeper by the United States Fidelity Bonding Co. of 50 State street, Boston.

Following her marriage in 1936 Mrs. Payant made her home in Boston. Her husband died in 1941. She leaves two sisters, Mrs. Frank L. Humphrey and Mrs. James V. Haley, both of Winchester; and a brother, Edward F. Maguire, of Stoneham.

The funeral was held Thursday morning from the Lane Funeral Home with high mass of requiem celebrated at St. Mary's Church. Interment was in Calvary Cemetery.

MRS. MARIE FELT CARR

Mrs. Marie Felt Carr, formerly of Winchester, died after a brief illness in Trinidad, British West Indies, on January 28.

Fred W. Carr of Trinidad, she was the daughter of the late Jonathan B. and Irene Felt of Winchester.

Born in Somerville, Mrs. Carr lived with her family in 1928 to Winchester where she lived until her marriage in 1940 when she left for Trinidad.

A graduate of Marycliff Academy and The Boston School of Fine Arts, she was formerly employed by the telephone company in Boston.

Mrs. Carr leaves besides her husband, a sister, Mrs. James C. Marchant of Winchester; and two brothers, John F. Carr, Porterville, Maine and Frank E. Carr of Kings-ton.

A pre-burial mass will be said on Saturday, February 10, at 9 a. m. at St. Mary's Church, Winchester.

CUB PACK 1 NEWS

Cub Pack 1 had a regular meeting on January 30th at the Packhouse Auditorium.

The boys executed the Colors to the front of the Auditorium and after the Pledge of Allegiance to the Flag the meeting was called to order by Cubmaster Herbert Black. Mr. Black then introduced our fellow townsman Mr. Earl P. Hane of Wedgemore avenue who talked to the boys about the early days of the West. Mr. Hane, a native of Broken Bow, Nebraska was appropriately in cowboy regalia and gave the boys a demonstration of the use of the lasso, bullwhip and spoke of the proper use and care of firearms.

The Den then exhibited their projects. The boys in Den 1 each painted a canister, Den 2 learned flag signalling, which was capably demonstrated by Billy Wilson, Billy Sibley and Billy Burrows. Den 3 worked on and produced very fine first aid kits.

Award Chairman Lawrence Burke made the following presentations:

Den 1 - Bear Awards

SCOUT AND CUB NEWS

Cub Pack Seven held their Blue and Gold Banquet honoring the anniversary of Cubbing and Scouting at the First Baptist Church, February 1, 1951. In spite of the bad weather that night 150 Cubs and parents were present to enjoy the very good food prepared by the mothers of the Banquet Committee headed by Mrs. Benjamin Gowing. Other mothers on the committee were: Mrs. E. A. Bennett, Mrs. P. E. LaMarche, Mrs. S. P. Bingham, Mrs. E. H. Kelley, Mrs. W. E. Osborne, Mrs. J. Donovan, Mrs. R. S. Thompson, Mrs. E. D. Ripley, Mrs. R. L. Low.

After the Banquet Cubmaster Low announced that he had accepted for the pack a challenge to a ski meet from Pack 6 of the Unitarian Church, contingent, of course, on snow conditions.

Mr. Wakefield, the pack advancement committee member, made the following awards:

Den 1
Robert Thompson - Wolf Badge
Den 2
Richard Low - Lion Badge
Edward Morse - Lion Badge
Joseph Donovan - Silver Lion Arrow
James Wakefield - Silver Lion Arrow

Den 3
Lincoln Morrison - Lion Badge
William Morton - Lion Badge
John Wakefield - Lion Badge
Kenneth Erb - Lion Badge

Den 4
Robert Fallows - Bear Badge and Gold and Silver Bear Arrows

Den 5
Paul Harrigan - Wolf Badge
Sherwood Kelley - Wolf Badge
Mr. Brad Jacobs, Winchester magician, demonstrated his multitude of tricks for the Cubs and parents. There were several times when the Cubs thought that they had guessed the method by which the trick was performed, but each time they were surprised and puzzled at the outcome of the trick.

Pack Seven Cubs plan to be present at the Scout Sunday Services at the Second Congregational Church February 11, 1951.

CHRYSLER ANNOUNCES FirePower

most revolutionary
new engine
in 27 years...

180 HORSEPOWER

Here you see the secret of FirePower's unmatched ability... the new Chrysler Hemispherical Combustion Chamber, heart of the finest motor car engine built today. In this dome-topped, clean-walled area, you see the only ideal combustion chamber in a motor car engine today... the only way to develop full combustion, full compression, full work and value from every drop of fuel!

FirePower specifications: 180 hp at 4000 rpm; Bore and Stroke, 3-1/2 x 4-3/8; Piston Displacement, 331.1 cu. in.; Compression Ratio 7.5 to 1.

Chrysler engineering again brings you an entirely new powerplant which will set a new pattern of performance for years to come. FirePower is not only the most powerful engine you can drive today... it is the most efficient, too! Exhaustive tests have proved this mechanically best and most reliable car engine ever built. Only by driving it yourself can you know the new world of satisfaction it opens to you. Its smooth 180 horsepower can outperform, with ease, any other engine in any other car. Yet FirePower uses no more gas than you probably use now... uses regular grade gas, too. It will run more carbon-free... last longer... require less attention and upkeep cost than any other engine built, bar none. And along with FirePower, Chrysler this year presents two other great and basic engineering advances... exclusive new Oriflow shock absorbers, on all models, with over twice the shock-absorbing power of any other car's... and, optional at extra cost, the miraculous new Hydralguide power steering which does four-fifths of your steering work for you! See all these exciting new motoring wonders tomorrow at your Chrysler dealer's—America's newest new car is now on display.

SCOUTS RAN TOWN

Winchester Boy Scouts ran Winchester yesterday, taking over the various town offices and conducting the town's business. In the evening the boys conducted a town meeting at the Lincoln school, the warrant being issued by the Scout Selectmen, Robert Gaffney, chairman, Richard Lowry, Neil Muncester, Roger Delorey and Samuel Roaray.

Articles for consideration were those appropriating approximately \$1,600,000 to provide adequate secondary school facilities, presently the subject of a referendum in town; the construction of a west side fire station and the construction of a recreation center in the winter pond area.

Scouts filled the various town offices as follows:

TO TAKE MARITIME ACADEMY CRUISE

John A. Shields, son of Mr. and Mrs. John J. Shields of 70 Oak Street and a graduate of Winchester High School in the class of 1950, midshipman student at the Massachusetts Maritime Academy, is now aboard the U. S. training ship, Charleston, in Boston.

He has completed midyear examinations and is at present preparing for the annual winter cruise which will consist of a ten week training period.

The cruise will take him through Central America and South America making several stops enroute. The Charleston will leave Boston February 12 and will return to Boston on April 23.

FIRST BAPTIST FAMILY SERVICE

Mr. H. Wadsworth Hight, famed for his ability to capture the loveliest of Nature's scenes through the camera's lens, has brought back from a trip West the glories of the Grand Canyon section of our country in beautiful color slides. These will be shown at the monthly Church Family Service, Sunday evening, February 11th, from 6 o'clock to 7, in the Social Hall of the First Baptist Church. In addition to the Grand Canyon pictures, Mr. Hight will show scenes of Sandwich, New Hampshire, familiar to many of us.

The public is welcome to this hour of music, worship and beauty.

MISS MARY MURRAY
MISSIONARY TO SPEAK
AT BAPTIST CHURCH

Miss Mary Murray, a Baptist missionary to trailer camp communities will be the speaker at the Morning Sanctuary service of the First Baptist Church, February 11th, at 10:45 o'clock.

Miss Murray travels in her own trailer, which includes a chapel, to the many trailer camps situated throughout Michigan, reaching many people in this way. During one recent summer a total of 2500 people attended services and 3500 children were enrolled in vacation schools which she conducted.

HOLY NAME EXEMPS HUGE TURNOUT SUNDAY

With St. Mary's Holy Name Society vainly seeking permission to increase the legal capacity of its Town Hall for affairs of this nature, it appears that only those who procured their tickets early as warned, will be able to attend the family breakfast which will follow the corporate communion of the Society Sunday morning at the 8 o'clock mass. Rev. William H. Walsh, the Society's spiritual leader, will be the preacher.

The breakfast is not limited this year to sons or daughters of members, but instead includes the entire family. Guest speaker is none other than Jim Leary, star catcher for the Cleveland Indians, who will be accompanied by his wife and young son.

Herbert J. Cleary and his orchestra will feature Walter Doherty of St. Charles H. N. S. of Woburn as vocalist. Miss Joan Walsh, a soloist at St. Mary's recent CYO Show, will also sing. Philip O'Rourke, Jr., and Leonard Hurley will usher.

President Arthur W. Hall announces that chairman of the Communion Breakfast is Coleman G. Foley, Jr.; Ticket Chairman is Joseph Foley assisted by Eric Johnson, Secretary. Vice President Philip Savage, P. A. Tofuri, Herbert Cleary, Charles Farrar, William Cantwell, Charles Foley, John P. Cronin, James O'Connor, Lewis Stowe, Albert McDougall, Norman Phaneuf, Joseph Moran, Coleman Foley, Jr., Charles Haggerty and Michael J. Connolly.

BAPTIST MEN ORGANIZE

A group of laymen of the First Baptist Church met at the home of Mr. Davenport Davis last Monday evening to discuss ways by which they could make their Church of greater service in the life of Winchester. The Pastor, Rev. Walter Lee Bailey, challenged them to this task by reminding them that Winchester is growing rapidly - new families are moving in by the score. He also pointed out that by April 30th the mortgage on the First Baptist Church is expected to be liquidated and the Church will then be free to turn its full attention to a service program for Winchester. He suggested that the men ask themselves this question - why do we have an investment of \$300,000 in the church plant? He then asked each man to give himself an honest answer. This would indicate for every man the purpose of the church, and he then asked them to go out and fulfill that purpose through service in the town. They organized themselves into twelve teams of two to go throughout the parish as ambassadors of Christ's Church.

There will be another meeting of this group in the very near future to report on their efforts. The Pastor was very much encouraged by the fine attendance and enthusiasm of this meeting.

Planned For ACCURACY

The prescription your doctor writes for you is carefully planned for an individual condition - your own. For his plan to succeed, the ingredients must be fresh and of standard strength - the amount accurate to the Nix degree. In fulfilling our responsibility, we make certain of such accuracy by the exercise of painstaking care throughout the compounding procedure. And to make accuracy doubly sure we check and recheck each step of the way.

"THUNDER ROCK"

"Thunder Rock," a drama by Robert Ardrey, presented February 12-23, by the Parish Players of the First Congregational Church, in the Little Theatre Beneath a Spire, under the direction of Harlan F. Grant, with the following cast:

Strover: Harlan Grant
Squire: Marshall R. Pitt
Inspector Fleming: J. Waldo Bond
Charles: Grant Burnett, Jr.
Captain Joshua: F. Milne Blanchard
George: E. Connor
Walter: D. Deane
Nancy: Nancy Nutter
Melanie: Mel. Kirby
Anne: Anne Marie
Cassidy: Margaret Pitt
Cassidy: Herbert P. Clark

With the production of "Thunder Rock" the Players were participating in International Theatre Month of the Panel on Dramatic Arts, UNESCO, as well as presenting the winter play of their silver anniversary season.

The strange plot blends the supernatural with some vigorous thumping for the American way of life, demonstrating that there is no escape for escapists, even in an imaginary little world which they have created for themselves.

Charleston, a former newspaper correspondent and author, has taken the job of keeper of "Thunder Rock Light" in Lake Michigan to escape the world which he believes is headed for the low world. He has peopled his lonely house with the captain and some immigrant passengers who went down with the wreck of a ship on "Thunder Rock" reef many years ago, and the audience sees his conception of these long-dead people moving about the stage, arguing among themselves and with Charleston over old world tragedy and hardships and the hope for better times in America.

In the end the light-house keeper, rejuvenated by his psychological association with the dead, heads back for life and the world to play a man's part in the battle for democracy, the spirit characters in a moving scene wishing their creator God-speed as they return to the oblivion from which he had dragged them.

There isn't much fun in "Thunder Rock." It is one long argument, but the Players did well by the strange play with the invariably well chosen cast contributing some really outstanding characterizations.

Mrs. Sibley as the crusader for women's rights performed at a very high level, combining the skillful use of an excellent voice with splendid stage deportment. Her playing of the little scene in which she describes herself and her hair before going out into the night was one of the best emotional hits the Little Theatre has seen for some time.

Mr. Connor was also emotionally gripping as he called to his dead wife in heaven, and again when he returned to the lighthouse drenched from wandering in a storm after his wife's death in childhood. In both instances, calling for widely varied approaches, he was effectively convincing.

Mr. Hodges' portrayal of the weary and discouraged physician leaving the death-chamber was well done and his performance grew in stature as the play unfolded.

Less was asked of the other characters, perhaps, though it would have been easy for one less poised and capable to overplay. Melanie, Miss Nutter's performance had good balance, with just the right suggestions of fire, and her handling of her final scene with Charleston was a fine bit of straightforward sincere acting.

Dr. Blanchard, that old war-

horse of the Players, did well by Captain Joshua, the dour Scotch skipper, submerging himself in the role to the extent that you had to watch for the occasional Blanchard touch. Mr. Bond was smooth as always in the role of the tired inspector, and Mrs. Gannan, Mr. Pitt, who doubled as a chore boy and Chinese mechanic; Mr. Clark and Mr. Smith, as the long-suffering Streeter, were very satisfactory.

There wasn't a weakness in the cast, and there was a corking fine performance by Mr. Burnett in the leading role of Charleston, the character that holds the whole strange play together and keeps the action sustained.

Back in the season of 1941-45 Mr. Burnett's playing of the boy in "Papa is All" was acclaimed, and it is hard to see how his performance in the current vehicle could have been improved upon. Wholly at ease, pointing his voluminous lines effectively and at all times acting with a sincerity and naturalness that were most convincing, Mr. Burnett carried the show beautifully from first to last. In the opening scene he and Streeter, even in an imaginary little world, might have been a couple of young chaps chewing over their opinions at the club or in the corner drug store.

Mr. Grant paced the show nicely, avoiding the haste that would have detracted from the feeling of unreality which he was able to capture quite effectively. The single set of the lighthouse was a gem and the lighting was very effective, especially at the moment when Charleston stands at the open door in the vanishing sunlight watching his pal Streeter leave the rock for his death as a pilot in the Chinese war.

The other mechanics of the play, costumes, makeup, props and sound effects were all they should be. Mrs. William Bruce Lunsford was production chairman.

TO SPEAK AT PHILATHEA COFFEE

For the benefit of their Ocean Camp scholarships the Philathea group of the First Baptist Church is sponsoring a Valentine Morning Coffee in the Church Social Hall at 10 o'clock Wednesday, February 14th. The Coffee table will be in charge of Mrs. Theodore C. Gray and her committee.

Mrs. Gladys Starrat Romeyn will present "The Drama of the Front Door," an inspirational talk dealing with the influence of others on our lives. Those who have heard Mrs. Romeyn on previous occasions will not need to be told what a treat is in store for them and those who have not yet heard her have a delightful morning to anticipate.

It is hoped that many women of the town will avail themselves of this opportunity to hear Mrs. Romeyn, enjoy visiting with friends and neighbors around the coffee table, and help the very worthy cause of sending young people to these fine camps at Ocean Park, Maine.

MISSION UNION GUILD

The Mission Union Guild of the First Congregational Church in Winchester will meet on Tuesday, February 13th. Miss Grace Pound and Miss Margaret Sands will supervise the regular morning sewing group. Luncheon will be served at 1:00 in the Social Hall by Mrs. Ray V. Hayward and Mrs. Carlton H. Clouston and their committee.

Mrs. Frederic B. Withington, Director of the Mission Union Guild, will preside over the meeting at two o'clock in the Ladies' Parlor. Mrs. Walter W. Winslip will conduct the worship service. The guest speaker will be Mrs. David McKeith, Jr. of Waban, Massachusetts, one of our leading Congregational Christian lay women and State Chairman in Massachusetts of the Ecumenical Register of Church Women, a program to enlist the Protestant women of the United States in a movement for world Christian unity.

The daughter of Congregational Christian missionaries, Mrs. McKeith spent her childhood in Puerto Rico where her father and mother, the Reverend and Mrs. O. J. Scheide, worked at work. She later came to this country living in the Southwestern area of the United States where her father was pastor-at-large. After graduation from Pomona College, Mrs. McKeith taught school for a period in California before going to the University of Chicago for further study. She later did religious educational work in the South Shore Community Church of Chicago, and there she met and married Dr. David McKeith, Jr.

During the years which followed, Mrs. McKeith has travelled extensively, making several trips to Europe, living for a year on the Continent with headquarters in Italy, and visiting widely in South America. In 1949 she accompanied her husband, now Executive Vice-

President of the American Board of Foreign Missions, on an official tour of Africa and the Near East countries of Greece, Turkey, Syria and Lebanon.

With her wide background of travel and knowledge of other lands, Mrs. McKeith is unusually well qualified to speak of her experiences and observations and to tell of the work of the American Board of Foreign Missions in the Near East. She has chosen the subject "Towers and Minarets."

The Mission Union Board will hold a short meeting after the program.

Marilyn Chase, daughter of Mr. and Mrs. Francis G. Chase of Salisbury street, a junior at Colby Junior College, is assistant sports manager of the Colby Recreation Association, sponsor of the Colbytown Winter Carnival scheduled for the week end of February 23 and 24.

CUMMINGS — NASH

White carnations, peonies and snapdragons decorated St. Mary's Church Saturday morning, February 3, for the marriage of Miss Alice Frances Nash, daughter of Mr. and Mrs. John J. Nash of Nelson street, to John J. Cummings, Jr., son of Mr. and Mrs. John J. Cummings of Providence, R. I.

The bride was given in marriage by her father and attended by her sister, Mrs. Joseph P. Kenny.

The bride wore a gown of white tulle over a gown of satin, the skirt extending to form a train. Her fingertip-length veil of nylon illusion was caught to a satin calot trimmed with seed pearls and she carried a bouquet of white gladiolus and stapanotis, centered with a white orchid.

Mr. and Mrs. Kenneth A. Heaton, brother-in-law of the bridegroom, were best man, and the ushers were John F. Nash, and Joseph I. Nash of Winchester, brothers of the bride.

A reception was held after the ceremony at the 1790 House in Woburn, the parents of both the bride and bridegroom assisting in receiving. Mrs. Nash, mother of the bride, was gown in turquoise crepe and wore orchids with her matching accessories. The bridegroom's mother, Mrs. Cummings, wore light blue crepe with pink accessories and a corsage of pink orchids.

Upon their return from a wedding journey to Miami, Fla., Mr. and Mrs. Cummings will make their home in Providence. The bridegroom, a graduate of the Union Bank in Providence, is a graduate of Holy Cross College.

DEATH TAKES A HOLIDAY

Death Takes a Holiday, written by Albert Cassella and rewritten for the American stage by Walter Ferris, will be presented by the senior and junior classes of Winchester High school on Saturday evening, February 17, at 8:15 in the Winchester High School auditorium. This play is drama at its utmost, and is considered an extremely difficult play for a high school group to perform. The cast, consisting of eight juniors and five seniors, has been working hard since late last December, under their very able director, Mr. Thomas Morse, speech teacher and dramatic coach at the high school.

Dorothy Brandt as Grazia and Earl Carrier as Prince Sirke play the leading roles. John Borden as Baron Cesarea adds little touches of humor throughout the play.

Although only thirteen students will take part in the actual presentation of the play, many others have taken part in the small but very important technicalities which are attached to all undertakings of this sort.

Cost: Dorothy Parker; Fedele—Harold Quigley; Duke Lambert—Jost Michelson; Alida—Shells Gray; Duchess—Stephanie—Carolyn Buracker; Princess of San Luca—Sona Norian; Baron Cesarea—John Borden; Rhoda Fenton—Marjorie Dexter; Eric Fenton—Ronald MacKenzie; Corrado—Richard Rush; His Servant—Highness, Prince Sirke, of Vitalita Alexandri—Earl Carrier; Major Whitread—David Archibald.

OPEN HOUSE AT FIRST CONGREGATIONAL CHURCH SCHOOL.

Parents and friends are cordially invited to see the First Congregational Church School in action on Sunday, February 11, when the annual Open House will be held. Visitors to the Junior High Department will be welcome at 9:30 and participate with the students in the worship service after which the parents will go to their children's classroom with the teacher while the children see a movie in the department room.

Kindergarten parents are invited from 10:00 to 10:35 to see the Kindergarten in action. Children will remain for the rest of the period in the Kindergarten while the parents attend the morning church service.

Nursery children will have their regular session at 10:45, but visitors are not invited since Nursery children do not respond well to a host of observers.

At 4:00, Primary, Junior and Intermediate Departments will have their regular session. There will be no morning classes for these children. Attendance in the afternoon counts on the child's record. Visitors will have an opportunity to meet the child's teacher in the classroom. Children will have movies and refreshments in the Social Hall following the class session while the parents are in Ripley Chapel.

A dinner will be awarded to the department having the highest percentage of visitors. It has been won for the past two years by the Primary Department.

WHO IS TO BE THE LUCKY WINNER

Through the generous co-operation of Mr. Ralph Bonnell of Bonnell Motors, Inc. Ka Society will once again have the opportunity to feature a Ford Custom Sedan at their Street Fair in May and the chances are already going like the proverbial hot cakes so anxious are one and all to become the proud possessor of this beautiful car.

Here's hoping that some person in Winchester will be the lucky winner this year!

ELKS SEEK YOUTH LEADERS

Winchester Lodge of Elks 1445 is seeking the boy and girl who are the outstanding leaders among the youth of this community to nominate them for an award in the nation-wide Youth Leadership Contest of the Benevolent and Protective Order of Elks, Carl E. Getchell, Exalted Ruler of the Lodge, announced today.

This is not a scholarship contest, but is an effort by the Elks to recognize the qualities of democratic leadership shown by our young people, and to encourage them to prepare themselves for their future roles as leaders of the nation. Contestants will be rated only on their demonstrated leadership, organizational ability, citizenship, personality, character, resourcefulness and general worthiness.

Thirty-four national prizes totaling \$4,000, U. S. Savings Bonds will be awarded, with boys and girls competing separately for 17 individual awards. Prizes are: first, \$400 bond; second, \$300 bond; third, \$200 bond and 14 other awards of \$100 bonds. The awards, to be known as the Elks National Foundation Leadership Awards, were financed by a grant from the Foundation.

Suitable awards, to be announced later, will be made to the boy and girl chosen as the outstanding leaders in this community. They will be entered in the state contest, to be conducted by the State Elks Association, and the winners there will be entered in the national contest.

The contest is open to all boys and girls 18 years of age or under. Application blanks are available from Charles A. Farrar, P. E. R., at 12 Myrtle street, Winchester, and parents, teachers, clergymen and leaders of youth groups are especially urged to nominate boys and girls who they think merit consideration.

DON S. GREER
CANDIDATE FOR
SCHOOL REFERENDUM

For fifteen years I have lived in Winchester, enjoying the benefits of its good town government. I believe the time has come when I should do my part to help keep it that way.

The past three years I have served on our Finance Committee. As a college graduate in engineering, with over twenty years' business experience, designing and manufacturing large industrial machinery, I believe I can bring to the Board of Selectmen mature judgment and administrative experience, which is necessary and helpful.

I will appreciate the opportunity of serving you and hope to be favored with your vote.

BRAHMS REQUIEM MARCH 11

Again residents of Winchester are privileged to hear one of the monumental choral works, considered by many musicians the greatest of the German Requiem of Johannes Brahms, performed by the Unitarian Choir, augmented by the Mary Witham Singers and other local well known vocalists. Under the direction of Mary Witham and Thomas Heague, tympanist. This performance will take place on Passion Sunday, March 11 at 4:30 in the Unitarian Church.

Two seasons ago, this outstanding choir made musical history locally with the performance of this great work never heard in its entirety except by a metropolitan group because of the technical difficulties of the score and the extreme demands made upon the musicianship of the singers. All are invited to this service of music which will be conducted by the minister of the Unitarian Church, Rev. Robert A. Storer.

NEW DEVELOPMENT AT HIGHLANDS

War conditions have not retarded house building in Winchester to any appreciable extent. Individual houses are going on around town, with preparations for one being made on the Cusack property which was the old Ginn Estate, fronting on Central street. This will make the fourth house in this development, three having already been completed.

In the Highlands a large development of some 12 to 15 houses is about to start on Washington street north of Forest street on the old Wakefield property opposite the Watchland Factory.

Contractor Millyan, who will develop this property, had announced that the houses will be in the \$20,000 class and will be on good sized lots.

Another developer is working in the Highlands not far from this Washington street development, with the Millyan development on Forest street will add many new homes to the Highlands district.

SCHOOL REFERENDUM FEBRUARY 26

The Selection on Monday evening, February 26 as the date for the School Referendum, will take place at the town hall from 7 a. m. to 7 p. m.

The referendum is being held on the decision of the recent special town meeting, the members of which voted once more to accept the School Building Committee's "Alternate Plan" to enlarge the senior high school to use a four year high school and remodel the senior high school to house a two year junior high school. A previous referendum held on the same question resulted in the defeat of the plan by a very narrow margin. A two-thirds vote is necessary for acceptance of the "Alternate Plan" because of bond issues involved.

MISS MCINTYRE ENGAGED

Mr. and Mrs. John E. McIntyre of 7 Sheffield West received at home on Sunday afternoon to announce the engagement of their daughter, Janet Louise, to Gordon R. Bryan, Jr., son of Mr. and Mrs. Gordon R. Bryan of Nichols, Conn. Miss McIntyre is a graduate of Winchester High School, attended Pembroke College and is now at New York Hospital, Cornell University School of Nursing.

Mr. Bryan is a senior at Brown University where he is a member of the Naval Reserve Training Corps and Sigma Nu fraternity.

BIRTH

Mr. and Mrs. David B. Thomas, Jr., of Maxwell road are the parents of a third child and first daughter, Betsy Ann, born February 14 at the Winchester Hospital. Grandparents are Mr. and Mrs. Charles M. Damon of Haverhill and Mr. and Mrs. David B. Thomas of Torrington, Conn.

KIRBE — PRESCOTT

On Saturday, February 10th, Miss Jane Elaine Prescott daughter of Mr. and Mrs. George E. Prescott of Waterbury, Vermont, became the bride of John Foss Kirbe, son of Mr. and Mrs. Evan A. Kirbe of the Waterbury, Vermont.

The ceremony was performed at the Bethany Congregational Church, Montpelier, Vermont by the Reverend Herbert E. Smith, and a reception followed at the Alma Stone Memorial.

Given in marriage by her father, the bride wore a gown of white satin, fashioned on princess lines with illusion veil trimmed with a coronet of seed pearls. She carried a bouquet of white roses. Her only attendant was Miss Raylene Clark of Montpelier, who wore a gown of apricot tulle accented with peacock blue velvet and carried an old fashioned bouquet of sweet peas and roses. Evan A. Kirbe of Winchester was his son's best man and Gordon E. Prescott, brother of the bride, acted as usher.

For her daughter's wedding Mrs. Prescott wore a gown of dove gray crepe. The bridegroom's mother wore a gown in emerald green crepe.

Miss Kirbe, a graduate of Montpelier High School, also attended the University of Vermont. Mr. Kirbe is a graduate of Dartmouth College, class of 1946, and attended Massachusetts Institute of Technology. During World War II he served overseas with the Army. After a wedding trip to Canada, Mr. and Mrs. Kirbe will make their home in Cambridge.

COUNTRY CLUB FORMAL SATURDAY

The Winchester Country Club will hold its annual Winter Formal tomorrow evening at the club house, with dinner preceding the dance, commencing at 7 o'clock. Dancing will continue from 9 o'clock until 1 with Rudy Newman's Orchestra furnishing the music.

Already plans are underway for the club's annual Costume Party to be held on March 17.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Robert G. Allen of 11 Benner street, Medford, announced the birth of a second child, second son, on Monday, February 12, at the Winchester Hospital. Grandparents are Mr. and Mrs. George Withrow of 28 Sheridan Circle.

Mrs. Allen is the former Doris Withrow.

BIRTH

Dr. and Mrs. George R. Bancroft of Kennelbushport, Me., are receiving congratulations upon the birth of a daughter, Judith Lee, on Sunday, February 11. Mrs. Ernest C. Barron is the maternal grandparent and the paternal grandmothers are Mr. and Mrs. George Bancroft, all of this town.

MRS. ANNIE E. MURPHY

Mrs. Annie E. Murphy of 35 Mystic Avenue, wife of James J. Murphy, died Friday night, February 9, at her home, following several weeks' illness.

Mrs. Murphy had lived in Winchester for 48 years and was held in high esteem by a wide circle of friends among long-time residents of the town. She and her husband were among Winchester's oldest married couples, having been married here on May 30, 1888. Daughter of Patrick and Beatie O'Hara of Macon, Mrs. Murphy was born February 14, 1865, her death occurring only four days before her 86th birthday.

Surviving, besides her husband, are three daughters, Mrs. Mary Hevey and Mrs. Helen Finn, both of Boston, and Mrs. R. C. Bertelley of Daytona Beach, Fla.; five grandchildren, six great-grandchildren and two brothers, Peter, Mary of Dorchester, formerly of Winchester, and Thomas, Mary of Woburn.

The funeral was held Monday morning from the Lane Funeral Home with high mass of requiem celebrated at St. Mary's Church by Rev. F. William Walsh. Interment was in Wildwood cemetery where the committal prayers were read by Rev. Fr. Charles Anderson.

LESLIE FRANKLIN GAYTON

Leslie Franklin Gayton, 92, of 287 Highland Avenue, died Sunday morning, February 11, following a long period of failing health.

Mr. Gayton was the son of Captain James and Minnie Hamilton Gayton. He was born November 26, 1858, in Lower Ayer, N. S., later living for many years in Malden where he was for 40 years a member of Middlesex Lodge of Odd Fellows, and for more than 30 years, of Mt. Vernon Lodge of Masons. His retirement some years ago he had been associated with the Boston Elevated Railway Company.

Mr. Gayton had lived in Winchester with his daughter, Mrs. Edna S. Mitchell, since the death of his wife, the former Bertha C. Hough, in August, 1929. Besides his daughter, he leaves a sister, Miss Sarah E. Gayton, of Granville, N. S. Funeral services were held Tuesday afternoon at the A. N. Ward and Sons Funeral Home in Malden with Rev. Walter Lee Bailey, pastor of the First Baptist Church, officiating. Interment was in the Salem Street Cemetery, Malden.

GUY FRANCIS MERENDA

Guy Francis Merenda of 65 Nelson street, president and manager of the Merenda Film Company, died Saturday evening, February 10, at the Winchester Hospital. He had been ill for six months, during which he had been hospitalized three times. He had been critically ill at the hospital for the past two weeks.

Mr. Merenda was the son of Carmelo and Catherine (Mancano) Merenda. He was born January 6, 1905, in Messina, Italy, but came to this country as a boy of five, settling in Boston where he was educated in the public schools. Later he lived in Everett where he learned the film-making business from his father.

On January 1, 1927, Mr. Merenda married Frances Debra of Winchester and they spent all of their married life in this town, living for the past 21 years at their Nelson street address.

Upon coming to Winchester, Mr. Merenda established his own film making business, which under his management increased and prospered, recently including one of the largest London film-making companies, which he had in England, and that for the Federal Building housing the Boston Postoffice. With a staff of 25 expert workmen Mr. Merenda had contracts in many places throughout the country as far south as Tennessee. At the time he became ill last August he received and was forced to sign a contract for work to be done in Tel Aviv.

Mr. Merenda was widely known, not only to the film-making trade but generally as a friendly, generous, and willingness to serve, helping him friends whenever he went. He was a member of Woburn Council, Knights of Columbus, and of the Local Order of Moose in Medford. Mr. Merenda leaves his wife and mother, the latter living in Everett. He also leaves two sons, Charles F. and Robert G. Merenda, both of Winchester; a daughter, Carolyn P. Merenda, who is a first-year student at the New England School of Art; a grandson, Mark C. Merenda, three granddaughters, Miss Joanne Merenda, Miss Marie Merenda and Miss Mildred Di Gregorio, all of Everett; and two brothers, Joseph of Winchester, and Joseph Merenda of Leghays.

The funeral was held Wednesday morning from the late residence with high mass of requiem followed by solemn requiem high mass celebrated at St. Mary's Church at 10 o'clock.

Rev. Fr. William Walsh was celebrant, Rev. Fr. Francis O'Neill, deacon, and Rev. Fr. Charles Anderson, officiating.

Honorary bearers, representing Woburn Council, K. of C., were Dennis Maher, P. E. R., Edward G. F. McGarry, Salvatore Carbone, John Cullen and John Callahan. Bearers were Police Officer Robert Elliott and Edward McGarry, both of Everett; Anthony Marinello of Malden; Leo Keefe of Somerville; Michael Corbett of Medford and Emilio Trabucchi of Saugus. Floral tributes numbered more than 100 pieces. Interment was in Wildwood Cemetery where the committal prayers were read by Father Anderson.

JOHN J. FLAHERTY

John J. Flaherty, a former well known resident of Winchester, died early Sunday morning, February 11, at the home of his daughter, Mrs. Mary Moore, 24 Bryant street, Woburn, after a short illness. He was 85 years old and had been living in Woburn since the death of his wife, the former Ellen J. Keady, who died in 1948.

Mr. Flaherty was a native of Ireland, but had been a resident of Winchester for more than half a century, and until his retirement, was employed as a machinist.

Besides his daughter in Woburn, he leaves two daughters, Mrs. Elizabeth Delaney of Waltham and Mrs. Helen Liscomb of Brookline; five sons, Patrolman James E. Flaherty of the Winchester Police Department, Thomas and Martin F. Flaherty, also of Winchester; John W. of Lexington and William J. Flaherty of Somerville. There are also 31 grandchildren and 16 great grandchildren, and two sisters, Mrs. Sarah Geoghegan of Woburn and Mrs. Mary Cavanaugh of the Bronx, N. Y.

The funeral was held Wednesday morning from the late residence, with solemn requiem high mass at the Immaculate Conception Church. Interment was in Calvary Cemetery.

CASTELLI — JENNINGS

Mr. and Mrs. Irving Everett Jennings, 127 Church street, announce the marriage of their daughter, Miss Orla Jennings, 180 E. S. Navy, to Mr. Rudolph Edward Castelli, Jr., son of Dr. and Mrs. R. E. Castelli of Teaneck, N. J., on February 21 in Washington, D. C.

Both were graduated from Colby College, Waterville, Maine, with the class of 1950. They are making their home in Washington.

DOE — BONNELL

Wearing traditional ivory satin and carrying carnations and hyacinths, Miss Shirley Holbrook Bonnell, daughter of Mr. and Mrs. Ralph H. Bonnell of Falls, was married on Saturday afternoon, February 10, at the Unitarian Church to Charles Franklin Doe, son of Mr. and Mrs. William A. Doe of Follen street, Cambridge. The Rev. Robert A. Storer, minister of the church, read the 146th psalm in setting of white madrigals and gladioli with a background of cyclamen ferns. Mary Ranton, Winham, church organist and director of music, played for the entrance of the bride party.

Miss Bonnell was given in marriage by her father. Her gown was fashioned with a light neckline and a yoke of Chantilly lace, edged with a scalloped band of satin and lace and having a fitted bodice, with long, pointed lace sleeves and a beaded skirt, accented by a circular chain. Her fingertip-length veil of tulle was caught to a fixed comb and fastened by a row of pearls. Her shoes were arranged in a semicircular bouquet.

Mr. Doe, a single child of Selma and another sister, Mrs. Beverly Bonnell, was born in Andover, Mass. He is a graduate of Harvard University and is now a member of the U. S. Navy. He is the son of Mr. and Mrs. John Doe of Winchester, and Mrs. Mary Gentry of Andover.

All the bride attendants wore dresses of tulle, the mother of the bride and the junior bridesmaids wearing yellow and the bridesmaids pale green. All carried bouquets of white gladioli and carnations, and the bride carried a bouquet of white gladioli and carnations.

Robert Doe of Belmont was best man for the bride and the color bearer. The bridesmaids were Misses Margaret Martin of Belmont, Ralph H. Bonnell, Jr. of Winchester, brother of the bride, and L. Donald Cole of Salem. Another brother of the bride, Bruce Bonnell of Winchester, was junior usher.

After the ceremony a reception was held at the Winchester Country Club which was decorated with ferns and spring flowers. Parents of both the bride and bridegroom assisted in receiving with the Matron of Honor.

Mrs. Bonnell, mother of the bride, wore a western chignon gown with pink cyclamen orchids. The bridegroom's mother, Mrs. Doe, wore a gown of white gladioli and carnations. She and the bride were both wearing white and silk chignon.

Upon their return from a wedding journey to Fort Lauderdale, Fla., Mr. Doe and his bride will make their home in Cambridge.

The bride is a graduate of Winchester High School and of Lasell College. Mr. Doe is a graduate from Knibb Union Academy.

MISS JACKSON, MR. WHITE ENGAGED

THE REAL FACTS ARE WINCHESTER SECONDARY SCHOOL BUILDINGS ARE INADEQUATE NOW

There have been many counterclaims in respect to the proposed solution to our secondary school building problem. The Volunteer Committee has made an independent investigation to find out exactly what the REAL FACTS are.

The FACTS uncovered provide striking proof that our Secondary School buildings are highly unsatisfactory. The Wadleigh, abandoned as a school in 1931, is obsolete while the Senior and Junior High School buildings are seriously lacking in facilities and space for a complete educational program for all children.

There is only ONE possible conclusion — which the WHOLE TOWN should fully realize.

Our Winchester secondary school buildings ARE NOW GROSSLY INADEQUATE and OBSOLETE. From any educational point of view PHYSICAL CONDITIONS in these schools ARE HIGHLY UNDESIRABLE as of TODAY.

The large increase in the elementary school population during the past ten years inevitably means that this already bad situation will become STABLY WORSE.

In FAIRNESS to OUR CHILDREN in ALL SECTIONS of Town THESE BAD CONDITIONS SHOULD BE CORRECTED PROMPTLY — IMMEDIATELY — NOW

TROOP 12 AT BOSTON SCOUT SERVICE

Troop 12, St. Mary's, Boy Scout Troop, participated in February 11 in the annual observance of Catholic Scout Sunday at the Cathedral of the Holy Cross in Boston. Scout leaders and spiritual directors, through the spacious Cathedral, the hushed National and Scout Colors adding to the impressive scene of the scene.

Highlighting the Cathedral program was the award of the "Ad Altare Dei" (to the altar of God) to 292 Scout, who had qualified for the award by work under their troop chaplains. The "Ad Altare Dei" of the Catholic Scouts corresponds to the Protestant Scouts' "For God and Country" and the "Eternal Light" of the Jewish Scouts. All are awarded for faithfulness in reverencing religion.

Archbishop Richard J. Cushing personally conferred the "Ad Altare Dei" award, and the Winchester Scouts were proud that one of their number, Thomas Morrissey, was among the recipients.

The Archbishop stated that the Boston Diocese leads the entire country in the number of boys Scouting. He told the boys that their Scout training is quite fitting them to become the highly needed leaders of tomorrow and predicted that many Catholic Scouts would become priests, to whom there is now a pressing need. He announced a Scout waste paper drive in the spring to help the new House for Destitute Children to be located in Jamaica Plain.

Instead of the usual busses, the Winchester troop made the trip to the Cathedral in private cars. Rev. Francis O'Neill, Troop Chaplain and CVO Director, drove Scout David Delouze, George Wheaton, Bill McCormack, Paul Stevens, Peter Cullen, Ernest Reardon and

Owen Reardon, with Coe Chairman Philip Savage driving. Thomas Morrissey, Robert Thorne, Joseph Russo and Arthur Juliano, Scouts. Laurence Edmund, Tony Doyle, Larry Baislow, Edward McPartlin and Kenneth Keyes rode with Commitment Vincent Reardon.

CHILD OF THE INFANT SAVIOR

With an unusually large turnout of members and friends, our Valentine Dessert Bridge Party at Tuesday was one of the pleasantest parties of the year thus far. The weatherman cooperated by giving us a perfect day with a hint of spring in the air and we spotted quite a number of straw bonnets in the gathering so much so we can safely say winter is nearly over. There were many beautiful prizes both on chances and for bridges and the lucky chance prize winners were Mrs. Thomas Rice, Mrs. Joseph Donaghy, Mrs. George Welsh, Mrs. Eugene B. O'Keefe, Mrs. Arthur R. Center, Mrs. Theodore McCarthy, Mrs. Josephine M. Brink, Mrs. Helen Hegarty and Mrs. Grace O'Donoghue. The bridge prize winners were so numerous we won't attempt to list them all, but here are the top ten scorers of the day: Mrs. R. Everett Mitchell, Mrs. Alice Haines, Mrs. Harold J. Brown, Mrs. Joseph McGarrigle, Mrs. H. P. Egan, Mrs. Eugene McCabe, Mrs. Charles H. Hart, Mrs. M. G. Moffett, Mrs. N. H. Purinton and Mrs. Charles H. Farver.

You won't want to miss our next meeting on Tuesday, February 27th, when we will present Mrs. Henri Blane of the R. H. Stearns Co., speaking on "Your Table - Its Decorative Possibilities." Its Place in gracious living. This is a subject dear to the heart of every homemaker and we know you will come away with many new and unusual ideas, so plan now to be present and bring along a guest. That's Tuesday the 27th. We'll see you then.

Winchester at Smith College

The annual Alumni Council at Smith College will be held February 12 through 15 on the college campus, and it is expected that about 200 Smith alumnae representing classes and local clubs in various parts of the country will come to Northampton to renew their contacts with the college.

Delegates from Winchester are Mrs. Mary E. Egan, Mrs. Egan's second, Chairman of the Finance Committee; Mrs. R. A. Drake, 6 Laganza street; Mrs. H. V. Farnsworth, 4 Central street; and Mrs. D. E. Woodson, 4 Overlook Way, representing their classes, and Mrs. S. E. Neill, 5 Overlook Way, representative of the Winchester Smith College Club.

FORM TO PRESENT COE

31. Senior Forum of the First Congregational Church will have as their speaker Sunday morning, Dr. Albert Buckner, Coe, President of the Massachusetts Congregational Conference and Missionary Society. Dr. Coe is looking forward to addressing the largest and most active youth group in his jurisdiction, and the Forum feels very fortunate to have Dr. Coe take time out of his very busy schedule to be with them. His subject is, "I Believe in the Church."

Charles Zimmerman, Jr., will be the chaplain, assisted by Henry Hooper. The offering will be received by Richard Singer and William Sipp, and ushers will be Allan Fairness and Everett Lombes.

On Tuesday, February 20, Forum will be hosts to 41 young people and adult advisers from the youth group of the Congregational Church of Chatham, New Jersey. These young people are making a bus trip to New England and wished to visit a strong youth group while they are here. Forum young people will entertain them at a supper and party in the church Tuesday night, and in their homes overnight. The Chatham young people will return Forum's hospitality the next time the Forum makes a trip to the United States.

On Monday of vacation week, Forum boys will make a trip to the Charles own State Prison, leaving the church at 9:15. On Wednesday, February 22, Forum girls will visit the Framingham Reformatory for Women, leaving the church at 12:45. These trips are sponsored by the Forum Service Committee under the leadership of Carolyn Padelford and Dick Bush, assisted by Mrs. Ross Cunningham and Mrs. Thomas Hill.

ATTENDED NATIONAL INSTITUTE CONVENTION

Mr. John Caruthers of Pine Street attended the national convention of the National Institute of Cleaners and Dyers last week in Atlantic City, and in an address to the convention presented a new accounting classification plan which had been developed by the National Accounting Council of the Textile Maintenance Industries, of which Mr. Caruthers is Chairman.

This classification plan, which has been accepted by the National Association of the six industries representing in the group, will make possible comparisons of costs on a national basis by the thousands of plants engaged in laundering, dry cleaning, ironing, supply and distribution, including cleaners and industrial laundries. The accounting plan of which Mr. Caruthers is the main force for many years, is included in an accounting for this group of industries.

THE JR. MRS. GUILD

The Jr. Mrs. Guild of the First Congregational Church in Winchester will meet on Tuesday evening, February 17, at 7:45 p.m. in the Ladies' Parlor.

The program will be a book evening, "What's New in Books," presented by Mrs. Robert Koenig, a member of our church and a book reviewer who, in the past, has delighted her audiences with her keen analysis of current books.

Mrs. Lawrence Pexton has arranged the program, and Mrs. Otis Janson is in charge of the refreshments, assisted by Mrs. Robert Lowry and Mrs. John Jackson. All women of the church are cordially invited.

V. F. W. AUXILIARY

The Ladies' Auxiliary to V. F. W. will sponsor a dance Saturday evening, February 17, at Warfield Hall. Dancing 8 to 12 and drawing in a \$25 Government Bond. It is hoped that all members will attend to make this dance as successful as last Christmas Dance, and everyone is cordially invited.

An important booklet entitled National Water Policy is "A Statement of desirable policy with respect to the conservation, development and use of national water resources." This report was prepared under the auspices of the National Water Policy Panel of the En-

gineer's Joint Council. The Council is an organization of five national engineering societies: American Society of Civil Engineers, American Institute of Mining and Metallurgical Engineers, American Society of Mechanical Engineers, American Institute of Electrical Engineers and the American Institute of Chemical Engineers.

Mr. Elmer D. Fletcher of Lancaster street, one of Winchester's own engineers recommended the National Water Policy report to the library staff, the thought that many Winchester people would be interested in it. Ask the Reference Librarian for it. You may borrow the booklet for a period of 7 days.

Lenient Reading lists compiled by Mrs. Virginia Bennett, Reference Librarian, are now ready. The library will mail them to Winchester residents on request.

was rudely upset by Stoneham High as they dumped the locals 55-50 at Stoneham last Friday night in a poorly played contest. The game was played under protest by Coach Ted Bartlett when only one league official was present and a substitute was pressed into service at the last moment.

The first period was a fast-moving session with both teams scoring freely as Stoneham took a 20-16 lead at the end of that quarter. The second period continued at a fast tempo as Stoneham raised two more points to lead 34-28 at the half. Both teams tightened their defenses in the third period and the Winchester gained two points to trail 42-28 as the teams squared away for the final quarter. The game continued to be a close one, the final period to go ahead 48-42 at the four-minute mark and it seemed that they were on the way to another 60-point game from behind.

A missed shot, however, on which Stoneham scored immediately on a fast break gave Stoneham the lead again and the locals just could not catch them.

The Red and Black seemed to suffer a letdown after their great victory over Belmont the previous Tuesday as they were sharp and decisive in their play making and were poor defensively. Doug Hawkins turned in a brilliant effort, as he represented more than half of the Winchester offense. His teammates were unable to give him help, however, as they were way off form in their shooting and general offensive play. The absence of Long and Forrester because of illness and the loss of Murphy via the protest foul certainly in the fourth period on some cold off-putting was too much of a handicap for the locals to overcome a good Stoneham team, but one which is not better than Winchester as the records prove.

The coming was a complete loss. Stoneham as the second team dropped a 25-21 decision to the Stoneham Seconds to break their 14-game victory streak. Trailing 25-21 at the end of the third quarter, the locals made a gallant bid for victory as they closed the game.

to one point in the final period before Stoneham pulled away again to win. Norman Howard with 17 points and Bob Flaherty with 10 were the high scorers for Winchester.

ing to the President of the organization, the President of the Chamber of Commerce in the City, and the President of the Board of Education. The meeting will be held on March 14th, at 8 p. m. at the City Hall, at which time William Gilman, Past Campaign Chairman for the Malden Red Cross, will be the principal speaker.

With the many additional requirements, the quota to be raised by Red Cross has been increased by approximately 40%. The Winchester Chapter is expected to raise \$2,000.

Among the many facilities offered by the local chapter are: Blood Honor, Cadettes, Community Chest, Emergency Medical Service, First Aid, Gray Ladies, Home Service, Junior Red Cross, Nurses Office, Motor Service, Nurses Aides and Red Cross Cafeteria.

The Chairman of the above services indicate that outstanding work has been performed for the community and that the chapter has been reformed in other districts, especially at the Bedford Veterans' Hospital, The Children's Hospital, Boston State Hospital and Little Wanderers' Home, to mention a few.

The fine results of the Red Cross Water Safety Program with its swimming pool have been recognized annually at Leonard and Waverly Beaches are known to many.

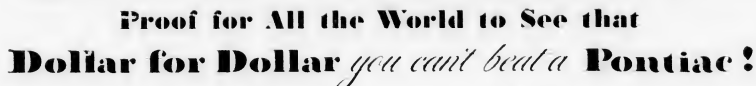

Invited to enter two pictures in the association's exhibition to be held at the Hotel Marlborough on March 24th in the gallery of the Twentieth Century Association at 3 Joy Street, Boston. Pictures suitably framed should be sent to 17 Forestwick road on February 24st, between 9 a. m. and 9 p. m. For further details, please call Mr. Mann, Winchester 6-6021-M.

Mr. Ralph K. Pomeroy, member of the Public Relations staff of J. C. Squire Company, will speak before the Men's Brotherhood of the First Baptist Church Sunday, February 18th, at 9:30 a. m. Mr. Pomeroy's talk "This is Our Problem" will deal with the socialistic and communistic dangers which threaten democracy.

Men's groups from other churches of Winchester have been invited to attend the service and breakfast preceding at 8:45 o'clock.

The Youth Fellowship of the Crawford Memorial Methodist Church are organizing today and will meet at the church tomorrow (Saturday) at 2 o'clock for the purpose of collecting for the "Paper" campaign, old rags, and iron in their voluntary project of helping the parsonage in its Lenten pledge of at least \$100.

Dorothy Lane, the Wilsons of Dunster Lane had the children go around the neighborhood and finally collected 100 pounds of paper, a half-ton of paper and magazines.

Another little fellow, Terry Longworth, aged 7, came to the parsonage with his "car" of old newspapers and magazines, and knew where the "paper-man" was.

After the special drive, members and friends of the parish may contribute to the "Paper" campaign through the Lenten season and the parsonage will accept the gift.

National and Ladies of the Old Fellows. The first of the evening was given to the "old and on-going" last Monday night. A team captained by the "old" St. Louis A. C. won the game by a score of 10-0. The team came from a team captained by the "family" old known to most as Fred McBeth. The first half of the evening was heard of by the "old" and the "new" alike. Although Fred and his team were beaten at football, he was kind enough to make, and serve, one of the best chowders in the city. The players, if Fred could play ball the way he makes these chowders, there is no doubt as to which team would win. The "old" and the "new" was one of many to be held in the near future. All members of the Old Fellows are cordially invited to the next meeting, which will be on an evening of good fellowship.

The following list of Contagious Diseases was reported to the Board of Health for week ending, Thursday, February 8:

- 1 case of Mumps
- 3 cases of Scarlet Fever
- 1 case Dog Bite

My "noitering" time at railroad terminals is usually reduced to the barest minimum—rushing through in the morning on my way to work, or the dead run at night to protect my sleep.

At this time I was already in the station—with many whole minutes to wait before my wife's train arrived from Down East.

Sauntering up and down the main concourse and finally reaching the pleasant-looking gateman. "Can you tell me what track the train from Portland will come in on?" I asked him. "Track 18 is its regular track," he said in a regular, steady, buzzy-sounding, "Wait a minute," he said, and walked over to the telegraph. He studied it for a few seconds. "On time," he said, "and on track 22."

He then gave me the same track every night."

I queried, "Seems to me that

The Fortnightly's Lincoln Day program on February 12 featured an afternoon of music by students from the New England Conservatory of Music. The stage beautifully decorated by Mrs. Roger Bargeyue with a picture of Abraham Lincoln as its centerpiece, and the colorful design of the Patriot tentable arranged by the hostesses, Mrs. Erskine Kelly and Mrs. R. A. Smith was a musical theme in itself.

As a special treat for the occasion, John Wanamaker, guest soloist, sang "The Lord's Prayer" as the Club's invocation.

Mrs. L. Leathe S. Art chairman reported the following Fortnightly members who are contributing to the Art Exhibition and sale by the State Federation, held at Horticultural Hall, Boston, February 22-March 3.

On March 2, Wednesday Day, the Festival of Art, Grown with the children of the 8th District, exhibited in the Cultural Hall and it is hoped that many grown up from Wm. Peter will be present.

The "Personal program opens with John Walmer" singing two Sad: Water Ballads, "Trade Winds" and "Mother Carey" by John Massfield. As an encore Mr. Walmer delighted his audience by singing the well-known, popular number

MRS. BLAKE PLAYS LEADING ROLE

Mrs. Robert Blake of Grove street will play the feminine lead in Noel Coward's hilarious farce hit "Blithe Spirit" which will be presented on Friday and Saturday evenings by the Drama Department of the Boston Conservatory of Music at the Conservatory Theatre, 31 Hemenway street, Boston.

Mrs. Blake has played many roles with the Little Theatre Under the Stars at the First Congregational Church, among them the part of Ruth in "Blithe Spirit" which she is doing at the Conservatory. The production is under the direction of Harlan Grant, director of the Boston Conservatory Drama Department who for the past four years has also directed the plays at the Congregational Church.

D. A. R.

Rev. John Snow, Jr. will be the guest speaker of the meeting of the Committee of Safety, Chapter of the Daughters of the American Revolution on February the 16th at 2:30 p.m. He will present a dramatic monologue on the life of Paul. This program has been given with great success in various churches in New England and is to be given at this time in response to a special request.

At the January meeting in the First Congregational Church Mrs. Earle E. Andrews was the hostess. In addition to the delegates who were elected to the Continental Congress to be held in Washington, D. C. April, Mrs. Clara Russell and Mrs. Paul Stoneman's names as alternates were omitted in the Star of January 26.

MERRY MARTHAS ELECT

The Merry Marthas held their February meeting on Wednesday evening the seventh. In place of their usual devotional exercises the group attended in a body the first Union Lenten Service. After the service they gathered at the home of Mrs. George Hendricks, 4 Komforth road. At the business meeting the following new officers were elected: Sunshine Chairman, Mrs. George Hendricks, Publicity Chairman and co-chairman, Mrs. George Stone of Nathaniel road and Mrs. John W. Cook, 473 Washington street.

At the social hour that followed delicious refreshments fashioned in keeping with the Valentine season were served by the hosts. The next meeting will be held at the home of Mrs. John W. Cook at 473 Washington street. The devotional leader will be Mrs. Henry Clark of 550 Washington street.

DEATH TAKES A HOLIDAY

Alleria Cassella's Death Takes a Holiday will be presented tomorrow evening at 8:15 in the High School auditorium by the Junior and Senior classes of Winchester High School as their annual Junior-Senior play. Death Takes a Holiday has been referred to as good entertainment even though difficult for a high school group to perform. It is a play of moods and romance, and is noted for its elaborate costuming. The entire action takes place in an Italian castle. Curtain times 8:15 Saturday evening.

W.H.S. PARENT - FACULTY MEETING

The Annual Meeting of the Winchester High School Parent-Faculty Association will be held in the school auditorium March 1 at 8 p.m. Highlighting the meeting will be election of officers and a talk by Dr. Douglas H. Norris, superintendent of schools. Mrs. J. H. Conn is the present president. A chorus of junior high school students will sing under the direction of Miss Eleanor Amfants, director of glee clubs. Dr. Norris' subject will be "Our High School, 1904-1951."

LEADERSHIP...

General George Washington, able commander, statesman, and president whose birthday we commemorate on February 22nd, had many sterling qualities. As we turn back the pages of history we find that perhaps the most outstanding of these was his inherent ability to lead — men and a nation.

In our particular business leadership presupposes some important qualifications also — diligent craftsmanship, years of experience, and a continued striving for perfection. You will find all this and more at

POWERS' MODEL, GUEST OF
GEORGE WASHINGTON
MOTHERS

The president of the Mothers' Association, Mrs. Thomas Partle, opened the meeting, held Tuesday, February 13th, with a greeting to the Mothers, and an appeal for blood donors. Mrs. Robert Lowe gave a brief financial report, as Treasurer, followed by a report from Mrs. James deRevere, Secretary.

After this brief business meeting Mrs. Robert Holland, Chairman of the Entertainment Committee, introduced Miss Betty Long, glamorous blonde Powers' Model who spoke on "A Housewife may be Glamorous." It was truly intriguing and enlightening to see the beautiful Miss Long starting with a good black basic dress, and a variety of stoles, hats and earrings, etc. produce many and varied costumes for all phases of a busy mother's day, from the a. m. shopping trip to the final theatre party.

Prior to this interesting costuming for an entire day, using the same basic dress, Miss Long spoke on the methods and efforts put forth by the individuals before a Powers' Model is born.

Mr. John Wakefield of the Washington Building Committee presented blue prints of the proposed

addition to the school, and very carefully answered all questions. Miss Rich, who previously had discussed the problem of pupil tardiness with the Mothers, brought forth many smiles when she relayed some of the excuses tendered her.

The well-attended meeting was brought to a close when the Mothers gathered around a table decorated with a Valentine centerpiece of hearts and flowers, for their customary social hour.

Mrs. Thomas Partle and Mrs. James deRevere presided at the tea table.

Mrs. Donald Abbott prepared the beautiful and appetizing repast assisted by her Social Committee: Mrs. John Swift, Mrs. Warren Saunders, Mrs. Louis Bravacos, Mrs. John Van Dyke, Mrs. Avery Cutter, Mrs. Eric Johnson, and Mrs. Richard O'Brien.

First Grade Assembly
The theme of the first grade assembly at the George Washington School was the month of February. Carl Merewether, Karen O'Donnell, and Arthur Zaino introduced the program. George Rotundi and Therese Merewether counted calendar days. The story of Groundhog Day was told by Edvina Simone; that of Edison by Vernon Peaslee; Lincoln by John Bennett; Valentine's Day by Don-

ald Abbott; Washington by Frank Johnson, Barry Berrian, and William Branley. The Minuet poem, was recited by Bonnie Burr, Marsha McLatchy, and Thalia McCarthy. The poem was followed by The Minuet Dance done by Linda Carter, Judith Yore, Barbara Diapella, Barbara Crede, Carey Price, William Saunders, Warren Hagstrom, and Stephen Dow. The story of Longfellow was told by Mary Alice McElhinney. Mary Cronin was the concluding speaker. The program ended with a salute to the flag and the singing of America. Teacher—Mrs. Sylvia Baehler.

For a Lifetime.. If You Prefer!

Standard equipment, accessories and trim illustrated are available without extra cost.

It is reassuring, when you buy a Cadillac, to know that you yourself will make the decision as to how long you wish to keep it—and how far you wish to drive it. The car will be at your service throughout your pleasure.

Give it reasonable care and reasonable usage, and there is no practical limit to a Cadillac's utility. Authenticated records show various Cadillacs well into their second five hundred thousand miles of service.

Of course, the original owner seldom has any requirement for such exceptional mileage. Being progressive, he wishes to change his cars

sufficiently often to keep reasonable pace with Cadillac's advancement in design and appearance.

But he benefits, all the same, from this wonderful capacity for service. It means that, month after month and year after year, his Cadillac performs magnificently—with the minimum of care and attention.

The great Cadillacs for 1951, now gracing America's streets and highways, are built in the finest traditions of Cadillac quality. If you have not inspected them, you ought to do so. We'd be happy to see you—at any time.

We are sorry indeed that delay in delivery of new Cadillacs continues unabated. Not only is the demand beyond all precedent, but much of the company's manufacturing facilities are already engaged in this effort. If you are waiting for a Cadillac, please be patient—but hold to your purpose. There is no substitute for the "Standard of the World."

CONGREGATIONAL SCHOOL
OPEN HOUSE

A very successful Open House for parents of Church School children was held Sunday morning and afternoon, February 11, at the First Congregational Church. Two hundred twenty-eight parents attended the various departments during the day.

At 9:30, Junior High Department held a beautiful service of worship in which Myra Coon, Ann Peter, Jane Ann Robertson, Charles Stevens, William Ross, Bradford Johnson, David Bartlett, Sandra Chapman, and the Boy Scouts of the Department took part. Mrs. John A. Rutledge, Superintendent of the Department, and her corps of teachers, Dr. Seymour Russell, Mr. Charles Fish, Miss Janet Copland, Mr. E. W. Hayes, Dr. Eugene Pollock, and Mr. G. Hartley Curtis, spoke to the parents in the classrooms while the children saw a movie, "Birthday Party," which showed real situations in which Junior High young people can practice Christian ideals.

At 10:30, Kindergarten Department held a brief demonstration session for parents to observe. On display were Palestinian homes, animals, trees, and dishes which the children had made. Mrs. Eugene M. Pollard, Superintendent, conducted the service. Mrs. Edgar D. Hinton, Mrs. Clifford Hammel, Mrs. Ray Brown, Miss Jennifer Meigs, and Miss Jacqueline Sturtevant, presented the largest attendance of parents for their department.

At 1:00, parents of Primary, Junior, and Senior Department had an opportunity to meet their children's teachers in the classrooms. Children's work was on display and parents could ask questions. At 4:20, regular classes were invited to Ripley Chapel for an outstanding movie, rated as "the" religious movie of the year, "Second Chance." It is based on a story by Faith Baldwin and was made in Hollywood. It was deeply moving. While parents were in the chapel, the children had their worship session, after which they were taken to the Social Hall for a movie, "A Certain Noblemen," and a filmstrip, "Hosanna to the King." Refreshments were served by Mrs. Robert Tomon assisted by Tina Tomon, Sally Cunningham, Nancy Ayer, Marjorie Cameron, and Nancy Morse. Small children were cared for in the Kindergarten Room by Janet Archibald and Wendy Wood.

The Worship Service in the Primary Department was conducted by Mrs. Colver P. Iyer in the absence of Mrs. Charles M. Namer, who was ill. Teachers who conferred with parents were Mrs. A. B. Gowing, Mrs. Raymond Carter, Mrs. Barbara Chase, Mrs. Vaughn Harmon, Mrs. Richard Caldwell, Mrs. James Denton, Mrs. Addison Becker, Mrs. Lawrence Palmer, Mrs. Harry Wood and Mrs. Otis Hammett. Carolyn Fiedeloff was the pianist and Constance Gowdy was assistant to the Superintendent.

In the Junior Department, Mrs. H. Kimball Archibald conducted the worship service while the teachers, Mrs. William Burrows, Mrs. George Jones, Mrs. Herbert Clark, Mrs. George Gowdy, Mrs. Kelsey Moore, Mrs. Robert Williams, Mrs. Donald Lewis, and Mrs. Howard Bates, met the parents.

Miss Emily Greene led the Intermediate department in worship, while parents met the teachers, Mrs. Alfred Nelson, Mrs. Allen Eaton, Mrs. Chauncey Mitchell, Mrs. Robert Lowry, Miss Suzanne Gleason, Mr. Edgar Hinton, and Mrs. John Monte.

Following the movie, Mr. A. Benjamin Gowing, Superintendent of the School, made an appeal for teachers for the school which had increased 20% in the last three years.

Intermediate and Primary Departments took for the banner representing the largest attendance of parents for their department.

THE CALLAHANs AND THE B. & M.

One of the feature stories in the February number of the Boston and Maine Railroad Magazine has to do with the 200 years service rendered the B. & M. by four generations of the Callahan family commencing with James H. Callahan.

He served as switchman and crossing tender on the Western loop for 35 years and was followed in the road's service by his five sons, James J., Thomas P., George J., Simon J., and John Callahan, all now deceased. George had 37 years service without losing time, a rare achievement. James had 35 years service, John racked up 35 years and Thomas and Simon each had about 10 years.

Thomas and James had no children and John's son did not go in for railroading. Simon and George, however, gave three sons to the Boston and Maine, and of that generation Stephen T. Callahan, general agent at Holyoke, is the senior in point of service with 41 years. An older brother, James J. Callahan, is ticket agent at Worcester, with 35 years service, and another brother, Joseph T. Callahan of Winchester, worked for the railroad two years, serving as a spare fireman during World War II before getting out of railroading.

These three men are sons of Simon Callahan. Their cousins, sons of George, are Arnold, who was ill. Teachers who conferred with parents were Mrs. A. B. Gowing, Mrs. Raymond Carter, Mrs. Barbara Chase, Mrs. Vaughn Harmon, Mrs. Richard Caldwell, Mrs. James Denton, Mrs. Addison Becker, Mrs. Lawrence Palmer, Mrs. Harry Wood and Mrs. Otis Hammett. with more than 10 years service, James A. Callahan, baggage man and crossing tender at Wakefield, also with 10 years, and John Callahan of Woburn, who was a crossing tender for two years.

Incidentally, Arnold, is well known in Winchester as tennis player and musical director at St. Mary's Church.

The youngest generation of Callahans in the Boston and Maine service includes James J. Jr., yard foreman at Mystic Junction, with 10 years, and Arthur P. Callahan, ticket agent at Salem, with 12 years. Both are sons of James J. Callahan of Woburn.

The only woman in the family to have entered the Boston and Maine service is Mrs. Betty Gillespie of Holyoke, daughter of Stephen, who worked for about two years as a clerk in the Greenfield consolidated office until her marriage.

Stephen, general agent at Holyoke, while working as a ticket agent, was for a time assigned to Winchester and will be remembered by many local commuters. For the past six years he has been a director of the Holyoke Chamber of Commerce and he was president of the Holyoke Rotary in 1933-34.

His son, Russell, worked for four years for the Illinois Central, Canadian Pacific and C. and O., before going into another field.

BOWDOIN COLLEGE MEDDIEBEMPS

A Winchester Boy, Bob Johnston, appears in the Top Row, to the Right.

Winchester is going to have a pleasant and rare treat on Saturday evening, March tenth. The Winchester Entertainers, Comedies Club is sponsoring the Bowdoin College Meddiebemps, and Miss Grace Norlin, pianist in an evening of music.

Among the membership of the Meddiebemps is Robert A. Johnston, Jr., son of Mr. and Mrs. Robert A. Johnston of Winchester, who is the tenor soloist of the double quartette. Miss Norlin is also a Winchester resident being a daughter of Mrs. Melvin Norlin of this town.

The Meddiebemps were organized at Bowdoin College in 1927 by a group of undergraduates. The odd name was derived from that town in Northern Maine, Meddiebemps.

The group has always sung with the Bowdoin Glee Club for contrast, and it was singing with the Glee Club in Washington that first brought widespread recognition to the Meddiebemps. The singing was enjoyed so much by Washington dignitaries, that it was suggested in 1944 that the group tour the American zone of Germany entertaining our troops.

Since that time the Meddiebemps have been to England, France, Switzerland, Germany, Turkey and the Alps under the Special Services branch of The Department of Army, and has staged shows in conjunction with Edgemoor, Jack Benny, Wallace Beery, and other well-known entertainers.

At home, the Meddiebemps have made frequent trips to girls' colleges in the East as well as given concerts for other organizations, have sung on radio and television in both New York and Washington, and this last year the group made an album of records, at the urging of many, in which they included those songs most frequently requested by the audiences.

BOWDOIN ROTC STAFF OFFICER

Lloyd Wallis, Jr., better known as "Ted," son of Mr. and Mrs. Lloyd Wallis of Everett road and a senior at Bowdoin College, has been honored by appointment as Cadet Major in the school's first ROTC unit. Ted had served the first half of his senior year as a Cadet Lieutenant.

On Lincoln's birthday in ceremonies at which the Corps received its colors, announcement was made of his assignment to Battalion Headquarters as Executive Officer. Last fall Ted was elected to Student Council and is currently on the Dean's List.

MARCH OF DIMES UP 100%

The March of Dimes Committee, is proud to announce that the generous townspeople of Winchester have contributed a total of \$7500 to the Polio Fund. This is a 100% increase over last year. Our deepest thanks to the hundreds of volunteer workers and contributors who generously gave of their time and money for a worthy cause. Let us hope there will be no need of polio funds in Winchester in 1951.

DADS HELD FASHION SHOW

Hats off to the Dads Club of the George Washington School for the most successful and entertaining Fashion Show and Auction presented in the auditorium on last Friday evening.

The "Sons Models," as the Dads called themselves, modeled the latest fashions as they have never been displayed before, and the rafters rang with laughter. The Commentator, Henry Fitts, provided introductions most choice and very unique. Ned Marshall played some excellent music between the numbers and during the show of his Hammond solo. His unusual talent contributed to the evening's enjoyment.

At the conclusion of the Fashion Show, a fast moving and very successful auction was conducted by Mr. M. J. Foley and his son, Robert. The lucky number, which entitled the winner to 200 gallons of oil, was drawn by Mrs. Mary Purdie, President of the Mothers' Association. The winner was Mrs. Ruth Graham, who graciously turned the prize over to the Club for auction.

Program of the Models:
Afternoon Dresses
"Angelica" Wakelield and "Sally" Adams
Sweater Girls
"Vanilla" Low and "Hyacinth" deRevere
Television Lounge Gowns
"Nasturtium" Cussen and "Daisy" Turpin
Neddy Outfit "Gardonia" Barker
Inner Gowns
"Euphemia" Conkley and "Nasturtium" Cussen
Tennis Outfits
"Belinda" Bravacos and "Adeline" Adams

Foundation Garment

"Ophelia" Morse and "Hyacinth" deRevere
Bachelors' Suits for 1951
"Gardonia" Barker and "Belinda" Bravacos
Bridal Procession
The entire cast with "Master" Ben Marshall as the "King Lear" and "Al McKenzie" gave the bride away (with a gun).
The enthusiasm, friendliness, and cooperation of the many people who filled the hall, made the evening a huge success. Hats off again to Mr. and Mrs. Graham and his wife Ruth, who directed the show, and to the entire committee who participated and worked so hard. The entire proceeds of the affair will be used for the benefit of the children of the school.

Officers of the George Washington Dads' Club for 1950-51 are: Chairman: Charles Q. Adams; Vice-Chairman: James Chaffee; Secretary: Joseph Cussen; Treasurer: Luther Puffer, 3rd.

*I Remember
it All!*

Yes, I was ten years old when Thomas Edison came here to help Boston Edison Company begin the business of furnishing electricity. In the 65 years since then, electricity has just seemed wonderful. First, electric light bulbs replaced our flickering gas mantles. Electric irons and sewing machines followed quickly. Soon, thanks to the vacuum cleaner, we stopped beating rugs. Then came the electric stove, the washing machine, the refrigerator — and so many other helpers for the kitchen and laundry. Now — radio, electric hoovers — and the miracle of television. It's hard to realize that so much happened in just one lifetime — but I remember it all!

FOR three-score and five years, Boston Edison has supplied electricity for the home, commercial and industrial life of Greater Boston. There is a thrill of pride for the entire Edison organization in such a record. And there is extra pride in the fact that among all the necessities of life electricity is the outstanding bargain — representing on the average less than one percent of the household budget.*

On its 65th Anniversary, Boston Edison re-dedicates itself to service in the public interest. In the confident words of Thomas A. Edison, we shall... "Have Faith — Go Forward."

SARD BIRTHDAY

Edward "Neddo" O'Connell of 3 Middlesex street observed his 83rd birthday on Sunday with a birthday party at the home of his son, Police Lieutenant Edward W. O'Connell, 9 Mt. Pleasant street.

Aiding with the celebration was Mr. O'Connell's family, comprising eight children, 17 grandchildren and 20 great-grandchildren, not to mention the numerous "in-laws."

It was a sizeable and happy gathering at Lt. O'Connell's hospitable home, and it had a real police tinge, for besides Lt. O'Connell, two of Mr. O'Connell's sons are police officers, Archie being a patrolman in the Winchester Department and James being a member of the Boston police.

Mr. O'Connell has long been known for his flute playing. In the old days he played for Irish dances, his hitting tunes having the true ring of the "auld sod."

To prove he has lost none of the ancient art, "Neddo" favored those at his birthday party with several flute solos and also contributed a real Irish step dance. "Babe" McDonald played several piano solos and a most enjoyable social hour with refreshments was enjoyed.

Mr. O'Connell's sons presented him with a fine lounge chair as a birthday gift and there were other fine reminders as well as an appealing to the old members, who know and have enjoyed the Club, to rally around and introduce their friends, whether they are familiar with the game or not — as the old timers know, it doesn't take long to catch on to the game.

If any new people are interested in joining please call the Club president, Ed Williams at Winchester 6-1191-W or just come down to the gym next Tuesday at 7:30 p. m.

PASTORS DRIVE CONTINUES

Because of the number of offers to help and the reported for members and friends of the Crawford Memorial Methodist Church to continue the paper drive, the pastor, Rev. John S. McKee, Jr., announced that, with the assistance of volunteers, the drive will continue through the Lenten season.

It began when the paragonage family made a Lenten pledge to the church and was going to earn the amount by getting helpers to work with them in picking up papers, magazines, rags and such. Last Saturday, when the first collection was taken, the paper weight amounted to forty-seven hundred pounds and the magazines, fourteen hundred pounds.

The Methodist paragonage has now doubled its original pledge of \$50.00.

The minister wishes to thank the Methodist Youth Fellowship for its excellent support, the men who volunteered to help, and the number of people in town who have come to have papers, magazines, rags and such articles picked up or have lent them to the church.

The drive will close the Saturday after Lent. If we missed any calls or if you want to get rid of the articles mentioned, just call Winchester 6-0139 or write to Dr. Miggins, Winchester 6-2486-M.

FIRE AT NORTH GATEWAY

Fire Headquarters was notified at 10:17 last Saturday forenoon that a fire had been discovered in the partitions of the home of Mr. Glen J. Moore, 14 North Gateway. Box 275 was put out for the fire, which turned out to be a difficult one to fight.

Apparently the fire originated in the ceiling of the living room where workmen were repairing pipes of the heating system. The flames spread both ways through the partition at the front of the house and started upward toward the roof, also working down from a point midway in the front wall.

The firemen were unable to get into the living room of the house and as a consequence had to make holes in the roof at each end to get at the flames. They succeeded in containing the fire to the partitions, excepting for the living room ceiling, but two other ceilings were damaged by water and some of the studding of the partitions were charred.

Neighbors of the Moores did yeoman duty in carrying furniture from the house and in covering the living room ceiling, assisting the firemen in this work.

While the firemen were at this fire, Headquarters was notified by phone that a fire was coming from the roof of another dwelling on North Gateway. To the firemen's relief this smoke turned out to be from the Moore home, the fire causing it to remain in the neighborhood and to swirl around other houses, giving the impression they were afire.

BAPTIST WOMEN'S LEAGUE

Mrs. Alexander Henderson will be the speaker at the March meeting of the Women's League of the First Baptist Church held in the Church Thursday, March 1st. DON S. GREER

CANDIDATE FOR SELECTMAN

For fifteen years I have lived in Winchester, enjoying the benefits of its good town government. I believe the time has come when I should do my part to help keep it that way.

The past three years I have served on our Finance Committee. As a college graduate in engineering and business administration, with over twenty years' business experience, designing and manufacturing large industrial machines, I believe I can bring to the Board of Selectmen mature judgment and administrative experience, which is necessary and helpful.

I will appreciate the opportunity of serving you and hope to be favored with your vote.

ENGAGEMENT ANNOUNCEMENT

At a tea, at her home in Rangleley, on last Sunday afternoon, Mrs. Arthur W. Loftus announced the engagement of her daughter, Ruth Loretta, to William Warren Tunnicliffe, the son of Mrs. Homer W. Tunnicliffe of Watertown, formerly of Athol, Massachusetts.

Miss Loftus is a graduate of Winchester High School, Lesley College, and Boston University. Mr. Tunnicliffe is a graduate of Worcester Polytechnic Institute and of Harvard Graduate School of Arts and Sciences. He is a member of Sigma Xi and Sigma Alpha Epsilon Fraternities. He has returned to active duty in the United States Navy.

A June wedding is planned.

RE OUT OF MYSTIC

The event went off of Mystic Lake on Sunday, February 25th. This is earlier than usual, as it generally goes out between the first and third week of March.

JOHN C. WILLIS

Candidate for Trustee of Winchester Public Library

I have been a resident of the Town for thirteen years and have four children in the Winchester schools who use the Public Library. During this time, I have been active in community affairs and am a past member of the Finance Committee.

A year ago, I was appointed a Trustee of the Library to fill the vacancy caused by the resignation of Ralph T. Hale. My educational background, and business experience have proved of value in my duties as Trustee.

I should like the opportunity of serving the Town as Library Trustee for the next two years and will appreciate your support in the coming election.

HOWARD R. BARTLETT

Candidate for Re-Election to the School Committee

Winchester can have no greater asset than a good system of public schools. To develop and maintain good schools requires constant effort upon the part of teachers, administrators, and citizens.

I should like the opportunity to continue for another three years to contribute to that effort.

Twenty years as a teacher and ten years as Head of the Department of English and History at M. I. T. have kept me in continual contact with the problems of education and school administration.

SCHOOL PROPOSALS BEATEN AGAIN

For the second time since November 29, a referendum held Monday defeated the proposal to enlarge the junior high school to serve as a four-year high school and remodel the senior high school for use as a two-year junior high.

The vote cast this time, 5,215, was considerably larger than at the first referendum when only 3,530 votes were cast. Proportionally the "no's" did better this time than last when the school proponents missed their necessary two-thirds of the vote cast by less than 60 votes. This time the margin was 371 votes on the junior high enlargement and 367 on the remodeling of the senior high school.

Those favoring the school led on the enlargement of the junior high, 3,072 to 2,097. In the matter of remodeling the high school the proponents had a slightly larger advantage, the figures being 3,090

WHITE - JACKSON

Miss Martha Ann Jackson, daughter of Dr. and Mrs. Arthur Morrison Jackson of 212 Main Street, was married Saturday afternoon, February 24, at the home of her parents to Conrad Goodale White of New Bedford, son of Mrs. Philip R. Bailey of Rockland, Me., and Mr. Leslie White of Augusta, Maine. The Rev. Dwight W. Hadley, rector of the Church of the Epiphany, read the candlelight service in a setting of white tulips, freesias, stocks and cymbalium ferns. A string trio played the bridal music.

Given in marriage by her father, Miss Jackson was unmarried. She wore a gown of ivory tulle with heirloom lace and a fingertip-length veil capped and edged with the same lace. Her flowers were white lilies combined with ivy.

George Irving Smith of Pasadena, Cal., cousin of the bridegroom, was best man.

A reception was held immediately after the ceremony, at which the mothers of the bride and bridegroom assisted in receiving.

Mrs. Jackson was escorted in state to the city and wore a carriage of dark camellias. Mr. Bailey wore a tuxedo and carried a white carnation.

After a wedding journey to New York City, the bride and bridegroom are graduates of Colby College at Waterville, Me., and Mr. White attended the Boston University School of Music. Mr. White prepared at Colby a musical institute and is a member of the staff of Radio Station WXHR.

HEART CAMPAIGN

The Heart Campaign is officially drawing to a close. If contributions have not already been sent in, it is urged that they be sent immediately, in order that the quota set for Winchester may be reached.

A large crowd was present at the Barn Dance held Saturday, February 24th, and regular and square dancing was enjoyed by all. Many beautiful prizes were donated by the following merchants: Filenes, Fred The Hair Stylist, Mary Sapulding's Book Shop, Converse Market, Hevys, Cummings, The Florist, Central Hardware, Harper Method Beauty Salon, McCormack's Drug Store, Charles Murphy Service Station, and Winton's Hardware.

Mrs. Donald Birchall of 5 Birch Lane was selected Miss Farmerette, and was awarded the beautiful double orchid corsage donated by Cummings The Florist, and a hairstyling and beauty treatment by Fred The Hair Stylist.

Dr. Richard J. Clark drew the winning ticket for the Magazine of champagne donated by Giglioglio Cini, Inc. Jewelers. The lucky winner was Mrs. James P. White of 92 Wedgemere Avenue.

HOLY NAME TO BE HEARD NOTED DOCTOR

Frederick J. P. Rosenheim, M.D., will be guest speaker Sunday morning, March 4, at the communion breakfast of St. Mary's Holy Name, to be held after the 8 o'clock mass, at which members of the society will receive communion in a body.

The communion and breakfast are being held on March 4 so as not to conflict with the annual Communion Breakfast of Winchester Council, Knights of Columbus, scheduled for Passion Sunday. The Holy Name breakfast will be held at K. of C. Hall in the center.

Dr. Rosenheim is a convert to Catholicism and is Professor of Psychiatry at Boston College School of Social Work as well as Associate Professor of Psychiatry at Boston University School of Medicine. One of the most sought-after speakers of the Holy Name Speakers' Bureau, his topic Sunday will be "Loving God."

No votes were counted on Monday until the last ballot was cast. Even so the results were announced shortly after 3 P.M. School proponents were utterly disappointed by the results of the voting, though few who had closely followed the campaign in its final stages could be certain much before that the school proposals would be adopted. Following are the votes by precincts:

RE-ELECT

Charles E. Jellison

Candidate for
Re-Election to the
School Committee

Service in the cause of public education is the high privilege and serious responsibility of all citizens.

I am proud to have made a contribution toward building and improving our schools. Because of my personal conviction of my duty as elected school official, I have sought to meet each problem as it arose on its merits, whether controversial or noncontroversial, and without regard to other considerations. Despite the difficulty of pleasing everyone, my service on the Committee has been one of the most deeply gratifying experiences of my life.

If it is your wish that I continue for another three years to serve the interests of our schools, I shall be happy to do so to the best of my ability.

Charles E. Jellison

When a neighbor asked, "Would I help with the School Problem?" that was a plea difficult to refuse.

I should be glad to help to make the Winchester schools better. But if they are perfect now, as some assert, how is improvement possible? — Reminds me of the man who went to church to tell the Lord what a good Christian he was! — Unless we admit of our imperfection, how can we improve? Professionally I analyze many businesses whereof the manage-

ments have been complementarily congratulating themselves on their acumen in doing so well that improvement is incredible. Yet they lag behind the procession. I find that the reason for this seeming "blindness" is their failure to see themselves as others see them; they do not know the methods or processes used by others who are more successful.

In approaching this school problem, let us first define our objective. The education which we want for our children. — Let us find out where we want to go; then how to get there. — "Do we not want to educate them to get the most out of life?" I have asked of many, and the replies have appalled me!

I believe that as Christians we should want to so teach our children that they might be able to contribute their most as good citizens of the world in which to live; to make that world a little better because they were privileged to have lived in it a short while. — Not to take all they can for themselves, but to give what they can to mankind. To live useful lives as members of a Christian society.

If this latter should, perchance, be our objective; then I can help. But few will help a self-satisfied child whose objective is only selfish. A good college will shun him; for colleges are endowed by charitable people in an effort to provide education for the worthy. The value of the education given may be roughly four-times the tuition.

The youth who accepts this responsibility should appreciate that he is taking the place of many who might have profited thereby more than can be. Scholarship is not the only qualification, for even a scholar may lead a self-centered life.

If you want to get your son into college, make it possible for his Head Master to write on the boy's report card: "This young man may never become a great scholar, but he will be a good citizen. We substantially recommend him as worthy of further instruction."

When I hear that this boy wants to leave school, because "That economic reasons prevent this

other lad from continuing his education. That a third could not get into the college of his choice and so had to go to one having lower standards of admission. When I hear these whippers, I begin to wonder about what Winchester boasts so loudly. Most of us would rather protest, that our facts do not exist, but also we do so convince."

We all know that education can exist outside of a church building. I have seen it on the dock of a ship, on a beach, and on a "rural island." The Church founded by Our Lord was a building not of many but of men and women.

So a "F" hood does not mean a schoolhouse, but a teacher and pupils; who may be on a hillside, in the woods, or even in the desert. In Egypt I have watched schools conducted under the blue sky, but shaded from the scorching sun; in China in groves of trees; and on Pacific Islands on the beaches. This does not mean that I disapprove of Church buildings or of Schoolhouses; but I do distinguish from colleges, in the meeting place of a Parish, and between "education" and the shelter where teachers and pupils meet. I heartily favor a good schoolhouse as an implement of education like text books and writing materials.

To my way of thinking, the diploma from school or the degrees from colleges indicate only what someone else thinks the pupil has learned. What should be more important is the confidence that he has developed the short time allotted to his education so that he has learned those things which will be most useful to him in living the life of a good citizen. The value of this knowledge is priceless compared with any parchment which he may frame.

What he might have done, minus what he took for his self-indulgence, is a measure of a man. Where he found his knowledge men all little note nor long remember. The main thing is that he has it, and with it he does live a useful life, — not as a parasite but as a man.

"If you can fill the unforgiving minute

With sixty seconds worth of distance run,
Yours is the world, and everything that's in it,
And what is more, you'll be a MAN, my son."

(Kipling's "If")

Let's teach our older children to pray, not to lie down on the job.

and ask The Lord to take of us. There's another prayer for men and women.

"Now I get me up to work."

I pray The Lord I may not shirk;

And if I die before the night,

I pray The Lord my work's all right."

Since I learn that only 26% of those who enter high school go on to "higher education," I am sure that college may not be the objective of many. Why? Because they do not know what college has to offer. — Because they think they cannot afford it? — Because they resent being "taught," and so an end to "school"? These obstacles can be overcome. — Yet, for some, apprenticeship at some specific occupation undoubtedly is indicated, prefaced by a curriculum of practical arts. If you want to get your son a job, make it possible for his Head Master to write: "This young man has well spent his time in the diligent pursuit of education; he exhibits ingenuity and resourcefulness; is well liked by both his classmates and teachers. I expect him to distinguish himself and to reflect honor upon this school." Then he will not have far to look for his "job," but, far more important, he will have a criterion to live up to.

I am no "big shot"; I have no easy panacea; but I do have the point of view of an outsider. I have lived in many places. I was born in Toledo, Ohio; spent the summers in Charlevoix, Michigan. I have lived in Santa Barbara, Algeria, Ft. Lauderdale and Daytona, Florida, Newtonville, Cambridge and Boston. In Winchester since September of 1945. I was graduated from Newton Classical High, Harvard College, from the Officer Material School of the First Naval District, and for many years was Treasurer and Director of the Boy's School of Languages which has a branch in Boston. I have one son graduated from Harvard and a home, another three sons, and a daughter in Lynn Mass. The youngest is not yet in school. But school or college is only the beginning and not the end of education. I constantly realize how much I have yet to learn.

CHURCH OF EPIPHANY HAS SUCCESSFUL CAMPAIGN

Rev. Dwight W. Hadley, Rector of the Church of Epiphany, announced at the 11 o'clock service last Sunday morning that subscriptions to the campaign for funds for a new heating system for the Church and Parish House had exceeded the goal of \$25,000.00, there being subscribed to date \$27,348.81.

Warm expressions of gratitude were made by Mr. Hadley to all Parishioners and friends for their support, both as subscribers and as campaign solicitors, in this successful Christian work. Mr. Hadley also stressed the spirit of generous cooperation and friendliness evident throughout the course of the Campaign as a mark of the strength and unity of this parish of the Episcopal Church.

OPEN SEVEN DAYS AND NIGHTS A WEEK

RED CROSS SUNDAY

Final plans for "Red Cross Sunday," March 4th, were made at an enthusiastic meeting of all workers for the Drive which was held at the Music Hall this past week.

1951 Chairman John A. Volpe presided and presented to the group the chairman of the various committees. The main speaker for the evening was William R. Gilman, Chairman of the Malden Red Cross Drive in 1948.

Mr. Gilman praised highly Winchester's plans for a one-day all-out drive and predicted that Winchester would set the pace for all communities in Massachusetts and achieve its goal of twenty-two thousand dollars.

A fine movie entitled "The Red Cross Reports," narrated by Quentin Reynolds, showed, among other things, the method of transporting wounded soldiers of Korea and disaster scenes of explosions and general misfortunes, all of which indicated the unparalleled service to humanity by the American Red Cross.

Mr. Carl Wood, Residential Chairman, was called upon to explain the technical points of the Drive and urged all townspeople to be a home between the hours of two and eight p. m. to greet their neighbors, who would solicit contributions to the Drive and also list prospective blood donors.

The campaign slogan is "Mobilize for Defense." The Red Cross is you — People Working For Other People — The World Needs Red Cross — Red Cross Needs You.

BRABINS' GERMAN REQUIEM

Members of the Winchester Unitarian Church, augmented by the Mary Witham Singers and other talented vocalists have been giving many extra last rewarding hours to the rehearsing of the Brabins' Requiem which they will give for Lenten Vespers at the Winchester Unitarian Church on Sunday, March 11th, at 4:30 in the afternoon. These rehearsals, have been much impressed by their quality and forecast a superlative performance.

The Winchester Unitarian Church Choir under the direction of Mary Ranton Witham, during the past five seasons has established a high reputation as an outstanding singing group with an extensive repertoire of the best in choral music. A balanced choir, with an unusually fine male section who are frequently heard as a separate entity, it is well known for the sensitivity and dramatic quality of its interpretation, and for its excellence of diction, precision and blend. Augmented by other able singers, the March 11th performance should be of the highest order. All Winchester residents are invited to this service which Rev. R. B. Storer, Minister of the Winchester Unitarian Church will conduct.

WINCHESTER HOSPITAL NEWS

Winter Vacations. Among the Hospital officers who have managed to get away for a time from New England winter are Mr. Edward H. Kenerson, President of the Board of Directors, who, with Mrs. Kenerson, is still in Florida, and Mr. Harlan L. Paine, Jr., Administrator, who took a ten days' vacation. Mr. Paine reports a good trip except for the disappointment of not being allowed to go ashore in Hawaii because of a case of illness in the ship's crew, which proved to be nothing serious.

The Administrator's Mailbag. Two overseas surprises came recently in Mr. Paine's mail. One is an anxious inquiry from a hospital in Austria, asking for more detailed information about the Winchester Hospital revision of hours for nursing nursing care. Mr. Paine reported this information last spring in "The Modern Hospital," and it is being sent to the hospital in Austria, asking for more detailed information about the Winchester Hospital revision of hours for nursing nursing care. Mr. Paine reported this information last spring in "The Modern Hospital," and it is being sent to the hospital in Austria, asking for more detailed information about the Winchester Hospital revision of hours for nursing nursing care.

How long the latter hours cut to expense in additional nursing staff. Mr. Paine's reply will certainly be reassuring, since the changes in nursing care at Winchester Hospital have been accomplished without additional personnel. The other piece of mail coming from a distance to Mr. Paine's office is a copy of "El Hospital," published in Spanish by the Panamerican Publishing Company. The leading article in the December, 1950, issue of "El Hospital" is "Nuestro Hospital," which Mr. Paine wrote in English as "An Emergency Unit in General Hospital" during his graduate course in Hospital Administration at Northwestern University. (Previously "El Hospital" was impressed by Mr. Paine's presentation of the subject.)

Nurses' Aide Course. With twenty carefully selected students, the course set off to a good start on February 19th. Following a word of greeting by Mr. Paine on behalf of the Hospital and by Mrs. William F. Hickey, Jr. on behalf of the Red Cross, Mrs. Lafrance, Red Cross instructor, initiated the group into the outline of the fourteen weeks' curriculum. The second meeting of the class began with a brief talk on hospital ethics by Miss Rogers. The inclusion of four towns other than Winchester among the registrants adds interest to the group, as well as the fact that fourteen of the twenty young women presented educational credentials beyond the completion of a high school education. The class meets in the Nurses' Home on Monday, Tuesday, and Thursday evenings from 7:30 to 9:30.

Meddiehempsters Sing at Belmont. Bowdoin College Glee Club will give a concert in Belmont High School auditorium on this Friday evening at 8:30 o'clock. The glee club concert with about 70 voices directed by Frederick Tiltonson, is sponsored by the Plymouth Church Nursery School in Belmont. The well known Meddiehempsters, Bowdoin College singing group will occupy a part of the program.

Mr. John K. McCormick, Jr., flew from Buffalo, New York, Saturday morning, returning by plane on Sunday.

FORUM CHAPEL SERVICE

The Star Board of the First Congregational Church will have its usual chapel service Sunday, March 4, at 10:30 in Ripley Chapel. We are honored to have as our speaker, Dr. Osbert W. Warmingham, known to you as "Daddy" Warmingham. Born in India, now an American citizen, he has devoted his life to Christian youth education as a speaker at various summer conferences, a teacher at Boston University, and a lecturer for the American Youth Foundation. His subject will be, "I Believe in Prayer." This is not Dr. Warmingham's first visit to Forum and we are looking forward to hearing him again this Sunday.

The service was planned entirely by the Worship Committee, a group of Forum young people headed by Donald Cameron and Jacqueline Chapman. The chaplain will be Ronald McKenzie while Theodore Elliott, Jr. will be his assistant. The offering will be received by Richard Lowry and Paul Leverette; the ushers will be Carl Zimmermann and Philip Ives.

MISSION UNION CHURCH

The third of the four "Thursdays in Lent," sponsored by the Mission Union of the First Congregational Church, will be held on Thursday, March 8th at the home of Mrs. Gilman Wallace, 117 Church street. Coffee will be served at quarter of ten, and the meeting will begin at quarter past ten. Mrs. James S. Allen, chairman of education for Mission Union, will conduct the meeting, and Mrs. Norman Padelford will be in charge of devotionals. The topic for discussion, "The Near East Believes" will be led by Miss Margaret Copland and Mrs. Frederick S. Hatch. All women of the church are cordially invited.

MYSTIC GLEE CLUB MEMBERS TO SING AT LENTEN SERVICE

Representatives from Winchester's well-known Mystic Glee Club will sing the following selections at the Union Lenten Service to be held in the First Baptist Church, Wednesday evening, March 7th, at 7:45 o'clock: "Great and Glorious" by Haydn, "Glorious Hymn" by Bott, "Mystery" and "Were You There?" by Burleigh.

Dr. Howard J. Chidley of the First Congregational Church will preach on the subject: "The Crucifixion in Our Street".

A cordial invitation is extended to all.

JUNIOR HIGH PUPILS WIN ART AWARDS

The work of the winners in the regional contest for Scholastic Arts awards is currently being shown at the Museum of Contemporary Art, 128 Newbury street, Boston. Winchester Junior High School is honored in having five pupils selected in the show. Alyce Hasley, Grade VII, has a water color entitled "The Fire at the Ridge." The winners are: Alyce Hasley, a water color, "Junior High Interests," and Kenneth Williams, with a water color called, "Just Before the Bell Rings." Bonnie Downes, Grade VIII is exhibiting a green bowl with carved decoration, and Janice Hasley, Grade VIII, shows a charming water color plate with an ivy design.

Gold Keys awarded for superior work were awarded Thursday, March 1, at New England Technical Hall to Alyce Hasley, Anne Marks, Bonnie Downes, and Janice Hasley. Work awarded Gold Keys will be sent to the National Finals at Pittsburgh in June where the work of such winners from all over the United States will be judged in a final competition.

INDIANS NIPPED WINTHROP

A fighting Winchester High team staged a brilliant last quarter rally to win a thrilling come-from-behind victory over Wintthrop on Tuesday afternoon. A shaky start in the first period eased the locals to trail until the middle of the final period when three quick baskets by Hawkins, Murphy, and Farrell put Winchester in the lead. This was an important victory for Winchester for Wintthrop is co-champion of the North-east Conference and the Indians needed the win to remain under consideration for a Tech Tournament selection.

The snappy Wintthrop court, however, the Red and Black considerably and Wintthrop jumped away to a 10-8 lead at the end of the first quarter. Spearheaded by Stoned Symmes, the Indians fought back in the second period to close the gap to 23-21 in Wintthrop's favor at the half. The third period was a dramatic battle with Wintthrop holding a 35-32 margin as that period closed. The Indians were magnificent over the last period as they controlled the ball beautifully and built Wintthrop ten single baskets while they scored 8 points on two baskets by Murphy and one each by Hawkins and Farrell. Johnny Farrell dove in nearly for the clinching basket to give Winchester a 36-32 lead with a minute and 25 seconds to play and the locals successfully froze the ball as the clock ran out.

Stoned Symmes, Charlie Murphy, and Johnny Farrell were the particular Winchester heroes. Symmes was the game's high scorer with 15 points as he rebounded well offensively and was driving in smartly for lay up shots. Murphy played an outstanding floor game and his most effective defensive rebounding of the season. Farrell played a steady floor game as he held his opponent's scoreless over the last three quarters in addition to scoring the clinching basket. This was a good Wintthrop team that the Indians beat and one that is especially tough on its small home court.

The Winchester Seconds were hard pressed but pulled out a very satisfactory 50-42 victory over the Wintthrop Seconds. Norm Howard had a big day with 20 in 40 minutes to take high scoring honors while the Stu Thompson collected 11 points for the Winchester Seconds.

LINCOLN SCHOOL SIXTH GRADE PROGRAM

Sixth grade pupils of Miss Mary F. Hahnan at the Lincoln School recently presented an interesting and timely assembly program of music and pageantry.

The program consisted of the singing of favorite songs, the main idea of each being portrayed by individual members of the class. The final patriotic tableau had George Wheaton as Flag Bearer and Linda L'Esle, Virginia, Norman Harold, Anthony Perritano, and Robert Carter as the Guard of Honor.

The Marine Hymn and the Skaters' Waltz were played by the school band.

INDIANS TOURNAMENT WINNERS

Winchester High won its opening round game in the Small and Medium Schools Tournament by defeating Christopher Columbus High of Boston 52-34 at the Malden High gym last Thursday night. After a close first period, the Red and Black was never hard pressed as they led all the way by a comfortable margin.

Winchester was a bit tight in the early stages of the contest and did not begin to function smoothly until the second quarter. The Indians had a 10-8 lead at the end of the first period but John Dillon speared a second period drive that doubled the Christopher Columbus scoring to provide Winchester with a 28-17 half time lead. The locals added slightly to their lead in the third quarter to give them a 39-29 margin going into the final period. The reserves played most of the last period and helped in building up a 52-34 margin at that quarter.

John Dillon and Doug Hawkins were the kings in the Winchester attack. Dillon set the scoring pace for Winchester with 16 points and his sharpshooting from the corner was the chief factor in gaining the opposition to drop their zone defense. Hawkins effectively controlled both backboards while turning in an outstanding defensive performance as he held his opponent scoreless from the floor. The locals made good on 30 per cent of their shots at the basket and 61 per cent of their foul attempts and led off good shooting on a strange floor.

FRESHMEN BEAT READING

The Winchester Freshmen scored their ninth victory in ten starts for the season by defeating the Reading Freshmen 72-50 at the high school gym on Tuesday afternoon. This marks the second time this year that the Indians Freshmen have scored over 70 points as four performers hit for double figures in this free-scoring contest. Dave Pratt was again the high scorer for the locals as he collected 25 points while "Moose" Bollino scored 17 points for runner-up honors.

The Winchester Junior High team was equally successful as they defeated the Reading Junior High 63-22 with Wally Hart as top scorer with 14 points.

The summary:

BANE WON ITA CROWN

T. Richard Bane of Gleggery and Tufts College added the Intercollegiate A. A. A. A. weight throwing crown to his growing list of championships last Saturday at Madison Square Garden, N. Y. when he got the 35 pound ball off slightly better than 60 feet, 60 feet 4 inches to be exact. His heave was nearly five feet better than the second place effort, but not quite as good as "Dick's" world record toss as Tufts two weeks previous, when he heaved 60 feet 11 inches to better all previous existing marks.

Indians Won Odd Game from Minutemen at Malden

An inspired Winchester High team rose to the occasion to defeat Lexington High tonight by a score of 51-46 in the Small and Medium Schools Tournament at Malden High on Wednesday night. Winchester and Lexington are still officially co-champions of the M. A. D. League but the locals have won the last of the four games between them as they won the first two and lost the last two.

Lexington started a splendid first period basketball game as four teams played a fast-paced and hard-fought first period. Winchester won 18-14 at the end of the first quarter, as a player in the team had a 10-10 record in the first period. Both teams merged down to a 20-20 score at the end of the second quarter, as Winchester scored 10 points in the third quarter, while Lexington scored 10 points in the fourth quarter.

WINCHESTER OVER WOBURN. HIGH SCHOOL CAFETERIA MEETS

March 3 — 9

Winchester High defeated Woburn High by a score of 47-44 at the high school gym last Friday night to notch their eighteenth victory of the season. The high flying Indians, who won 18-14 throughout the game but it was not until the final quarter when they put on a 21-point scoring drive that they really salted away the game.

Woburn surprised the locals with a tight zone defense but the Red and Black enjoyed a good period to move out in front 17-7 in that second period. Through the second and third periods, however, the locals could not hit from outside and Woburn was rebounding well to break back fast to score easy baskets. Winchester led 29-24 at the half but Woburn scored 10 points in the early part of the third quarter to cut the local lead to five points.

The Indians pulled them selves together in the last part of the third period, however, to get ahead 35-25 by the time that period closed and the handwriting was on the wall. The locals really began to hit in the last period to score Woburn 21-9 in that session to win easily.

John Dillon with 17 points and Rodney Long and Stoned Symmes with 14 points apiece were the big scorers for Winchester. Dillon was the only local able to shoot from outside with any degree of success. While Long and Symmes used their height to rebound well offensively, they did most of their scoring within the key. Harold Kerrigan was high scorer for the contest with 20 points as he set a new Woburn record for a high individual scoring record for a high school player with 25 points to date.

The Winchester Seconds had much height and ability for the Woburn Seconds as they took an easy 30-21 victory. The Woburn Seconds were well defended by Bob Flaherty and Norm Howard hitting double figures.

Sanford H. Moses, son of Mr. and Mrs. Sanford H. Moses, of Prospect street, is a member of the Hebron Academy varsity swimming team.

SCOUTS CLUBS COMMUNION
BREAKFAST

St. Mary's Church was filled last Sunday at the 8 o'clock mass with Scouts, Cubs, Den Mothers and Scoutmasters as Troop 12 and Pack 12 held their first annual communion and breakfast. The pastor, Rev. Fr. James O'Neil, who is the Troop sponsor, welcomed the gathering and pledged his continued support to the Scout movement. Rev. Fr. James O'Neil, Troop chaplain, celebrated mass and preached the sermon.

The Scouts and Cubs marched to church, carrying their Scout packs at the front of the mass. After mass they marched to K. of C. Hall for breakfast. Scout leaders were Joseph Russo and Richard DeMunio, with John Fontrose and James McElholm as guides. Cub leaders were carried by Francis Russo, Thomas Mavin and Don McGee.

Tables had been set up at the hall the night previous by Scout Committee members. Scoutmaster Sam Vangel was in charge of arrangements for the breakfast. Communion served the gathering and the Den Mothers were seated at the head table. Grace was offered by Cub Committeeman Arthur W. Hall, in the absence of Father O'Neil, who was detained at the church.

An entertainment program followed the breakfast with participants being Scouts Eddie Fitzgerald, Tony Doyle, Peter Dow and Dan Doherty. Cub Scouts Peter Graham and Francis LoRusso were head in a song with Laurie Erhard at the piano. A tribute to Father O'Neil, based on a popular song, was written by Mrs. Vincent Erhard and done by Scout Tony Doyle with the Scouts and Cubs joining in the chorus.

Father O'Neil arrived in time to introduce the guest speaker, Mr. J. Joseph Corrigan of Medford, president of Fellsland Council, who

made a big hit with the boys.

Mr. Corrigan stressed the importance of the "44 Altare Dei" awards, and Winchester's recipients to date, Tommy Morrissey, Laurie Erhard and Billy Thorne, took bows. The speaker also announced that Camp Fellsland rates will be the same this year as last, and that mass will be said Sundays on the Camp grounds by a priest who is a Scout Chaplain in Lawrence.

SILVER COFFEE-MUSICAL
FOR "FRIENDS"

Thursday morning, May 3, has been set as the date for the Silver Coffee-Musical by the Friends of the Winchester Hospital, to be held in the living room of Mrs. Fulton Brown, 24 Arlington street.

This concert, to be represented by the Mary Stanton William Singers for the Friends, is the fourth program of the Ways and Means Committee, of which Mrs. John Duce is chairman, and Mrs. Sanford Moses, ex-chairman. Full details of the concert will be announced later in the Star, but those interested in the Friends and in good music are asked to note the date, May 3.

ADMIRAL BURACKER
CHAIRMAN

Admiral William H. Buracker, 12 Starboard road has been named chairman for Winchester in the annual campaign of the Massachusetts Divisions of the American Cancer Society in April. It was announced today by Walter A. Brown, state chairman. Adm. Buracker, a former commissioner of public works for Massachusetts, is associated with the firm of Jackson and Moreland, engineers, of Boston.

The new chairman expressed himself as most happy to assume the work of directing Winchester's campaign, "to help, even in a small way toward public education in cancer control and research into its causes and cure."

WINCHESTER RED CROSS LEATHERS' committee with Chairman John A. Volpe on final plans for the 1951 campaign which will take place on Sunday, March 11. Seated, left to right, are Volpe and Carl W. Wood, Residential Chairman. Standing are Charles B. Watson, Chapter Vice-Chairman and Wayne E. Davis, Planning Committee Chairman. John Elliott, Public Relations Chairman, and Henry A. Deimler, Special Gifts Chairman.

PARKHURST SCHOOL
FATHERS' NIGHT

A very successful and well attended Fathers' Night was held last Monday evening at the Parkhurst School. The parents visited the classrooms to inspect the children's work and talk with the teachers before gathering in the auditorium for a social get-together. Refreshments were served by Mrs. George Herrick and her committee, consisting of Mrs. Ronald Davis, Mrs. Martha Porter, and Mrs. Richard Pettigrew.

Mrs. Lyndon Barnham, president of the Parkhurst Mothers' Association then welcomed the fathers. Mrs. Quintine Roberts read the secretary's report and the treasurer's report. Mrs. Barnham thanked Mrs. Arthur Rode for all the work she had done to arrange for Fathers' Night before resigning as Vice-President. Next, Mrs. Barnham turned the meeting over to the new Vice-President, Mrs. Leonard Mead.

Mrs. Mead introduced the speaker and entertainer of the evening, Russell Curry, instructor of the public school dancing classes. Mr. Curry proved again that he is capable of keeping an audience amused and entertained while being instructed, as he talked about the work of the parents' assembly and demonstrated the do's and don'ts of dancing with his mother, Mrs. Grace Curry as partner.

A number of the parents' assembly allowed Mr. Curry to use them in his demonstrations which added to the hilarity of the program.

Mr. and Mrs. Richard Bunting, Knights of Winchester are the parents of a second child and first son, Peter. Sage, born February 12 at Lawrence Memorial Hospital in Medford. Grandparents are Mr. and Mrs. Frank D. Neill of Boston.

PATRIOTIC PROGRAM AT
NOONAN SCHOOL

The lowest and most grade pupils of the Noonan School presented a Patriotic Program recently.

Announced: Ronald Chase, Stephen Belmont, George Washington, Eleanor Roosevelt, Franklin D. Roosevelt, and Joan Dawson.

Songs: "God Bless America," "A Soldier's Song," and "Washington."

Music: Carolyn Doherty and Arthur Collins.

Mr. Vice, Dr. Washington, D. C.

None of the children told stories about Abraham Lincoln and showed pictures of him made. They were

Donald Sherburne, Gail Fretton, Richard Samman, Arthur Collins, Joyce Walden, James Flaherty, Carolyn Nelson, Joan Doherty, and Carolyn Doherty.

Original Play entitled "Lincoln, the Kind Hearted" Characters

Abraham Lincoln, Abraham O'Keefe, Sally, Louie, Vernon, Carolyn Nelson, and Truitt Thomas.

Tracy

Original Poems about Lincoln and Washington: Carolyn Nelson, Lawrence O'Keefe, Joan Doherty, Joyce Walden, Karen McElholm, Ronald Chase, Arthur Collins, and Carol Chase.

Thomas, Tracy, "Young Abraham Lincoln," "O Lincoln, Lincoln," and "Noble Lincoln."

To conclude the program the entire audience saluted the flag and sang, "The Star Spangled Banner."

THROOP 12 HELD HIKE

A group of Troop 12 Boy Scouts, headed by Junior Assistant Scoutmaster Tony Doyle, hiked through the drizzle of Washington's Birthday to Camp Rankin, the Boy Scout Camp, off South Border road in Medford.

Troop 12, Scoutmaster George Wilson, were along to check the boys in hiking, cooking, measuring, compass, woodlore, etc.

The Scouts pitched their big tent and despite the rain, got fires started. Inspection of the Camp lodge disclosed a structure big enough to accommodate nearly an entire troop.

Double metal bunk beds line one side of the lodge with additional bunks in the loft. A huge fireplace is in the center of the main floor.

Foresighted mothers provided food for the hikers who enjoyed a hearty meal with a menu varied enough for any taste.

Besides the Scouts, already mentioned, making the hike were James McElholm, Peter Cullen, Peter Dee, James Nasse and Cub Scout John Loomis. Scoutmaster Bob Fore and Committeeman Vin Erhard drove to the Camp to return the Scouts to Winchester by car.

The boys, however, refused the ride and hiked back home like veterans.

BEN LEVIAS

Winchester swimmers learned with regret of the death on Tuesday, February 27, of Ben Levias, former head of the New England AAA Swimming Committee and one of those who organized the Boston Red Cross Life Saving Club No. 1.

Levias died a lot for Winchester swimming in the days when Helen Carroll was laying the foundation for a successful competitive club in this town. He often came personally to Winchester to assist in conducting meets here, both at Wedge and Leonard Field, and it was largely through his influence that a sanctioned NEAAA Meet has been held here for several years now. Always pleasant and aggressive, and ready to put himself out to aid young swimmers, Ben Levias will be genuinely missed by a host of friends.

MISS HARRIETTE L. LODGE

Miss Harriette L. Lodge, a former resident of Winchester, died Saturday, February 21, at the Huggins Memorial Hospital in Woburn.

Miss Lodge was the daughter of William A. and Elizabeth (Metcalfe) Dodge. She was born 68 years ago in Cambridge, but lived as a girl and young woman in Winchester. A retired school teacher, she had lived in recent years in Alton, N. H.

Surviving are two brothers, Harry W. and Fred A. Dodge, both of Winchester; and a sister, Mrs. Charlotte E. Dodge of Roanoke, Va.

Private funeral services were held on Monday at the committal in Wildwood Cemetery. The Rev. John Snook, Jr., pastor of the Crawford Memorial Methodist Church, officiated.

MRS. MAE GAFFNEY

Mrs. Mae Gaffney, who made her home with her son, Grover M. Gaffney, at 10 Glenbury, died Wednesday, February 28, at the Winchester Hospital.

Mrs. Gaffney was 75 years old. She had spent much of her life in Lexington and was until her retirement director of the Boston office of the School and College Advisory Center of New York. She was a member of Lexington Chapter, Order of Eastern Stars, the Old Belfry Club and the Hancock Congregational Church in Lexington.

Funeral services will be held this Friday afternoon at 2 o'clock in the memorial chapel of the Hancock Congregational Church in Lexington.

SELECTIONS NOTES

The "no parking" signs have now been installed on one side of Myrtle street, and in accordance with the vote of the Board on February 12th, coasting will now be allowed, if and when there is any snow.

The Board greatly regrets that it is faced with the necessity of replacing Mr. William E. Priest as town accountant in the near future. Mr. Priest will retire the latter part of March, and much thought and consideration are being given to the appointment of his successor.

The following were drawn for the Jury Pool at Cambridge, to report April 4, 1951 at 9 a. m. Victor A. Wolff, 21 Stoddard road. Ronald R. Riley, 161 Swanton street.

THE MISSION UNION GUILD

The Mission Union Guild of the First Congregational Church in Winchester will meet on Tuesday, March 13, 1951. Members are invited to participate in the morning sewing project from ten o'clock, under the leadership of Mrs. Grace Pound and Mrs. Jessie Sand. Luncheon will be served at one in the Social Hall with Mrs. George E. Traut and Mrs. Wellington Child, co-conveners. Mrs. Frederick Withington, Director of Mission Union, will preside at the afternoon program which will begin at two o'clock in the Ladies' Parlor. At this time Mrs. Frederick S. Hatch will lead the devotional service, and there will be a special dedication of the second mile envelopes which are to be brought in at this meeting.

The speaker of the afternoon will be Mrs. John E. Reuling, wife of Dr. John E. Reuling, Associate Secretary for Africa in the American Board of Foreign Missions. Born in Nemoine, Michigan and a graduate of Michigan State College, Mrs. Reuling served with her husband under the American Board for twelve years in Adams, South Africa. During these years she taught in Adams College, an outstanding Christian School for Bantus founded by the American Board in 1833 and often referred to as the "Hampton of South Africa". At the same time she was District Commissioner of the Girl Guides in that area traveling over a radius of some fifty miles and working among more than six hundred groups of African Girl Guides.

She not only combined these activities with the responsibility of home, husband, and four children, all born in Africa, but she found time to play a leading part in the Women's Club, which she co-edited in Adams College, an outstanding Christian School for Bantus founded by the American Board in 1833 and often referred to as the "Hampton of South Africa". At the same time she was District Commissioner of the Girl Guides in that area traveling over a radius of some fifty miles and working among more than six hundred groups of African Girl Guides.

college, both Bantu and European. She worked with the churchwomen where she found the mothers in the women's societies as concerned as American mothers about their boys and girls who are confronted by the temptations of civilization. In 1941 the health of two of the Reuling children made it impossible for Dr. and Mrs. Reuling to return to Africa following furlough. Dr. Reuling then became President of Northland College, Ashland, Wisconsin where he served with distinction for four years. During this period Mrs. Reuling resumed her work along Girl Scout lines, becoming chairman of the Training Department of the Ashland Girl Scout Council. She also became President of the Ashland Branch of the American Federation of University Women. In 1945 Dr. Reuling assumed his present post with headquarters in Boston and the family now live in New Newton.

**WINCHESTER
TOASTMASTRESS CLUB**

Contest speeches will be the order of the day at the Winchester Toastmastrers Club for the next six or seven meetings. The Speech Contest is for the purpose of selecting an outstanding speaker of our group to represent us at the Council meeting in the Spring. The three Toastmastrers Clubs making up the council in this region are the Wellesley, the Quincy and the Winchester clubs. Each of these clubs will select a member to represent them at this Council meeting. Of course each club hopes to present the most completely speaker at that occasion.

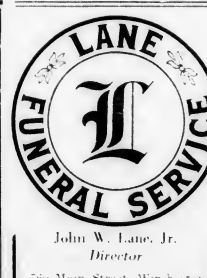

The two contestants to speak at our next meeting, March 13th, will be Miss Mae McMahon and Miss Marion Manning. Both will give ten minute speeches.

The Toastmastrers for this meeting will be Miss Edna Brownell and the Topic Mistress will be Miss Anna Kuhn.

The meeting will be held at the home of Mrs. William Kuhn, 7 Park Street, Winchester, Tuesday evening, March 13th.

**WINCHESTER CLUB PARK

**HOLY NAME HEARD DOCTOR
CONVERT**

Dr. Frederick J. P. Rosenheim, a convert to Roman Catholicism, was guest speaker last Sunday morning at the communion breakfast of St. Mary's Holy Name Society at Knights of Columbus Hall. The Society received communion in a body at the 8 o'clock mass, remembering their chaplain, Rev. Fr. William H. Walsh, for his spiritual leadership during the year. Marshall Philip O'Rourke, Jr., and Assistant Marshall Leonard Hurley acted as altar boys.

Father Walsh was the preacher at the communion service, urging the Society members to adopt the living faith of the Apostles. At the hall, following breakfast, the Society's president, Arthur W. Hall, led the men in repeating the Holy Name Plunder. A short entertainment program including musical selections by Max Portington, accordionist, and Herb Leahy, pianist. President Hall introduced Father Walsh, and presented him with a spiritual gift from the Society. Father Walsh in the course of his remarks, urged general Society participation in the "National Adoration" of Holy Thursday night.

Program Chairman William J. Coughlin introduced Dr. Rosenheim, whose address proved one of the most appealing and inspiring yet heard by the Society. Stressing the need of having life's crosses bravely, Dr. Rosenheim said that Our Lord asks us all to hold His cross awhile that He may rest. In embracing His cross, the speaker said, we are voluntarily embracing the Saviour, and he explained to explain that God's greatest gift to the World is the Cross of Calvary. Loving the Cross is loving God, continued Dr. Rosenheim, who illustrated his address with references to incidents in the lives of the Saints and quotations from the Bible. Blessed Sacraments were distributed by the speaker at the conclusion of his address, when Father Walsh paid eloquent tribute to Dr. Rosenheim and the hearty applause of the men bore witness to his ability to hold the closest attention of his audience.

**MISS BRACKER ON
COMMITTEE**

Miss Dorothy Ladd Bracker, daughter of Mr. and Mrs. William H. Bracker of 12 Stratford road, has been working on the publicity committee for the International Relations club conference to be at Mount Holyoke college this week end.

Representatives from 51 colleges are expected to attend this conference which will discuss the topic "What are the Responsibilities of the United States Abroad?" Miss Bracker, a member of the sophomore class, has also been active in dramatics. She participated in the freshmen plays last year, the Laboratory Theater plays, "Blood Wedding" and "A Change for the Worse" this year.

NICHOLS RECEIVES PATENT

On February 20, 1951, the United States Patent Office granted patent number 2,512,206 on the "Art of Packaging Nuts" to Ellsworth G. Nichols, of Myopia Hill road.

As is generally known, the conventional practice of packaging nuts within an airtight bag suffers from the disadvantage that the oxygen, within the bag, causes the nuts to become rancid in a comparatively short time. This has been particularly true in the case of nuts that have been cooked in oil or the like.

It has been proposed that this limitation may be overcome by marketing the nuts in a container made from thin, flexible and pliant sheet metal material within which nitrogen or other rarefied-inert gas is substituted for oxygen. However, according to Mr. Nichols, the prior methods for achieving this end have not been successful.

It is the object of his invention to present a solution to this problem and thus he has devised a package of cellophane in which is bonded a lining of platinum or other suitable substance that is impervious to oxygen, moisture and acids. Bags made from this material, are filled with nuts, sealed with the exception of a vent opening, and placed within a closed chamber from which the air is first evacuated and into which nitrogen is then introduced until approximately atmospheric pressure is restored therein. As the final step, the vent opening of the bag is permanently closed before or after its removal from the chamber.

It is claimed that this invention of Mr. Nichols constitutes an improvement over the prior practice. It should be noted also that his method of exhibiting the oxygen laden air and substituting an inert gas therefore avoids the undesirable collapse of the thin, comparatively weak material of the bag against the nuts, which would be the case if the substitution were effected in the open.

This patent has been assigned to E. F. Kemp Corp., Somerville, Mass.

MOULTON CAMPER'S REUNION

That long awaited get-together of the 1950 camping-season campers came to a climax last Friday night at the Waterfield Hall.

The majority of the campers attended with many of the fathers joining them in a number of games, including Hide in Sight, Barnyard Din where the fathers led a dog's life when the sons out-chased them with the strong Mowat. Then there was the Slip-foot race where the Dads showed the juniors a few tricks of their own; in the Satchase relay the juniors had all the fun while the Dads stayed on the sidelines to cheer. The last race had everyone running around in circles, no wonder it was called the Loozy-Doozy relay. In this event a good sense of balance was important. The group then gathered together to sing the camp song.

A highlight of the reunion was the showing of the fine production of camp-colored movies where each boy presented himself as a true movie star.

Refreshments were served and old times were discussed before saying goodnight until we meet again.

COSTUME PARTY AT COUNTRY CLUB

Plans are practically complete for the big annual Costume Party of the Winchester Country Club to be held at the clubhouse Saturday evening, March 17.

Dinner will precede the dancing with hors d'oeuvres served from 7 to 8 and dinner from 8 until 9. Dancing will commence at 9 and continue until one with the popular E. F. Kemp Corp. Somerville, Mass.

VICTORY OVER NEEDHAM GAVE WINCHESTER CLASS A SMALL SCHOOLS CROWN

Winchester High won the Class A crown of the fourth annual Small Schools' Tourney by coming from behind to edge Needham High 38-34 at the Malden High gym last Saturday night. The Red and Black won the game in the third period with a rally that produced nine straight points to erase a four-point half time deficit. Needham had led through most of the first half but that rally won the game for the Indians as they never again relinquished their lead.

Needham set up a tricky, shifting zone defense that the Indians could not break in the first half. The locals could not cut a player through the 2-1-2 setup and were not hitting on their shots from the outside. The Winchester sagging man-to-man defense was functioning effectively, too, but Needham was having phenomenal luck with their long shots through the first half. Needham established a 13-9 lead at the end of the first quarter, with both teams scoring eight points in the second quarter.

to give Needham a 21-17 lead at the intermission.

Coach Bartlett must have combined some constructive suggestions with a fine pep talk between the halves for Winchester shook their way out of the start of the third period to stage the flurry that won the game. Murphy started the comeback with a foul shot. Dilorio then connected from the left to cut Needham's lead to one point, 21-20, and Symmes tied it with a foul shot. Dilorio sent the Indians ahead with a one-hand push shot from the left. Symmes converted a free throw, Hawkins added a free throw, and Murphy another foul shot to give Winchester a 26-21 lead before Needham scored in this period. A basket by Long and a foul shot by Symmes provided the locals with a 30-27 lead at the three-quarter mark.

Twice Needham came within two points of catching the Indians and once within one point in the last quarter. With a one-point lead and the crowd on its feet screaming, Murphy swished a 30-foot set for a three-point Winchester lead and Symmes clinched the game with a 25-foot set from the right side. Steadiness at the foul line, superior

backboard strength, and tight defensive play stood out in the Winchester victory in spite of the fact that the Indians were not shooting with their usual degree of accuracy.

After the game Winchester was presented a permanent plaque and was given the Class A title trophy for one year's possession. The victorious Winchester players were awarded miniature gold basketballs while the Needham players received silver miniature basketballs. John Dilorio was honored by selection to the All-Tournament Team comprising all four classes, while both Dilorio and Murphy were selected for the Class A All-Star Team.

Dick Bane of Glengarry, Tufts college candidate for world record holder in the 35 pound weight event, wound up his indoor track season last Saturday at Tufts by winning the weight event in the successful conquest of the University of New Hampshire track and field forces in Cousins Gym. Dick's winning heave was far short of his 60 feet 11 inches record, but was still plenty good enough to win.

LINCOLN SCHOOL NEWS

Fathers' Night will be held at Lincoln School on Wednesday, March 14th, at eight o'clock. Miss Anifantis and the Goette, from High School, will open the program. Mrs. Sever, who is affiliated with the Children's Hospital, will speak on "Discipline." Anyone who has heard her before will realize what an enlightening talk it will be, and those who have not have a grand evening ahead of them.

Refreshments will be served.

Dollar for Dollar
you can't beat a
Pontiac

For Miles and Miles of New Car Pleasure!

A new Pontiac owner is in for a very satisfying revelation: The thrill of those first miles, the pleasure of new-car performance is built right into a Pontiac and stays there, for miles and miles—year after year!

The first time you get behind the wheel, you are almost sure to feel that nothing can equal the sheer fun of those first few miles! Pontiac's power surges easily, eagerly into action; its ride is so smooth and sure-

footed, and Pontiac handles with such effortless ease.

No car on the road has a better record of dependability than Pontiac. No car will perform so long, so well, with so little maintenance.

This is something very important to think about when you select your next new car. It's one of the important reasons why Dollar for Dollar, You Can't Beat a Pontiac.

Congratulations to Coach Bartlett and his Winchester High School basketball team for their splendid record this season. Winning 22 of 24 games is something unheard of in recent basketball annals in Winchester, and we doubt if any of the oldest teams can produce a better record. Regardless of how the team does in the upcoming Tech Tournament, the boys have covered themselves and their coach with glory by their wonderful consistency against opposition throughout the year.

We note the Finance Committee has approved the purchase of more portable bleachers for use on the town playgrounds at a cost of \$6,000. When are we going to commence the construction of the permanent seats at Manchester Field for which we took the hillside to the south of the junior high school? The entire layout of Manchester Field was made with the idea that permanent seats would be erected on this hillside. A much better layout could have been made had the plan been to stick indefinitely to the unsatisfactory portable bleachers. The sum of \$6,000 would at least make a start toward permanent seats, and surely enough portable seats can be salvaged from those we now have to supplement the permanent bleachers.

The Winchester Red Cross Campaign of last Sunday got off to a flying start. Better than 50% of the quota was attained. Inasmuch as the goal set was a minimum requirement, the amount sought absolutely must be raised. Tremendous new responsibilities have been loaded on the Red Cross in connection with civil defense. Its blood program is failing to meet the new quotas resulting from the Korean war. Emergency blood stockpiling is going ahead at a snail's pace. The armed forces, of which the Red Cross is an essential part, are almost tripling. At this, and the Red Cross seeks only one-third more money than it did last year. If this agency is going to continue even near to meeting its responsibilities for armed relief, for service to the armed forces and for training in civil defense, the sum it seeks in Boston must be raised. The Red Cross is the only agency able to rally the masses of men, women and equipment needed to cope with disasters made by man or nature. The lives of all of us may depend on its ability to meet a sudden and terrible emergency. The Star believes that this year's Red Cross fund drive is a matter of the first urgency for all of us.

WILL PROSECUTE OFFENDERS

At the request of the Chief of Police the Star is publishing the following letter sent by the Chief to Dr. Forbes H. Norris, representative of the Star.

Dear Mr. Norris, Sir,
 I wish to call to your attention a condition that exists in this town, that I believe will be of great interest to you, the members of your school staff, the students and parents. In short, it is of vital concern to all of us.
 Some of our boys in Winchester have conceived the brilliant idea of removing catch basin covers after midnight, and if you could dream up a more vicious practice than this, I am sure would like to hear it. In short, considering the danger involved, these pranksters are definitely placing themselves in the category of potential murderers. I firmly believe these are the acts of senior grade boys, the average

cover being too heavy for a youngster to remove.
 Will you please, Mr. Norris, advise all youngsters, that I firmly intend to prosecute any boy found committing such an act. It would be an act of stupidity to the community to put such a boy out of circulation.
 Seven covers were replaced Sunday morning, February 25th, and even more over this week-end, March 3rd. The boys would really feel proud. I wonder how their parents would feel should a baby fall in one of these catch basins, and down or an auto drive into one of them and get killed.
 For the benefit of the parent and other interested parties, I am forwarding a copy of this letter to the Winchester Star, the Wincham Times and Board of Selectmen.
 Very truly yours,
 Charles J. Harrold
 Chief of Police.

COMMITTEE STILL IN EXISTENCE

Town Counsel Turns Down Referendum Group
 Editor of the Star:
 The following letters correct a statement made by the Referendum Committee in the Star issued March 2, 1951.

March 4, 1951
 Mr. Vincent P. Clarke
 Town Counsel, Winchester, Mass.

There is no question in the minds of the Building Committee about the validity of its appointment and its continuance.
 However, as the Referendum Committee has seen fit to question the legality of the Building Committee's expenditures since November 30, 1950, and also the catchfulness of the Town Accountant, Town Treasurer, and Town Counsel, we are asking you to give an unqualified opinion on this accusation.

Very truly yours,
 High School and Enlarged Junior High School Bldg. Com.

At the adjourned annual representative town meeting held March 6, 1951, a committee was established known as the High School and Enlarged Junior High School Building Committee. Delinquent duties, powers and responsibilities were given that committee and a substantial appropriation made for the carrying out of the project. The vote in detail appears on page 42 of the 1949 annual town report.

At the adjourned annual representative town meeting of March 20, 1950, the committee made a report and in accordance with its request an additional appropriation was made.
 At the adjourned annual representative town meeting of November 30, 1950, the committee again made a report which was received and placed on file. The recommendations of the committee were discussed at length, after which the members of the special representative town meeting voted by a very large majority to adopt one of the plans, and also voted in accordance with the recommendation of the committee to authorize the acquisition of certain real estate, which was required for the furtherance of the plan. The vote favorable the plan was not adopted by the town due to the lack of the necessary two-thirds vote at a subsequent referendum. The vote authorizing the acquisition of the real estate did, however, become effective.

At a subsequent special town meeting of January 29, 1951, the town meeting members again favored, by a substantial majority, the plan recommended by your committee and again by referendum vote of February 26, 1951, the plan failed to receive the necessary two-thirds vote.

Your committee was given definite duties, powers and responsibilities. In my opinion your committee is still in existence and entitled to function until such time as the town vote otherwise, or discharges the committee. Proper expenditures incurred by you for the purposes for which you were established and on the extent of the appropriations voted are legal.

Very truly yours,
 Vincent P. Clarke
 Town Counsel

RE-EXAMINE OUR PURPOSES

Editor of the Star:
 It is hard for busy men and women to keep up with public issues. We are often forced to rely on the personal opinion of friends and on headlines for clearance of opinions. Too many times there is the assumption that this person is right. There is nothing more interesting than gossip and rumor — and don't think men aren't just as attentive. We must think and analyze them through.
 People are not ignorant. Very often we vote for one thing, though victorious at the polls, we get something else and a lot we

didn't intend or expect. That does not condemn our form of government. It just emphasizes the good and bad points.

Conflicts have grown out of misrepresentation of facts and selfish reasons in the past few months in our town. If a person can do a job better than another he has a responsibility which he should be willing to assume.

We have either stood for something or else fallen for it. There has been petty bickering — my school costs against yours, your precinct against mine. That is our democratic process with which I find no fault.

I do object to the fact I have been forced to be small in my thinking. I do resent the name-calling on both sides of the school issue. I can see no reason for 13 - 15 Town Meeting Members not voting at the January meeting — sitting on a fence produces only one thing, I deplore the apathy of Winchester voters.

We now have the opportunity to exercise our intellectual and moral powers during this cooling-off period. A moderate enthusiasm is highly recommended for all of us which naturally includes me. This is one of the finest opportunities for all of us to re-examine our purposes for the betterment of Winchester and be creative rather than self-destructive.

WOULD YOU SEND A CARD?

Editor of the Star:
 Last week Sgt. William Jack USA was brought to the Murphy General Hospital from Korea. Many of the ladies who went on trips to the various military establishments will remember him.

Inasmuch as Sgt. Jack is seriously wounded and will be in the hospital for about a year, will you take time to drop him a card? Address it to Sgt. William Jack, Ward 5A, Murphy General Hospital, Washington, Mass.

If you have not met Sgt. Jack, send him a card anyway. He has served very well so let us show him we appreciate it. Thank you.

**"HOBBIES" TALK FOR
BUSINESS WOMEN**

"Hobbies for All" by Miss Edith Grant of Medford will be the topic of the Business and Professional Women's Guild, First Congregational Church, on Tuesday evening, March 13, at 7:45 p. m. in the Ladies' Parlor. All women are cordially invited to this meeting, and her coffee will be served at the close of the program. Miss Helen Montee will preside, with Mrs. Ruth Hilton in charge of the social hour. Miss Grant is widely known as a lecturer, and has appeared before many clubs in this area. She is a retired business woman, having served in the insurance business for some years, and now devotes her time to lecturing. She is active in Medford women's clubs and church groups, and is now President of the Medford Council of Church Women, and Friendly Service Chairman of the Woburn District. Her coffee on Hobbies should be of special interest to women who work or keep busy with household tasks, and need a little "extra relaxation" in these current times.

CHOIR OF THE CHURCH OF THE EPIPHANY

Enos Held, Organist and Choirmaster, is seated with the Rector, Rev. Dwight W. Hadley, in front of the choir, who will sing Dubois' "Seven Last Words" Palm Sunday.

EPIPHANY CHORUS SINGS "SEVEN LAST WORDS"

On Palm Sunday evening, March 18th, at 7:45 P. M., the choir of the Parish of the Epiphany will present "The Seven Last Words of Christ," a sacred cantata by Theodore Dubois, directed by Mr. Enos Held, Organist and Choirmaster.

The soloists are: Sophia H. Gardner, Soprano; J. Raymond Graham, Tenor; Fred E. A. Smith, Baritone; and Robert H. J. Baker, Bass. Accompanists are: Mrs. Robert Loring of Swampscott at the organ, and Kenneth B. Hiscox at the piano.

The Parish of the Epiphany invites everyone to attend this musical service which marks the end of Lent and the beginning of Holy Week.

FIREMEN AND POLICE AIDED IN MEDFORD DROWNING

Members of both the Fire and Police Departments played a prominent part in the rescue effort at the tragic drowning of four young Medford boys in a small, unnamed pond located between Winifred Way and the railroad tracks near the Winchester-Medford line and not far from the Symmes Basin. The boys and another youngster, brother of one of those who were drowned, wandered down to the pond from their homes on Essex and Dover street in Medford, about two miles distant, and found the bodies of the four boys, proceeded to launch it, all five getting aboard.

Stories of the accident seemed to agree that the raft capsized, throwing the boys into the water. Four of the five, weighed down by their heavy clothing sank quickly in the marshy water. One of the Elder boys, John Mason, 9, of 101 Dover street, succeeded in reaching the raft and clung to it, shouting for help.

Residents of the Winifred Way development heard the cries and ran to the pond. One, Vincent March of 20 Standish Lane, notified Fire Headquarters of the accident and assisted Harry Varnity of Town Way and John Miller of Winifred Way in pulling the raft and young Mason ashore. The boys' first thought was to get the younger brother, George, aged 8, and his companions, Albert Battista, 9, and the latter's six-year-old brother, William, of 55 Essex street, and Richard Tagliani, 9, of 82 Essex street, who were at the bottom of the pond.

As the men got the Mason boy ashore, the Winchester Police, headed by Sgt. John Dolan and Clarence Dunbury, arrived at the scene, with Winchester Fire apparatus and the Department's Life Saving Boat. Sgt. Dolan and Officer Dunbury assisted Fireman John Nash in getting the Mason boy into the ambulance. The other three boys were taken to the Winchester Hospital where they were treated for immersion and shock by Dr. William E. Hickey. J. after treatment he was permitted to go home with his parents.

Meanwhile at the pond the Fire Department's boat was launched, manned by Capt. J. Edward Noon, Lt. Joseph O'Melia and Police Officer William J. Connelley. Grappling was begun at a point about 25 feet from shore and within a short time one boy was recovered. The other two boys were immediately revived by the Fire Department's boat. The boys were taken to the Winchester Hospital where they were treated for immersion and shock by Dr. William E. Hickey. J. after treatment he was permitted to go home with his parents.

Grappling was resumed immediately and two more boys were brought up, rushed ashore and resuscitated. The fourth boy was brought up by the Fire Department's boat. The boys were taken to the Winchester Hospital where they were treated for immersion and shock by Dr. William E. Hickey. J. after treatment he was permitted to go home with his parents.

John J. Dalton, a former well known resident of the North End, died Thursday evening, March 8, at his home, 220 Hancock street, of a heart attack. He was 75 years old.

Mr. Dalton was the son of Thomas and Catherine (Lynch) Dalton. He was born in Winchester and was employed for many years until his retirement as a leather worker for Berghs and Cobb.

Mr. Dalton's wife died six years ago. He leaves a daughter, Mrs. George Cogan of Stoneham; three sons, Mr. John Dalton, Jr., Owen Grant, both of Winchester; and Mrs. Catherine Deasey, living in Ireland; two brothers, Andrew Dalton, who was born in Winchester and two grandchildren. The funeral was held Monday morning from the Lane Funeral Home, where solemn requiem high mass was celebrated at St. Patrick's Church, Stoneham. Rev. Fr. Charles T. Duggan was celebrant. Fr. David Burke, deacon; and Rev. Fr. John C. Colahan, E. deacon. Rev. Fr. Francis O'Neil of St. Mary's Church was seated in the sanctuary. Bearers were six nephews of the deceased: Thomas Walsh, Robert Walsh, William Walsh, Maurice Walsh, Andrew Dalton, Jr., and John Cronin, all of Winchester.

Burial was in Calvary cemetery.

BLOOD NEED URGENT

A great deal has been written about the importance of donating blood. The Winchester Blood Program has taken the necessary steps to make it possible for anyone to donate their blood during the next few days. The program was announced this week by the Blood Program of the Winchester Chapter, American Red Cross.

However, since the Red Cross has been designated by General George Marshall as the official procurement agency for blood, our fighting forces are depending on us to come through.

We hope that all those who have signed up will now follow through when the bloodmobile comes to the Congregational Church on Monday, March 26th.

More nurses have been employed recently to supplement the former bloodmobile staff, so that it will be possible for the bloodmobile to collect 150 pints in one day. It is very simple to give blood, and it is possible for anyone to donate blood. Our citizens who are on hand to serve you a little warm food after you have made your contribution, and it takes but a short time. What is a little time for hundreds of thousands of units stockpiled now, but we haven't. Let's not cry later "Too little and too late." Let's have plenty of warm blood. Call today for your appointment. W1 6-2300.

COMMUNITY CONCERT DRIVE

The opening of the annual one week membership drive of the Winchester Community Concert Association on Monday, March 26, coincides with the final concert of the current series that evening by the "Loewenbach Quartet" in the high school auditorium. Community concerts have become an important part of the musical life of Winchester, and have brought here such great artists as Todd Duncan, Arthur Templeton, Satomura and the DePaul Infantry Chorus, and subscribers are assured that the same high standard will be maintained in the series.

The success of the drive for next season's concerts are the following: Smith College club members, whose scholarship fund benefits the project; President, Mrs. Stanley Neill; Vice-President, Mrs. Charles H. Tozier; Chairman of the project, Mrs. William J. Hughes, Jr.; Co-Chairman, Mrs. Gilbert H. Tapley; Secretary, Mrs. Harold W. Farnsworth; Publicity, Mrs. Benjamin T. Marshall, Jr.; Treasurer, Mrs. Gilbert H. Tapley.

Headquarters for the week long drive, March 26-31, will again be at the Winchester High School, and all returns will be made there by the various workers. The directors who assist in choosing the artists for the 1951-52 season are: Mrs. Eleanor Amant, Mr. Walter Brime, Mr. Robert Carlson, Mr. and Mrs. Edward Gross, Mrs. Adelaide Homer, Mr. and Mrs. John J. Knowlton, Mr. Benjamin T. Marshall, Jr., Dr. and Mrs. Eugene M. Pollard, Mr. Arthur T. Rode and Mrs. Leon Sargent.

ON DE PAUL CONCERT COMMITTEE

Mrs. Harold M. Boardley of 17 Cross street, is a member of the committee in charge of arrangements for the concert to be given by the De Paul Infantry Chorus at Symphony Hall Sunday afternoon, April 8, at 3:30 under the auspices of the Women's Service Club of Boston.

Proceeds from the concert will benefit the charitable and educational work of Women's Service Club. Since it is quite likely that the De Paul colored singers, one of the best musical singing ensembles on the concert stage today, may not appear in this area again for two years, lovers of their art are urged to hear them on April 8.

MANHOLE CASE CONTINUED

The two Winchester boys caught in the Public removing manhole covers from town streets appeared in Winthrop Court Thursday morning with their parents.

Judge William Hinchey severely reprimanded the boys and ordered them to their parents. Police Chief Charles J. Harold asked for a continuance of the cases, which the court granted.

TROOP 1 CHATTER

Leader — Mrs. Waldon B. Hersey

In spite of the springlike winter weather around Winchester the Girl Scouts of Troop 1 have completed three very successful Ski Weekends. The one to Waterville Valley, January 19 we have told you about but not Keene's in Etta, N. H. on February 16 and Monticello Ravine Camp in Warren, N. H. on March 2.

The Keene's trip was rather hectic in preparation due to the rain and reports of "no skiing but snow promised." However, a gay group of boys and girls took off after school on Friday, arriving at Keene's in time for a delicious supper and a very full and active evening of real square dancing in the Little White Church in Hanover. A popular gathering place for Dartmouth students, the girls had no fear of "sitting out," for they were literally rushed off their feet and by midnight were glad to get into their bunks happily and physically exhausted. Saturday, Dave Shiverick and Ted Trot found enough snow way up in a pine grove to hold their ski classes so that the beginners learned control and the more advanced perfected their technique. After the hayride Saturday night we had a pajama party in front of a roaring fire with a little old Cockney fortune teller unfolding our future to us. It was amazing how much she seemed to see in the cards. Mrs. Hersey, assured by the soothsayer that her secret wish would most certainly be granted, told us in plain language that it had for when we awoke that Sunday morning the ground was well blanketed with snow. All Sunday till time to go home everyone rode the tow and down the trails to their hearts' content.

Adults on this trip were: —

The Monticello weekend was

entirely different from anything

most of us had done before with

certainly the most perfect ski con-

dition we had ever had with about

four feet of base with eight inches

of fresh powder. Boy! — no one

there but us either until noon on

Saturday. There were 25 of us

boys, girls and adults, the boys and

men staying in the Nat Emerson

Bunk House but we girls, Mrs. Her-

sey and Helen Goodwin in the un-

dergraduate cabin all by ourselves

and what fun we had till the cat-

erth snuggled in to sleep with her

started roaming around over the

beds moving in the wee small

hours of the morning. After we

were all settled and one of Eric's

luscious suppers stowed away, we

just couldn't resist the urge to get

out in the gorgeous snow. So, all

evening we skied and jumped and

played follow the leader on the

flood lighted slope.

Saturday dawned clear and

cloudless, perfect for photography.

We couldn't get out fast enough to

use the new 1400 foot ski tow that

serves three fine trails above 2500-

foot elevation. The exclamation

of enthusiasm, the "wow," what

skating! as each skier came

tearing down through the powder

to the foot of the tow was music to

everyone. By noon it was clouding

over and another group of college

folk arriving and the more the mer-

rier. Some continued to ski on into

the evening after supper while

others joined in the square dance

but most of our crowd went to bed

early to be fresh for the next day's

skiing. Well, it snowed all night

and on into the next day, putting

more powder on that which was

packed the day before. We skied

all Sunday morning, not wanting

to come in for lunch because it

meant parking up and leaving for

home.

It was so nice coming to win-

try Swiss Alpine country to gradu-

ally run through rain and sleet till

safely home at last in Winchester

where there was no winter at all.

It was a perfect weekend with

plenty of exercise in fresh moun-

tain air leaving us with red cheeks

and happiness in our hearts.

CUB PACK NINE NEWS

Last Friday's meeting of Cub Pack Nine action packed from start to finish and never a dull moment.

After a game period officiated by Culmaster, Louis Bravace, the meeting came to order and Mr. W. Allan Wilde was introduced. Mr. Wilde, representing the Winchester Rotary Club, presented to our new Pack a beautiful American Flag, following a brief talk on the flag's history and its meaning to Americans. Mr. Wilde's reading of the three stanzas of the Star Spangled Banner brought to the boys' attention the poetry and meaning not ordinarily noticed in its singing. The entire assembly then joined in singing the first stanza.

Mr. Charles Adams, president of the Pack's sponsoring group, the George Washington School Dads Club was introduced next, and presented on the Club's behalf a new Pack flag. After the pledge of allegiance to the flag and roll call three new members were officially welcomed into the Pack and presented with emblems. Incidentally, Robert Carver, Geoffrey Johnson, and Richard McLatchy. Carl Segerstrom was presented with his Wolf badge.

The big surprise of the evening was then unveiled when a real live ex-scoutmaster, Earl Haney of Winchester and Broken Bow, Nebraska stepped out onto the stage. Next, less to say the followers of the Ranger were held breathless for the half hour in which the experiences of a friend of Buffalo Bill were unfolded. The incidental lessons on mounting a horse, carrying a gun and caring for one's hat it is hoped will be remembered as well as the way to rope a steer and to crack a whip at an "outcry critter."

The meeting was closed with the boys' singing of "Good Night (Club Scouts)". The parents showed interest in the display of flags, scrapbooks, birdhouses and games made in the Den meetings while the boys examined more closely the cowboy equipment before going home.

D. A. R. DINNER PARTIES

With the Spring Formal Dance, the Winchester D. A. R. Committee of Safety Chapter is launching its first gay dancing party. And it is going to be very gala with its festive spring decorations and attractive young dancers and lovely flower girls who will add to the general colorful effect.

Many dinner parties have been planned by local members and friends. Mr. and Mrs. George A. Rivinius, Jr. are entertaining a large group of friends at dinner, including Mr. and Mrs. Robert Wild, Mr. and Mrs. J. A. Chandler Hill, Mr. and Mrs. William P. Coady, Mr. and Mrs. Roderick L. Bullen, Mr. and Mrs. Royce Bondell, Mr. and Mrs. Harold Lewis, Mr. and Mrs. William Massey, Mr. and Mrs. Scott Barret, Mr. and Mrs. Harry Ham, Mr. and Mrs. William Grier, Mr. Lexington, and Commander and Mrs. N. K. Nelson.

Mr. and Mrs. Paul M. White are also entertaining at dinner and their party includes Mr. and Mrs. L. R. Moulton, Mr. and Mrs. Lloyd Goldwin, Mr. and Mrs. Stanley McNeill.

Dr. and Mrs. Donald K. Lewis will entertain at cocktails Mr. and Mrs. Thomas Downes, Mr. and Mrs. Larry Burke, Mr. and Mrs. Richard Fischer, Mr. and Mrs. A. Perkins, Mr. and Mrs. John Gibbons, Mr. and Mrs. Ben Wild, Mr. and Mrs. Charles Jefferson and Mr. and Mrs. Edward Donnelly, after which Mr. and Mrs. Thomas Downes will entertain them all at dinner.

Mr. and Mrs. George Gowdy and Mr. and Mrs. Arthur T. Bogde are giving a dinner party together at the Gowdy home for Mr. and Mrs. F. Milne Blackard, Mr. and Mrs. H. Kimball, Mr. and Mrs. Ernest L. Parker and Dr. and Mrs. Eugene M. Pollard.

Also entertaining at dinner are Mr. and Mrs. Donald Davis with their guests, Mr. and Mrs. Allen O. Eaton, Mr. and Mrs. William Cowles, Mr. and Mrs. Kendall Johnson and Mr. and Mrs. Robert Oxford.

Guests at the home of Mr. and Mrs. Marshall Symmes will be Mr. and Mrs. Harold M. Jones, Dr. and Mrs. Royce Burroughs and Mr. and Mrs. Fred Doyle.

Also, at their home, Mr. and Mrs. John S. Morgan are entertaining Mr. and Mrs. Leo J. Cass, Mr. and Mrs. Daniel A. Sullivan and Mr. and Mrs. Malcolm D. Bennett.

Mr. and Mrs. Lawrence Sexton are entertaining at their home for dinner Mr. and Mrs. Robert Whittemore and Mr. and Mrs. Robert Sitt.

Gathering together before the party, also, will be Mr. and Mrs. Frederick Wier, Mr. and Mrs. Robert Low, Mr. and Mrs. William DeCamp, Jr., Mr. and Mrs. Walter Bodages and Mr. and Mrs. Frederick Parsons.

During at the home of Mr. and Mrs. Kenneth Cass will be Mr. and Mrs. Harris Richardson, Mr. and Mrs. Oler Prede, Mr. and Mrs. Louis Geerts and Mr. and Mrs. Harold N. Stevens. Also, Mr. and Mrs. Donald Cass, Mr. and Mrs. Roderick Shepard and some out-of-town guests.

At another large dinner party at the home of Mr. and Mrs. William Cusack, Mr. and Mrs. Maxwell McCreery will join with their guests also, and those invited include Mr. and Mrs. Percy Bugbee, Mr. and Mrs. Martin Swanson, Mr. and Mrs. Harold Blanchard, Mr. and Mrs. Francis Booth, Mr. and Mrs. Philip Woodward, Mr. and Mrs. R. C. Strawbridge, Mr. and Mrs. Woodford Wilcox and Mr. and Mrs. Stuart Martin.

TELEPHONE FROM ALASKA

Mr. and Mrs. Alvin W. Cross of Winthrop street were pleasantly surprised, even at 4 o'clock Wednesday morning, March 7, when they received a telephone call from their son, Bob, all the way from Anchorage, Alaska.

Bob, who is in government service with the Air Forces at Fort Elmendorf, lives at Mountain View in Alaska, having been in Alaska for the past four years. A graduate of Winchester High School, class of 1941, he attended Northeastern University before entering the government service. He is married, has a small son and a brand new baby daughter, born Valentine's Day.

The Annual Meeting of the Badminton Club will be held at the high school gym on Tuesday, March 27, at 8 p. m. The main purpose of the meeting is to elect a president and governing board for next year.

GEORGE WASHINGTON SCHOOL ADDITION

EXTERIOR VIEW

THE GEORGE WASHINGTON SCHOOL PLANS ANNOUNCED

A pictorial report of this committee was mailed this week to all town meeting members and town officials. It is brief but complete and full of essential information and unquestionably shows a need for added facilities at this school.

The George Washington School was built twenty five years ago and was designed to accommodate approximately 210 students in the curriculum of those days. There are today 252 pupils enrolled. Due to large classes two split-grade classes are used and it has been neces-

sary to put the Kindergarten pupils in the auditorium. Unless new accommodations are provided soon one or two classes will have to be transported to other schools or the Kindergarten will have to be temporarily discontinued. The only bare's room or clinic available is the very small auditorium stage dressing room. The principal's office is badly located, being upstairs and in back of a storage room.

The auditorium of octagonal shape is poorly designed. Seating capacity is inadequate and the side seats do not permit proper view of stage. Stage is too high for young pupils and due to State safety regulations only eight pupils are permitted to use it at one time. Due to

its unusual construction which employs a steel girder arrangement extending from the center of the room like spokes in a wheel the entire roof and three of its eight sides would have to be removed to enlarge it. Due to a setback regulation of thirty five feet from the street it cannot be increased in size enough to warrant remodeling expense.

Mr. Norris, Superintendent of Schools requested the committee to provide a minimum of four new classrooms, an activity room (1½ classrooms) in size and a satisfactory auditorium. The committee decided to go slightly further and provide two rooms for each grade, use the old auditorium for

an activity room and include a new auditorium in the new wing. This makes a double school as we now have at Mystic and Wyman.

The committee has provided adequate accommodations for a potential 100 pupils and no frills or untested innovations are recommended.

Home builders have been extremely active in this school district and 90 house lots have been purchased within the past two months.

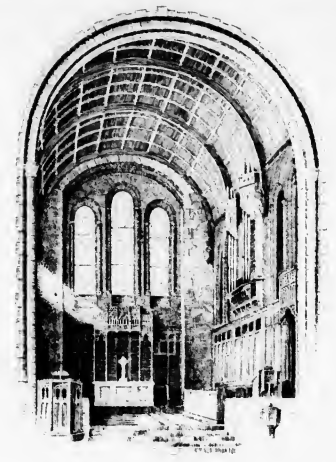

Forty-seven new homes have been built in this district since March, 1950. At least 125 more homes will be built within the next five years. Census figures show an enrollment of 310 pupils

for this school for 1955. Add to this total the children from the new homes and it can be seen the committee's recommendations are not too ambitious.

The George Washington Building Committee is the first town wide committee to study a primary school project. Its appropriation was \$2500. The committee has spent approximately \$2200.

Complete information will be presented at the town meeting. Lantern slides will be employed.

Our school committee unanimously supports this committee's recommendations and it is hoped this unit of our school program can be attained.

CHANCEL, FIRST CONGREGATIONAL CHURCH

LENTE VESPER CONCERT

In the impressive setting of the First Congregational Church chancel, the Choir and Orchestra of the Church will give a Lenten Vesper Concert at 7:30 this Sunday. The public is cordially invited.

The Orchestra will be conducted by Mr. Herbert Clement. Mr. Clement is a graduate of Winchester High School and studied conducting at the New England Conservatory of Music. The Orchestra began two years ago as an outgrowth of an ensemble for the Parish Players' production of "The Gondoliers." It has now grown to about twenty members and later in the season expects to repeat the success of last year's Spring Pop Concert.

The Church Choir will be under the direction of Mr. J. Albert Wilson, who will also accompany the Orchestra on the organ in the Mozart and Vivaldi selections.

Winchester has come in for some rather unfavorable publicity in the Boston press over its boys removing manhole covers from the streets of the town, dangerous mischief that no one will want to condone. Two boys, who police say admit having taken off manhole covers, appeared in court, and any other caught in similar activity will meet the same fate. It isn't manhole covers this week. The boys have apparently turned their attention to fire hydrants, unscrewing the caps and filling the hydrants with stones. This too is a dangerous practice, as well as a costly one, particularly in the event one of the damaged hydrants should be needed to fight a fire. Water Commissioner Sanderson, who has never been noted for his tolerance of malicious mischief, is really hot over tampering with hydrants and short will be the shirt of any of the town's young or older idea caught in this business. Parents are warned that maximum penalties will be sought in court for any one of the Water Board can connect with damaging hydrants. Boys have been on the rampage lately, especially on the west side of town, another form of hoodlunism reported being the whole-scale smashing of warning lanterns on Highway and Water Department in stations, especially on Ridge street, though there have been other instances. What the boys do not seem to realize is that manhole covers, hydrants and warning lanterns are to protect the public from injury and possible death. Parents one dead to the boys taking off covers, damaging hydrants or smashing lanterns may pay with his life for their mischief. It just isn't worth it, and it is about time some concerted effort is made to suppress this fact on our young men. A start at least was made in the case of the boys caught taking off manhole covers. The good work will continue if Mr. Sanderson can locate the lantern smashers and hydrant tamperers. There can be little sympathy with boys engaging in such mischief in town where so much is done as Winchester does for its young people.

ANOTHER "FIRST" FOR WINCHESTER

Editor of the Star:
It is a great pleasure to call to the attention of your readers another example of the military's wish to serve you.

General Ralph A. Palladino, Commanding General of the 24th Reserve Division, the 94th Division in Massachusetts, has appointed 1st Lt. Col. Lester C. Gustin, Public Relations Officer for this area, while Col. Gustin is CO of the 319th Engineer Battalion, he will also be in a position to give you information on all other units of the 94th so it will no longer be necessary for you to go the Army Base.

Also at your service will be the officers and enlisted men pictured above, all residents of Winchester. For your convenience here are their addresses and telephone numbers: 1st Lt. Col. Lester C. Gustin, 11 Wildwood street, Winchester 6-0310; Cpl. Ernest Barron, 264 Washington street, Winchester 6-0711; Private Gordon Clennon, 35 Wedmore avenue, Winchester 6-1110.

This is another "first" for Winchester and made possible by another town-man, General Ralph A. Palladino for whom the writer has the greatest admiration. This war record is an outstanding one, his cooperation always 100%. He and his officers are ready at all times to advise veterans and non-veterans of the advantages obtainable with the 94th Division, which is its reserve division. It is most necessary that the Army Reserve units be brought to the attention of the earliest moment, they are our life insurance. It is also necessary that the townspeople understand the importance of the work being done in being of the 94th Reserve Div. which embodies all the major branches of the U. S. Army.

It will be a great regret to the writer to have this new unit operating in Winchester and they will undoubtedly find the Winchester community an indispensable member of reaching you.

To the above gentlemen, our best wishes for success and our full cooperation.

ATTENTION PARENTS OF PROSPECTIVE ENLISTEES

Editor of the Star:
It is always with some reluctance one offers advice to parents about their sons but situations are arising which make it necessary. The writer, feeling it a duty to call attention to the temporary transfer from civilian to military life, but you do not always "help." The writer, therefore, feels it a duty to call attention to the following points:

1. Your son is not automatically deferred by Selective Service if he is a student. He must write to his Draft Board asking for deferment and secure a letter from his college saying he is a student at his respective school.

2. If your son is approaching the age when he will receive a notice from the Draft Board to take his pre-induction physical, please have him contact the Medford Recruiting Station or the writer. If he is allowed to drift along, certain doors will be closed to him upon receipt of his notice.

3. Please do not advise your son on the basis of something you have read or on what a friend may have told you. You may ruin his chances of being properly placed in the Armed Forces. Last week the writer had 5 boys who came under this category. With regulations changing, sometimes daily, it is impossible for the average civilian to know what the latest word is, but the Medford Recruiters are there not only to recruit, but to advise.

4. While college students are deferred upon request, until June and then may enlist in the branch of the Services they choose - technically - please note the words "provided there is an opening." As a reminder, your son has only 30 days after the closing of school. Because of the increase in the number of applications for Officers Candidate School processing a new class in 3 months, and the Army senior applications when you are a full-on in October, your son must be in good standing and have a good record to be considered for a commission.

from the Medford Recruiting Station, or see the writer.

5. Your Draft Board consists of men of the highest integrity and they are extremely cooperative, but they are bound by the Selective Service Act. They are, indeed, your friends if your sons will but abide by the rules and listen to their advice.

The writer is ready to help you at all times but please do not wait until the last minute.

G. T. Pope, Chairman
Military Manpower Committee

SHOULD VOTE FAVORABLY ON SCHOOL

Editor of the Star:

The League has consistently through the year supported an adequate building program for Winchester schools to meet present and future needs. As a part of such a program we urge that the Town Meeting vote favorably on the addition to the Washington School proposed by the George Washington School Building Addition Committee.

There are just two questions at issue here. Is the addition needed? Are the proposed plans satisfactory?

On the basis of the careful study made by the Building Committee of the possibilities of redistributing the League agrees with the Building Committee and the School Committee that redistributing will not solve the problem, and that considering only children at present living in the district the need for an addition is pressing.

The proposed plans seem to us very attractive. Most important, all, however, they have the approval of the School Committee. We very much hope that this relatively inexpensive, but none the less important portion of need of school facilities will be started without delay.

Sincerely yours,
Mabelle M. Long
(Mrs. Rodney W.) President

MR. VOLPE CHAIRMAN OF COMMITTEE

Editor of the Star:
In your latest issue I was incorrectly referred to as the Chairman of the Mystic School Building Committee. It seems important to note that while I have served as Secretary of that committee, our Chairman has been the very able and popular John A. Volpe to whom all credit is due.

Very truly yours,

ELECTION CORRECTION

We surely have heard about our important election, but "Doc" Callahan was high man for town meeting member in Precinct 6 at the recent election. "Doc" Mans may get the high vote in Precinct 6, with 555, followed by "Bill" Gibbons, 558, and Elizabeth McDonald, 552. Joe finished fourth in the running, and to his credit, it should be said he was one of those who called the mistakes to our attention.

CIVIL DEFENSE

Extract from Address by Millard Callahan, Civil Defense Administrator, before Association of General Contractors in Boston, February 26, 1951.

"Don't take comfort from the fact that you may happen to live outside of a metropolitan area. Don't imagine that you will have time to drive out in the country to stay with Aunt Susie in the event of an emergency. Any bomb that drops in these United States will affect you in some manner. You cannot hide from an enemy attack."

"Early in November of last year the Resources Board issued the first of a series of public information booklets on Civil Defense against modern weapons. That booklet, called 'Survival Under Atomic Attack,' spelled out in simple, direct language what you should and should not do in the case of an atomic attack. Within the next month the sales of that booklet, through private and government channels, will reach the ten million mark. If you are among the millions who still have not read this booklet, I remind you that it is your duty to get it and learn its lessons."

A copy of the booklet 'Survival Under Atomic Attack' was delivered to every home in Winchester in January. If you have not received your copy, there is one available to you at the Civil Defense Office, Town Hall.

METHODIST PAPER DRIVE CONTINUES

The pastor of the Crawford Memorial Methodist Church, on behalf of the parsonage family, expresses his thanks for the excellent response on the part of so many people in town, donating to the paper drive. With the assistance of the Youth Fellowship and a number of men in the church, the salvage companies have benefited to the tune of over six tons of paper. The original pledge of \$500.00 as an Easter Sacrificial Offering has now been reached.

This particular effort will close the Saturday after Easter. If you have any papers, magazines or rags, just call W1 6-0139 or 2486. M and someone will be happy to pick them up.

WHAT IS CIVIL AIR PATROL?

Formed in the darkest days of the last war, on December 1, 1941, just a week before Pearl Harbor, Civil Air Patrol was thrust, by our entry into the war, into the forefront of national defense. Tiny land planes of the C. A. P. scouted coastal waters for enemy submarines and mines, flew courier missions with vital war material, and acted as spotter craft for the Civil Defense units in many parts of the country.

Relieving the hard-pressed Air Force and Navy fleets for combat duty, C. A. P. pilots of the coastal patrol flew more than 21,000,000 miles on over water missions, spotted 175 submarines and dropping bombs and depth charges against 57. The C. A. P. is credited with destroying or damaging 2 in addition to the path of troopships bound for the fighting fronts. 821 C. A. P. coastal patrol members were awarded Air Medals, and Certificates of Honorable Service were awarded to many ground crew men.

On August 31, 1943, the Navy and Air Force had been built up to sufficient strength to do all coastal patrol work, and the C. A. P. was relieved from duty. But so well had they done their job that the President of the United States officially declared them the civilian auxiliary of the Air Force. On July 1, 1946 the C. A. P. was granted a national charter.

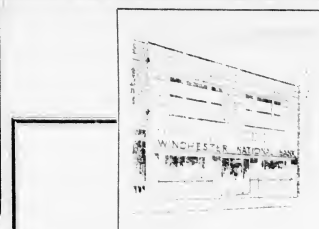

The Civil Air Patrol welcomes owners of private planes and those who have only their pilot's license as members in addition to cadets and young seniors. Anyone who is interested in joining please call Winchester 6-0195 or Winchester 6-1678 after 7:00 p. m.

NEW HOCKEY CLUB WINS SECOND GAME

The Winchester Blades, a newly organized hockey club, made up of fifteen selected boys of High School age, defeated the Pages of the Massachusetts Senate by a score of 3 to 1 Saturday, March 10th. The game, played at the North Shore Sports Center in Lynn, was the second victory in two starts for the Blades. Curly Ryan, Paul Carroll and Ron MacKenzie accounted for the Blades' scoring, while Jim Culhane scored the Pages' lone tally.

On Saturday morning, March 17th, the Blades will meet the Lexington Hockey Club as their next opponent at the Lynn Sports Center.

HORN BOOK EDITOR AT MYSTIC SCHOOL

The regular spring meeting of the Mystic School Chapter of the Winchester Mothers' Association was held in the Mystic School Assembly Hall at 2:15 p. m. on Tuesday, March 13th. As a quorum was present, Mrs. Melvin Sears, President, opened the meeting promptly. After a brief business meeting, Mrs. Sears requested that the mothers give her in writing, to be passed on to Dr. Forbes Norris and the School Committee, any suggestions or constructive criticism about the winter schedule for next year. She emphasized the fact that the mothers should be made with the thought of benefiting the whole team and not just to save an individual problem.

Mrs. Corinne Mead, Librarian of the Winchester Public Library, introduced the new Children's Librarian, Miss Elizabeth Russell, who came to Winchester on March 1st from a town of similar size, Morristown, New Jersey. Miss Russell hoped to work with parents and teachers, as well as with the boys and girls. To judge by the way some of the children who came in with their mothers after the meeting spoke to her, she has already made herself very popular with the younger readers.

Miss Jeanne D. Lindquist, the new Editor of the Horn Book, Inc., a charming and very able speaker, then gave a fascinating talk on "Children's Books, Old and New". When she began her career as Children's Librarian at the City Library of Manchester, New Hampshire, she remembered with pleasure working with Miss Elizabeth Russell, older sister, Mary, and felt very much at home to be included on the same program with our new children's Librarian.

Mrs. Lindquist revealed that one day a group of little boys, talking about what they wanted to do when they grew up, gathered about her in the library in Manchester. Suddenly one of them spoke up and said, "That's a pretty good job you have to get kids to read swell books." Mrs. Lindquist said that while she could think of more grammatical phrases to convey that idea, she had never found a more apt expression than that and that of The Horn Book were still "to get kids to read swell books." After a brief summary of children's books of the past, Miss Lindquist said that the Book Shop for Boys and Girls, which became internationally famous was finally started by Bertha Maloney Miller, who is a relative of Mr. Paul Dunn of Grove street. Mrs. Miller wondered what use it was to have good children's books if no one knew about them. She particularly wanted parents to know about them, and so she began to publish The Horn Book, Inc., with articles about authors and illustrators, and reviews of good children's books.

"Enjoy children's books with your children" is the slogan of The Horn Book's new promotion manager, Miss Lindquist. She wondered why children want to read comics and why they want to read series books, when every one is just like every other and gets the children nowhere, (although a few won't hurt them now and then). Miss Lindquist felt that the best way to introduce good books to children is to enjoy the books with them. And having condensed series books in general, she immediately suggested the exception which proves the rule: The Little House Books by Laura Ingalls Wilder, who is now

nearly ninety years old. These books are written in the third person, although they are true stories of the childhood of Mrs. Wilder (Laura) in pioneer Wisconsin and other midwestern states, and of her three sisters, Mary, Carrie, and Grace, and of Ma and Pa. Miss Lindquist particularly mentioned The Little House in the Big Woods, On the Banks of Plum Creek, and a story of a problem boy in New Hampshire. She also referred to Farmer Boy, an equally true and charming story of Almanzo Wilder when he was nine years old. In later years, he became the husband of Laura Ingalls, and there are other books in the series telling the story of Almanzo's boyhood.

The book's dozen of books which Miss Lindquist particularly recommended and which are available at the Winchester Library will be shortly follow:

Jeanne Marie Counts Her Sheep by Françoise, a book for the very young.

The Egg Tree by Katherine Milhous, which won The Caldecott Medal for the most distinguished picture book of 1950.

The Grumb That Walked, more about Jane Jomelli, by Charles Norman.

Little Wiener by Sally Scott, the daughter of Dorothy Canfield Fisher, a book for second or third graders.

Mousewife by Runer Golden, based on an entry in The Journal of Dorothy Wordsworth (sister of the poet).

Sam Patch, the high wire and handsome jumper, by Anna Bon-temps and Jack Conroy.

The First Book of Stories by M. B. Cramack.

Ballet for Beginners by Nancy Diaper and Margaret F. Atkinson; Henry Higgins by Beverly Currey, a really funny book about a boy who wanted a dog.

The Queen Elizabeth Story by Rosemary Sutcliffe, for 10, 11 and 12 year old girls.

Born to Trot by Henry Dennis, an excellent story of harness racing for 6th graders.

The Story of Appleby Caddle by Anne Parish, which is a story for everyone. After the conclusion of Miss Lindquist's delightful talk, the audience was passed around for the audience to enjoy, while coffee and delicious assorted tea sandwiches were served by Mrs. Lindsey Caldwell and her committee: Mrs. Royce Randlett, Mrs. Nicholas Grant, and Mrs. Harmon Hall.

CHILDREN TO BE DISMISSED EARLY WEDNESDAY

Next week, on Wednesday, March 21, elementary schools will be dismissed for the day at the usual 11:45 a. m. dismissal time. During the afternoon all elementary school teachers will meet at the Wyman School for professional meetings.

On the same day, the High School and Junior High School will be dismissed at one o'clock for professional meetings.

HOLY WEEK AT FIRST BAPTIST CHURCH

Palm Sunday, ushering in Holy Week, will be observed at the Morning Sanctuary service at the First Baptist Church with a great festival of music by the three choirs of the Church presenting some of the great jubilant anthems of the Church. The three choirs of the Church will be heard in individual anthems with the combined choirs singing the traditional "Palms," by Faure, accompanied by Elizabeth Wade, Principal of the Church. The pastor, Rev. Walter Lee Bailey, will preach on "The Way of Testing" in his Lenten series "The Christian Way."

In the evening, at the Family Service from 6 o'clock to 7, the Youth Fellowship will present the pantomime "Were You There?" This is a portrayal of the trials and triumph of our Lord, a pageant with music, color and drama. The following young people are taking part: Stanley Mullen, Walter Rosendorn, David Ripley, Richard Foster, James MacLeod, Cecil Pridie, James Ekstrom, Ann Wakefield, Patricia Wade, Priscilla Ward, Barbara McLatchy, Linda Levitt.

On Maundy Thursday evening, at 7:45 o'clock, the ordinance of baptism will be administered and the hand of fellowship will be given to a large number of new members. There will be a memorial service for Stanley Mullen, Walter Rosendorn, who have passed away during the year, followed by the observance of the Lord's Supper. The Senior Choir will sing "Souls of the Righteous" by Noble. This Maundy Thursday service is one of the most impressive and significant of the Holy Week services.

On Good Friday morning at 9:30 a Chapel particularly for the Church School children and young people will be held, with the Pastor bringing the message. The Youth choir will sing.

A cordial invitation is extended to the public to join in these Holy Week services, which will culminate in the beautiful triumphant service on Easter Day.

Mrs. Frances Meserve Cotton, who makes her home at 5 Onida road, with her son, Mr. Dana M. Cotton, has returned to Winchester from the Fairhaven Nursing Home in Lexington after a long illness.

GEORGE WASHINGTON SCHOOL MOTHERS' ASSOCIATION

The Spring meeting of the George Washington School Mothers' Association, held Tuesday, March 13th was very successful and well attended.

Mrs. Thomas Purlo, President welcomed the gathering and after the Secretary and Treasurer's reports were read, introduced the speaker and entertainer, Mr. Leslie B. Browning of the S. S. Pierre Enquire. Mr. Browning gave a most interesting and instructive talk on "Food Can Be Fun", demonstrating the preparing and arranging of very colorful and delicious hot-dishettes. Parents and guests enjoyed de-

licious refreshments prepared by Mrs. Donald Abbott and her Social Committee, Mrs. Richard Cronin, Mrs. John Swift, Mrs. Warren Saunders, Mrs. Louis Bravacos, Mrs. John VanDyke, Mrs. Avery Cutter, Mrs. Eric Johnson.

A very prettily decorated tea table was presided at by Mrs. Frank Carver and Mrs. Carl Morison.

Marine Private Anthony H. Gagliormella, son of Mr. Joseph A. Gagliormella, 18 Florence street, is presently stationed at the Marine Corps Recruit Depot, Parris Island, S. C. where he is undergoing basic training. Private Gagliormella is a former student of Winchester High School. He volunteered for service with the Marine on February 5.

KNIGHTS HELD COMMUNION BREAKFAST

Winchester Council, 210, Knights of Columbus, held its 54th annual Communion Breakfast last Sunday morning, starting from their clubhouse in the center of the 8 o'clock mass at St. Mary's Church where they received communion in a body.

Reports of Police and Firemen participated in the parade, for which mass was furnished by the immediate Conception Drama and Bugle Corps. William Walden was parade marshal, doubling as honor guard with William Dailey. Color bearers were William O'Leary and Joseph Noonan.

Rev. John P. O'Riordan was the preacher. Congratulating the Knights upon their fine turnout, he stated that their attendance and interest proclaimed their faith in God and their loyalty to America. After the mass the men went to the town hall for breakfast, marching by way of Washington street and the Parkway to Main street and Mt. Vernon street.

Grand Knight Harry Boyle welcomed the members and guests to the breakfast, introducing Deputy Grand Knight Charles Craven, Committee chairman, who in turn introduced the head table guests, Grand Knight Boyle, Rev. John P. O'Riordan, chaplain; Everett Kimball, chancellor; James Hammon, warden; District Deputy Edward Murray of Woburn; State Treasurer Thomas J. Spring, former State Warden George Young, the Board of Selectmen, Chairman Nicholas H. Fitzgerald, Richard Cunningham, Harry Chafale, Harrison Lyman, Jr., and Donald Greer; James A. Callen, chairman of the Board of County Commissioners; Lallo P. Glendon, Henry Longfield, Frank Rogers, Thomas K. Lynch, John O'Leary, William Murray, Dr. Richard W. Shochy, J. Frank, Arthur E. A. King, and Walter Pruey as well as the guest speakers, Rev. Francis Boland, C. S. C., president of St. Oniphil College, North Easton.

During the breakfast Frank Flahive of Woburn favored with several Irish songs, accompanied by Herbert Clary. The "New" Purinton also obliged with his always popular accordion selections.

Responding to toasts were Grand Knight Boyle and Deputy Grand Knight Craven. State Treasurer Spring brought greetings from the State Office of the C. of C. and Selectman Fitzgerald brought greetings of the Town of Winchester. Chairman Fitzgerald characterized the Knights of Columbus as one of the town's leading organizations and praised the civic interest and service of Council members as one of the factors which have made Winchester a fine place in which to live.

Past Grand Knight was introduced, as were the recently honored Council members, who are 65 years old and have 25 years membership.

Father O'Riordan pointed out the magnitude of the task which America has taken upon itself in impressing the Kremlin with the fallacy of the fundamental principles of communism. Communists must be made to realize, he said that we in America build on trust in God, loyalty to our Country, justice, equality and the other tenets of Christianity.

Dr. Boland, a Notre Dame graduate with a doctorate from Catholic University in Washington and service as a Navy Chaplain in the South Pacific area during World War II, took as his subject, "Catholic Principles in Politics."

Telling something of the general principles of government, Dr. Boland stated that the authority of the state is derived from God. He reminded his audience that civil society is organized to promote the welfare of all the people, and deplored the false propaganda which has placed Catholics in the United States as opposed to the separation of church and state.

DARTMOUTH WOMEN'S CLUB

The Dartmouth Women's Club will hold their meeting in the Emory Room of the Hotel Vendome on Wednesday, March 21st at 2:00 p. m. with the President, Mrs. Percy E. Gleason, presiding.

The dessert and coffee hour will be at 1:15 p. m. with Mrs. Howard C. Thomas and Mrs. Seth M. Fitch as potpour.

Mr. Ernest Disce who will be the guest speaker, is a member of the Foreign Affairs Department of the Christian Science Monitor. His topic will be "World Affairs."

SENIOR FORUM PLANS CONFERENCE AT LAKE MOHONK

The Senior Forum of the First Congregational Church is planning a conference to be held at Lake Mohonk in New York State during the spring vacation April 15-21. It is the most ambitious undertaking of the young people of the Forum since its establishment and promises to be the most interesting in terms of fun and fellowship, inspiration and education. Leaders who have been awarded a Dr. Oswald W. Warmingham, who addressed the Forum last Sunday and has a national reputation in young people's work, having had many sessions of conferences and fifteen years as a lecturer to young people on college campuses all over the United States; Irene Macaulay, Director of Religious Education at Wellesley Hills Congregational Church, with a wealth of experience as a leader of young people's summer conferences; Mr. William R. Valentine, a student at Boston University School of Theology, with a considerable conference experience; Mrs. William R. Valentine, R. N., who will act as the conference nurse and help in discussion groups; Rev. and Mrs. Donald Tarr, Director and Assistant Director of Religious Education at the First Congregational Church.

The 7,000 acres of land surrounding the Lake Mohonk Mountain House are very beautiful and promise a great deal of fun in all kinds of sports. There will be hunting on the lake, softball, basketball, football, miles of hiking, cliff scaling, and mountain-climbing for the more adventurous. There will be bowling, ping-pong, pool, square dancing.

FIRST CONGREGATIONAL CHURCH ORCHESTRA TO PERFORM

Sunday, March 18th, will mark the first time that the orchestra of the First Congregational Church will perform in the chancel during an actual church service. On this occasion the full orchestra will participate in the first two selections, an Arietta in E flat and the first movement of the Grand Concerto in B flat Major, by Haydn and Handel respectively. Mr. J. Albert Wilson, organist of the First Congregational Church, will be the featured soloist with the string section of the orchestra, playing Mozart's Sonata number four for Organ and Orchestra, in D Major. The string section will again be featured in the final work, Vivaldi's D Minor Concerto for Orchestra.

It is evident that the inclusion of an orchestra in the church service was customary even before the days of Bach. In America, however the custom is not generally in practice, and has not been since the early times when the Puritans regarded it as sinful. Exactly how much their attitude was conformed with the absence of printing facilities, musical instruments and an adequate number of trained musicians is matter of question.

The lack of any of these is important to the members of the First Congregational Church is something to be commended, for 85 years old and have 25 years membership.

Father O'Riordan pointed out the magnitude of the task which America has taken upon itself in impressing the Kremlin with the fallacy of the fundamental principles of communism. Communists must be made to realize, he said that we in America build on trust in God, loyalty to our Country, justice, equality and the other tenets of Christianity.

WINCHESTER HOSPITAL NEWS

Nursing Aspects of Atomic Warfare

Another service to the protection of the public against the effects of atomic attack was given to an audience of Friends of Winchester Hospital on Wednesday, March 7. Under the auspices of the administration and nursing staff of the Hospital, Miss Mary Loftus gave an hour of instruction in the main facts which every citizen should know about the characteristics of an atomic explosion and what can be done to protect oneself and others from serious injury.

After listening to the lecture this reporter was convinced that the greatest service of such information is to combat the prevailing widespread fear of a new and comparatively unknown danger. If one will get such facts as those given by Miss Loftus accurately in mind, and go over them thoughtfully until they are firmly fixed in memory, their very familiarity will make them less terrible, because along with the information has come the knowledge of what can be done for protection and for safe and helpful action in danger. We therefore, urge those who heard the lecture to review their notes and to make the information a part of their permanent preparation for behavior in case the danger becomes real.

First of all, Miss Loftus gave a description of an atomic explosion, reminding us that it releases a tremendous amount of energy, equal to that of 20,000 tons of T. N. T.

that everything happens in a matter of a few seconds, that actual explosion (the high temperature, the ball of fire, the tremendous shock travelling faster than sound, and finally the great wind at 300 miles an hour), and that all results are completely over in 90 seconds.

It has been estimated that a surprise daylight atomic attack upon Boston would kill or injure 120,000, with the greatest number caught within one-half mile of the bomb center, a short distance within the second one-half mile, and the remaining casualties in an area up to one and one-half miles of the bomb center. Within the first half-hour all injuries would be severe, including mechanical injuries such as fractures, contusions and abrasions, and lacerations from immediately and flying debris.

Clearly and briefly, Miss Loftus described the clinical effects of radiation and the treatment prescribed for successful handling of the cases. In this connection she pointed out that all hospitals will be instantly ready to offer all possible space for admission of casualties, by evacuating their wards and rooms so far as possible, and by instant and complete reorganization of their facilities. Such a transformation of the hospital will make it a streamlined first-aid and treatment center where each case will be routed to the personnel equipped to take care of his kind of injury. The listing and training of all available personnel for the hospitals of this area is being directed by Dr. Vlado A. Getting, Massachusetts Commissioner of Public Health, with the very valuable assistance of Dr. Nathaniel W. Faxon, now under special appointment for this purpose. Under the Civil Defense organization, Dr. Milton J. Quinn is in charge of the Winchester area. The nurse-staffing pattern for a 200-bed hospital unit with 12-hour shifts requires 65 professional nurses, 80 non-professional employees, including nurses' aides, and 150 volunteer assistants, many of these carrying special training.

The effect of Miss Loftus' lecture was exactly to lessen the apprehension of those who heard her, to make them aware of the facts about the nature of atomic attacks, and secondly, to show that each one who had the knowledge of these facts could play in the use of the danger materializes, and most important of all, what he can do in the immediate future to secure training of himself and to the community.

The next meeting of the Committee of Safety Chapter of the Daughters of the American Revolution will be held at the home of Miss Mary Alice Fitch, 14 Sheffield West on March 19 at 2:30 p. m.

Mr. Leonard Field and Mr. William Mason of Macfield will give a talk and an exhibit on silversmithing, emphasizing the designing of personalized jewelry and the processes involved before the finished piece is ready for the wearer.

Mr. Field is a graduate of the New England School of Art and Mr. Mason is a graduate of the Massachusetts School of Art and the Museum of Fine Arts. Both young men are creative artists of ability and they approach their subject with enthusiasm.

MYSTIC SCHOOL NEWS

Patriotism and famous Americans was the theme of the assembly program at Mystic School on Wednesday morning, March 7th. The Assembly, delayed several weeks by the illness of many of the children, was presented before the 2nd, 3rd, 4th, 5th, and 6th grades by the boys and girls of Miss Woodell's 6th grade.

March music, played by David Cannon, opened the program. The audience, led by Emma Gahagan, then joined in the singing to the flag.

Diana Cross announced the "March of the Toys" by Rachel Field.

"The Marines Hymn" followed, with Jill McIntyre at the piano, accompanied by Larry Matthews on the drums.

"Lincoln's Story," a poem by an unknown author, was recited by Gail Lever.

"Americans All," a play about a school boy and girl who witnessed a

parade of famous Americans in their dreams, highlighted the program. Those taking part in the play were Jackie Keane, Richard Sears, Anne Myers, Terry Mulford, Donald Lewis, Janet Kakers, Betty Swisher, Janet McNelly, Stephen Rochow, Danny Bennett, David Connor, Diane Hovey, Jeannette Delo, and Larry Matthews. The assembly concluded with the singing of "America the Beautiful" and a song made played by Danny Den-

Everything in its place

Next time my wife starts complaining about the lack of storage space in our house, I'm going to tell her about the section houses on the B and M as told me by Charlie, our 8:08 conductor. It all came about from a query I made regarding those shanties you see with two rails leading into them. I have been curious for some time about the purpose of these shanties, and the other morning I noticed a small sign on a car standing just outside at right angles to the track.

"Say, Charlie," I asked, "how do they ever get that car into that shanty?" Charlie laughed. "Call it a shanty if you want to," he said. "But we call it a section house. It belongs to the section crews who take care of this particular stretch of track and right of way."

"Guess they don't keep anything else in except the car?" I questioned. Charlie grinned.

"You'd be surprised," he said, "at the amount of stuff they do keep in there—all kinds of tools and equipment for both routine work and emergency calls. Such as what?" I queried again. "Well, spike hammers, keroseene lanterns, colored flags, fuses, torpedoes, rail tongs, shovels, rakes—and a long list of other items, including a stove for winter use."

"A place for everything, and everything in its place," I said. "That's right," he replied, "believe me, when they need something they may need it quick. That's why it is just good business to have everything at hand ready for instant use. And as for storage space, you'd be surprised what you can put into such a building if you give it some thought and planning."

Yes, it does take some planning to run a railroad.

against which we are arming. But the plain fact is that in the fight against inflation we, as a nation, are hiding under the bed! When we freeze wages or prices, we are merely doctoring the symptoms of the inflation-disease rather than the disease itself. If we are to stop the inflationary trend, the makers of our public policies must deal with the monetary causes of the inflation. They must control the expansion of bank deposits and the constantly increasing money supply.

There's nothing mysterious about this inflation. More and more people are beginning to realize that the stories they read on the financial pages of their newspapers have a direct relationship to the prices of food, furniture, and other living essentials advertised in the same newspapers a week later.

Inflation is everybody's concern from the Wall Street banker to the Missouri housewife. In the fight against it, the American people—you and your neighbors—must learn to look beyond the local grocer's bill and the meat prices in the butcher shop . . . you must look to Washington, the seat of our Government, where the monetary policy is made. More than that . . . you must make your own voice heard among the law-makers. Congress should be interested in your views on inflation, and your Congressman as close as your nearest mail-box or telegraph office. Simply stated—the action that you and your neighbors take can well decide the destiny of our country.

That's what we mean by "Operation People U.S.A."

Thomas J. Parkinson, President

DOCTORS KNOW

The importance of medicine in restoring an ailing body to robust good health is why so many of the best prescribed medicine must be accurately compounded of fresh, pure, and potent ingredients if it is to do the most good. The constant high caliber of our stocks—have for years made us favorably known among medical men in this community. That's why so many of them say "Have this filled at Purtle's" when writing a prescription.

REGARDLESS of inflation or deflation, war or peace, fire or flood . . . life insurance continues to be the "best buy" in providing for the welfare of your family and in attaining financial security for yourself. This is well indicated by The Equitable's 91st Annual Report. During 1950 more people bought more Equitable life insurance protection than ever before. New Ordinary and Group insurance written last year amounted to \$1,410,000,000, bringing The Equitable's total insurance in force to \$15,278,000,000.*

This total insurance in force represents money held for future delivery. When due, every dollar of that sum will be paid. But, as a responsible institution of thrift with more than six million people who look to us for economic security, we are concerned with the purchasing power of those dollars when they become due. For mounting inflation, man-made, threatens not only the worth of the dollar but the very existence of our national enterprise.

Indeed this threat is as real and deadly as the Red menace

GUILD OF THE INFANT SAVIOUR

The sun may not have come out on Tuesday but a host of our members and friends did, to make our St. Patrick's Dessert Bridge Party the most successful of the year. Despite the overcast skies outside, Masonic Hall was festive with gay spring bonnets and, of course, everywhere a bit of the "wearing of the green." The prizes were many and beautiful and the lucky winners of the chance prizes were: Mrs. Wallace L. Fisher, Mrs. George Polloff, Mrs. C. H. Harris, Mrs. J. W. McKee, Mrs. Edward C. Goodspeed, Mrs. Daniel J. Kelly, Mrs. William Lannigan, Mrs. Miriam Russo, Mrs. William H. Perkins, Mrs. Eugene McCabe, Mrs. A. G. Mather and Mrs. Katherine Doyle.

Bridge prize winners were so numerous we shall give only the ten top scorers of the day and these were Mrs. A. G. Mather, Mrs. Le-Can, Mrs. Gahan, Mrs. C. M. Bognett, Mrs. M. G. Carley, Mrs. M. Bognett, Mrs. Devlin, Mrs. A. Russo, Mrs. Doris McCabe and Mrs. R. H. Sharkey. Congratulations to Mrs. Hinton and her fine committee on a very busy party.

At our next meeting on March 27th we shall have as guest speaker Reverend David M. Burke of St. Patrick's Church, Stoneham, whose subject will be "The Easter Parade of Literature." More about this interesting meeting next week but, for the present, jot down the date for Tuesday, March 27th — Literature Day at the Guild.

WINCHESTER HOME AND GARDEN CLUB

The March meeting of the Winchester Home and Garden Club took the form of a pilgrimage to the Gardner Museum in Boston on Thursday afternoon, March 15. This proved a delightful occasion for more than 60 members and guests, who toured the Museum with two very instructive and interesting guides, who called attention to special art treasures as well as telling many stories and anecdotes of Mrs. Gardner and her palace.

The tour was beautiful with yellow jacaranda, azaleas, etc., and the famous nasturtiums hanging from the balcony. The tour was divided by a concert of the flute and the piano.

A very bountiful and delicious tea was served about 4 o'clock by the Museum staff, and with the following pointers: Mrs. James A. Newman, Mrs. Clifton Hall, and Mrs. William H. Wightman of Winchester, and Mrs. Edward Seymour of Forest Grove, Oregon, a Winchester visitor and former President of the Oregon Garden Federation.

Much of the success for this enjoyable and well-planned pilgrimage was due Mrs. Frederick W. Program Chairman, and to Mrs. Frederick Churchill, who assisted in delivering tickets and arranging transportation. Many thanks are due the President, Mrs. Frank J. Robinson. The following notices of Garden Club Federation meetings are:

March 26 at 10:30 at Horticultural Hall "Practical Pest Control of Woody Plants" by Prof. W. D. Whitcomb.

March 29 at 10:30 Junior Nature Education Conference at Unitarian Parish Hall, Framingham Centre, April 12 at 10:30 (all-day) at Horticultural Hall Joint Meeting of Conservation, Roadside Beautification and Gold Star Memorial Highway.

FINANCIAL CAMPAIGN SUCCESSFUL

Some forty men and women visited the parish this past week, for the purpose of soliciting subscriptions to be the budget of this coming year. The effort having resulted in one of the finest responses in the history of the church, the pastor, Rev. John Snook, Jr., and the Co-chairman of the Finance Committee, Mr. Kenneth Lamproy and Mr. Ralph Pingree, wish to express their heartfelt thanks to the committee which worked so faithfully and also to the members and friends of the church, who so generously and joyfully responded to the challenge.

DADS' CLUB OF WASHINGTON SCHOOL

The Dads' Club of the George Washington School held its Steering Committee meeting last week to make a financial report of the Club to its members, and to vote appropriations to aid children's activities at the school.

A record player, which was the wish of the teachers, has been presented to Miss Rich, the Principal, with an additional sum of money for the purchase of records. New records will be purchased by her for all of the grades in the school.

A substantial check was presented to the Girl Scout and Brownie units, of which there are five. The express purpose of this gift is for more adequate materials, etc., to expand these excellent programs.

Easter Plants were placed in each class room on Monday of this week in keeping with the season. The Club Pack was presented its flag at a recent meeting by the Chairman, Charles Q. Adams. This Pack is growing by leaps and bounds, and the Dads' Club Pack Committee, headed by Ben Marshall is doing an excellent job.

In addition to the above facts, the Dads' Club is reporting to its members the following things accomplished this year: Two permanent Basketball Courts in the School Playground Area. Thanksgiving and Halloween Decorations for all class rooms. Free proof Christmas Trees in each class room — A Christmas Party with entertainment and refreshments for all the children.

The Dads' Club now has an active membership of 136 in the district. The idea of a club was started at the time of the Centennial Parade, and through its dues, Fashion Show, and Auction, the Dads' Club has been able to sponsor and aid these activities for the children of the school, totaling \$326.61.

FINE MUSICAL PROGRAM

The Choir and Orchestra of the First Congregational Church joined to give a fine musical program for the Palm Sunday, Easter service. With Mr. J. Albert Wilson as organist and choir director the choir sang anthems from the "Messiah" by Handel and two accompanied pieces, — the latter showing especially the choir's ability and splendid training.

The church orchestra, formed only a year ago, performed under the direction of Mr. Herbert F. Clement. Mr. Clement is a young conductor, and at all times his beat was clear and the musicians responded well. The orchestra's rendition of the Mozart Sonata was noteworthy. The rather difficult Vivaldi Concerto showed a fine blending of organ tone and strings. It was an innovation to have an orchestra in the church, but the exceptionally large audience all seemed to agree that it added much to the occasion.

Mr. and Mrs. Robert M. Stone of Foxcroft road, who have been spending the winter months with their son-in-law and daughter, Mr. and Mrs. George G. Collins, of Sarasota, Florida, returned home this week.

COMMUNITY SCHOOL OF CHRISTIAN EDUCATION

The Planning Committee of the Community School of Christian Education got off to an enthusiastic start when they met on Friday night, March 16th at the Crawford Memorial Methodist Church, to discuss plans for the opening of the school this coming fall. The school will again be held on five consecutive Monday evenings, starting September 24th and continuing through October 22nd. The First Congregational Church has graciously offered their church as a meeting place for this 1951 Community School.

The meeting was opened by Dr. Forbes H. Norris, Dean of the 1950 Community School, who asked the Rev. Henry Reukelman, Methodist minister of Auburn, to pray for guidance in formulating plans for the new school. Rev. Donald B. Tarr was elected Dean and presided for the remainder of the meeting. Mrs. H. J. Eskine will continue as a most efficient Secretary, and a Treasurer and Registrar will be elected later.

A lively discussion took place as to the merits of courses to be offered this fall, which would be most attractive, as well as helpful, to all prospective Sunday School teachers. Teachers wishing to expand their teaching, parents and all people interested in increasing their knowledge of the Bible, teaching methods, and creative activities. Suggestions were turned over to the Program Committee to be used at their discretion.

The evening was concluded with refreshments of coffee and cookies, served by Mrs. John Snook, Mrs. Nelson K. Brown and Mrs. J. Wilson.

Members present included: Mrs. H. Stanley Kinsey, Miss Persis Richardson, Mrs. H. J. Eskine and Dr. Forbes H. Norris representing the First Baptist Church, Rev. Virgess Hill from the New Hope Baptist Church, Rev. and Mrs. Donald B. Tarr, Dr. Howard J. Chidley, Dr. John L. Longmire and Mr. Benjamin Gowing from the First Congregational Church, Rev. Henry Reukelman representing the Auburn Ministers' Association, and Miss Eva M. Sherman, Mrs. Nelson K. Brown, Mrs. J. Wilson Armstrong and Mr. W. Raymond Chase from the Crawford Memorial Methodist Church.

Members from the Church of the Epiphany, Unitarian and Second Congregational Churches were unable to be present but will be represented at later meetings.

EASTER SUNDAY AT THE METHODIST CHURCH

In commemoration of the Resurrection of our Lord and Saviour, Jesus Christ, Rev. John Snook, Jr., of the Crawford Memorial Methodist Church will preach on the "Significance of Easter." Special Easter music will be sung by the choir under the direction of Charles P. Potter, organist and choir director. The public is cordially invited.

TOWN MEETING RE-ECHOES

Good morning! And how are your rules of order today?

Mrs. Woodside wasn't going to let Mr. Vincent Clarke get away with that reference of his to "women's clubs." We wouldn't know, of course, but that passage she read from her Cushing's Manual sounded convincing enough. Mr. Wadsworth and Mr. Clarke notwithstanding to the contrary.

Then there was that Cushing's Manual that Mr. Cusack had. He found a section that gave his committee all the authority needed to keep right on functioning. He didn't read the passage, so we will don't know just how Brother Cushing contradicted himself. Mrs. Woodside, at least, seemed far from convinced.

What Mr. Clark of the Fine Com. seemed to be trying to prove in the establishment of a new town manager committee was to have any petition for town manager legislation presented by the town to the General Court go through specified and capable hands. Mr. Chadwick seemed to think the good old Legislature would pay scant attention to individual petitions, but you never know about the Legislature, or do you?

Mr. Farnsworth was all for reducing two committees to one and could see no reason for the Fine Com's contention. Apparently the whole trouble stemmed from the last minute pending of the words "committee be continued" in the Town Manager Committee's motion under the first of the two articles discussed, which made the Fine Com. think the committee did not plan to be continued.

One thing is certain, none of the town department heads, or for-

mer department heads seems very enthusiastic about the Town Manager form, and they evidently think it wisest for them to decide about the plan rather than the electorate. Well, voters do funny things, at that. Who knows, they might decide they want a town manager. We don't think so, but we have been wrong!

Mr. Strawbridge was up several times during the town manager discussion but we couldn't understand what he said. Apparently he thinks the plan is pretty good as it is. We concur.

Mr. Parsons has lost none of his power to grip when he takes the floor, and his plea for a continuance of our present form of the town government went a long way toward deciding that issue.

Mrs. Chandler did a much better job with presenting the School Committee's high school renovation proposal than she did answering Mr. Hewis on Manchester Field. Mr. Rush's opposition was only minor and soon withdrawn, and he finally got a laugh when he said it was a relief to be able to stand shoulder to shoulder with the School Committee. A relief for every one, we'd say!

That surely was a grim picture the School Committee painted of the heating plant at high school. Mr. Parker Clark's opinion that prettying the building won't keep the pupils warm made sense, in view of the conditions described. When pipes start crumbling in your hands it's pretty bad.

Apparently Mr. Rush had the figures to back the high school enrollment statement he made. Mr. Parker wanted the School Committee's O. K. on the Rush opinion and Mrs. Chandler admirably maintained a middle-of-the-road position. She didn't say yes and she didn't say no!

Mr. Wakefield and Dr. Pollard did a thoroughly convincing job of selling the need for the Washington School addition to the town. The good Doctor, completely at home on any stage, even convinced the Fine Com. and other doubters that red-tickling as a means of relieving the overcrowding at the George Washington just won't do.

That was a good one on the Star, that putting the building permits under the contagious diseases board. We got a nice laugh at our expense when he called attention

to the slip and it fitted into his argument mighty well.

Perhaps there was a wee mite of reason on our side, too. The way the School advocates have been decrying new building in Winchester, you can't really blame us for thinking the erection of new houses could be "contagious." What say, Gene?

As for Mr. Wakefield, he did an admirable job of presenting the Washington School Committee's plan. Particularly liked was his statement about the frills that might have been included in the plan, and that he personally might have liked to include, but that the committee omitted because other schools in town do not have them. This reasoning seemed to make quite a bit with several we have talked to since the meeting.

That was quite a discussion that developed under the proposal to have the town buy a power shovel. With the Fine Com., Selectmen and Water and Sewer Board in opposition the proposal had little chance of being adopted, but Mr. Hewis fought to the bitter end.

Some of the debate got a bit on the vitriolic side, but there was one good point that Mr. Hewis made after being slapped down hard by Mr. Sanderson. "All right," said he, "you, fellows that are laughing. It's your money!" and of course it is! Whether or not it is being wasted is something else again, but the taxpayers' money angle is always a good thing to keep in mind!

Mr. Vincent Farnsworth was able to satisfy Mrs. McDonald we shouldn't buy a power shovel, and according to "Mrs. Mac" made the most sensible contribution to the discussion she had heard! Nice going, Vin!

Looks like Mr. Rotondi is finally going to get some action on his often reiterated contention that the town should seek bids as an economy measure on work to be done. The consent sort of came, in by the back door, via General Court action, but it came, or is coming May 1.

Going back to the first town meeting, we doubt if anyone will again try to trip up Mr. Fitzgerald on cost breakdowns at least on road building. He rolled out figures and methods in a most convincing manner. Matter of fact he was pretty convincing all the way through wasn't he?

Mr. Rowe made the usual disclaimer and it's all over for another year. All we have to worry about now is the tax rate!

WINCHESTER WOMEN'S COUNCIL

The annual spring meeting of the Winchester Women's Council will be held in the Art Gallery of the library on Friday morning, March 30th, at 10:30 a. m.

Main speaker of the morning will be Mr. James W. Blackham, Director of Civil Defense for Winchester, who will explain how we, as individuals, may best contribute to the civil defense program now being set up in Winchester.

Mrs. Kenneth B. Toye of the Military Manpower Committee will speak briefly on the Training of College Students for the Draft.

Representatives of all organizations that go to make up the Women's Council are urged to attend this important meeting.

Mr. and Mrs. Robert W. Armstrong of Curtis Circle left Monday by plane to spend four weeks in Scotland. In the Star office Monday morning, he told us he and Mrs. Armstrong would be in Scotland that night.

YOUR BROTHER IN THE FOX HOLE

You won't have to shed much blood to help your brother in the foxhole. Only a small portion of what he'll have to shed, probably. When you give a pint of blood, the body replaces it in 24 hours.

It hurts when a soldier sheds his — struck down in freezing weather, in mud, in dirt, in water! All you have to do is recline on a nice dry clean cot, with a nurse holding your hand, a needle prick! A few moments, refreshment and your soldier friend may not get out of bed for a long time — possibly never.

It's an easy way for those at home. You work eight hours a day. The fellow in uniform is devoting almost every minute of his day to his country. Yes, you complain about taxes, but wouldn't it be like to be getting enough to pay taxes.

No one should have to "sell" you. Your conscience should do that. There is great satisfaction in shaking the hand of a fighting man. Next time you extend yours, see that it has a pint of your blood in it. Call today to make your appointment for March 26th, Monday, when the Bloodmobile comes to the First Congregational Church. The number of your local Chapter is WI 6-2300.

Cadet Elliott Moses of Borden-town Military Institute in New Jersey is arriving home today to spend the Easter vacation with his parents, Mr. and Mrs. Victor C. Moses of Forest street.

MEDICAL SOCIETY AUXILIARY

A meeting of the Women's Auxiliary to the Middlesex East Medical Society was held Thursday, March 15th, at the Bear Hill Golf Club in Wakefield.

Following a luncheon and business meeting, Mrs. Frank Mansfield Taylor, World-Traveler and Lecturer, spoke on current and future affairs. She stated that history is no longer a precedent in which known rules are followed. Today we have to prepare for peace and we have to be ready for war.

Since stated many of our mistakes during the war have come home to roost. Our policy of unconditional surrender in Germany and Japan was a mistake, as was agriculturalizing Germany; and selling out China. Also, that communism thrives on hardship and misery.

Russia had the wit to harness her ideas to China — which is a large country, has endured much hardship, and is ripe for the torch of Communism.

She concluded with the statement that we are thinking in a vacuum. However, we will not go down in defeat for two reasons: Our ability and know-how as a Country; and because of our belief in God.

The next meeting of the Auxiliary will be the Annual Meeting and will be held in May.

Arthur Wittington, II, son of Mrs. Margaret Adeline Wittington of Mystic Valley Parkway was named to the Dean's List for marks received during the fall semester at the University of Maine.

DILLINGHAM INTERCOLLEGIATE DIVISION WINNER

"Pete" Dillingham, next of C. Dillingham, formerly a Winchester High football, track and basketball star, won the high level diving last Saturday in the finals of the 11th annual Eastern Intercollegiate Swimming Championships at the Harvard Pool.

"Pete", a Harvard sophomore, was unbeaten in diving as a freshman last year and this year has mopped up all variety opposition, his previous high win coming in the Yale meet when he beat out Roger Hadlich of Yale.

Last Saturday both Pete and teammate, Frank Manheim, beat Hadlich, with "Dill" rolling up 115.3 points to take the title from Manheim by 7.5 points.

Dillingham played freshman football at Harvard, starring in the Yale game, but gave up varsity football because of his promise as a diver. He is expected to rank with the best Harvard ever has had before he leaves Harvard, and those who have watched him as a sophomore describe him as "terrific" right now.

NEW HOCKEY TEAM TIES FIRST GAME

A newly organized hockey club, the Winchester Avengers, made up of high school boys, tied its first major game at the Cambridge Skating Club, where they played the Waltham Hockey Club, on Saturday, March 17, by a score of 7 to 7.

With much enthusiasm the Winchester nucksters were right on their toes with Mahoney scoring four times, Lawson scoring twice, and MacLeod hitting the cage once. Meanwhile, for Waltham O'Neil, Petralia, and Greene each scored twice, while Thompson scored once.

On Saturday morning, March 24th, the Avengers will renew their battle with Waltham at the Cambridge Skating Club.

Winchester — G. Sapp; rd. MacLeod; id. Gaffney; C. Mahoney; rw. Serick; lw. Dalton.

Waltham — G. Wadleigh; rd. Maggaw; id. Smith; C. Petralia; rw. O'Neil; lw. Thompson.

Winchester Alternates — Lawson, Gaffney, Godwin, Curtis, Rotondi, McEghe.

Waltham Alternates — Greene, McLane, Doherty, Olson.

Our Town Moderator, Mr. Wadsworth, faces a job plan to any of the minor labors of Hercules when he attempts to choose a new secondary schools committee that will be generally satisfactory. Nothing that transpired at the second town meeting sessions got the rival school factions any closer together and if the bitterness that was engendered during the town campaign for the "alternate plan" has subsided, you get no strong indication of the fact as you talk either with proponents or opponents of the defeated school proposal. We hear a lot about cooperation and the getting together of the rival factions. Before the special school town meetings it seemed that the school proponents who were extending the olive branch to the opposition. Since the defeat of the schools in the election, some of the opponents, at least, have attempted to find a common ground on which they could act with those who had favored the school plan. Progress was made up to a certain point but the School Committee's refusal to accept the Referendum Committee's proposal to name the new school building committee from the floor of the town hall has split factions again, and what the final result will be no one knows. Mr. Kish pledged the support of the Referendum Committee to any committee the town meeting wanted, and the town meeting members emphatically did not want the committee he group selected, at least they did not want them selected in the way they had been chosen. The Moderator faces considerable restrictions in naming the new group, one member each having to come from the School Committee, the Planning Board and from the past three committees that have considered the secondary school problem. The other four of a nine member committee are to be chosen from citizens at large. Many will hold the opinion, right or wrong, that the prescribed group will be preponderantly amenable to School Committee domination. In other words, in the recently conducted school campaign, the school had been "yes" votes. Of the other four committee members, their convictions are supposedly not known. Who these members turn out to be will to a large extent determine the support given the committee's proposals by those who opposed the recent alternate plan. If this group, and it has been large enough to beat the schools two, is not convinced that the committee has at least fair representation in its membership, it will be understood that it is not likely that the committee will be enthusiastic about its findings, unless of course, the plan the committee evolves is absolutely above reproach and does not seem likely, in view of given conditions. One thing the school authorities and the poor Moderator must keep very firmly in mind is that no one-way committee, however strong, and no plan, however good, may seem to school enthusiasts, can get the necessary two-thirds vote without the support from among those who opposed the recent "alternate plan." Cooperation

tion works two ways, and without both sides being willing to make concessions, to forget personalities and work for issues, and without both sides being willing to concede to the opposition its right to be heard and to have its judgment respected, we are going to be lacking secondary school facilities for a much longer time than it's pleasant to think about.

APPRECIATION TO THE STAR

Editor of the Star:
A clipping of a feature story on the work of the Medford Army and Air Force Recruiting Station personnel, which appeared in "The Winchester Star" of March 9, 1951, has been received in my Headquarters.

I cannot remember when a story in a newspaper has pleased me as much as that feature on my men in Medford. Naturally, I know the staff at Medford has done an outstanding job. However, it is especially pleasing to note that a newspaper has investigated and reported to the public the fact that our recruiters are carrying out their mission in a manner above reproach.

It is also with a great deal of satisfaction that I read the quotation from the parents of men we have enlisted. It proves to me that the people appreciate the straightforward "The Whole Story" policy of the Army and Air Force Recruiting Service.

I want to express my personal appreciation, as well as that of every member of the district, and to assure you we will strive to maintain our standards at the high level necessary to fulfill the confidence placed in us by your newspaper and the people interviewed by your reporter.

ONE MAN APPRECIATES FINANCE COMMITTEE

Editor of the Star:
During the press of two long sessions of the recent annual Town Meeting no expression of thanks or appreciation was made to the Finance Committee, particularly the chairman, Mr. Clark, for the valuable contribution of their time and effort on the difficult problems that had to be solved.

Although it may be late I wish to express my appreciation for their seemingly thankless civic effort.

Respectfully,
Ralph P. Webster, Jr.

GIVE HIS GREATEST WEAPON, BLOOD
While blood has become one of the greatest single factors in saving lives on the battlefield and in the hospital, today medical knowledge of the blood has advanced to the point where a gift of blood is truly a gift of life for a suffering man who is giving so much himself to help his fellow man. It is 200 years ago that the first blood transfusion was made in the hospital in Paris. Since that time, the flow of blood from donor to patient has become a common procedure in the hospital and in the home.

It is a staggering amount to contemplate—250,000 pints must be given by the people of Massachusetts this year.
Next Monday, March 26th, the Red Cross bloodmobile will return to Winchester at the First Congregational Church. We must sustain the flow of precious blood to local hospitals and to the needy. Only the active cooperation of everyone will make the achievement of our goal possible.
The current epidemic of colds and other respiratory disorders naturally disqualifies a great many of the "donors" during this time. Therefore, we are depending on you to make it your responsibility to be on hand next Monday. Call the local Chapter of the Winchester Red Cross at Winchester 6-2300. There is still time to make your appointment.

DADS' CLUB PRESENTS EASTER LILIES TO EACH CLASSROOM

The pupils and teachers of each classroom at the Washington School are extending thanks to all the fathers who have contributed to the below is a copy of the letter sent from Grades I and II to the Dads:
"Dear Dads:
We want to thank you for the beautiful Easter lily. We watch the buds open each day. We have three blossoms and two buds. It dresses up the room for Easter. Easter lilies are the most beautiful flowers in all of our lives. We love them and we love you."

This letter very well conveys the appreciation from all the pupils.

POSTMASTER RECEIVES THANKS FROM WINCHESTER, ENGLAND

During February Postmaster Thomas J. Gilgan received a request from L. W. Raymondson, president of the District Stamp Society, Winchester, Hampshire, England, for stamps of Winchester, Massachusetts, and a description of the town for use in an exhibition July. Material from all other Winchester in the world is being gathered for the exhibition.

Postmaster Gilgan put his force together and prepared material on the local town, such as description, census, businesses, churches, schools and other facts that seemed pertinent. This information was put together and typed by Asst. Postmaster Edward Martin. While he was engaged in the task, Ernest Dudley Chase of Lakeview, Vermont, for the value of the Postoffice and was told about the request from Winchester, England. Always ready to help, and to help and make one of his charming, artistically inclusive sketches on the back of a large white envelope, showing the Postoffice and the town, he submitted the sketch to the staff at the Postoffice, who, stilling their own desire to own the sketch, sent it on to Mr. Raymondson. He too seems to have been pleased with the service he got from the local P. O. boys.

There are times when it is extremely difficult to express one's gratitude to someone, and this is just one of those occasions. It sounds so little merely to say that I, and all the members of the Winchester and District Stamp Society, are extremely grateful to you for the extent of your cooperation.
I write to all the Winchester in the World which I could find in the Guidebooks available to me and I have already received replies from most of them, but I need hardly say that has been the best. Many of the letters in the United States sent me new ideas and interest for which I thank them. But your effort, helped so much by Mr. Chase, has made me tongue-tied. I shall write to Mr. Chase after I have written to you, and as you say he is interested in stamps, I hope I shall be able later on to repay, in part, his great kindness.
I was very interested in your description of your home town of Winchester and you sound justly proud, and I would that opportunity would offer me the chance to visit it, but I doubt whether that will ever come, however, if it should, I shall not forget it.

We are busy at the moment getting together the material for our exhibition which is to take place later on, as soon as it is published. I shall forward you a catalogue of our exhibits to show you have not helped us in vain.
Please accept my most cordial thanks.
Yours sincerely,
L. H. Raymondson, president
Winchester District Stamp Society

Mrs. Arthur E. Kendrick of Winchester, announces the engagement of her daughter, Miss Margot L. Kendrick, to Mr. David W. Candall of Reading.

WINCHESTER OVERSICRIBED GOAL

Today the citizens of Winchester can justly be proud of a job well done. Through the untiring and creditable efforts of our volunteers, we have oversubscribed our goal in the 1951 Winchester Red Cross Campaign. The breakdown of the funds subscribed is as follows:

President 1	\$809.50
President 2	\$877.05
President 3	\$2,003.70
President 4	\$51,296.70
President 5	\$2,550.10
President 6	\$802.20
Total	\$10,809.20

Special Gift Division \$7,050.50
Business Division \$842.00
Police and Fire Department \$500.00
Doctors and Dentists \$250.00
Clubs and Organizations \$245.00
Banks \$200.00

Total \$9,353.50
Total Subscribed \$20,233.20

The successful realization of our goal is not only evidence of the untiring efforts of our volunteers, but also it is evidence of the power of a people united in the welfare of our country, and more particularly our Armed Forces, but also it is evidence of the power of a people united in the welfare of our country, and more particularly our Armed Forces, but also it is evidence of the power of a people united in the welfare of our country, and more particularly our Armed Forces.

As 1951 Chairman, I wish to extend to the following my grateful appreciation for their contribution to the success of the campaign:
First of all, to the Winchester Star for its generous space and editorial cooperation, both preceding and during the drive.
Second, to our Division Chairmen, Planning Committee, and President, who did such an outstanding job in organizing their respective groups, and to our Captain and over 150 Solicitors with whom the job would have been well nigh impossible.

Third, to the many volunteer workers who assisted us on March 19 in the tabulation of the returns at the Winchester Trust Company, and to Miss Helen Murray, our Fund Treasurer, who spent many hours on our accounting records.
Fourth, to the business firms who so generously displayed Red Cross advertising in their windows and did an inestimable service to the campaign, and to Mr. and Mrs. William Cusack for their hospitality at Music Hall at our opening rally.

Fifth, a most sincere thank you goes to the President of the Winchester Chapter, Mr. Lewis K. Moore, who contributed so generously of his time during the early part of the drive, in helping to lead leaders and to organize the details of the drive.
Sixth, special thanks go to Mrs. Gladys Dunge, Executive Director, and Mrs. Ruth E. Hilton and Mrs. Philip Johnson, who have given unstintingly of their time and effort, both day and night, during the drive.

Seventh, and most important of all, to the citizens of the Town who contributed so generously to our cause, a sincere thank you from all the workers whose job they made lighter by their warm-hearted response.

The time and energy which all have contributed made possible a continuation of the many humanitarian services rendered by Red Cross.

A few of the cards are still out and have yet to be solicited. If you have any of these, will you please send them to the office, or contact and then turn the cards into your Captain or Province Leader.

Again, in the name of the Winchester Chapter, I would like to thank all of you who have played any part in this vital undertaking, and commend you for your support of this great American and International institution, "Red Cross."

Sincerely,
John A. Volpe

GIRL SCOUT NEWS

A hearty thanks to the Council members who so graciously opened their homes for the Diminishing Coffee parties.

Troop 10 honored Mrs. Charles Whitlock, their First Aid Instructor, at a tea on Tuesday, March 20, at the home of Scout Pat Vale, Ardley road. Mrs. James Coon, chairman of Blood Donors of the town, and Mrs. George Dutton, Executive Director of the Winchester Red Cross enjoyed with the Scouts' Mothers the informal program the girls had planned.

The Leaders' Overnite training group includes, Dorothy Dunn, Ruth Freeman, Dorothy Moore, Clare Mullin, Lillian Griffin, Evelyn McNally, Lou Finn, Dorothy Goodwin, Lillian Monsen, Virginia Phebe Tisdale, Janet Beal, Natalie Hotell, Ruth Thomas and Shirley Quinn. On March 30 this group will spend the night at the quarters of the Girl Scout Office will be open only in the morning. Mrs. Barbara Metcalf will be hostess of Town that time, but Mrs. Nanny can be reached at the office from 9:30 a. m. until noon.

Scouts are asked to call at the office at 100 North Main Street, at the Father-Daughter Banquet. The Hospital Service Group have been very active this past month. Mrs. Cullen's Intermediate Scouters prepared Valentine's cards for the troops. Mrs. Harding's Troop 33 with Mrs. Patten's Troop 25 made special Easter Tray Favors. Mrs. Joyner's Troop 27 made a very interesting Scrap Book for the Winchester Hospital and sent a card to each of the patients at the hospital. Except for Mrs. Cullen's group these troops are all Brownies.

Be sure to dig out the garden tools this week-end and get Dad to sharpen the hoe — Cabin Work Day is April 10.

COMMUNITY CONCERT CAMPAIGN NEXT WEEK

The Winchester Community Concert Association will open its annual campaign for members next week, Monday, March 26, for the purpose of assuring a series of concerts by world-famous artists during the coming season. Sponsored by the Winchester College club for the benefit of its scholarship fund, Community Concert subscriptions will be sold all next week until Saturday, March 31, after which time no subscriptions will be available. Headquarters will be at Peck and Peck on Main street during the regular store hours, and subscribers are urged to obtain their memberships early in the week, as the capacity of the high school auditorium is limited. Both adult and student memberships will be on sale.

The following workers are enrolled in the campaign drive: Captain, Mrs. J. Waldo Boush, assisted by Mrs. Edward Barker, Mrs. Dudley Bradley, Mrs. John Chipman, Mrs. Helen Hall, Mrs. Harrison F. Penny Dalziel recited a poem about "March".
Others taking part were: Stephen Morrison, Diane Gentile, Scott Carter, Lillian Senter, Gerald Ducharme, Susan Vane, Susan George.

George Neale, read "The Little Rabbit's Bath."
The Class sang "An Easter Song."
"God Must Have Loved America."

SIMULTANEOUS FIRES

The Fire Department had two calls for fire services at the same time last Friday afternoon, one for a garage afire at the home of Rev. John L. Lobinger on Manchester road and the other for a brush fire on Cemetery land off Chesterford road east.

The garage was set afire by burning papers in an incinerator in a neighbor's yard and did some damage up around the eaves of the building, it being necessary for the firemen to remove some boards and shingles to put out the fire.

As the apparatus was leaving for the Lobinger fire a car came in from North Main and Box 7-7-542 was put out for additional help.

believe us, went glimmering when two of the school proponents, who

Mr. Rush was right when he said committees have been chosen on short notice. That is true.

We got the idea that the coalition group, comprising the Referendum Committee, the representatives of the Citizens' Committee for Schools were pretty much in accord in their proposals. So the Citizens' Committee was consulted and gave a hand-picked plan an absolute brush-off. Then the representatives of the Citizens' Committee packed up and went home, leaving the Referendum Committee to go it alone. It did, of course, and got the referendum passed. I don't actively regret.

Mr. Rush pleaded to have the meeting act on his hand-picked committee, when there seemed to be a tendency not even to do that, pledging the Referendum Committee's support for whatever action the meeting took.

There is no question that the breaking point of relations between the two groups was the naming of the hand-picked committee from the floor. Regardless of the strength of the committee, and no one questioned its competence,

there were many who opposed the way it was presented and was to be selected. Even those who had supported the Referendum Committee in the past were against its committee idea, and we understand that even some of those who went along with submitting the proposal for a hand picked group, doubted its ever getting by the

It is too bad the School committee and the coalition group couldn't have gotten together, at least somewhat closer than they did, in the mechanics of selecting a new committee, and it is our opinion, for what it may be worth, that the School Committee should have

The school committee would have gained in stature had they permitted the Referendum Committee to make its proposal to the meeting first. Mr. Rush was right when he told the meeting a great many had been waiting to see what the Referendum Group had to offer, even though plenty evidently were not going to vote for it, whatever it was!

doubtedly reaped at last week's meeting some of its own failure to cooperate with the School Building Committee during the campaign for the "alternate plan" and now that we have had a brush-off from both sides, let us hope we can go on together from here.

MRS. TOYE VISITED
HEADQUARTERS

Mrs. Kenneth B. Toye, chairman of the Military Manpower Commission of Winchester, was a surprise visitor at the Headquarters of the Massachusetts Army Reserve Division, the 94th Infantry, last week at Boston's Army Base.

During her tour of the 94th's facilities at the Army Base, Mrs. Toye inspected a number of the study and demonstration classes held by the "Ray State" Division. The chairman of Winchester's Military Manpower Commission held a conference with division commander, Brig. Gen. Ralph A. Palladini, also of Winchester, and visited among other units, the 39th Engineers, commanded by Lt. Col. Lester C. Grogan of Winchester.

Mrs. Toye's tour of the 94th's headquarters units lasted for almost two hours, during which time she conferred with many officers and non-commissioned officers concerning the activities and benefits of the Army Reserve Program.

Harold J. Moran, 969 Main street;
Robert E. Costello, 18 Border street;
Gerald F. Antippos, 430 Highland avenue.

SCHOLARSHIP FUND

In order to increase the funds to be turned over to the scholarship fund, the committee raising the March 20 card party for the Winchester high school Parent Faculty association, invited the 10th St. High School attending the party to be held in the high school gymnasium at 8 p. m. next Friday, bring their own playing cards for other cards or canasta.

This will make available for the scholarship fund the money that otherwise would be spent in providing cards for the players. Inasmuch as most guests have indicated they would make up their own tables of players the committee also suggests that those desiring to use table covers arrange to bring one for their own table.

An attractive array of prizes has been arranged for and a program of entertainment, in addition to the card playing, will be presented. The latter will include songs or skits by several faculty members and high school students. Refreshments also will be served.

The committee in charge is headed by Harry Easton, who is being assisted by Mrs. Robert Singer, Frank Hawkins, Mrs. Paul Nason, Mrs. Harry Macaulay, Mrs. William Morton, Vincent Ambrose, Mrs. Harry Whitton, Mrs. Allan Farquhar, Mrs. James Conn, Mrs. Harry Easton and L. P. Yale.

Robert Lamson, son of Professor and Mrs. Herbert Day Lamson of Kenwin road, has been informed by the Dean of the School of Liberal Arts, Boston University, that he has recently been elected to Phi Beta Kappa.

A Message to Our Customers

IN ACCORDANCE with custom, we present to our customers this brief summary of Boston Edison Company's operations for the year 1950, as submitted to the annual meeting of stockholders. The condensed financial statements indicate that the Company is in a sound position to carry out the expansion of facilities made necessary by the increased demand for electricity. The chart below shows some of the extraordinary increases in our operating costs. Yet the average price of kilowatt-hours used by customers in Boston Edison territory was 12 per cent lower in 1950 than it was before the beginning of World War II.

BOSTON EDISON COMPANY

March 20, 1951

JAMES V. TONER, President

Each dollar you paid us in 1950 was disbursed as follows:

Fuel and Purchased Energy 24.2%

This item of expense took 24.2 cents out of each dollar. The Company produced 14.6 per cent more kilowatt-hours in 1950 than in 1949. But because of steadily improving efficiency of our modern installations, and ability to use either coal or oil, total fuel costs increased only 6.5 per cent. Our customers benefited from this saving.

Taxes 21.2%

The Company's tax bills in 1950 totaled \$14,701,582, or 21.2 cents out of every dollar paid by our customers. Federal income taxes increased 24 per cent. State and local taxes increased 15.2 per cent.

Operating Payrolls and Benefits 18.3%

Payments to or in behalf of employees increased 7.6 per cent and represented 18.3 cents out of every dollar of revenue received.

Other Operating and Maintenance Costs 11.7%

These items were actually 2.7 per cent lower in 1950 than in 1949, again reflecting the higher efficiency of newer generating units. These ex-

penditures take 11.7 cents out of each revenue dollar.

Depreciation 9.2%

As our Company grows, larger sums must be set aside each year for depreciation and obsolescence. The 1950 increase was 4.3 per cent, or 9.2 cents out of each revenue dollar.

Interest and Other Deductions 4.2%

The Company's funded debt is now \$84,290,000. The net interest cost for this funded debt amounted to 2.67 per cent, showing a high credit rating. Interest and other deductions represented 4.2 cents in each revenue dollar.

Dividends 10.0%

The Company paid in 1950 a dividend of \$2.80 on each of the 2,408,056 shares of stock outstanding. Dividend payments in 1950 took 10 cents out of each revenue dollar, as compared with 23 cents in 1930.

Surplus 1.2%

After making these expenditures out of each revenue dollar, the Company had 1.2 cents to be reinvested in the business.

WINCHESTER MAN GETS
PATENT

On March 6, 1951, the United States Patent Office granted patent number 2,514,793 on a "Holding Fixture For Articles" to Theodore G. Robinson, Winchester, Mass., and Norman E. Earle, Groveland, Mass.

This invention pertains to an improved device for holding articles so that post-operative operations may be performed satisfactorily upon them. It is adapted particularly to be used in the treatment of various types of orthopedic injuries, such as electrical units are housed in metal containers. In many instances, a cover is added to the container, and, obviously, it is essential that these parts be held firmly in proper position with respect to each other during such operation.

Messrs. Robinson and Earle have devised a novel mechanism for the latter purpose. Stated briefly, their assembly comprises (1) a base member that is mounted fixedly within a cutaway portion of a work bench; (2) a rotatable support that is normally held somewhat above the base by the action of a spring; (3) a table or shelf that is carried by the support element and is movable with regard thereto by means of compressed air; and (4) a clamping means for securing the workpiece to the table.

In other words, in the use of this contrivance of Messrs. Robinson and Earle, it is only necessary for the operator to set the workpiece on the table and then manipulate the valve of the compressed air equipment. This results first in a downward travel of the table and the simultaneous clamping thereto of the workpiece, and secondly in a movement of the aforementioned support into an intimate not-to-table engagement with the base that permits the first soldering operation to be performed. Thereupon, the air pressure is released, returning the apparatus to its normal position and freeing the support so that it may be turned to locate the workpiece in another setting for soldering.

According to Messrs. Robinson and Earle, the arrangement of their invention is simple in construction, easy to operate, and highly variable to firmly hold articles of various sizes in selected positions. This patent has been assigned to Western Electric Company, Incorporated.

AIDS FORUM CONFERENCE

"Good Bye, My Fanny", the delightful modern comedy of the congresswoman who returns to her Alma Mater for an honorary degree, will be presented by the Parish Players on April 12, 13 and 14, in Parish Hall, First Congregational Church. The performance on Thursday evening has been turned over to the Forum, to aid

the Forum Spring Conference

fund. Assisting Miss Kugler and Miss Gray will be members of the student council and directors of the conference, including Dick Rush, Janet Archibald, Audrey Clarke, Carolyn Fiedelford, and Ed Tarr. Sixty-five young people will embark on the trip to Lake Mohonk, N. Y., by bus during the spring vacation. Outstanding religious leaders will preside at the Conference including such national figures as Dr. Warrington, Rev. William Valentine of B. U. School of Theology; Miss Irene MacCauley, Director of Religious Education in the Wesleyley Hills Congregational Church. A program of sports, relaxation, classes, discussion groups, educational movies, chapel services, and "quiet hours" has been planned. Rev. Donald Tarr is the adult leader, and Dick Rush represents the student group.

In order to finance this trip, the young men and women have been working hard these past months to collect dimes, quarters and dollars toward their expenses. Proceeds from the sale will help defray bus costs, and the Forum people are planning to make and sell candy during the "three performances of Good Bye, My Fanny." Mrs. Ernest Parker is chairman of the candy committee.

The spring production of the Parish Players marks the third in the Silver Anniversary year, and will be directed by Harlan F. Grant.

MYSTIC SCHOOL NEWS

On Wednesday morning, March 14th, the first grade class of the Mystic School, under the direction of their teacher, Mrs. Mary Kirkpatrick, presented two short plays to the primary classes and invited guests at assembly.

The first, "Friends Indeed", in which the class impersonated Mother Goose characters, told the story of how Mother Goose and her friends hastened to provide gifts for Old Mother Hubbard and her dog. These gifts were bestowed at a surprise tea party in Scene Two. Thus Old Mother Hubbard's cupboard was no longer bare, due to the generosity of Mother Goose and her friends.

The characters in order of their appearance were:

Hei Dog — Mother Goose
Eleanor Smith — Paul Johnson
Jack Be Nimble — Robert Lou Thompson
Wee Willie Winkie — John Ballard
Little Pig — Donald Gross
Miss Muffet — Marcia Colpas
Higgledy Piggledy — Alice Dillon
Peter Tommy Tocker — Bruce Miller

Tommy Nabighian — Richard Nichols
Queen of Hearts — Anita Simpson
Jack Horner — Paul Ryan
Tommy Tittlemouse — Richard Carty
Pumpkin Eater — Richard Nichols
Muffin Man — Kenneth Varian

Since a "Savings Account" is part of the school curriculum, the first grade had the opportunity of presenting a thrift dramatization, "What's A Penny" told in an entertaining fashion. Their means of acquiring a big fat bank account.

The characters were as follows:

Seven Children
Betty Thildeau — Thea Kirk
Donald Gross — Anita Simpson
Jacqueline — Paul Ryan
Karen McNeilly — Thea Kirk
Alice Dyson — Russell Taylor
Kenneth Varian — stage manager. Costumes and gifts were contributed by the first grade parents.

TO SPONSOR COLORED FILM

There will be a special showing of the colored film "A Trip Around the World On The Yacht Yankee," 8:00 p. m., March 28th, at the Music Hall. The film will be shown by Dr. Raymond Dillon, and is open to the general public.

A crew of 14 sailed from Gloucester aboard the 90 ft. sailing yacht, the Yankee, on a 70,000 mile trip around the earth, under the auspices of the National Geographic Society. Dr. Dillon was official photographer, and the film taken of the trip is the most outstanding film of its type.

The purpose of this showing is to raise funds for the Women's Auxiliary to the Middlesex East District Medical Society, in order that they may be able to award two Nursing Scholarships during the year of 1951. These scholarships afford two young ladies the opportunity to attend nursing school, who might not otherwise be financially able to do so. The number to be awarded this year was increased to two, due to the great demand for nurses, as a result of the War.

Mrs. Joseph O. Ward of Melrose, Chairman of Arrangements, announces there will be a social hour preceding the showing of the film, with Dr. Ingeborg Michelson, President of the Women's Auxiliary, presiding. Mrs. George Marks and Mrs. Raymond Dillon will pour.

ANNUAL BANQUET OF SPANISH CLUB

The Spanish Club of Winchester High School, under the direction of Mr. David Kotkov, held its sixth annual banquet aboard the Kula Gulf, an aircraft carrier at the Charleston Navy Yard, on the night of February 21. The club members were the guests of Captain and Mrs. Young.

After President Bob Mirak initiated the members, entertainment was provided by Carol Hawkins, who played the accordion, Phyllis O'Neill, who danced, and Dorothy Brandt, who sang Spanish songs.

Miss Barbara Fry, a former president of the club, also attended the banquet.

Bob Mirak, Harris MacDonald, Claire DeLay, Carol Hawkins, Joanne Anderson, Paul Boyle, Beverly Carr, Virginia Dyer, Audrey Elliott, Jim Fielding, Marcia Flaherty, Charlotte Keefe, Prescott Keyes, Bette Kneeland, Judith Lamprey, Cynthia Lincoln, Diana Mansfield, Charles Mirak, Catherine Murray, Bette Nelson, Phoebe Greenwood and Jane Chiswell.

New Members:
Carole Ambrose, Annette Barbano, Judith Brannhall, Frank Carleton, Will Carleton, Earl Carver, Marilyn Chick, Roberta Conn, Scott Cunningham, Mary Jane Davis, Joan Di Bona, Betsey Freeman, Joyce Haggerty, Johnette Johnson, Judith Messier, Mary Lou Molinaro, Mary Lou Morgan, James Myers, Joan O'Neil, Roger Rotondi, Mabel Shoemaker, Audrey Smith, Arlene Wapner, Carolyn Whiting, Tom Wilder, and Wendy Wood.

Bernard A. Marvin, 8 Chesterton road, has been appointed as a Notary Public. The term of the Winchester Notary Public will expire in 1958.

NOONAN SCHOOL MOTHERS' ASSOCIATION

The March meeting of the Noonan School Mothers' Association was held on Wednesday afternoon, March 7th, in the school auditorium.

The social committee, in charge of Mrs. James Flaherty and Mrs. Roy Horn and assisted by the third grade mothers, served coffee and cake before the meeting.

Following a short business meeting, Mr. Bert Lewis of the Whiting Milk Company presented Whiting's Film Program. The program included, "Let's Go Vacationing" (travelogue which takes you on a thrilling half-hour visit through famous family vacation spots and historical points of interest from Rockport to Nantucket), "Third A Second" (a ten-minute sports film filled with exciting sports activity), "Bysters and Myster" (a delightful Abbott and Costello comedy packed with enjoyable antics).

The pupils of the school were invited to view the program and enjoyed every minute of the film entertainment.

The Association wishes to take this opportunity to thank Mr. Lewis and the Whiting Milk Company for showing these films which were enjoyed by the mothers as well as the pupils of the school.

WINCHESTER CUB PACK THREE

Plans are being made for skit night, the annual event put on by Cub Pack Three. This year skit night is to be Friday, April 27, and will be held at the First Congregational Church Parish House at 8:00 p.m. Each den is laying plans for the event. Cubs are asked to be sure to wear their uniforms when selling tickets.

The Police were relieved to find that what was reported as a shooting on the West side last Saturday night was nothing but a practical joke. Some one, during a party at a West Side home, affixed one of those toy bombs to the motor of one of the guests' cars. In the wee small hours those things sound pretty loud and neighbors as well as the harassed owner of the car were alarmed. No police action was necessary but wouldn't be surprised if a bit of good advice was handed out by the officers of the law. You might even say it was warranted!

NEW COOPERATIVE BANK DIRECTORS

CHARLES A. MURPHY

Mr. Charles A. Murphy, popular owner operator of a Texaco Products Service Station at 270 Cambridge street, Winchester was elected Director of the Winchester Cooperative Bank according to an announcement made by Mr. Vincent Farnsworth, President of the Bank.

Mr. Murphy was born in Winchester and attended the public schools here. As a young man he was employed by Oscar Hedler later opening a gasoline station with an associate in the center. More recently Mr. Murphy built a station of his own on Cambridge street.

He is a past president of the Winchester Rotary Club, a member of the Knights of Columbus, Elks, American Legion, and has served the town as a member of the Finance Committee.

Mr. and Mrs. Murphy make their home at 145 Pond street, Winchester.

FUNERAL SERVICES FOR MRS. JULIA FLAHERTY

The funeral of Mrs. Julia Flaherty, widow of Martin Flaherty, was held on Tuesday, March 20, from the late residence, 3 Porter street, Woburn, with solemn requiem high mass celebrated at St. Charles church, Woburn, at 9 o'clock.

Rev. Leo A. Flynn was celebrant with Rev. John J. Lane, deacon, and Rev. James A. Garrity, subdeacon. Interment was in Calvary cemetery.

Mrs. Flaherty, who was well known in Woburn, died on Sunday, March 17. Born in the Aran Islands, County Galway, Ireland, she has been a resident of the South End of Woburn for more than fifty years. Her husband died three years ago.

She leaves five sons, Martin J. Jr., Coleman J., Edward J., Joseph and Albert Flaherty, all of Woburn; four daughters, Sister Martina Julie, S. N. D., stationed at the Notre Dame convent, Boston; Mrs. Mary McKee, of Winchester; Mrs. Helen Mcweeney, and Mrs. Mildred Curran, both of Woburn; two sisters, Mrs. Delia Duran of South Boston and Mrs. Mary Joyce of County Galway, Ireland; two brothers, John Connolly of Woburn and Coleman Connolly of Winchester; and several grandchildren.

MISS CAROLYN MAY BURPEE

Miss Carolyn May Burpee died Sunday evening, March 25, at Belmont avenue, Northampton following a prolonged illness. Miss Burpee was born November 17, 1886 in Boston, the daughter of George C. and Mary Perkins Burpee. She was graduated from Smith College in 1908 and from 1908 to 1916 she taught arithmetic, spelling and writing at Miss Bertha Carroll's Private School in Boston. She was then principal of Miss Burpee's School in Winchester from 1916 to 1918. In 1918 she came to Smith College as assistant in the library and at the time of her death she was on leave of absence from her work as a cataloguer for department libraries.

Private funeral services were held at the Charles Dutton Funeral Home.

RICHARDSON'S MARKET CHANGES HANDS

Announcement was made this week of the purchase of Richardson's Market on Mt. Vernon street by Mr. Nick Andon, proprietor of the 'Converse Market' on Main street at Converse Place. Mr. Andon will take over April 1 and will actually occupy his new quarters May 1 when his present lease of the store housing the Converse Market expires.

Mr. Harris S. Richardson, proprietor of Richardson's Market since 1909, will remain with Mr. Andon temporarily, gradually winding up his own business interests and assisting the new owner in any way possible. Mr. Richardson told the Star that the sale of his market developed quickly and only very recently.

His own plans for the future have not been announced though he did say he has something else in mind. He will take a complete rest as soon as he completes his work at his market, being very tired after serving for 42 years as president of the State Senate during some of the most turbulent days in its history. In all Mr. Richardson gave 44 years of service to the State as a member representing the 6th Middlesex District, and during his last term as President of the Senate he had the honor to sign the bill for the highest ranking Republican office in the State.

Mr. Andon told the Star that he plans to remodel and complete Richardson's Market before his own occupancy. He has been in the provision business for 27 years and has run the Converse Market in Winchester for seven years, winning a reputation for service and quality foods.

GOING POWER CALLED GREAT HEALING AGENT

Richard Parkhurst of Oak Knoll, president of the Mystic Terminal and general manager of the Maine Terminals, has been appointed a member of the national executive committee of the United States Merchant Marine Memorial Chapel Fund.

GOING POWER CALLED GREAT HEALING AGENT

The simple rules of Christian healing can now be understood and demonstrated by any sincere student of the Bible. This was the theme of a public lecture on Christian Science delivered here last night by Richard P. Verrall of New York City. He spoke under auspices of First Church of Christ, Scientist, Winchester in the church office. He was introduced by Mrs. Robert Rolmet, the Second Reader.

Mr. Verrall said that the understanding of God who is the great Physician was prophetically foretold to 3000 years ago in the 103rd Psalm. Then a thousand years later it was translated into tangible evidence by Christ Jesus and his immediate followers which they performed. Finally it was made clear to all mankind when the Scriptures were illuminated through the discovery of Christian Science by Mary Baker Eddy in the year 1826.

Mr. Verrall said that God, the great Physician, never slumbers nor sleeps, but is always ready, night or day, with infinite resources and untiring energies to meet all legitimate demands. Thus, one can always turn to God not only for healing but in all the perplexities of human life.

Mr. Verrall told of how a serious case of quinsy throat was instantly healed, through earnest prayer, by faith in the almighty God. He pointed out, however, that certain moral qualities such as honesty, fidelity, genuine humility, and integrity are always necessary in order to gain spiritual understanding.

He said further that God's allness must first be accepted and he spoke of the faith of little children, emphasizing the fact that it is not a question of knowledge so much as of being receptive like a child. Anyone who gives up false views and materialistic theories can begin at once to apply the simple truths or spiritual ideas which come from God and can be found in the Bible.

When God's laws have been accepted, he said, "there has never been a time when Christian Science has failed." He described Christian Science as "invariable, ever available, and ever true." He said that many people have been healed through their own study of the Bible as interpreted by the Christian Science textbooks, science and health with key to the Scriptures by Mary Baker Eddy. A number of carefully authenticated testimonies of such healings are contained in the closing chapter of that book. He also said that the healing power of the great Physician is today being proved through the understanding of Christian Science by an ever-increasing number of men and women.

PAPE - MILLETT

Miss Joan Stantish Millett, daughter of Mr. and Mrs. Francis N. Millett, of Chappaqua, N. Y., formerly of Mystic Valley Parkway, was married on Saturday afternoon, March 24, at the Unitarian Church to David James Pape, son of Mr. and Mrs. Eric Pape of Watertown, Conn. The Rev. Robert A. Storrs, minister of the church, officiated at the 4 o'clock ceremony and the bridal music was played by Raymond Holdsworth of Winchester. Bouquets of apricot flowers on the chancel table made an attractive setting for the marriage which was followed by a reception at the Mass Hall on Bacon street.

Miss Millett was given in marriage by her father. She wore a princess Mary style gown of Chantilly lace and bridal illusion, long pointed sleeves with satin-covered buttons and a bouffant skirt extending into a circular train. Her finger-tip length veil was caught to a Juliet cap of matching lace and she carried white gladioli and shattered carnations combined with baby's joy and tied with narrow satin streamers, a corsage of white roses forming the bouquet.

Miss Cynthia Watson of Winchester was maid of honor and the bridesmaids were Miss Nancy Thompson of Waterville, Me.

The honor maid wore a maize dress, having a Chantilly lace jacket, a Peter Pan collar, and a long train. Her finger-tip length skirt, her Juliet cap matched her dress and her ruffled, pointed sleeves were of yellow gladioli and shattered carnations tied with matching ribbon. The bridesmaids wore identical child dresses and caps like that of the bride, and carried white flowers, tied with orchid ribbon.

Eric Pape of Meriden, Conn., was best man, and the groomsmen were Francis N. Millett, Jr., of Chappaqua, N. Y., brother of the bride; Robert Pape of Watertown, Conn., brother of the bridegroom; and two fraternal brothers of the bridegroom, Robert A. Child of Springfield and L. Richard Thompson of Waterville, Me.

FOURTH KNOW-YOUR-HOSPITAL EVENING

As first of the three panel members on Wednesday evening, March 21st, Dr. Dominic Rumi told the story of the Winchester Hospital Blood Bank. It was, Dr. Rumi said, the increasing numbers of major surgical procedures at the Hospital in addition to potential obstetrical emergencies which brought the Staff decision that a Blood Bank was necessary to ensure an immediately available supply of whole blood. Since the inception of the Blood Bank in September, 1948, one thousand donors of blood have been examined, and about seventy-five percent found acceptable. Careful checking of the donor through questioning by a physician, taking of temperature and blood pressure, and a hemoglobin check by the laboratory is necessary to eliminate those who have had diseases known to be communicable or who for other reasons are unsuitable to give blood. Dr. Rumi gave examples of cases in which life has been saved by the supply of blood in the Hospital's refrigerator, in which temperature is carefully controlled within the limits which preserve blood at its maximum efficiency. After three weeks, all whole blood, if not used, is passed on to the Red Cross for transfusion and for use in some of its many components, such as plasma, albumin, globulin, or red cells.

Appreciation of volunteer services by Alice Gaffney and others was expressed by Dr. Rumi as he told of the accurate blood-keeping necessary in order that donors may be easily reached in case of emergency and that the full story of the Blood Bank's services may be recorded. He also emphasized the importance of the cooperation of the Red Cross and of the American Legion in cases needing blood not

immediately available through the Hospital's Blood Bank.

The second speaker was the Head Technician of the Clinical Laboratory, Miss Anne Dove, who has both a B. S. degree and the M. T. degree signifies registration under the American Society of Clinical Pathologists. She described in interesting detail many techniques in hematology, chemistry, serology, histology, bacteriology, and parasitology which are required to supply the data asked by the doctors as guidance in operative procedures and medical treatments. These tests range all the way from routine analysis to such special tests as the heterophile agglutination done on the blood of a patient suffering from infectious mononucleosis. The laboratory's personnel includes three younger technicians working under Miss Dove, and on behalf of the Staff final responsibility rests with Dr. Donald Nickerson in the absence of Dr. Charles N. Curtis, Hospital Pathologist, now with the armed services.

Röntgenology in Winchester Hospital was the subject of a talk by Miss Angelina Schipellite, head of the technical staff of the X-ray Department, who told of the procedures followed in fluoroscopy, both in taking radiographs. Both Miss Schipellite and Dr. Howard Leary spoke with great enthusiasm of the new General Electric X-ray machine, complete with a fluoroscope equipped with a photo-electric timer, which determines automatically the amount of exposure needed for an individual patient. It was also announced that the X-ray department in the remodeled hospital will be much more convenient for both patients and doctors, and that in the future it will be possible to bring a patient to the department in his own bed if moving him to a wheeled stretcher is undesirable.

Following Miss Schipellite's paper, Dr. Howard Leary showed many X-ray films of surgical and medical cases, both those in which the condition is made more easily evident by the use of a barium or a dye injected into the affected area and those in which the condition is like broken bones, pneumonia case or a pregnancy — in which no such technique is required. The audience found all three of these papers full of interest, and joined eagerly in the question period over which Mrs. George A. Marks presided, as Chairman of the Know-Your-Hospital series.

The fifth panel evening will be on Tuesday, April 17, when Miss Laura Rogers will present the Nursing Service, and Miss Margaret Poole, Dietitian, will talk about the problem of food purchase, the preparation of routine meals, and special diets.

Mr. and Mrs. Charles F. Dutch returned to Winchester this week after spending the winter in Aiken, S. C.

LITTLE THEATRE PLAY JUST RELEASED FOR AMATEURS

In the Little Theatre Beneath a Spruce on April 12, 13 and 14, the Parish Players will present the third and last play in their 25th Anniversary Year — "Good Bye, My Fancy." The timely comedy has just been released for amateurs, and the local little theatre group, the second one to present this play that brought Madeleine Carroll back to the stage two years ago.

Lenore T. Gamage and Hall Gamage play the leading roles of Agatha Reed, Congresswoman, and Dr. Merrill, the college President. Mrs. F. Milne Blanchard, who appeared with the Players in their first play "The Lamp and the Bell," and who has been away from this stage too long, has the comedy relief role — and a most refreshing one — of Woody, the secretary. George E. Connor assumes the role of Matt Cole, "Life" photographer who covers the commencement week end with ulterior motives — mainly Agatha herself.

Along with the banner group of "anniversary players" in this play there will be Mrs. John B. Willis, not seen in production here since "You Can't Take It With You," who has the charmingly pathetic part of the lady professor. Another favorite "old timer" in this play, T. Packer Clarke, plays opposite Mrs. Willis as the "bird catcher" professor, Mrs. Donald Dalrymple, who has appeared in many plays here, is the "bucoli" alumnus secretary.

Miss Genevieve Crovo has the ingenue lead, and is a newcomer to the Players, as is Mrs. Shirley Puffer, who will play Agatha's old roommate — the lady who has been to "too many bridge luncheons." Mrs. Ormond M. Hessler has the breezy part of Mary Nell Dodge, first girl in her class to become engaged. John B. MacLellan will be Prof. Pitt, physics professor, weary liberalist.

Others in the cast of this hilarious yet good common sense play will be Lois Higelow, Marjorie McGowan, Mrs. George Gowdy, Mrs. Robert Millican, Mary Lou Allen, R. Ashley Lewis, Robert P. Blake, Mr. Harlan F. Grant of the Boston Conservatory of Music, Drama Department, will direct the play. Mrs. George E. Connor is chairman of production, and George H. Gowdy is chairman of the stage crew.

The Thursday evening performance on April 12 has been turned over to the Forum, to assist in their spring conference trip, and Mrs. Robert Lowry is chairman of tickets.

Mrs. Evelyn Gandot of Canal street is returning from Fort Lauderdale, Florida, this week.

WINCHESTER CUB PACK THREE

Exhibition night brought out a record number of Cubs and their parents when Cub Pack Three met at the First Congregational Church, Wednesday, March 21. Each of the eight teams displayed the handicraft and other items which had been made by the boys. Judges of the first play "The Lamp and the Bell," displays were Mr. McFeeley, Field Executive, Fellsland Council of Boy Scouts; Mr. Bingham, chairman of Cubbing in Winchester; and Mr. Whitten, District Commissioner of Scouting in Winchester. After carefully considering the displays from the standpoints of originality, craftsmanship, use of second hand materials and other considerations, a close decision was reached and awards made to the following dens:

First prize, Den 5; Second prize, Den 7; Third prize, Den 8; Fourth prize, Den 3.

Den 5 also received the award for having the greatest number of parents of Cubs present at the meeting.

Awards for achievements were made to the following Cubs: Wolf, Carl Gustin, Peter Lutzweiler, John Bird, Teddy Weir, Thomas Burr, Bear Silver Arrow, Lion Gold Arrow, Wolf Gold Arrow, Paul White, Bobcat, David Shean man of Cubbing in Winchester; and Philip Davenport also Summer of Scouting in Winchester. After carefully considering the displays from the standpoints of originality, craftsmanship, use of second hand materials and other considerations, a close decision was reached and awards made to the following dens:

Two Winchester boys, Harry M. Easton, Jr., of Seneca road, and Arthur Withington, II, of Mystic Valley Parkway were among the 46 University of Maine winter sports participants to receive insinias at the recent awards at Orono, Maine. Easton received a major "AP" for indoor track and Withington, freshman numerals for the same sport.

BUSINESS AND PROFESSIONAL WOMEN'S GUIDE

Mr. Robert Murray and Mr. William Hodge of the Children's Haven, Inc. of Boston will be the speakers at the annual meeting on Wednesday evening, April 4 in the Ladies' Parlor of the First Congregational Church. Mrs. Ruth Hilton and her capable committee will serve dessert and coffee at 7:30. Mr. Murray and Mr. Hodge will present interesting and inspirational information about the Children's Haven. This meeting will conclude this year's activities under the able leadership of Miss Helen Monroe.

Mrs. Harry T. Winn, who has been spending the month at St. Petersburg, Florida, is returning home next week and will open her home on Swan road.

BLADES SUFFER FIRST DEFEAT

At the North Shore Sports Center in Lynn, on Saturday morning, March 17th, the Winchester Blades suffered their first defeat in three games at the hands of the Lexington Hockey Club, by a score of 3 to 0.

Lexington's conquest of Winchester was not achieved as easily as the score would indicate. Until late in the third period, the Lexington Club held a mere 1 to 0 lead over the Blades' sextet. In an attempt to score the equalizing goal, the Blades defense weakened, and

as a result Walt Johnston and Royal, of the Lexington Club, were successful in scoring.

Throughout the game Bill Rand proved his capability as a goalie by turning aside several breakaways.

Lexington — G. Phalen; rd. Hickey; ld. Royal; c. E. Johnston; rw. W. Johnston; lw. Tyler.

Blades — G. Rand; rd. MacNeill; ld. Zimmerman; c. MacKenzie; rw. McLaughlin; lw. Carroll.

Lexington Spares — Marquis, Whiting, Stevens, Wilson, Topiano.

Blades Spares — Fessenden, Dullin, D. MacKenzie, Giacalone, Ryan, R. McLaughlin, Wallis, Wright.

Score by Periods: 1-2-3 Total
Lexington 0 1 2 3
Blades 0 0 0 0

First Period — no scoring.
Second Period — Tyler (unassisted).
Third Period — W. Johnston (unassisted), Royal (unassisted).

WINCHESTER AND ST. PATRICK'S (STONEHAM) FINALISTS IN NEW ENGLAND HOCKEY

In high scoring games Winchester Hockey Club bested Bryan Post Vets of Foreign Wars (Quincy) 10-5 and St. Patrick's of Stoneham (Quincy) 10-4 Thursday night, March 22, in the New England A. H. A. Senior B Tournament at the Lynn Arena.

Whip Saltmarsh, son of the Winchester coach, went the hat trick one letter by scoring four goals, the last two within 38 seconds in the last period assisted by Don Byrne and Billy Dingwell. Burtonett of the locals teamed up well, each assisting the other to a goal. Rob had another assist on one of Whip's efforts, while Wimpy scored another on a solo and followed immediately by assisting Roy Monson to register. Allie Power flashed the red light twice. Again Don Ellis was outstanding on defense, assisted by Scott Dohy and Billy Dingwell.

Gillbody shone for Quincy by getting three of their 5 goals for a hat trick, quite an achievement against the strong local defense.

ON CHAMPIONSHIP SKI TEAM

On the winning Cornell Women's Ski Team at the Intercollegiate Ski Meet at Snow Ridge in Tun, New York, were Ruth Moore and Winchester and her teammates Barbara Mahut and Inge Gansel. Earlier in the season they also competed in three other ski teams at Slidmore. After some good practice at Saint Saverre and Mont Tremblant in Canada, the Cornell girls joined away with the Intercollegiate's at Tun. Ruth is a member of the sophomore class at Hines, N. Y., and plans to enter the Cornell Nursing School of the Cornell Medical College in New York City in the fall.

Her brother John, who was in his fourth year of the five year electrical engineering course at Cornell, is now back in the Air Force as a Captain and pilot at Wright Field, Dayton Ohio, in the Bomber Test department.

His wife and two daughters, Cynthia and Patricia, are now living at 447 Grafton avenue, Dayton, Ohio.

FIRE NEWS

MIDDLESEX LEAGUE ALL STAR BASKETBALL TEAM
(Selected by League Coaches)

First Team
Dick McDonnell (Lexington) forward.
Bob Lee (Lexington) forward.
Bob Sudam (Reading) center.
Mike Polese (Belmont) guard.
John Grotte (Belmont) guard.
Second Team
John Delore (Winchester) forward.
Wells Whitney (Melrose) forward.
Doug Hawkins (Winchester) center.
Frank Picano (Stoneham) guard.
John Porter (Wakefield) guard.

CHARLIE MURPHY, Winchester back and Bob Casey of Stoneham won honorable mention but surprisingly lacked enough votes to make either first or second team. Winchester basketball fans will be interested in the Coaches' recommendation to the Head Masters that an alumnus or a family member of a school be not selected from the officials' approved list to officiate a first team home game of that school.

Local fans also will favor the Coaches' recommendation that future league championship ties be played off.

AMERICA LEADS

The United States produces 44% of the world's lumber, 58% of its plywood, and 43% of its wood pulp. Blessed with soil and climate ideal for trees, this nation has the technical knowledge and industrial initiative to hold that lead today while it grows the forests needed to maintain leadership tomorrow.

SENATOR SUMMER G. WHITTIER
TO ADDRESS REPUBLICAN
21 CLUB

The Republican 21 Club of Winchester will hold its monthly meeting tonight, March 30 at the home of President William A. Wilde, 9 Edgemoor road, Winchester.

A short business meeting will begin at 8:00 and it will be followed by a talk given to the group by State Senator Summer G. Whittier of Everett.

Senator Whittier is assistant Republican floor leader in the Senate, a member of rules committee, chairman of Civil Service and election laws, and a member of the Commission on Interstate Cooperation and to study Communism.

His topic, under the title of "Design for the Future, Republican" will be of interest to all young people between 18 and 28. Everyone is welcome.

D. A. R.

Miss Mary Alice Fitch, 14 Sheffield street, opened her home on Monday afternoon, March 19th to the Committee of Safety Chapter of the Daughters of the American Revolution.

Mrs. William W. Goodhue, Regent, presided at a short business meeting after which Mr. Leonard Field and Mr. William Mason of Marlborough presented a fine exhibition of personalized jewelry. Mr. Field gave a short history of the development of silver-ware from simple utilitarian silver to the present high level of beauty and design. He emphasized the importance of the quality of the material as well as the individuality and perfection of the finished piece of fine craftsmanship.

A spring tea was served by Mrs. Malcolm Bennett, Mrs. Bertram H. Dube, Mrs. John Downs, Mrs. Joseph F. Ryan, Mrs. Raymond C. Strawbridge, Mrs. John Wills, Mrs. John W. Downs and Mrs. Joseph C. Ryan poured.

On Thursday evening, March 22, the Victoria Rebekah Lodge No. 178 entertained the President of the Rebekah Lodge Assembly and her suite. After a brief meeting the guests were entertained with solos by Marilyn Ward, cello selections by George Brundage, and a film on travel. Following the entertainment, delicious refreshments were served.

Mr. and Mrs. John A. Maddocks are opening their residence at West Boothbay Harbor, Maine, April 13.

THE FORTNIGHTLY

At the regular meeting held on March 25 The Fortnightly, in one of its finest programs of the year, featured Dr. Charles W. Havice, Dean of Chapel and head of the department of sociology at North-eastern University in an address "Personal Challenges in a Changing World." Dr. Havice, a brilliant and forceful speaker brings to the lecture platform a sincerity of conviction, an unshakable belief in spiritual fundamentals expressed in a convincing, practical and inspirational philosophy.

In his address Dr. Havice pointed out that solid convictions are necessary in the combat of present world problems. "Convictions that count" he stated, "convictions that are courageous, that are correct, and that are consistent."

Convictions that count, declared the lecturer are those held by people who can disregard differences of opinion, that can rise above petty prejudices to unit on higher issues. To elucidate his point Dr. Havice stated "So often it is concerning trifling matters that we engender prejudices. Courageous convictions are those with a moral fiber so tough that one can withstand the claims of evil destruction. Correct convictions are those based on a spiritual foundation, a living faith in the power of good."

Consistent convictions, coherence, a conviction that there is some connection upon which all mankind may unite to establish world peace, universal harmony.

With this philosophy in mind, Dr. Havice stated, we must begin with ourselves. We must first be convinced of the possibility of a United World and then work for it. We must begin at home, in our own communities, to respect the good in the political, traditional and religious beliefs of our neighbors. We must be ready to extend a hand of good fellowship based on a mutual desire for integrity and understanding.

Dr. Havice classified Fascism and Communism as "twin devils," "but a more subtle danger," he said, "would be the failure on the part of a freedom loving people in losing their faith and spirit of optimism in the ability to challenge, effectively, these foreign ideologies."

In speaking of a tendency to devalue basic principles of good, the lecturer stated that we must train ourselves and our children to evaluate matters that involve morals and religious beliefs.

Dr. Havice's entire lecture emphasized a practical approach to his subject, "Personal Challenges in a Changing World." His vibrant optimism, reiterating with the statement "We can win" and "We must," constituted an address filled with inspiration and comfort, long to be remembered. He gave his audience something to think about and something to do about the thinking.

Preservation of Antiques

Miss Emma L. Boardman opened her home at 2 Curtis street for the March 15th meeting of the Preservation of Antiques Committee. The Chairman, Mrs. Earle E. Andrews, introduced the guest speaker, Mrs. Jesse Bottomley of Andover, Mass., who presented "History of Ink and Ink Pots." An interesting exhibit of ink wells and ink pots from Mrs. Bottomley's varied collection was displayed.

Two early ink pots from Mrs. Andrews' collection was also exhibited and one interesting example was displayed by Mrs. Herbert Ross.

Assisting Mrs. Andrews during the social hour were, Miss Emma Boardman, Mrs. Ralph Gustin and Miss Louise Bancroft, with The Fortnightly's President, Mrs. Kenneth Hise as pointer at the tea table.

Literature Group

The Spring meeting of the Literature Group will be held on Monday, April 2, at the Winchester Public Library at 2:00 p. m. A biography of Charles Dickens by Bessie Pearson will be reviewed by Mrs. Frank S. Evans and Mrs. J. Edward Horn. This is the last of a series of biographical surveys on famous literary figures of the Nineteenth Century. Fortnightly members and guests are welcome.

Highball

If you've waited at a grade crossing while a train goes by, perhaps you've noticed that the gate tender always waves at the trainman, who always happens to be standing on the back platform.

I never thought anything about this until the other day, when I was sitting in the rear of the last car on the 8:08. We passed a crossing, and our trainman casually stepped out on the platform and exchanged greetings with the crossing tender.

"Friend of yours?" I asked, as he came back.

He grinned and shook his head. "Don't even know his name," he said.

"Then why the salutations?"

"They're not. They're known technically as a highball and an acknowledgment. You see," he went on, "we railroad people never miss a chance to check up on our equipment. Here we are, rolling along, and we might be developing a hot box but can't see the smoke, or perhaps something's caught on the cow-catcher. So whenever we pass one of our men—a crossing tender, a section foreman, the conductor of a freight on a siding—he automatically gives us a quick once-over and, if all's well, raises his hand—meaning 'you're O.K. keep going.'"

"That's the 'highball'. If he spotted anything wrong, he'd give us another signal and we'd stop to investigate. So one day I was supposed to be on the rear platform and acknowledge the signal. It's just another precaution—the old railroad custom of check and double check."

WINCHESTER MAN HEADS CONVENTION COMMITTEE

Dr. John Twiss Blake of Old Oak Lane is chairman of the committee in charge of arrangements for the American Chemical Society national convention in Boston next week, April 1 - 5. About 4000 chemists from all over the country are expected to attend. There will be a general meeting at which President Killian of M. I. T. will be the speaker in the afternoon sessions at which papers will be presented by well known scientists; luncheons, trips to plants, entertainment for the ladies.

Dr. Blake is Director of Research at Simplex Wire and Cable Co., Cambridge. His major field of work has been in the chemistry and technology of rubber and has published a large number of papers on the various phases of rubber chemistry. At present chairman of the Northeastern Section of the American Chemical Society, he was at one time chairman of its rubber division, and headed the Boston rubber group as well as the Boston section of the American Institute of Chemical Engineers.

Dr. Blake is now chairman of the wire and cable section of the American Society for Testing Materials. He received his B. S. from Tufts College and his Ph. D. from Massachusetts Institute of Technology.

Mrs. Barbara Chase Little of Winchester will take part in the annual New England Folk Festival to be held at the Rockwell Cage, M. I. T., this Saturday evening. She will demonstrate with the Scottish Country Dance Society.

CANCER FUND DRIVE STARTS

The President has again proclaimed April of this year as Cancer Control Month. A nation-wide sustained drive will be conducted to further educate the people and obtain the funds required for continued research against this dreaded disease which last year killed over 200,000 Americans. Although the American Cancer Society since 1945 has devoted \$17,000,000 to fight cancer, funds available last year were only half of what previously had been spent. Many qualified young scientists who applied for fellowships were turned down because of lack of money.

The Winchester Committee this year is composed of the following: William H. Buracker, Chairman; Davenport F. Davis, Treasurer; Mrs. Simon D. Burack; Nicholas H. Fitzgerald; Mrs. Frederick M. Foss, Jr.; Mrs. Samuel E. Kirkwood; Mrs. William A. Kugler; Dr. Angelo A. Maletta; Dr. George A. Murli; Mrs. Thomas M. Richter, Jr.; Mrs. Dunbar L. Shanklin; Dr. Richard W. Sheehy; Mrs. J. Warren Shoemaker; Mrs. J. Joseph Tansey; R. Gilman Wallace.

The Committee has held several meetings for organization and to map the local campaign. In addition to solicitation by letter, the Winchester Trust Co. and the Winchester National Bank will enclose a "Strike Back" flier in April bank statements. On the back of the flier is information as to how checks should be made out and where sent. Merchants and other business houses will display placards in windows and place coin boxes in conspicuous places. The Star will publish campaign material weekly. Members of the Committee will keep active through personal solicitation, tending money boxes, checking on money received, and general education.

Winchester's quota is \$5,000.00 through the continued help of past supporters, newcomers to Winchester, and a wider general appeal the Committee is confident that Winchester's quota will be at least met, and it is hoped, over-subscribed.

The Committee urges prompt and generous support to the Cancer Campaign. Checks should be made payable to the American Cancer Society and mailed to Davenport F. Davis, Winchester Trust Company.

RICHARDSON'S MARKET
10 Mt. Vernon Street

After nearly half a century of serving Winchester people, I have sold my business, Richardson's Market, founded by my father, the late F. D. Richardson, in 1901, and continued under my personal supervision since his death in 1909.

The new owner is Mr. N. P. Nickerson, proprietor of the Converse Market, who plans extensive modernization of the market before occupying about May 1.

Winchester is a fine town, and its people are fine people. It has been both a pleasure and a privilege to serve them through the years.

I believe my customers will continue to receive from Mr. Andon the type of service I have always tried to render, and I urge my patrons and friends to continue with the new management.

Roots twice deep in forty-two years, and I find I am preparing to leave my business here with genuine regret.

I appreciate, more than I can express, the loyalty of my customers, many of whom began their patronage during the days of my father.

I ask them to accept my sincere thanks for their interest and support.

Harris S. Richardson

P. S. I am continuing at the market with Mr. Andon for a time. All mail and correspondence may be addressed as usual to Richardson's Market, 10 Mt. Vernon street, and bills may be paid at the office at the same address.

ALICE DIXON BOND

LECTURE

Mrs. Bond, so well known to Winchester audiences, will present the last of her series of lectures this season at the Mystic School on Wednesday evening, April 4th at 8:15 p. m. This lecture called, "Meet the Authors" is attracting a great deal of interest because it is illustrated by a colored movie which takes us right into the homes of some particularly well known authors. All those who hold season tickets to Mrs. Bond's "Book Talks" take notice that this lecture is included in the series. It is also open to the public. Come early because coffee will be served in the attractively decorated Mystic School at 7:30 p. m. and there will be an opportunity to meet Mrs. Bond in person at that time.

The Mount Holyoke Club of Winchester which sponsors this series of lectures, held its annual meeting this last Monday at Mrs. Hazen Ayer's home of 53 Oxford street. Mrs. William Kugler was elected the new President of the Club and the meeting was turned over to her by the retiring President, Mrs. Gerald R. Barrett. Mrs. William Campbell Ross was asked to be chairman of the Hospitality Committee for the above mentioned. Her able committee was to include Mrs. William A. Kugler, Mrs. Frederick Whittington, Mrs. Harold A. Smith and Mrs. George B. Lewis. Mrs. Richard Brackett (Jennie Lou Eliott) offered to make posters to advertise Mrs. Bond's lecture. Mrs. George B. Lewis was asked to join the Scholarship Committee whose present members consist of Mrs. Robert Wild (chairman) and Mrs. Archibald will lead the devotionals. Mrs. Martin Swanson, Chairman of the Book Talks, and Mrs. Charles Green, Treasurer.

MISS JACKSON, MR. DONAHUE ENGAGED

At a Sunday afternoon this past week, Mrs. Eva Jackson of Cornwall, Connecticut, announced the engagement of her only daughter, Miss Margaret Jackson, to Robert Charles Donahue of 1200 Mt. Vernon Boulevard, Alexandria, Virginia, son of Mr. and Mrs. Frederick J. Donahue of Mystic avenue of this town. A June wedding is planned.

Miss Jackson is a graduate of St. Joseph's College, Hartford, Connecticut, in the Class of '47, where she majored in Sociology. Mr. Donahue graduated from Winchester High and Holy Cross College in Worcester in the Class of '47, where he held several class distinctions as Coach of the H. C. Tennis Team, Vice-President of Sodality, President of the History Society, and Moderator of the Holy Cross Debating Team. He is now Unit Training Officer of the U. S. Marine Corps in Washington, D. C. During World War II, Mr. Donahue served in the Military Police of the U. S. Army. A June wedding is planned.

Forum will have a "Bake Sale" Saturday, March 31 at Rutherford Equipment Co., 2A Mt. Vernon street from 9 to 5. Home-made cakes, pies, rolls, bread, donuts, scones, etc. Proceeds used to help finance cost of the Mohonk trip.
